(Date)

d. You shall, upon request, present to the contracting officer the original application, and a receipt, for any partial payment made by you under the authorization granted herein. If you are unable to obtain such receipt for a partial payment, you shall use your best efforts to supply such information with respect to such partial payment as may be necessary to protect the Government's interest therein.

e. Any partial payment made by you in accordance with this authorization shall have the same effect as a partial payment made with the specific approval of the contracting officer under the applicable prime contract. Such payments shall be subject to Section 9 (b) of the Contract Settlement Act of 1944, under which Section you are expressly relieved of liability for any excess payment and are entitled to receive payment or credit from the Government in the full amount of the payment that you have made.

7. The authorization to make settlements and partial payments provided for herein is not to be exercised in the case of a subcontractor or supplier who is affiliated with you. For this purpose you should consider a contractor to be affiliated with you if you are under common control, or there is any common interest between you, by reason of stock ownership or otherwise, which is sufficient to create a reasonable doubt that the bargaining between you is completely at arm's length.

8. The Government will, from time to time, review your methods used in negotiating settlements with your subcontractors. Where such a review indicates that you are not adequately protecting the Government's interests, this delegation will be revoked.

§ 849.987–2 *No-cost settlement agreement for use in settling fixed-price subcontracts after complete termination where subcontractor presents no claim.*

(At the top insert all special details relating to the particular subcontract termination: e. g., the number of the terminated prime contract, the number of the subcontract, technical service or bureau involved, etc.)

This supplemental settlement agreement, entered into pursuant to the Contract Settlement Act of 1944, this ------ day of ----------

194__, by _____ (hereinafter called "the Contractor") and _____ (hereinafter called "the Subcontractor"),

Witnesseth that:

Whereas, the Contractor and the Subcontractor have entered into Contract No. _____ under date of _____ 194__ which, together with any and all amendments, changes, and supplements thereto, is hereinafter referred to as "the Contract"; and

Whereas, the Contractor, by Notice of Termination dated _____ 194__, advised the Subcontractor of the complete termination of the Contract; and

Whereas, the Subcontractor is willing to waive unconditionally any claim against the Contractor by reason of such termination; and

Whereas, such unconditional waiver by the Subcontractor will expedite settlement of the Contract and will otherwise promote the objectives of the Contract Settlement Act of 1944.

Now, therefore, the parties hereto agree as follows:

ARTICLE 1. The Subcontractor hereby unconditionally waives any claim against the Contractor by reason of the termination of the Contract.

ART. 2. The parties agree to, and do hereby, release each other from any and all obligations arising under the Contract or by reason of its termination or under the Act, and all rights and liabilities of the parties so arising shall cease forthwith and be forever released except as follows:

[The parties may add appropriate exceptions depending upon the particular provisions of their contract.]

This supplemental settlement agreement, entered into pursuant to the Contract Settlement Act of 1944, this _____ day of _____ 194__, by _____ (hereinafter called "the Contractor") and _____ (hereinafter called "the Subcontractor"),

Witnesseth that:

Whereas, the Contractor and the Subcontractor have entered into Contract No. _____ under date of _____ 194__, which, together with any and all amendments, changes, and supplements thereto, is hereinafter referred to as "the Contract"; and

Whereas, by Notice of Termination dated _____ 194__, the Contractor advised the Subcontractor of the partial termination of the Contract, as of the date and to the extent provided in such notice, to which reference is hereby made as to the part of the Contract terminated, and said part is hereinafter referred to as the "terminated portion of the Contract"; and

Whereas, the Subcontractor is willing to waive unconditionally any claim against the Contractor by reason of such termination; and

Whereas, such unconditional waiver by the Subcontractor will expedite settlement of the Contract and will otherwise promote the objectives of the Contract Settlement Act of 1944,

Now, therefore, the parties hereto agree as follows:

ARTICLE 1. The Subcontractor hereby unconditionally waives any claim against the Contractor arising under the terminated portion of the Contract or by reason of its termination including, without limitation, all obligations of the Contractor to make further payments or to carry out other undertakings in connection with said terminated portion, and the Contractor hereby unconditionally releases the Subcontractor from any obligation to perform further work or services or to make further deliveries of articles or materials under the terminated portion of the Contract: *Provided, however*, That nothing herein contained shall impair or affect in any way any other covenants, terms, or conditions of the Contract.

§ 849.988 *Forms relating to direct settlement with subcontractors.* [JTR 988]

§ 849.988–1 *Form of article to be inserted in final settlement agreement where a prime contractor is unable to settle with a subcontractor.* The following form will be used in accordance with § 846.613.

ARTICLE __. *Assumption of Contractor's Obligations to Subcontractor.* (1) The Contractor hereby transfers and assigns to the Government all of its right, title and interest in and to its subcontract no. _____ (hereinafter in this Article called "the Subcontract") with _____ (hereafter in this Article called "the Subcontractor"), insofar as such subcontract is allocable to the terminated portion of the prime contract.

(2) The Government hereby accepts the transfer and assignment of all of the Contractor's right, title and interest in and to the Subcontract and assumes and undertakes to settle with and pay to the Subcontractor such amounts as may be found to be due him by reason of the termination of the Subcontract, insofar as such amounts are allocable to the terminated portion of the prime contract and are not in excess of the amounts specified in paragraph (6).

(3) The Contractor hereby releases the Government from any obligation which the Government now has or may have to reimburse the Contractor for any sums which the Contractor might be required to pay to the Subcontractor by reason of the termination of the Subcontract.

(4) The Government hereby releases the Contractor from all obligation to negotiate and settle with and pay to the Subcontractor the amounts which are or will be due to the Subcontractor by reason of the termination of the Subcontract, insofar as such amounts are allocable to the terminated portion of the prime contract. The Government further agrees to hold the Contractor harmless in the event that any litigation arises in connection with such obligation, subject to the provisions of paragraphs (5) and (6) hereof.

(5) In the event that the Subcontractor institutes litigation against the Contractor in connection with any obligation referred to herein, the Contractor agrees promptly to notify the Government of such action and to defend such litigation or, if the Government so requests, to permit the Government to assume the defense of such litigation. The failure of the Contractor to comply with the provisions of this paragraph shall relieve the Government from all liability under this Agreement, or otherwise, to pay any claim arising in connection with any of such obligations.

(6) In no event shall the total amount to be paid to the Subcontractor by the Government under this Article exceed $_____ (Here insert an amount sufficiently low so that the total payments under the terminated prime contract will not exceed any maximum limit set for payments under the applicable termination article.)

§ 849.988–2 *Notice to subcontractor under section 7 (d) of act when Government undertakes to negotiate or determine amount due on termination claim.* The following form will be used in accordance with § 846.663–2 (a) when the contracting officer undertakes to negotiate or determine the amount due on account of the termination claim of a subcontractor, and to make payment of such amount to the subcontractor.

XYZ CORPORATION.

GENTLEMEN: Pursuant to section 7 (d) of the Contract Settlement Act of 1944, the United States of America, acting through the undersigned contracting officer, proposes to settle directly the termination claim which you have filed with _____ arising out of the termination of the subcontract (purchase order) for war production No._____, which subcontract (purchase order) is apparently allocable to Government Contract No. _____.

The Government will accept responsibility for settling this claim to the extent that it is allocable to the aforementioned Government contract on condition that you agree:

a. That the claim will be settled on the basis of the principles set forth in the Uniform Termination Article for use in Fixed-Price Supply Contracts (Joint Termination Regulation, § 849.931), in the same manner as if your claim arose under a prime contract with the Government containing that article; [1]

b. That upon the final settlement of your claim, by agreement or otherwise, you will, at the option of the Government, either (i) assign to the Government the claim against your purchaser resulting from the termination of your subcontract, or (ii) release your purchaser and the Government from all liability on account of the termination of your subcontract; and that you will execute such document or documents as a contracting officer of the Government may request to effect such assignment or release.

This assumption of liability relates only to your claim for compensation for the termination of your subcontract, and does not include any claim which you may have for completed articles delivered to your purchaser prior to the termination of your subcontract or thereafter in accordance with the notice of termination, or any other claim which you may have against your purchaser under the subcontract.

If you sign and return the consent set forth below, the Government shall become liable for the settlement of your claim on the foregoing conditions.

Very truly yours,

_____
Contracting Officer

Captain JOHN DOE,
Contracting Officer.

The undersigned subcontractor under Government Contract No. _____ consents to the direct settlement by the Government of its claim against _____ resulting from the termination of Contract (Purchase Order) No. _____ upon the conditions set forth in the foregoing letter.

GENTLEMEN: Pursuant to section 7 (d) of the Contract Settlement Act of 1944, the United States of America, acting through the undersigned contracting officer, proposes to adopt and assume the settlement of the termination claim which you have filed with _____ arising out of the termination of the subcontract (purchase order) for war production No. _____ under Government contract No. _____.

The Government will accept responsibility for direct payment to you of the sum of $_____ in full and complete settlement of your claim for compensation for the termination of this subcontract, including all interest to which you are entitled under the Contract Settlement Act, on condition that you sign and return the consent and {assignment / release} set forth below.

The said sum of $_____ represents solely your claim for compensation for the termination of your subcontract and does not include any claim for completed articles delivered to your purchaser prior to the termination of your subcontract or thereafter in accordance with the notice of termination, or any other claim which you may have against your purchaser under the subcontract.

Very truly yours,

_____
Contracting Officer

Captain JOHN DOE,
Contracting Officer.

The undersigned subcontractor under Government Contract No. _____ consents to the direct settlement and payment by the Government of the sum of $_____ in full and complete settlement of its claim against _____ for compensation for the termination of Contract No. _____.

(In consideration of the payment of said sum of $_____, the undersigned subcontractor hereby releases the Government and _____ from all liability on account of the termination of its subcontract.)

(In consideration of the payment of said sum of $_____ the undersigned subcontractor does hereby assign, transfer and set over to the United States of America all its rights and claims against _____ under said subcontract and under the Contract Settlement Act of 1944 resulting from the termination of said subcontract.)

ABC CORPORATION.

GENTLEMEN: Pursuant to Section 7 (d) of the Contract Settlement Act of 1944, the United States of America, acting through the undersigned contracting officer, is undertaking to settle directly the termination claim of _____ resulting from the termination by you of that company's subcontract (purchase order) under Government Contract No. _____. The named company has consented to have its claim settled directly by the Government and the Government recognizes its liability for the settlement of that claim to the extent that the terminated subcontract (purchase order) is allocable to the terminated portion of a Government prime contract. You are relieved of your obligation to negotiate a settlement of that company's termination claim and you should make no payment to the company on account of that claim and should include no provision for payment on account of that company's termination claim in any application for compensation for the termination of your contract.

You remain liable to pay for any completed items delivered under the above subcontract (purchase order) prior to the effective date of the termination thereof and for any completed items to be delivered to you under the Notice of Termination. It will also remain your responsibility to furnish the Government with the information and assistance necessary in the verification of the charges of the named company and in relating them to the terminated portion of the prime contract.

§ 849.988–6 *Settlement agreement for use when the Government settles directly the termination claim of a fixed-price subcontractor.* The following form will be used in accordance with § 846.663–6 (a).

This agreement, entered into pursuant to the Contract Settlement Act of 1944, hereinafter called "the act", this _____ day of _____ 194__, by the United States of America, hereinafter called "the Government", represented by the Contracting Officer executing this Contract, and _____, hereinafter called "the Contractor",

Witnesseth that:

Whereas, the Contractor has previously entered into a contract for war production with _____ which contract (hereinafter called "the Contract") is a subcontract under contract No. _____ between the Government and _____ (hereinafter called "the Prime Contract"); and

Whereas, the Contract has been terminated as a result of the termination in whole or in part of the Prime Contract for the convenience or at the option of the Government; and

Whereas, the act requires that fair compensation be provided to war contractors by reason of such termination of their war contracts, and provides for the settlement by agreement of the amount payable as such fair compensation; and

Whereas, the Government, pursuant to section 7 (d) of the act, has undertaken to settle directly the claim of the Contractor for such fair compensation and has so notified the Contractor in writing and the Contractor has consented to such direct settlement of its claim; and

Whereas, the term "Contract termination inventory", as used herein, shall mean all materials (including a proper part of any common materials), determined by the parties hereto, in connection with this settlement, to be properly allocable to the terminated portion of the Contract, except any machinery or equipment subject to a separate contract or contract provision specifically governing the use or disposition thereof; and

Whereas, the term "subcontract termination inventory", as used herein, shall mean all materials (including a proper part of any common materials), determined by the parties to any subcontract under the Contract, in connection with the settlement thereof, to be properly allocable to the terminated portion of any such subcontract, except any machinery or equipment subject to a separate contract or contract provision, specifically governing the use or disposition thereof;

Now therefore, the parties hereto do mutually agree as follows:

ARTICLE 1. (Insert the appropriate form of Article 1 of the Supplemental Settlement Agreement for use in settling fixed-price prime contracts after complete termination (§ 849.981–1).)

ART. 2. (Insert Article 2 of said agreement (§ 849.981–1).)

ART. 3. (Insert Article 3 of said agreement (§ 849.981–1).)

ART. 4. Upon the execution of this agreement (and of the storage agreement(s) referred to in Article 1),[2] the Government agrees to pay to the Contractor, upon presentation of properly certified invoices or vouchers, the sum of $_____ (a) _____, representing the sum of $_____ (x) _____ less (1) the amount of $_____ (y) _____ representing partial payments previously made on account of the termination claim under the Contract and (2) the amount of $_____ (z) _____ representing all applicable property disposal credits. All interest to which the Contractor is entitled under the act to the date of payment is included in said sum of $_____ (a) _____, or, to the extent not so included, is expressly

[1] The contracting officer may omit condition a, or substitute therefor any other authorized basis of settlement that he considers reasonable under the circumstances. He may also add other conditions that he considers appropriate.

[2] This phrase is to be inserted only when the second form of Article 1 is used.

waived by this agreement.[2] Said sum, together with all other sums heretofore paid, constitutes payment in full and complete settlement of the amount due the Contractor by reason of the complete termination of work under the Contract and under the act, in so far as it pertains to the terminated portion of the Contract, [except as hereinafter provided in Article 5 of this Agreement].[3]

(Insert whichever form of Article 5 is applicable. The Contracting Officer should decide in each case whether the Government has any interest, or possible interest, that would be protected by its taking an assignment of the Contract. If so, the first form should be used).

ART. 5. In consideration of the payment of said sum of $_____ (a) _____ as aforesaid, the Contractor does hereby assign, transfer, and set over to the United States of America all of its right, title and interest in and to its claim for fair compensation for the termination of the Contract and all its rights and claims against _____ for fair compensation for such termination, to the extent that the terminated portion of the Contract is allocable to the terminated portion of the Prime Contract, (or)

ART. 5. In consideration of the payment of said sum of $_____ (a) _____ as aforesaid, the Contractor hereby releases the Government from all liability with respect to its claim for fair compensation for the termination of the Contract under the Act and under the terminated portion of the Contract. In consideration of the payment of said sum, the Contractor also releases _____ from all liability and obligation to pay such claim for fair compensation for such termination in connection with the settlement of the Prime Contract to which the terminated portion of the Contract is allocable. Such releases, however, shall not apply to the following:

(Here insert any of the excepted items set forth in Article 4 (c) of the fixed price prime contract settlement agreement (§ 849.981–1), or appropriate modifications thereof, or other exceptions, which are applicable).

ART. 6. *Officials not to benefit.* (Insert the clause set forth in War Department Procurement Regulations § 803.322; Navy Procurement Directives par. 17.601.)

ART. 7. *Covenant against contingent fees.* (Insert the clause set forth in War Department Procurement Regulations § 803.323; Navy Procurement Directives par. 10.531.)

ART. 8. *Anti-discrimination.* (When the third form of Article 1 is used, insert the clause set forth in War Department Procurement Regulations § 803.325; Navy Procurement Directives par. 17.731.)

ART. 9. *Disputes.* (When the third form of Article 1 is used, insert the clause set forth in War Department Procurement Regulations § 803.326; Navy Procurement Directives par. 11.604.)

In witness whereof, etc.

[JTR 988.6]

[2] Where interest is not waived and the parties have not included in the Agreement a lump sum for interest to to the date of payment, the following should be substituted for this sentence: "Said sum of $_____ (a) _____ includes all interest to which the Contractor is entitled under the Act to the date of execution of this Agreement; for each day thereafter until final payment hereunder, the Contractor shall be entitled to interest at the rate of $_____ (u) _____ per day." Also, in the next sentence change the words "sum" to "sums" and "constitutes" to "constitute"

[3] The phrase in brackets is to be included only when the second form of Article 5 is used and rights under the act are excepted from the release.

Pursuant to the letter understanding dated 8 January 1945 between the Under Secretary of War, the Secretary of the Navy and War Supplies Limited, War Supplies Limited (hereinafter called "the Corporation") certifies as follows:

1. With respect to the contract above identified, including all supplements or amendments thereto (hereinafter referred to collectively as "the Contract"), notice was given of Termination at the Option of the Government (War Department) (Navy Department) by and to the extent indicated in a notice dated _____, copy of which is annexed hereto, marked Schedule "1".

2. The Corporation, acting through the Department of Munitions and Supply, has, to the extent thus required by the (War Department) (Navy Department), terminated the contracts of suppliers and subcontractors involved in the performance of the Contract.

3. The Corporation, acting through the Department of Munitions and Supply, has settled the termination claims of such suppliers and subcontractors in accordance with the principles and procedures applied generally by the Canadian Government in the termination of its own contracts for its convenience, except that the (War Department) (Navy Department) has undertaken to settle the claims of those subcontractors situated in the United States listed in Schedule "2" hereto annexed, and has undertaken to settle and pay the claims of those subcontractors situated in the United States listed in Schedule "3" hereto annexed.

4. The Corporation has determined that the net amount which is or will be fairly and reasonably owing by the (War Department) (Navy Department) to the Corporation on account of the termination of the Contract is as follows:

(a) For completed supplies heretofore delivered under the contract prior to or in accordance with the notice of termination, at the contract prices therefor, less amounts for such supplies heretofore invoiced for payment:

(For all costs and expenses and amounts with respect to the fixed fee reimbursable or payable for the performance of the contract in accordance with its terms prior to the effective date of the notice of termination, less amounts heretofore invoiced for payment:)

Total for (a) _____

(b) For termination settlements made with suppliers and subcontractors properly allocable to the Contract, less appropriate deductions or offsets (and without duplication of item (a) above, or item (c) below:

[NOTE: Identify each settlement. Show the "net final payment" [Form M. & S. 1823] found to be due the supplier or subcontractor. Show the amount thereof which is allocable to the Contract, deducting the following items [which should be separately listed] to arrive at the amount due by the United States:

(i) The amount of deductions or offsets for the value of materials, work in process, tools, equipment, etc., taken over from the supplier or subcontractor by the Canadian Government, its agencies or wholly-owned corporations, in the course or as part of the settlement. Show how such value was established.

(ii) The amount of any charges, costs or expenses which under any agreement between the (War Department) (Navy Department) and the Corporation or the Canadian Government are not to be included as factors the cost.]

Total for (b) _____

(c) For termination settlements made with suppliers and subcontractors by the (War Department) (Navy Department) properly allocable to the contract, payments in respect of which have been or are to be made by the Corporation.

Total for (c) _____

(d) Net amount of (War Department's) (Navy Department's) liability:

Total for (a) plus total for (b) plus total for (c) _____

[NOTE: In the case of its cost-plus-fixed-fee contracts with the Agencies, the Corporation may omit the statement under (a) and may either reserve for later negotiation, or set forth separately under (b), any fee claimed to be payable to the Corporation with respect to all or any part of the amount shown under (b).]

5. The net amount shown in item 4 (d) above constitutes a fair and reasonable settlement of the obligations of the (War Department) (Navy Department) on account of the termination of the Contract (except insofar as the (War Department) (Navy Department) has undertaken to settle or settle and pay those subcontractors situated in the United States listed in Schedule 2 and or 3 hereof) and was arrived at in accordance with the principles and procedures described in the letter understanding dated 8 January 1945. The amounts shown in item 4 (b) above as having been paid or as being payable to suppliers or subcontractors have been certified by the Department of Munitions and Supply as being a fair and reasonable settlement of the claims of such suppliers or subcontractors which are allocable to the Contract.

This supplemental agreement entered into this _____ day of _____ 19____, by the United States of America, hereinafter called "the Government", represented by _____, executing this contract, and War Supplies Limited, hereinafter called "the Corporation".

Witnesseth that:

Whereas, the Corporation and the Government entered into Contract No. _____ under date of _____ 19____, as amended and supplemented by _____ (hereafter referred to collectively as "the Contract"); and

Whereas, notice was given, with respect to the Contract, of Termination at the Option of the Government (War Department) (Navy Department) by and to the extent indicated in a Notice dated _____, 19____, copy of which is annexed as Schedule 1 to the Certificate hereafter referred to; and

Whereas, pursuant to the letter understanding dated 8 January 1945 between the Under Secretary of War, the Secretary of the Navy, and the Corporation, the Corporation has furnished a Certificate dated _____, 19____, a copy of which is annexed hereto; and

Washington, Tuesday, August 28, 1945

The President

PROCLAMATION 2661

FIRE PREVENTION WEEK, 1945

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS uncontrolled fire, even in normal times, takes a heavy toll of our human and physical resources; and

WHEREAS the needless waste of lives and property occasioned each year by preventable fires has attained increasingly grave proportions; and

WHEREAS a high degree of individual responsibility and united effort are necessary to overcome this national menace:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby designate the week beginning October 7, 1945, as Fire Prevention Week.

I earnestly desire that every citizen assume a personal responsibility for detecting and eliminating fire hazards under his control and take all possible precautions to safeguard both lives and property from the ravages of fire. I also request that the State and local governments, the Chamber of Commerce of the United States, the National Fire Waste Council, business and labor organizations, the churches and schools, civic groups, and the various agencies of the press, radio, and motion-picture industry throughout the country bend every effort to the attainment of the objectives of Fire Prevention Week; and I direct that the appropriate agencies of the Federal Government likewise assist in every practicable way the enlightenment of the public with respect to the purposes of a sound fire-prevention program.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the city of Washington this 22nd day of August in the year of our Lord nineteen hundred and forty-five, and of the Independence of the United States of America the one hundred and seventieth.

[SEAL]

HARRY S. TRUMAN

public officers, Federal agencies, or other government instrumentalities that he may designate, to take possession and assume control of the said transportation system, plants, and facilities owned or operated by the Illinois Central Railroad Company, including all real and personal property and other assets used or useful in connection with the operation of such transportation system, plants, and facilities, and to operate or to arrange for the operation of the said transportation system, plants and facilities in such a manner as he may deem necessary to carry out the provisions, and accomplish the purposes of this order.

2. Subject to applicable provisions of existing law, including the orders of the Office of Defense Transportation issued pursuant to Executive Orders 8989, as amended, 9156, and 9294, the said transportation system, plants, and facilities shall be managed and operated under the terms and conditions of employment in effect at the time possession is taken under this order.

3. Except with the prior written consent of the Director, no attachment by mesne process, garnishment, execution, or otherwise shall be levied on or against any of the real or personal property or other assets, tangible or intangible, in the possession of the Director hereunder.

4. Possession, control, and operation of any plant or facility, or of the transportation system, or any part thereof, or any real or personal property, taken under this order shall be terminated by the Director when he determines that such possession, control, and operation are no longer necessary to carry out the provisions, and accomplish the purposes of this order.

5. For the purposes of paragraphs 1 to 4, inclusive, of this order, there are hereby transferred to the Director the functions, powers and duties vested in the Secretary of War by that part of section 1 of the said Act of August 29, 1916, reading as follows:

"The President, in time of war, is empowered, through the Secretary of War, to take possession and assume control of any system or systems of transportation, or any part thereof, and to utilize the same, to the exclusion as far as may be necessary of all other traffic thereon, for the transfer or transportation of troops, war material and equipment, or for such other purposes in connection with the emergency as may be needful or desirable."

6. The Director of the Office of Defense Transportation may request the Secretary of War to furnish protection for persons employed or seeking employment in the plants, facilities, or transportation system of which possession is taken and to furnish protection for such plants, facilities, and transportation system, and may request the Secretary of War to furnish equipment, manpower, and other facilities or services deemed necessary by the Director to carry out the provisions, and accomplish the purposes of this order; and the Secretary of War is authorized and directed upon such request to take such action as he deems necessary to furnish such protection, equipment, manpower, or other facilities or services.

EXECUTIVE ORDER 9604

PROVIDING FOR THE RELEASE OF SCIENTIFIC INFORMATION (EXTENSION AND AMENDMENT OF EXECUTIVE ORDER NO. 9568)

By virtue of the authority vested in me by the Constitution and Statutes, as President of the United States and Commander in Chief of the Army and Navy, and in order to provide for the release and dissemination of certain scientific and industrial information heretofore or hereafter obtained from the enemy by any department or agency of this Government, to the end that such information may be of maximum benefit to the public, it is hereby ordered as follows:

1. It is the policy of this Government, subject to the requirements of national military security, that there shall be prompt, public, free and general dissemination of enemy scientific and industrial information. The expression "enemy scientific and industrial information," as used herein, is defined to comprise all information concerning scientific, industrial and technological processes, inventions, methods, devices, improvements and advances heretofore or hereafter obtained by any department or agency of this Government in enemy countries regardless of its origin, or in liberated areas, if such information is of enemy origin or has been acquired or appropriated by the enemy.

2. The scope of the authority vested in the Director of War Mobilization and Reconversion as Chairman of the Publication Board and in the Publication Board by Executive Order No. 9568 of June 8, 1945, is extended to include enemy scientific and industrial information. The procedures outlined in Executive Order No. 9568, insofar as applicable, are extended to the declassification, release and publication of enemy scientific and industrial information.

3. Nothing in this order shall be construed to limit or modify the power of the Secretary of War or the Secretary of the Navy to determine finally whether the national military security permits the release in whole or in part of enemy scientific or industrial information.

TITLE 30—MINERAL RESOURCES

Chapter VI—Solid Fuels Administration for War

[SFAW Suspension Order 5]

PART 602—GENERAL ORDERS AND DIRECTIVES

FLATBUSH COAL AND OIL CO.

Bennie L. Galumbeck, 2036 McDonald Avenue, Brooklyn, New York, is engaged in the business, under the name of Flatbush Coal and Oil Company, of buying and reselling anthracite as a retail dealer. An investigation by SFAW in July 1945 disclosed that Galumbeck had since April 1, 1945, received an amount of anthracite nearly three times in excess of the amount permitted to be received by SFAW Regulation No. 28, as amended, and that, in violation of that regulation, most of this tonnage had been received by Galumbeck from suppliers who had not furnished him with anthracite during the applicable base period.

In a letter dated July 27, 1945, Galumback was given notice of the results of the SFAW investigation and was informed that he might submit any explanations as he might care to offer or any facts deemed by him to be pertinent to demonstrate why a suspension order should not be issued against him.

Galumbeck appeared with counsel at a conference with representatives of SFAW. He did not deny that he had received anthracite in violation of the provisions of SFAW Regulation No. 28, as amended, nor did he submit any explanations or facts to demonstrate why a suspension order should not be issued against him. However, Galumbeck stated that on or before August 18, 1945, pertinent information and explanations would be submitted in writing under oath. No such information or explanations have been received.

In view of the foregoing, *It is hereby ordered:*

(1) Bennie L. Galumbeck, doing business as Flatbush Coal and Oil Company, his successors or assigns, shall not acquire, sell, transfer, ship, deliver, or otherwise distribute those sizes of anthracite the distribution of which by retail dealers is regulated by the Solid Fuels Administration for War.

(2) No producer, wholesaler or retail dealer shall sell, transfer, ship, deliver, or otherwise distribute any of the sizes of anthracite referred to in (1) above to Bennie L. Galumbeck, doing business as Flatbush Coal and Oil Company, his successors or assigns.

(3) Nothing in this order shall be deemed to prohibit Bennie L. Galumbeck, doing business as Flatbush Coal and Oil Company, his successors or assigns, from selling the sizes of anthracite referred to in (1) above in transit to or for his account, or in his possession or control, on and after the effective date of this order, to other retail dealers doing business in New York, New York: *Provided*, That he sells such anthracite pursuant to written consent and instruction of the Regional Representatives of the Solid Fuels Administration for War in New York, New York.

(4) This order shall become effective five days after the date of the service thereof, unless otherwise hereafter ordered.

(5) This order shall be in effect until April 1, 1946, unless otherwise directed.

Issued this 24th day of August 1945.

C. J. POTTER,
Deputy Solid Fuels Administrator for War.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

AUTHORITY: Regulations in this chapter, unless otherwise noted at the end of documents affected, issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236, 56 Stat. 177, 58 Stat. 827; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; E.O. 9599, 10 F.R. 10155; W. P. B. Reg. 1 as amended Dec. 31, 1943, 9 F.R. 64.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-691, Revocation]

DIVISION AVENUE BUS LINE

Robert Christian, doing business as Division Avenue Bus Line, Grand Rapids, Michigan, was charged by the War Production Board with having done construction during September and October, 1944, without permission of the War Production Board, of a garage on his premises at 4418 South Division Avenue, Grand Rapids, Michigan, at an estimated cost in excess of $200, in violation of Conservation Order L-41. Suspension Order No. S-691 was issued against Division Avenue Bus Line on January 16, 1945. In view of the fact that Conservation Order L-41 as amended June 8, 1945, raises the limitation on this type of construction to $5,000, the Chief Compliance Commissioner has directed that the suspension order be revoked.

In view of the foregoing: it is hereby ordered, that: *Suspension Order No. S-691* be revoked, effective August 24, 1945.

Issued this 24th day of August 1945.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-328B, Schedule K as Amended Aug. 24, 1945]

SPECIAL PROGRAM FOR WOOL CIVILIAN ITEMS

§ 3290.120k *Schedule K to Order M-328B*—(a) *Explanation.* This schedule states the special rules in addition to those set forth in M-328B for manufacturers of civilian items manufactured from wool fabric to get an AA-3 preference rating for wool fabric for delivery beginning in the fourth quarter of 1945 to make the items listed in this schedule:

(b) *Definitions.* For the purpose of this schedule:

(1) "Fabric" unless otherwise designated, means a woven or knitted fabric 12 inches or more in width.

(2) "Wool fabric" means any fabric incorporating 25% or more by weight of new, re-processed or re-used wool fiber except upholstery pile fabrics and floor coverings and blankets and felt. The term includes woolen and worsted fabrics.

(3) "Wool item" means an item of which 50% or more of the fabric yardage incorporated in it, exclusive of linings, bindings and trimmings, is made of woolen or worsted fabrics.

(4) "Base period manufacturer" and "base period" mean the same as they do in Order M-328B, except that a person who did not manufacture an item listed in this schedule during the base period at or below the maximum price set forth in the schedule shall not be considered a base period manufacturer.

(c) *Special requirements for obtaining priorities assistance.* (1) Three copies of form WPB-3732 must be filed in accordance with the rules stated in paragraph (c) of Order M-328B, except that for the fourth calendar quarter of 1945 applications must be postmarked not later than September 5, 1945.

(2) A manufacturer who files form WPB-3732 for the fourth calendar quarter of 1945 by September 5, 1945, may, as soon as he files his application, apply an AA-3 rating for the purchase of wool fabrics for delivery in that quarter for incorporation into the wool items for which application is made. He may do so only for an item he made in the base period at or below the price shown in the preference rating schedule and only for two-thirds of the yardage of wool fabrics he used in the base period with respect to any item. Wool fabrics purchased under this provision shall be deducted by the manufacturer from the total quantity for which priorities assistance is granted on form WPB-3732. If the applicant does not receive a grant of the entire quantity thus rated, he shall, upon notification of his grant by the War Production Board, immediately unrate or cancel orders for any undelivered quantities which are in excess of his grant.

(3) Manufacturers who did not produce in the base period any item applied for on form WPB-3732 at or below the price shown in the preference rating schedule may not use any preference ratings under this schedule (for the fourth quarter of 1945) until the War Production Board has assigned them a quota.

(4) A base period manufacturer may not apply for a quantity of wool fabric for any item greater than 100% of the linear yards used by him in the base period for the production of that item.

(d) *General provisions.* (1) Preference ratings assigned under this schedule may be used only to get wool fabrics to make the wool items specified in the preference rating schedule.

(2) The fabrics must be incorporated into an item produced for sale by the manufacturer at or below the lower of the following two prices:

(i) The price at which the manufacturer is permitted to sell the item under regulations of the Office of Price Administration.

(ii) The price specified in the maximum price column.

(3) A manufacturer who is not a base period manufacturer must comply with the provisions of paragraph (c) (6) of Order M-328B.

(4) A manufacturer who did not manufacture an item on the base period must state his proposed production by size assortment per dozen in the "Remarks" section of Form WPB-3732. If his application is granted, he must comply with these size assortments.

(5) Additional priorities assistance may be given for the procurement of rayon, wool and cotton broad woven fabrics for linings, interlinings, facings, bindings, stays and other components made of broad woven fabric and for narrow woven selvage edge tape needed for incorporation into the number of units for which priorities assistance is granted. Requests for this additional priorities assistance shall be made on Form WPB-3732 separately for each item for which application is made.

(6) *Provisions in case of governmental cut-backs.* At any time during any calendar quarter a manufacturer who has received cancellations or cut-backs on military contracts or orders placed by an agency of the U. S. Government, or who during the quarter has production facilities made available, may apply to the War Production Board on Form WPB-3732 for priorities assistance to manufacture items listed in this schedule. Such applications will be approved to the extent of available materials and the need for additional production of the items applied for.

(7) The AA-3 preference rating authorized by this schedule may be extended to purchase wool fabric, wool yarn and wool top. Such ratings shall be extended as provided in Priorities Regulation 3 and Order M-328.

Issued this 24th day of August 1945.

PART 3133—PRINTING AND PUBLISHING

[Limitation Order L–240, Direction 6]

TRANSFER OF QUOTA FROM FOURTH QUARTER 1945 TO THIRD QUARTER 1945

The following direction is issued pursuant to Limitation Order L–240:

A publisher may increase his consumption in the third quarter of 1945 by an amount not exceeding 2½% of his consumption quota for the third quarter of 1945, provided the tonnage so used is deducted from his permitted consumption for the fourth quarter of 1945.

Issued this 25th day of August 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–494, Revocation]

THE LOUIS M. HERMAN CO.

Suspension Order No. S–494, effective February 28, 1944, was issued February 21, 1944, against The Louis M. Herman Company, Boston, Massachusetts, for violation of Limitation Order L–265. In view of the fact that Limitation Order L–265 was revoked on August 20, 1945, the Chief Compliance Commissioner has directed that Suspension Order No. S–494 be revoked forthwith.

In view of the foregoing, it is hereby ordered, that: § 1010.494, *Suspension Order No. S–494* be revoked, effective August 28, 1945.

Issued this 25th day of August 1945.

PART 3133—PRINTING AND PUBLISHING

[Limitation Order L–240, as Amended Aug. 27, 1945]

NEWSPAPERS AND OTHER USERS OF NEWSPRINT

The fulfillment of requirements for the defense of the United States has created a shortage of the supply of print paper for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

Scope

(a) The purpose of this order.

Definitions and Explanations

(b) Newspaper.
(c) Camp papers and free distribution publications.
(d) Publisher.
(e) Print paper.
(f) Use.
(g) Net paid circulation.
(h) Inventory.
(i) Transfer of quotas.

Consumption Quota

(j) Allowable consumption.
(k) Computation of consumption quota.
(l) Carry-over.
(m) Consumption quotas for certain types of newspapers.
(n) Allotment to Army and Navy.

Delivery Quota

(o) Computation of delivery quota.
(p) Exceptions.
(q) Certification.
(r) Inventory reports and copies of orders.
(s) Inter-company transfers.

Miscellaneous Provisions

(t) Loans of print paper.
(u) Applicability of regulations.
(v) Appeals.
(w) Communications to the War Production Board.
(x) Violations.

Schedule I

(a) The purpose of this schedule.
(b) Definition of "newsprint".
(c) Newsprint consumption quotas for persons other than newspaper publishers.
(d) Newsprint delivery quotas for persons other than newspaper publishers.

Scope

§ 3133.6 *Limitation Order L–240*—(a) *The purpose of this order.* This order does two things: First, it limits the tonnage of print paper which may be used by a publisher in printing a newspaper. This is called his "consumption quota". Second, it limits the tonnage of print paper which may be ordered or accepted by a newspaper publisher. This is called his "delivery quota". A publisher's consumption quota is on a quarterly basis and his delivery quota is on a monthly basis.

Definitions and Explanations

(b) *Newspaper.* "Newspaper" means any publication generally recognized as a newspaper in the newspaper industry, regardless of the frequency of issuance. The term includes all supplements, inserts and other printed matter physically incorporated into a newspaper or delivered together with it.

Where two or more newspapers are published by the same publisher, whether in the same city or in different cities, each newspaper shall operate under a separate consumption quota and a separate delivery quota. In computing his consumption quota a publisher must make separate calculations for morning, evening and Sunday editions, but these figures must be consolidated into a single consumption quota for each newspaper, in accordance with the instructions contained in paragraph (k).

However, morning, evening, Sunday and other editions of the same newspaper shall operate under a single consumption quota and a single delivery quota.

In determining whether a publisher issues separate newspapers or separate editions of the same newspaper, the number and form of the reports filed by the publisher with the Audit Bureau of Circulations in 1941 will be controlling, in the absence of special circumstances. Thus, if a publisher in 1941 filed consolidated statements with the Audit Bureau of Circulations covering morning, evening and Sunday issues, even if these issues had different names, different formats and different staffs, they will ordinarily be considered as a single newspaper for the purposes of this order. If a publisher in 1941 filed separate statements with the Audit Bureau of Circulations covering his morning, evening, Sunday and other publications, they will ordinarily be considered as separate newspapers for the purposes of this order.

If a publisher is uncertain as to whether or not his publication is a newspaper as defined in this order, he may ask the War Production Board for an official determination. The War Production Board may also make this determination upon its own motion. Such a determination, issued to the publisher in the name of the Recording Secretary of the War Production Board, shall be conclusive for the purposes of this order, unless revoked or modified by the same authority.

(c) *Camp papers and free distribution publications.* Army or Navy camp, post, station or unit "newspapers" or news sheets generally are not recognized as newspapers in the newspaper industry. They are covered by Order L–241 (commercial printing). Shopping guides, want ad periodicals and publications in newspaper format distributed free or at nominal cost also are not recognized as newspapers within the meaning of this order and are governed by Order L–241, Schedule II. If a publisher issued a free distribution newspaper in 1941, his consumption quota shall be determined in accordance with Schedule II to Order L–241 and that order shall govern even if the circulation of the publication has subsequently been changed in whole or in part to a net paid basis.

(d) *Publisher.* "Publisher" means a person who publishes a newspaper, including an individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(e) *Print paper.* "Print paper" means any grade, quality, type or basis weight of paper used in publishing a newspaper. The term includes paper reclaimed wholly or partly from printed or unprinted waste, as well as paper made entirely from virgin fiber. It also includes roll wrappers, newsprint used as wrappers, identification sheets and labels for newspapers, and production waste, whether or not this waste is subsequently salvaged for other uses.

(f) *Use.* All production waste shall be included in the tonnage of print paper "used" in printing a newspaper. Transit damage shall not be included in a publisher's "use" of print paper. A publisher may determine the dates on which paper is "used" under this order either on the basis of the dates when the paper is actually printed or the dates appearing on the respective issues of the newspaper, provided he continues to use the same method which he used in computing his 1941 base tonnages.

(g) *Net paid circulation.* "Net paid circulation" means the number of copies of a newspaper which have been sold (exclusive of bulk sales), as audited by the Audit Bureau of Circulations or (in the case of newspapers which are not members of the Audit Bureau of Circulations) as verified in accordance with the standards of the Audit Bureau of Circulations of January 1, 1942.

(h) *Inventory.* "Inventory" means all the print paper which is owned by a publisher or is available for his use. It includes the print paper which he has on hand, in storage, and in transit and paper held for his use by a paper merchant, warehouseman or other person, regardless of its physical location. However, it does not include print paper shipped by water and held in warehouse by a paper manufacturer or merchant as part of the inventory of the manufacturer or merchant; such paper does not become part of a publisher's inventory until it is delivered to him.

(i) *Transfer of quotas*—(1) *Quotas established by different orders.* Quotas provided by one War Production Board order may not be used for the purposes set forth in any other order. Thus, for example, a publisher may not use for the printing of a newspaper any part of a consumption quota established under Orders L–241 (commercial printing), L–244 (magazines) or L–245 (books) and he may not permit any part of his consumption quota established under this order to be used for commercial printing, magazines or books. If a newspaper publisher also conducts a job printing business, he must keep these two operations separate for quota purposes. The amount of print paper which he is permitted to consume and the amount which he is permitted to order or accept for the publication of his newspaper is limited by this order. The amount of print paper which he is permitted to consume and the amount which he is permitted to accept for his commercial printing business is limited by Order L–241.

(2) *Transfer of quotas to different persons.* The rules governing the assignability of quotas are set forth in Priorities Regulation 7a.

Consumption Quota

(j) *Allowable consumption.* In the third quarter of 1945 and in each calendar quarter after that, no publisher may use or cause to be used, in the publication of a newspaper, print paper in excess of:

(1) His quarterly consumption quota, which shall be computed in accordance with the instructions set forth in paragraph (k) or (m) plus

(2) Any less-than-quota savings carried over from previous calendar quarters, as provided in paragraph (l), plus

(3) Ex-quota tonnage, if any, which may have been granted on appeal for consumption in that quarter.

(k) *Computation of consumption quota*—(1) *Base tonnages.* Ascertain, separately, the tonnage of print paper comprising the net paid circulation of morning, evening, Sunday or other issues of the newspaper in the corresponding quarter of 1941. Add 3 per cent to each figure. (This 3 per cent is an arbitrary allowance to compensate for production waste and should be added whether the actual production waste in 1941 was greater or less than 3 per cent). These are the "base tonnages" for morning, evening, Sunday or other issues of the newspaper, which shall be adjusted in accordance with instructions 2, 3, and 4.

(2) *Circulation increase.* Ascertain, separately, the percentage increase or decrease in average net paid circulation of morning, evening, Sunday or other issues of the newspaper in the calendar year 1942 as compared with the calendar year 1941. (The average net paid circulation for each year shall be determined by adding together the average net paid circulation for each of the four quarters of the year and dividing by four).

(3) *Tonnage equivalent of circulation increase.* Apply, separately, the respective percentages of circulation increase or decrease determined under instruction number 2 to the respective base tonnages determined under instruction number 1 for morning, evening, Sunday or other issues of the newspaper.

(4) *Adjustment of base tonnages.* Adjust the respective base tonnages determined under instruction number 1 by adding or subtracting the number of tons represented by the percentage circulation gain or loss determined under instruction number 3.

(5) *Total adjusted base tonnage.* Total the respective base tonnages for morning, evening, Sunday or other issues of the newspaper determined under instruction number 1. Total the respective adjusted base tonnages for morning, evening, Sunday, or other issues of the newspaper determined under instruction number 4. The larger of these two totals is the publisher's "total adjusted base tonnage" from which the required reductions shall be applied.

(6) *Sliding scale of reductions.* Reduce the total adjusted base tonnage by the following sliding scale of percentage cuts:

(i) Deduct 3% of the amount over 25 tons but not over 125 tons.
(ii) Deduct 6% of the amount over 125 tons but not over 250 tons.
(iii) Deduct 9% of the amount over 250 tons but not over 500 tons.
(iv) Deduct 15% of the amount over 500 tons but not over 1000 tons.
(v) Deduct 18% of the amount over 1000 tons.

(7) *Consumption quota.* The balance remaining after subtraction of the above reductions from the total adjusted base tonnage determined under instruction number 5 is the publisher's consumption quota for the quarter.

(8) *Adjustment for print paper lighter than 32-pound basis weight.* If a publisher orders print paper lighter than 32-pound basis weight, his consumption quota for the current calendar quarter shall be reduced proportionately as follows: First, determine the percentage by which 32-pound paper exceeds such lighter paper in weight. Second, multiply the tonnage of lighter paper so ordered by this percentage. Third, subtract the result from the publisher's consumption quota. For example, if a publisher has a consumption quota of 200 tons and orders 100 tons of 30-pound basis weight paper, his consumption quota shall be reduced by 6⅔ tons, since 32-pound paper is 6⅔% heavier than 30-pound paper.

(9) *Fourteenth Sunday in third quarter of 1945.* Inasmuch as there are 14 Sundays and 78 weekdays in the third quarter of 1945, compared with 13 Sundays and 79 weekdays in the third quarter of 1941 and 1944, the publisher of a daily and Sunday newspaper may increase his consumption quota in the third quarter of 1945 by the excess of his average Sunday use of print paper in the third quarter of 1944 over his average weekday use of print paper in the third quarter of 1944. The publisher of a newspaper issued only on Sundays may increase his consumption quota in the third quarter of 1945 by one-thirteenth of his allowable use of print paper in the third quarter of 1944. No publisher may increase his delivery quota because of any additional tonnage he may use for the fourteenth Sunday in the third quarter of 1945.

(l) *Carry-over.* If a publisher uses less print paper than he is permitted to use in the fourth quarter of 1943, or in any calendar quarter after that, he may add this tonnage to his consumption quota but not to his delivery quota, in any succeeding quarter. This paragraph does not apply to the print paper which a publisher is permitted to use under paragraph (m) (2).

(m) *Consumption quotas for certain types of newspapers.* Excepted from the provisions of paragraph (k) are certain types of newspapers described in this paragraph (m), whose consumption quotas shall be computed as follows:

(1) *Special types of newspapers.* Any newspaper containing the equivalent of

8 standard-size pages or less which is authorized to be admitted to the mails as second-class matter under the provisions of section 521 of the Postal Laws and Regulations of 1940 (Title 39, U. S. C., sec. 229) pertaining to the publications of benevolent, fraternal, trades-union, professional, literary, historical, and scientific organizations and societies shall have a consumption quota of print paper in any calendar quarter equal to either:

(i) Its quarterly consumption of print paper in any one of the first three calendar quarters of 1944; or

(ii) Its consumption of print paper in the corresponding calendar quarter of 1943. If the publisher selects this latter method in any calendar quarter, he may increase his consumption quota in that quarter by that percentage by which the average number of copies per issue in the third quarter of 1944 exceeds the average number of copies per issue in the corresponding calendar quarter of 1943. For example, if a newspaper's consumption of print paper in the first quarter of 1943 was 5 tons with an average press-run in that quarter of 5,000 copies per issue, and its average press-run in the third quarter of 1944 was 6,250 copies per issue, his consumption quota for the first calendar quarter of 1945 is 6¼ tons.

(2) *Small newspapers.* During the third calendar quarter of 1945 and in each calendar quarter after that, any person may use or cause to be used 10 tons of print paper for a newspaper published weekly or less frequently, 11¼ tons of print paper for a newspaper published semi-weekly, 12½ tons of print paper for a newspaper published tri-weekly, 13¾ tons of print paper for a newspaper published four times a week, 15 tons of print paper for a newspaper published 5 times a week, 16¼ tons of print paper for a newspaper published 6 times a week, or 17½ tons of print paper for a newspaper published 7 times a week. It makes no difference whether he used that much print paper or any print paper in the publication of a newspaper during any previous period.

(3) *Other newspapers using less than 25 tons per quarter.* If, prior to October 1, 1944, a publisher used less than 25 tons of print paper per calendar quarter for civilian readers (whether or not he used additional paper for military readers), his total quarterly consumption quota for all types of readers shall be computed as follows:

(i) Ascertain the total number of copies of all issues printed in each of the seven calendar quarters between January 1, 1943 and September 30, 1944.

(ii) Ascertain the average number of pages per issue printed in each of the seven calendar quarters between January 1, 1943 and September 30, 1944.

(iii) Multiply the highest quarterly figure determined under subdivision (i) by the highest quarterly figure determined under subdivision (ii). The weight of paper required to produce this number of pages is the publisher's quarterly consumption quota; *Provided, however,* That if this figure is in excess of 25 tons, the publisher shall be limited to 25 tons per quarter plus the tonnage in excess of 25 tons which he used for military circulation in the third quarter of 1944.

(n) *Allotment to Army and Navy.* (1) The War Production Board may from time to time allot to the Army and the Navy a specified tonnage of paper to be consumed in printing (i) newspapers acquired in bulk for free distribution by the Army or the Navy which will be furnished to United States Armed Forces personnel in the continental United States and (ii) "servicemen's" "overseas", "pony", or other condensed editions of newspapers acquired in bulk by the Army or the Navy which will be furnished to United States Armed Forces personnel overseas.

(2) From this allotment the Army and the Navy, under a delegation of authority from the War Production Board, may grant to individual publishers the right to add to their consumption quotas the tonnage of paper consumed in printing such newspapers acquired by the Army and the Navy for distribution as described under paragraph (n) (1). This allotment does not cover purchases of newspapers by military exchanges or service departments as defined in Priorities Regulation 17 for distribution within the continental limits of the United States. All newspapers sold to the military shall be charged against the publisher's consumption quota unless the publisher has received a specific grant from the Army or the Navy pursuant to this paragraph.

Delivery Quota

(o) *Computation of delivery quota.* In July 1945, and in each calendar month after that, no publisher may order or accept delivery of print paper in excess of his monthly delivery quota, which shall be computed in accordance with the following instructions:

(1) *Monthly base.* Total the publisher's consumption quotas for the third and fourth quarters of 1945 and add the ex-quota tonnage, if any, which may have been granted for the third quarter of 1945. Divide by 6. (Do not add any carry-over from preceding quarters.)

(2) *Inventory ceiling.* The above amount shall be reduced accordingly if a publisher's inventory is, or by virtue of such order or acceptance will become, on December 31, 1945, greater than: (i) 30 days' supply for publishers in the states named in List A, (ii) 50 days' supply for publishers in the States named in List B, or (iii) 60 tons for publishers who would be limited to a smaller amount by subdivision (i) or (ii) above.

List A

Connecticut.	Nebraska.
District of Columbia.	New Hampshire.
Delaware.	New Jersey.
Illinois.	New York.
Indiana.	North Dakota.
Iowa.	Ohio.
Kansas.	Pennsylvania.
Kentucky.	Rhode Island.
Maine.	South Dakota.
Maryland.	Vermont.
Massachusetts.	Virginia.
Michigan.	West Virginia.
Minnesota.	Wisconsin.
Missouri.	

List B

Alabama.	Nevada.
Arizona.	New Mexico.
Arkansas.	North Carolina.
California.	Oklahoma.
Colorado.	Oregon.
Florida.	South Carolina.
Georgia.	Tennessee.
Idaho.	Texas.
Louisiana.	Utah.
Montana.	Washington.
Mississippi.	Wyoming.

3. *Exclusions.* In computing his monthly base under paragraph (o) (1), and in computing the maximum tonnage which he may have in his inventory on December 31, 1945 in accordance with paragraph (o) (2), a publisher shall exclude any less-than-quota savings under his consumption quota carried over from previous quarters. He shall also exclude print paper which he has received by Great Lakes or coastal water-borne shipments; provided on May 1 of any calendar year he shall have on hand or available for use not more than (i) a 30 days' supply if he is located in one of the States named on List A above, or (ii) a 50 days' supply if he is located in one of the States named in List B above and provided further that no publisher may order or accept delivery of a total amount of print paper by water, rail or otherwise in any calendar year (including both the open and closed navigation seasons) in excess of his permitted consumption for that calendar year.

(4) *Computation of rate of consumption.* The number of days' supply shall be computed at the average daily rate of allowable consumption for the last six months of 1945.

(5) *Fractional carloads.* If a publisher's delivery quota for any month is less than one carload, he may nevertheless order and accept, in that month, up to one full carload. If a publisher's delivery quota for any month is a whole number of carloads plus a fraction of another carload, the fraction may be added to his delivery quota for any succeeding month.

(6) *Transit damage.* If print paper in inventory is destroyed or damaged to such an extent that it becomes unusable in publishing his newspaper, whether this occurs while the paper is in transit or after it has reached its destination, the publisher may increase his delivery quota (but not his consumption quota) in the same or any subsequent month by an amount sufficient to replace such paper. It is immaterial whether or not the publisher is reimbursed for the destroyed or damaged paper by the shipper, the carrier, or an insurance company. It is also immaterial whether or not the publisher salvages all or part of the damaged paper for use other than in publishing his newspaper.

(7) *Report on transit damage.* Any publisher who increases his delivery quota to replace destroyed or damaged print paper in accordance with subparagraph 6 above shall, within 15 days after placing the order for such replacement, file a letter with the War Production Board stating the number of tons comprising the publisher's delivery quota for that month, the number of tons destroyed or damaged, the manner in which such print paper was rendered unfit for use in publishing his newspaper, and the number of tons ordered in excess of his delivery quota. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(p) *Exceptions.* Permission to order or accept delivery of print paper in excess of the tonnage allowed under paragraph (o) may be granted by the War Production Board upon a written request for specific authorization stating the number of tons and the number of days' supply of print paper which the publisher has in inventory, the number of tons comprising his delivery quota, the number of additional tons he desires to order and accept, and the reasons why the denial of the request would create undue hardship.

(q) *Certification.* No mill or other supplier may sell or deliver to any person, and no person may accept, any print paper for use under Order L-240 except on a delivery order bearing or accompanied by a certification substantially in the form set forth below. This certification must be signed manually or as provided in Priorities Regulation No. 7 by the purchaser or by an official duly authorized for such purpose:

The undersigned certifies, subject to the penalties of section 35 (a) of the U. S. Criminal Code, to the seller and to the War Production Board: (a) that he is permitted to place this delivery order and to accept the print paper ordered; (b) that the print paper will be used or delivered, or that it is required to replace in inventory print paper previously used or delivered, under War Production Board Order L-240.

The above certification must be placed on, or must accompany, each delivery order placed by any person for print paper to be used under Order L-240, and the certification provided for in Priorities Regulation No. 7 may not be used in its place.

(r) *Inventory reports and copies of orders.* On and after July 1, 1945, the publisher of every newspaper which consumes 25 tons of print paper or more in any calendar quarter shall file with the War Production Board:

(1) A monthly statement of his inventory of print paper on Form WPB 4292 within three days after the close of each month, beginning with June 1945.

(2) Copies of all orders for the delivery of print paper placed by him or for his account. Such copies of orders must be mailed within three days after the orders are placed.

These reporting requirements have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(s) *Intra-company transfers.* The foregoing restrictions apply not only to deliveries from one person to another, including affiliates and subsidiaries, but also to deliveries from one branch, division, or section of a single enterprise to another branch, division, or section of the same or any other enterprise under common ownership or control.

Miscellaneous Provisions

(t) *Loans of print paper.* Any loan of print paper made by a publisher shall be reported to the War Production Board by letter within 15 days after the date of the loan. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(u) *Applicability of regulations.* This order and all transactions affected by it are subject to all present and future regulations of the War Production Board.

(v) *Appeals.* Any appeal from the provisions of this order shall be made in accordance with Supplement 1 to the order. Regardless of the provisions of Priorities Regulation 16 no statement with respect to manpower information on Form WPB-3820 (or letter explaining why that form is not filed) need accompany any appeal.

(w) *Communications to the War Production Board.* All reports required to be filed hereunder, requests for specific authorization, appeals and other communications concerning this order shall be addressed to: War Production Board, Printing and Publishing Division, Washington 25, D. C. Ref: L-240.

(x) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 27th day of August 1945.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE I

NOTE: Schedule I added August 27, 1945.

(a) *The purpose of this schedule.* This schedule limits the acceptance and use of newsprint for all purposes other than newspapers.

(b) *Definition of "newsprint".* "Newsprint" means the grades of paper commonly known as "standard newsprint" and "super-standard newsprint."

(c) *Newsprint consumption quota for persons other than newspaper publishers.* (1) In the third calendar quarter of 1945 and in each calendar quarter after that no person may cause to be used in the publication of magazines or books more than 113.3 per cent of the newsprint which he lawfully used or caused to be used for that purpose in the corresponding calendar quarter of 1944 or the second calendar quarter of 1945, or 10 tons, whichever is greatest.

(2) In the third calendar quarter of 1945 and in each calendar quarter after that no person may cause to be used in the publication of shopping guides, free distribution newspapers, want ad publications and free distribution publications in newspaper format more than 105 per cent of the newsprint which he lawfully caused to be used for that purpose in the corresponding calendar quarter of 1944 or the second calendar quarter of 1945, or 10 tons, whichever is greatest.

(3) In the third calendar quarter of 1945 and in each calendar quarter after that no person may use (except for newspapers, magazines, books, shopping guides, free distribution newspapers, want ad publications and free distribution publications in newspaper format) more than 113.3 per cent of the newsprint which he lawfully used in the corresponding calendar quarter of 1944 or the second calendar quarter of 1945, or 10 tons, whichever is greatest. However, a printer is not limited in the amount of newsprint which he may use for printing, including official Army or Navy post, camp, station or unit newspapers, to be delivered to the Army, Navy, Maritime Commission or War Shipping Administration directly, or as a part of a contract for an item purchased by one of those agencies.

(d) *Newsprint delivery quotas for persons other than newspaper publishers.* In the third calendar quarter of 1945 and in each calendar quarter after that no person (other than the publisher of a newspaper) may order or accept newsprint in excess of his consumption quota for that calendar quarter. This amount shall be reduced accordingly if his inventory of newsprint is, or by virtue of such acceptances will become, on the first day of any calendar quarter commencing with the fourth quarter of 1945, more than 45 per cent of the newsprint which he lawfully used or caused to be used in the preceding calendar quarter, or 60 tons, whichever is greatest.

INTERPRETATION 1: Revoked Dec. 24, 1943.
INTERPRETATION 2: Revoked Dec. 24, 1943.
INTERPRETATION 3: Revoked Dec. 24, 1943.

INTERPRETATION 4

TRANSIT DAMAGE

Paragraph (f) of Order L-240 states in part: "Transit damage shall not be included in a publisher's 'use' of print paper." This provision which was inserted in the order on December 24, 1943, merely explained, and did not change, the existing rule.

At all times since the issuance of Order L-240 on December 31, 1942, a publisher has been obliged to charge against his consumption quota only the print paper which was actually "used" in publishing his newspaper; print paper which was destroyed or damaged in transit need not be charged against the publisher's consumption quota to the extent that such print paper was rendered unusable in the publication of his newspaper. However, at all times since the issuance of Order L-240 on December 31, 1942, production waste has been included in the tonnage of print paper which is "used" in publishing a newspaper. (Issued Oct. 30, 1944.)

PART 3208—SCHEDULED PRODUCTS

[General Scheduling Order M-293, Direction 4]

REVOCATION OF TABLES AND DIRECTIONS TO M-293 AND UNFREEZING OF SCHEDULES

The following direction is issued pursuant to General Scheduling Order M-293:

(a) *Revocation of tables and directions to M–293.* In view of the substantial cut backs in military requirements for M–293 products, the following tables and published directions issued pursuant to M–293 are revoked:

Sec.
3208.2 —Table 1—Table for programs.
3208.5 —Table 4—Table for automotive division: Direction 1 to Table 4—Purchasers of internal combustion engines and certain automotive chassis components to furnish manufacturers information regarding end use.
3208.6 —Table 5—Table for building materials division.
3208.7 —Table 6—Table for general industrial equipment division: Direction 1 to Table 6—Identification of Electric motors and controls and equipment containing them.
3208.9 —Table 8—Table for power division.
3208.10—Table 9—Table for radio and radar division.
3208.11—Table 10—Table for safety and technical equipment division.
3208.12—Table 11—Table for shipbuilding division.
3208.13—Table 12—Table for tools division: Direction 2 to Table 12—Use of miniature precision bearings, company radial type bearings restricted.
3208.14—Table 13—Table for cork, asbestos, and fibrous glass division.
3208.15—Table 14—Table for plumbing and heating division: Direction 1 to Table 14—Production of boilers for stock.
3208.16—Table 15—Table for Chemicals Bureau: Direction 1 to Table 15—Chemical processing machinery.
3208.18—Table 17—Table for containers division.
3208.19—Table 18—Table for transportation equipment division.

This revocation does not affect any liabilities incurred for violation of M–293 or its tables and directions or of actions taken by the War Production Board under M–293 or its tables and directions. Order M–293 and Direction 3 to the order are being retained for the present and will continue to provide the general framework for such scheduling by the War Production Board as may hereafter prove to be necessary to meet future military and essential civilian requirements. However, effective immediately manufacturers are no longer required to file shipping schedules or monthly operations reports relating to M–293 products unless they are subsequently specifically directed to do so by the War Production Board pursuant to Priorities Regulation 8.

(b) *Unfreezing of schedules September 30, 1945.* Notwithstanding paragraph (b) (2) of M–293 all frozen schedules, specific authorizations and directions issued pursuant to M–293 relating to M–293 products now listed on the various tables of M–293 shall expire September 30, 1945 unless by their terms they expire sooner or unless they are modified by later specific directions. Production and delivery of such products remain subject to all other applicable orders and regulations of the War Production Board. After September 30, 1945, for the purpose of determining the sequence of deliveries of rated orders pursuant to § 944.7 of Priorities Regulation 1, the required delivery date on any purchase order for an M–293 product which was rated MM and included in a frozen schedule prior to October 1, 1945 shall be the scheduled delivery date which was frozen on September 30, 1945 unless the purchaser specifically changes the date.

(c) *Scheduling of unrated orders until October 1, 1945.* Paragraph (k) of M–293 provides that unrated orders shall not be included in any schedule filed or frozen under the order unless the unrated order is accompanied by specific approval by the War Production Board authorizing it to be placed, or unless the War Production Board specifically directs the manufacturer to include it in his frozen schedule. That paragraph applies not only to purchase orders to which no rating has been assigned, but also to orders which were rated when originally scheduled but later become unrated. Thus rated orders (other than AAA or MM) identified with CMP allotment symbols whose initial letters are W, O, M (except M–8), N, or C which automatically became unrated August 17, 1945 as explained in Direction 1 to Priorities Regulation 29, must be removed from frozen schedules immediately. This does not mean that they must be taken completely out of the manufacturer's schedule, but that their position in his schedule may no longer be treated as frozen. When the unrated orders have been removed from the frozen schedule, the manufacturer must move up his later scheduled rated orders as provided in paragraph (g) of M–293, but the manufacturer may deliver unrated orders if doing so will not interfere with his meeting the required delivery dates on his rated orders.

PART 3290—TEXTILE, CLOTHING, AND LEATHER

[Conservation Order M–328, as Amended Aug. 24, 1945]

PROVISIONS APPLICABLE TO TEXTILES, CLOTHING AND RELATED PRODUCTS

The fulfillment of requirements for the defense of the United States has created shortages in the supplies of textiles, clothing, leather and related products for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3290.118 *Conservation Order M–328*—(a) *Restrictions on preference ratings for textiles, clothing, leather, etc.* (This paragraph states conditions which must be met to make ratings for items on Schedule A valid. However, even though a rating is not valid for the items, this does not prevent anyone from filling a purchase order if he can do so without disregarding valid ratings on other purchase orders or disregarding other orders or directions of the War Production Board.)

No person shall apply, extend or give any effect to any preference rating heretofore or hereafter assigned, applied, or extended to the delivery of any item on Schedule A unless:

(1) The rating has been assigned by a preference rating form or letter issued by or under the authority of the War Production Board to a named applicant and the form or letter specifically describes the item and specifies the quantity, description and type which may be obtained by the rating. No rating assigned by any L, M, P or other order, by any regulation (such as CMP–5 or CMP–5A), or on Form CMPL–150, CMPL–200 or CMPL–201 shall be valid for any item on Schedule A, except as permitted by paragraph (a) (2), (a) (3) or (a) (4). For example, the rating for any fabric to comply with this subparagraph must be assigned on a War Production Board form or letter naming the person to whom the rating is assigned and stating the yardage, type and construction of the fabric for which the rating is assigned.

(2) The rating has been assigned by or pursuant to a form, order or regulation of the War Production Board and is used to obtain the item for direct or ultimate delivery to, or for incorporation into any material for ultimate delivery to the Army or Navy of the United States (including U. S. Army and Marine Corps Post Exchanges, U. S. Navy and Coast Guard Ship's Service Departments, and War Shipping Administration Training Organization Ship's Service activities), the Maritime Commission or War Shipping Administration, (including marine distributors pursuant to authorization by the Maritime Commission on Form WPB–646). A delivery to an establishment or ship operated under contract with one of those agencies is not in itself a direct or ultimate delivery to the Army, Navy, Maritime Commission or War Shipping Administration.

(3) The rating has been assigned by or pursuant to any supplement to this order or the particular order specified after the item on Schedule A.

(4) The material to be delivered is actually required as, or is required for incorporation in, a functioning part of industrial machinery and is one of the following numbered items on Schedule A: 1, 3 (except Seine cord, hawser cord and other cabled cord), 4, 12.

SCHEDULE A—MATERIALS AND PRODUCTS COVERED BY CONSERVATION ORDER M–328

1. Animal bristles and hair.

2. Clothing, footwear (including safety shoes, hats, gloves, and all other outer or under garments or apparel, if made in whole or in part of leather or textile yarn, staple fiber or fabrics. However, this order does not apply to rubber footwear, professional rubber gloves, or to the following items when such items are specifically designed and used to furnish protection against occupational hazards (other than weather).
Asbestos clothing.
Gauntlet type welders' leather gloves and mittens, and electricians' leather protector or cover gloves.
Metal mesh gloves, aprons and sleeves.
Other safety leather gloves or mittens, but only if steel-stitched or steel-reinforced.
Plastic and fiber safety helmets.
Safety belts and harnesses.
Safety clothing impregnated or coated for the purposes of making the same resistant against fire, acids or other chemicals or abrasives.
Safety industrial leather clothing other than gloves or mittens.
Safety industrial rubber gloves and hoods, and linemen's rubber gloves and sleeves.

3. Cotton, wool and synthetic yarns and blends of the foregoing. L–282, M–317, M–317A, M–317B, M–385, M–388, M–388A, M–388B and M–388C.

4. Woven, felted, knitted and braided fabrics of cotton, wool or synthetic yarns and blends of the foregoing (M–166, M–317, M–317A, M–317B, M–385, M–388, M–388A, M–388B, M–388C and P–116), including but not limited to:
Bedsheets.
Pillow cases.
Blankets.
Towels.
Diapers.
Face cloths.
Table "linens."

5. Dyestuffs (defined in Conservation Order M–103).

6. The following metal shoe findings:
Arch supports.
Box toes and caps.
Heel rims and plates.
Heel washers.
Shoe shanks.
Toe rims and plates.
Steel wire shoe nails.

7. Hides, skins, furs and leather and products made primarily therefrom (subject to additional restrictions of M–310).

8. Manila, agave, istle, hemp (cannabis sativa), jute, coir yarn and other fibers, suitable for cordage (rope and twine), and cordage products made primarily therefrom. P–56, P–98–b, M–84.

9. Mops.

10. Slide fasteners.

11. Sponges, marine and loofa.

12. Textile fibers (animal, vegetable, or synthetic, including curled istle) and products made primarily from textile fibers or textiles. This order does not apply to fabrics after they have been coated, or impregnated, fire hose, fire hose jackets, sisal processors' mill waste or sisal bagasse. M–85, M–317, M–388c.

13. Steel tacks (except thumb tacks).

14. Synthetic rubber thread and products made therefrom.

(b) *How ratings must be applied and extended.* (1) Priorities Regulation 3 states rules and restrictions on the use of all preference ratings. When a rating is used, the standard certification described in Priorities Regulation 7 or the certification described in Priorities Regulation 3 must be put on a purchase order for a Schedule A item. In addition, the purchaser must use one of the following applicable certifications (with the blanks properly filled in):

(i) If the rating is assigned by an order listed on Schedule A, the special certification, if any, required by that order shall be added.

(ii) If the rating is assigned by an order listed on Schedule A, but the listed order does not require a special certification, the following shall be added:

This rating is assigned by Order ------.
[Insert number of order listed opposite the item on Schedule A.]

(iii) If the rating is assigned through the Foreign Economic Administration, the following shall be added:

This rating is assigned in connection with Export License No. ------ or Release Certificate No. ------.
[Insert license or release certificate number.]

(iv) In all other cases the following shall be added:

This rating can be used under M–328.

(2) No rating permitted by paragraph (a) (1), (a) (3) or (a) (4) above, which is applied to get a Schedule A item, shall be extended for any other Schedule A item. However, in the case of ratings permitted by paragraph (a) (1), the rating may be extended if the form or letter specifically permits the extension of the rating for and fully describes the other Schedule A item. (For example, a rating which is applied to get fabric may not be extended to get yarn, except that in a case where the rating is permitted by paragraph (a) (1), the rating may be extended if the form or letter states that it may and also states the specific quantity, count, etc. The rating may also be extended for yarn if the fabric is for an Army, Navy, Maritime Commission or War Shipping Administration (including marine distributors pursuant to authorization by the Maritime Commission on Form WPB–646) order, as permitted by paragraph (a) (2). A rating permitted by paragraph (a) (3) may also be extended if the particular order specified after the item on Schedule A specifically permits extension. (For example, Order M–388C specifically permits extension of the ratings assigned thereunder). This paragraph shall not prevent the extension of a rating for finished fabrics to get fabrics in the gray state.

(c) *Specific directives.* The war Production Board may issue specific directions to individual producers or processors of items listed in Schedule A, with respect to the production, fabrication, processing or delivery of items to meet particular military or civilian requirements, and no producer or processor shall produce, fabricate, process, deliver or accept delivery contrary to directions.

(d) *Equitable distribution.* (This paragraph does not apply to sales by retailers, inasmuch as the Fair Distribution Policy for retailers is defined in Declaration of Policy of July 15, 1943.) Preference ratings are given to certain orders to further the war program. It is the policy of the War Production Board that items listed in Schedule A not required to fill rated orders shall be distributed equitably. In making such distribution due regard should be given to essential civilian needs, and there should be no discrimination in the acceptance or filing of orders as between persons who meet the seller's regularly established prices and terms of sale or payment.

Under this policy every seller of the items, so far as practicable, should make available an equitable proportion of his merchandise to his customers periodically, without prejudice because of their size, location or relationship as affiliated outlets.

It is not the intention to interfere with established channels and methods of distribution unless necessary to meet war or essential civilian needs. If voluntary observance of the policy outlined is inadequate to achieve equitable distribution, the War Production Board may issue specific directions to named concerns. A failure to comply with a specific direction shall be deemed a violation.

(e) *Rejects, over-runs and seconds*—(1) *Definitions.* "Reject" means a Schedule A item which was obtained with priorities assistance or a Schedule A item into which material obtained with priorities assistance has been incorporated and which cannot be used for the purpose for which the priorities assistance was given. The term includes seconds and over-runs, but does not include waste, scrap or cuttings normally generated in a manufacturing process.

"Priorities assistance" means a preference rating, allocation, specific direction, CMP allotment, or any other action of the War Production Board used to obtain a material or product.

(2) *No one may purposely make a reject.* No manufacturer, processor or converter shall manufacture, process or order any product on Schedule A which he knows or should know will be a reject. This paragraph does not prohibit the production of seconds, over-runs or by-products to the extent that they are unavoidable in the manufacturer's operations.

(3) *Restrictions on the disposition and use of rejects.* The following rules govern the disposition and use of rejects, regardless of § 944.11 of Priorities Regulation 1:

(i) No manufacturer, processor or converter shall dispose of or use a reject listed on Schedule B, and no one shall accept delivery of such a reject, except as permitted by that schedule;

(ii) Subject to all restrictions contained in other orders of the War Production Board, any reject listed on Schedule A, but not listed on Schedule B, may be disposed of for use in the United States or to fill a rated order, or may be used for any purpose by the holder of the reject;

(iii) In any event, "special sales" (as defined in Priorities Regulation 13) of rejects may be made only in accordance with the provisions of Priorities Regulation 13."

(4) *How to get needed permission to dispose of a reject.* Any manufacturer who under the terms of this order needs specific permission to dispose of a reject may apply by letter to the War Produc-

tion Board stating (where applicable) the number of the contract, the amount of material to be produced under it, the kinds of such material, a detailed statement of quantities and kinds of rejects, a copy of the rejection, and a statement of the efforts he has made to dispose of the rejects to the buyer. If the War Production Board decides he ought to be allowed to dispose of the reject, it will give him specific instructions.

(5) *Effect of specific instructions on disposition.* The War Production Board may issue specific instructions in writing to anyone respecting the use and disposition of rejects. These instructions may relate to rejects not yet manufactured on the date of their issuance. They must be obeyed even if they conflict with other provisions of this order.

(6) *Reports.* Manufacturers of textile, clothing and leather products shall report their rejects at such times and in such manner as the War Production Board may from time to time require, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(7) *Records.* All persons affected by this order shall keep for at least two (2) years records showing the quantities and kinds of rejects produced by them and the disposition thereof.

SCHEDULE B—REJECTS WHICH MAY BE DELIVERED ONLY ON SPECIFIC AUTHORIZATION OF THE WAR PRODUCTION BOARD

The following types of rejects may be sold or used by the holder of the reject on an order bearing a preference rating; otherwise the holder must apply for specific authorization of the War Production Board to sell or use the reject:

Manila, agave and coir fibers, and products made primarily therefrom.

Materials obtained with priorities assistance assigned by or under Conservation Orders M-317, M-317A, M-328B, M-388, M-388A, M-388B or M-388C, or schedules, supplements or directions to any of such orders.

The following types of rejects may be sold or used by the holder of the reject only on specific authorization of the War Production Board:

NOTE: "Equipage • • •" and "Feathers • • •" deleted Aug. 24, 1945.

Kapok.
Tanning materials, vegetable.

NOTE: Regarding the disposition of reject hides, skins, furs and leather and products made primarily therefrom, see paragraphs (b) (3), (b) (4), and (b) (5) of Conservation Order M-310.

[Schedule C deleted Jan. 4, 1945.]

(f) *Exceptions from restrictions on "cutbacks" or terminations.* The War Production Board in any case where it finds that, by reason of cut-backs or terminations of Government contracts or subcontracts, compliance with any restriction on the manufacture, use, sale or delivery of any item on Schedule A would cause a loss of production or interfere with the filling of civilian orders, may grant temporary exceptions from such restriction.

(g) *Miscellaneous provisions*—(1) *Applicability of regulations.* Except as otherwise provided herein, this order and all transactions affected thereby are subject to all applicable regulations of the War Production Board as amended from time to time.

(2) *Violations and false statements.* Any person who wilfully violates any provision of this order, or who in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications.* All reports to be filed hereunder and communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Textile, Clothing and Leather Bureau, Washington 25, D. C., Ref: M-328.

(4) *Appeals.* (i) Any appeal from the provision of paragraphs (c), (d) or (e) of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from, and stating fully the grounds of the appeal.

(ii) An appeal for suspension of a production direction dealing with an item on Schedule A may be made (whether or not such direction is issued under this order) on the ground that compliance with the action will result in production at a loss: *Provided*, That an application for price relief on that ground is first filed with the Secretary of the Office of Price Administration, Washington, D. C., and a copy is filed with the WPB appeal. If the WPB appeal is granted, requirements of a direction for increases above current production will be suspended until the decision of the Office of Price Administration upon the application for price relief. This paragraph does not indicate or limit the extent or kind of price relief, if any, which may be granted by the Office of Price Administration.

(iii) No direction or order relating to items on Schedule A (whether or not it refers to M-328) shall be deemed to require the furnishing of materials or facilities to the War Production Board. If a direction requires the furnishing of materials or facilities to a contracting agency or to a war contractor, or the production of a specified amount of a material or product, or restricts all or a part of a person's production or inventory to specified purposes, and if the person affected cannot get firm orders to cover the materials, facilities, production or inventory involved, he may appeal, and the War Production Board will grant appropriate relief.

(5) *Reports.* Every person shall execute and file with the War Production Board such reports and questionnaires as it shall from time to time request with respect to items listed on Schedule A, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

Issued this 24th day of August 1945.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

INTERPRETATION 1

RATINGS FOR TWINE AND WRAPPING MATERIALS

Ratings for twine and other materials on Schedule A of M-328 used for wrapping must conform to the conditions specified in paragraph (a) of the order to be valid.

Such materials used to wrap products are not incorporated into the product which is wrapped. Therefore, a rating which can be used to get material to be incorporated into a product cannot be used to get twine with which to wrap the product even though the product is going to be delivered to one of the Government agencies mentioned in paragraph (a) (2). Chapter XI—Office of Price Administration

PART 1445—LIVESTOCK

[MPR 469, Amdt. 14]

LIVE HOGS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Maximum Price Regulation No. 469 is amended by changing the ceiling price listed in Schedule I of section 13, Appendix A, for Newport, Minnesota to read "14.55".

This amendment shall become effective August 23, 1945.

Issued this 23d day of August 1945.

JAMES G. ROGERS, Jr.,
Acting Administrator.

Approved: August 21, 1945.

CLINTON P. ANDERSON,
Secretary of Agriculture.

PART 1499—COMMODITIES AND SERVICES

[MPR 188, Amdt. 67]

INDUSTRY-WIDE ADJUSTMENTS FOR RECONVERSION PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 188 is amended in the following respect:

A new § 1499.159e is added to read as follows:

§ 1499.159e *Industry-wide adjustments for reconversion products.* Special pricing provisions applicable to particular products may be established by orders issued under this section when, with respect to the product, the Administrator finds:

(a) That in 1944 its production was approximately one-half or less of its production in its last representative period of peacetime production;

(b) That this reduction in dollar volume resulted from (1) governmental restrictions on the manufacture of products or on the use of materials, facilities, or manpower, or (2) the use of facilities for the production of war goods, or (3) other direct needs of the war effort; and

(c) That because of change in government restrictions or in the needs of the war program, manufacturers of the product generally are able to begin or to increase substantially the production of the product line.

If, in the judgment of the Administrator, the purposes of this section will be effectuated, as to a particular product, without any special pricing provisions, an order under this section will not be issued with respect to that product even though the above findings could be made as to it.

Orders under this section will, generally, authorize industry-wide increases in the established maximum prices of manufacturers in those industries, based upon surveys conducted by the Price Administrator, either upon the request of the particular industry or upon his own motion. Those orders will establish adjusted maximum prices or methods of determining such prices by the use of price increase factors. Where, however, in the judgment of the Price Administrator, the use of an industry-wide factor will, by reason of the diversity in the products made by the member firms, the wide variation in cost experience among them, or other reasons, be an inequitable and inappropriate means of establishing reconversion prices, he may provide for the calculation and application of individual price increase factors.

Broadly stated, the new maximum prices will represent costs experienced during the last period of normal production adjusted for subsequent lawful changes in the level of materials prices and in basic wage rate schedules of factory workers, plus the industry's average peacetime profit margin over cost. Changes in materials prices may be measured by materials cost increase factors, determined by the Administrator, in those cases where such action may be necessary to eliminate temporary or artificial influences. In the case of an industry for which the Administrator has decided that price increase factors should be determined and applied for each firm, the profit element in each increase factor will be the firm's own base period profit margin or one-half the industry's average peacetime margin, whichever is the higher.

Orders issued under this section may also modify or supersede the provisions of Maximum Price Regulation No. 188, with respect to the establishment of maximum prices, if, on the basis of the particular characteristics of the industry involved, the Administrator finds that another method of price determination will effectuate the purposes of this regulation better than the general pricing provisions of the regulation. In addition, those orders may establish new maximum prices or a method of determining new maximum prices for sales by persons other than manufacturers which will supersede maximum prices fixed by other regulations for such sales and which will be consistent with the standards applied by the Office of Price Administration for the reasonable absorption of necessary cost increases.

Orders issued under this section will not ordinarily reduce higher maximum prices which manufacturers have previously established in accordance with the applicable provisions.

A manufacturer of a product covered by an order issued under this section may not obtain an adjustment of his maximum prices under any adjustment provision other than Supplementary Orders Nos. 118 and 119, unless the adjustment provision itself or the order issued under this section covering his product expressly provides otherwise. This rule does not apply, however, to any adjustment which may be made in accordance with Procedural Regulation No. 6 with respect to any Government contract or subcontract thereunder, for the sale of a commodity essential to the war program.

Small volume manufacturers may use as their new maximum prices those which they calculate under Supplementary Order No. 118, and general orders issued pursuant thereto, if the maximum prices so calculated are higher than maximum prices set under orders issued under this section. Any other manufacturer may apply for an individual adjustment under Supplementary Order No. 119 if, after the adjustment authorized for his industry by an order under this section, his maximum price still continues eligible for adjustment in accordance with the provisions of that supplementary order.

Orders issued under this section may require a manufacturer to arrange the production and distribution of his products so that they will be representative of his production and distribution in a specified past period for goods in a particular category. The Administrator may also require authorized price increases to be applied among articles or price lines in a manner consistent with the need, under the stabilization program, to maintain the production of lower-priced articles.

This amendment shall become effective August 23, 1945.

Issued this 23d day of August 1945.

CHESTER BOWLES,
Administrator.

For the reasons set forth in the accompanying Statement of Considerations and by virtue of the authority vested in me by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250, 9328 and 9599, I find that the issuance of this amendment to Maximum Price Regulation No. 188 is necessary to aid in the effective prosecution of the war.

THOMAS I. EMERSON,
Acting Director of Economic Stabilization.

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[RO 1A,[1] Amdt. 109]

TIRES, TUBES, RECAPPING AND CAMELBACK

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

Ration Order No. 1A is amended in the following respects:

1. Sections 1315.201 (a) (3), (4), (6), (10), (16), (20), (25), (26), (45) and (49), and §§ 1315.303 (c), 1315.305, 1315.308, 1315.702, 1315.703 and 1315.704 are revoked.

2. Section 1315.201 (a) (44) is amended to read as follows:

(44) "Truck tire board" means a Board to which a District Director has assigned a quota of truck tires.

3. Section 1315.307 (a) (1) is amended by deleting the phrase "there must be adequate space to store, for a thirty day period, all inspected tires which must be held at the station;".

4. Section 1315.401 (c) is amended to read as follows:

(c) *Basis for Board consideration.* The Board may delay action on an application filed by an eligible person until it is satisfied that its approval of such application will not deprive more essential applicants of certificates by reason of inadequate quotas. If the Board has before it applications from persons eligible for tires, which in its judgment satisfy all the conditions of this Order but which together call for the issuance of certificates for tires, in excess of the applicable quota of the Board, the Board, in determining which of the competing needs are to be satisfied, shall be governed by the relative importance to the civilian economy, public safety, and public health, of the operation of a vehicle in one use as compared to the importance of the operation of a vehicle in another use. The Board shall base its determination upon the application for a certificate and all other information which comes to its knowledge. The Board shall at all times serve the objectives sought to be accomplished by the tire rationing program and allot certificates for the most vital civilian uses.

5. Section 1315.551 is revoked and a new § 1315.551 is added to read as follows:

§ 1315.551 *Increases in dealers' inventories.* (a) A person who is engaged in the business of selling tires or who intends in good faith to engage in that business may apply by letter to the District Director serving the area where his establishment is, or will be, located for an increase in his inventory of Grade I tires or for an initial allotment of Grade I tires. He shall state his name and address; the name and address of the establishment; whether he was engaged in the tire business at that establishment on June 30, 1945 and if he was not a

[1] 7 F.R. 9160, 9392, 9724.

dealer on that date, the date on which he became a dealer there. If he was a dealer on June 30, 1945 he shall enclose his copy of OPA Form R–71 filed for the establishment with his letter of application. If he became a dealer after June 30, 1945, he shall state his inventory on August 31, 1945, of Grade I passenger tires and Grade I truck tires (by cross-section size groups 7.50 and smaller and 8.25 and larger), including the number of each of such tires called for on replenishment portions of certificates and receipts available to him.

An applicant who wants fewer passenger tires than the maximum number to which he is entitled under paragraph (c) shall state the number of passenger tires to be issued to him. An applicant who wants an increase in his Grade I truck tire inventory or an allotment of Grade I truck tires shall state so specifically, and the number he wants, if it is less than the maximum allowable to him under paragraph (c).

(b) Only one application for an establishment may be filed for each type of cross-section size group of tires under this Section. A District Director may not grant an increase of inventory under this Section to any establishment which has already received an increase in inventory under § 1315.552.

(c) If a District Director finds that the statements made in the application are true and that the application satisfies the requirements of this section he may issue certificates in the name of the applicant, as follows:

(1) If the applicant was engaged in the tire business on June 30, 1945, fifty percent of the number of passenger tires, truck tires 7.50 and smaller or truck tires 8.25 and larger shown on line 6 of OPA Form R–71 filed for the establishment, except that if these figures are less than 13, 8 or 4 respectively, the District Director may issue certificates for the number of tires required to give the applicant 20 passenger tires, 12 truck tires 7.50 and smaller or 6 truck tires 8.25 and larger;

(2) If the applicant became a dealer after June 30, 1945, fifty percent of the inventory of passenger tires, truck tires 7.50 and smaller or truck tires 8.25 and larger which he reported on his application as his August 31, 1945 inventory or the establishment, except that if these figures are less than 13, 8 or 4 respectively, the District Director may issue certificates for the number of tires required to give the applicant 20 passenger tires, 12 truck tires 7.50 and smaller or 6 truck tires 8.25 and larger;

(3) If the applicant intends in good faith to become a dealer, 20 passenger tires, 12 truck tires 7.50 and smaller or 6 truck tires 8.25 and larger

6. Section 1315.552 (d) is amended by substituting the figure "60" for the figure "90".

7. Section 1315.610 (b) is amended to read as follows:

(b) *Replaced tires to be turned in.* (1) If the certificate (other than a certificate for truck tires issued prior to September 1, 1945) indicates that a tire being replaced must be turned in, the applicant shall, before acquiring from a dealer or manufacturer, any tire in exchange for the certificate, turn in the tire to be replaced to such dealer or manufacturer, except in the case of purchase by mail or tires withdrawn from a public warehouse. In such cases, the applicant shall deliver the replaced tires to a dealer or manufacturer within five days after the acquisition of the replacement. The provisions of this subparagraph shall not apply to a State, local or foreign government, or the Federal Government, or any department or agency of any such government prohibited by law to make such disposition;

(2) A consumer who acquires tires from the Office of Surplus Property of the Department of Commerce shall turn in the tires to be replaced to a dealer or manufacturer. If the replaced tires were held at a Central Truck Tire Inspection Station or an Official Truck and Passenger Tire Inspection Station, the consumer shall turn them in within five days from the date he acquired them from such station.

8. Section 1315.611 (a) is amended to read as follows:

(a) *Turn-in of tire prerequisite to transfer.* If the applicant is required to turn in a tire, a dealer or manufacturer shall not transfer any tire pursuant to the certificate until he has acquired physical possession of the tire being replaced, except in the case of purchase by mail.

9. Section 1315.701 (a) is amended to read as follows:

(a) (1) *Inspection by certifying inspector.* No consumer may file an application for a certificate, and no such application shall be considered by a Board until an inspector has inspected the tire to be replaced, and has made the inspector's report required by OPA Form R–1 or, in the case of applications to replenish an emergency reserve, by OPA Form R–21 (in duplicate).

(2) *Disposal of tires by emergency reserve applicants.* The inspector shall, on OPA Form R–21, authorize emergency reserve applicants to transfer to a dealer or manufacturer the tires he has found to be unrepairable or unrecappable. An emergency reserve applicant shall file with his Board his application on OPA Form R–19 and the certification of an inspector on OPA Form R–21 with proof made thereon of the transfer of the unrepairable or unrecappable tires to a dealer or manufacturer. The dealer or manufacturer to whom the tires are transferred shall retain a copy of OPA Form R–21 as a record.

10. In § 1315.804 (c) (3) the phrase "any dealer, manufacturer or the Office of Surplus Property may" is substituted for the phrase "any dealer or manufacturer may".

11. Section 1315.806 (m) is amended to read as follows:

(m) *Mounting of original equipment.* A manufacturer of vehicles or equipment may mount rationed tires as original equipment only upon the running wheels of a vehicle or piece of equipment made by him. Authorization to mount tires for original equipment purposes is subject, however, to any prohibitions of the War Production Board with respect to mounting tires on vehicles or equipment. (With respect to passenger automobiles, the prohibition in this paragraph against mounting a spare tire as original equipment is a continuation of the same prohibition in the former WPB Order L–2–g).

12. Section 1315.806 (q) (2) is amended to read as follows:

(2) Transfer Grade I tires to a manufacturer. Transfers made under this subparagraph during any month shall be reported by the 15th of the following month to the Tire Rationing Branch, Office of Price Administration, Washington, D. C. The report shall give, by size and type, the number of tires transferred.

13. The fourth paragraph of § 1315.1003 (a) (2) is amended to read as follows:

The replenishment portions of certificates or receipts transferred to the Office of Surplus Property of the Department of Commerce by a consumer, dealer or sectional warehouse shall be forwarded by it to such offices as are designated by the Office of Price Administration, within twenty days after the end of the month in which the transfer of the tires called for thereon occurred.

This amendment shall become effective September 1, 1945.

(Pub. Law 671, 76th Cong. as amended by Pub. Laws 89, 421, and 507, 77th Cong.; E.O. 9125, 7 F.R. 2719, issued April 7, 1942, WPB Dir. No. 1, 7 F.R. 562, Supp. Dir. No. 1Q, 7 F.R. 9121)

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 24th day of August 1945.

Administrator.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[MPR 389,[1] Amdt. 20]

CEILING PRICES FOR CERTAIN SAUSAGE ITEMS AT WHOLESALE

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Maximum Price Regulation No. 389 is amended in the following respects:

1. Subparagraph (1) of section 2 (a) is amended to read as follows:

(1) The ceiling price for each of the following products shall be determined as provided in paragraph (a) (2) of this section: the customary types of dry (hard) and semi-dry (soft) sausage other than those types for which dollar-and-cents prices are established in section 12 (a) of this regulation upon the basis of specifications defined in section 13; scrapple; sulze or souse; pork roll made from skeletal pork only, which has a yield not in excess of 95 percent and a fat content not in excess of 15 percent; ham roll made from boneless ham only, which has a yield not in excess of 95 percent and a fat content not in excess of 15 percent; lunch roll or lunch roll sausage made from pork only, which has a yield not in excess of 98 percent and a fat content not in excess of 15 percent; pudding containing less than 30 percent livers; head cheese; blood sausage; blood and tongue sausage; tongue roll; tongue loaf; tongue salad; fresh thuringer, containing pork, beef or veal; bockwurst, fresh or scalded, containing pork, beef or veal; fresh Italian or fresh Polish sausage which is made of pork, which has a fat content not in excess of 30 percent, which has a yield not in excess of 100 percent and which contains no extender; smoked mettwurst; chili con carne; roast or cooked beef loaf; corned beef loaf; jellied corned beef; goose liver style sausage containing tongues, sweetbreads and pistachio nuts; imitation or mock chicken loaf; and all sausage or sausage products sold or delivered to a canner for the manufacture of canned sausage for a war procurement agency.

2. Paragraph (b) of section 6 is deleted and paragraph (c) of section 6 is redesignated paragraph (b).

3. Section 12 (a) is amended by changing Item 1 in the price schedule to read as follows:

Item	Type 1 Pork	Type 2 Meat; by-products; cereal to 3½%	Type 3 Meat; by-products; cereal over 3½%
Kind of sausage and kind of casing			
1 Pork or breakfast sausage:			
(i) Fresh:			
Sheep casings (S. C.)	$31.00	$27.50	$20.50
Hog casings (H. C.)	28.00	22.50	17.50
Artificial casings (A. C.) or sealed heavy cardboard waxed cups, 1 lb. each or less	26.50	21.00	16.00
Cardboard cartons or sealed packages of moisture resistant paper, 1 lb. each or less	25.50	20.00	13.00
Bulk	24.50	19.00	12.00
(ii) Smoked:			
Hog casings (H. C.) or casingless	31.75	27.50	21.00
Artificial casings (A. C.)	31.25	27.00	20.50
Beef rounds (B. C.)	-------	25.00	18.50

4. Subparagraph (1) of section 12 (c) is amended to read as follows:

(1) *Selling costs.* One of the following amounts may be added to cover the cost of selling:

(i) On sales other than to retailers, purveyors of meals, ship operators, operators of lake vessels, and other manufacturers of sausage; $0.50 per cwt.

(ii) On sales, other than peddler truck sales, to retailers and purveyors of meals by sellers who are not hotel supply houses or ship chandlers; $1.50 per cwt.

(iii) On peddler truck sales involving a delivery of not more than 75 pounds of sausage and not more than 250 pounds of meats and meat products in any one day to any buyer's store door, the seller may add one of the following:

(*a*) If the sale is made by a person described in subdivision (i) of the definition of "peddler truck sale" in secton 13 (a) to retailers and purveyors of meals located in Zone 9 North of the Potomac River; $3.00 per cwt.

(*b*) If the sale is made other than as provided in the preceding part (*a*) of this subdivision (iii) to retailers and purveyors of meals: $2.50 per cwt.

(iv) On peddler truck sales involving a delivery of more than 75 pounds of sausage and/or more than 250 pounds of meat and meat products in any one day to any buyer's store door, the seller may add for his combined selling expense and local delivery made by him on sales to retailers and purveyors of meals an amount not to exceed $1.50 per cwt.

(v) On sales to purveyors of meals other than ship operators, by hotel supply houses: $2.75 per cwt.

(vi) On sales made by a Great Lakes marine supplier to an operator of a lake vessel: $3.50 per cwt.

(vii) On sales to ship operators by Group II ship chandlers: $3.00 per cwt.

(viii) On sales to ship operators by hotel supply houses and Group 1 ship chandlers: $2.25 per cwt.

5. Subparagraph (3) of section 12 (c) is amended to read as follows:

(3) *Packaging, boxing and freezing*—(i) *Boxing and/or packaging.* The following amounts may be added for boxing and/or packaging:

Container	Net weight	Permitted addition per hundredweight: Kosher and all beef sausage	Permitted addition per hundredweight: Other sausage
	Pounds		
Keg, brine on	25 or less	$2.50	$1.75
Keg, brine on	25 to 50	2.00	1.25
Keg, brine on	50 to 100	1.75	1.00
Barrel, brine on	100 to 200	1.50	.75
There, brine on	Over 200	1.00	.25
Wood box	All weights	.50	-------
Fiber box	All weights	.25	-------

For Type 1 fresh pork sausage in sheep casings packaged in one-pound paper cartons: $1.00.

(ii) For freezing at the request of the buyer, only if the buyer is a war procurement agency, licensed ship supplier or ship operator, the seller may add $0.35 per cwt.

(iii) For packing in nailed solid wood boxes, net weight 60 pounds or less, at the request of the buyer, only if the buyer is a war procurement agency, the seller may add $1.20 per cwt.

6. Paragraph (a) of section 13 is amended by changing the definition of "peddler truck sale" to read as follows:

"Peddler truck sale" means a sale of sausage from stock carried in a truck where the seller's first record of the transaction is made concurrently with the delivery of the products sold, except that prior orders may be taken by the driver of a truck who conducts his meat selling operations in accordance with the provisions of subdivision (i) of this definition. Peddler truck sales may be made:

(i) By a person who purchases sausage from a seller with whom he has no other financial affiliation or relationship; who takes delivery at his supplier's place of business, at a railroad unloading point or at a truck unloading point; and who does not sell or deal in meat in any manner other than to make sales out of a truck which he either owns or rents, and which, if rented, has been used or replaces one which has been used by him for making such sales of meat since October 1, 1944; or

(ii) By a driver-salesman who makes all his sales of meat out of stock carried in a truck driven by him but owned by a person who used such truck (or the truck which it replaces) exclusively insofar as meat was transported therein or sold therefrom, for making this type of sale, during the month of March 1942.

7. The definition for "Type 2 fresh pork sausage" in section 13 (d) is amended by changing the words enclosed in quotation marks to read as follows: "Type 1 fresh pork sausage"

8. The definition for "Type 3 fresh breakfast sausage" in section 13 (d) is amended by changing the words enclosed in quotation marks to read as follows: "Type 2 fresh breakfast sausage"

9. The definition for "Type 4 fresh breakfast sausage" in section 13 (d) is amended by changing the words enclosed in quotation marks to read as follows: "Type 3 fresh breakfast sausage"

10. The definition of "Type 2 smoked pork sausage" in section 13 (d) is amended by changing the words enclosed in quotation marks to read as follows: "Type 1 smoked pork sausage"

11. The definition of "Type 3 smoked sausage" in section 13 (d) is amended to read as follows:

"Type 2 smoked sausage" means sausage made from the same meat and meat by-product ingredients as permitted in Type 2 fresh breakfast sausage, but cured before or during processing, stuffed in hog casings, beef rounds or artificial casings. It shall have a fat content not in excess of 45%, and a yield not in excess of 90%, and it may contain extender not exceeding 3½% of the finished weight.

12. The definition for "Type 4 smoked sausage" in section 13 (d) is amended by changing the words enclosed in quotation marks to read as follows: "Type 3 smoked sausage"

13. The definition for "special type chopped pork" in paragraph (h) of section 13 is amended by changing the parenthetical note included therein to read as follows:

[NOTE: This item may be produced only by persons falling into the following classes: (i) those sausage manufacturers who produced pork sausage conforming to the foregoing specifications, during the year 1944, and (ii) those sausage manufacturers who produced pork sausage conforming to all of the foregoing specifications, except the packaging and labelling requirements, during the year 1944, but who commenced to conform to all specifications prior to January 1, 1945, and who have received written authority from the Administrator of the Office of Price Administration, Washington, D. C., to produce and sell "special type chopped pork" following written application for such authority. The application must set forth in detail all facts necessary to prove to the Administrator's satisfaction that such prod-

uct was produced and sold during 1944 and that the volumes of production and sale during that period were the amounts stated in such application. The application also must be accompanied by the signed statement of an inspector of the Meat Inspection Division of the War Food Administration, or its successor in authority, indicating that to his personal knowledge the applicant produced a sausage product during 1944 which met the ingredient specifications of "special type chopped pork"; and by the signed statement of one or more persons qualified to make such statements corroborating the applicant's allegations concerning the volumes of production and sale of such product during the year 1944. In no event shall the authorized volume of production during any current year exceed the total weight of this product sold by the manufacturer during the year 1944. See section 6 (c).]

This amendment shall become effective August 30, 1945.

NOTE: The reporting provisions of this amendment has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 25th day of August 1945.

CHESTER BOWLES,
Administrator.

Approved August 18, 1945.

PART 1390—MACHINERY AND TRANSPORTATION EQUIPMENT

[RMPR 136, Amdt. 9]

MACHINES, PARTS AND INDUSTRIAL EQUIPMENT

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Revised Maximum Price Regulation 136 is amended in the following respects:

Section 2 (c) is amended to read as follows:

(c) *Installation or erection services.* Where a person sells an unused product covered by this regulation, and also furnishes the services required to incorporate that product into a building, structure or construction project, the maximum price for the sale of the product must be determined under this regulation and the maximum price for the installation or erection services must be determined under Revised Maximum Price Regulation 251 (Construction Services and Sales of Installed Building Materials). In the case of a sale, the price of the product need not be billed or invoiced separately, but the seller shall maintain records of the price of the product pursuant to section 24 (a) of this regulation, and of the price for the installation services pursuant to section 15 (a) of Revised Maximum Price Regulation 251. All such records shall be available for inspection by the representatives of the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect. Note that the sale of the second-hand products on an installed or erected basis is covered by section 12 of this regulation.

This amendment shall become effective August 30, 1945.

Issued this 25th day of August 1945.

JAMES G. ROGERS, Jr.,
Acting Administrator.

PART 1418—TERRITORIES AND POSSESSIONS

[2d Rev. MPR 183,[1] Amdt. 5]

MISCELLANEOUS COMMODITIES IN PUERTO RICO

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Second Revised Maximum Price Regulation 183 is amended in the following respects:

1. Section 2.3 is amended to read as follows:

SEC. 2.3 *Yellow Pine, Douglas Fir, Oak and Gum Lumber.* (a) The maximum prices for yellow pine, Douglas fir, oak and gum lumber sold to an ultimate consumer shall be determined by adding to the corresponding last reported "weighted average direct cost", as computed under paragraph (1) (ii), (1) (iii) or (1) (iv) below, as the case may be, a markup which regardless of the number of dealers or distributers handling the lumber shall not exceed $12.50 per thousand board feet plus actual transportation costs from the pier to the point at which the ultimate consumer receives delivery.

The transportation costs may not exceed the customary carrier charge for a similar shipment, whether such transportation is accomplished thru a common or contract carrier or by the seller.

(1) Every seller of such lumber shall file with the Territorial Office of Price Administration, at San Juan, Puerto Rico, a statement setting forth:

(i) The "direct cost to the importer" (as defined in section 1.14 (a) (6)[1]) of each shipment which comprises the stock and the kind of lumber and amount in board feet in stock for each such shipment.

(ii) The "weighted average direct cost" of all lumber in stock (except yellow pine in the grades of B and better) imported from the Continental United States.

(iii) The "weighted average direct cost" of all yellow pine in the grades of B and better imported from the Continental United States.

(iv) The "weighted average direct cost" of all lumber in stock not imported from the Continental United States.

(b) The statement required by paragraph (a) (1) above shall be accompanied by copies of all invoices (received from his supplier by the seller submitting such statement) which cover the seller's purchases of lumber in the stock reported.

(c) Within 5 days after the seller receives a shipment of lumber, not included in the said statement, he shall file with the same office a supplementary statement showing in detail the "direct cost to the importer" therefor and the manner in which he has computed his new "weighted average direct cost".

(d) No person may sell any lumber unless he has first appropriately computed his weighted average direct cost and complied with the record-keeping and reporting requirements of this section.

(e) Each purchaser of yellow pine, Douglas fir, oak or gum lumber shall be supplied with an invoice stating the name and address of the seller, the date of the sale, a description of the lumber, including the quantity sold, the seller's weighted average direct cost for such lumber, transportation charges and markup added. Copies of all such invoices shall be kept for inspection by the OPA for so long as the Emergency Price Control Act of 1942, as amended, shall remain in effect.

(f) The maximum prices established by this section are gross prices to which no additional charges of any kind may be added.

(g) *Definitions:* When used in this section the term:

(1) "Ultimate consumer" means and includes the United States Government, the Insular Government, the agencies or instrumentalities of either, contractors, builders, and any person who purchases lumber for use rather than for resale.

(2) "Lumber" means yellow pine, Douglas fir, oak and gum lumber.

2. Section 4.7 (d) is amended by changing the price of one item to read as follows:

(d) *Chocolate.*

PART 1305—ADMINISTRATION

[Supp. Order 125, Amdt. 1]

CHANGES IN REFERENCE TO CERTAIN GOVERNMENT CORPORATIONS AND AGENCIES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Supplementary Order No. 125 is amended in the following respects:

1. The title of the order is amended to read as follows: "Changes in reference to certain Government corporations and agencies."

2. Section 1305.153 is amended to read as follows:

§ 1305.153 *Changes in reference to certain Government corporations and agencies.* (a) Any reference in any regulation, order, or other document issued by the Office of Price Administration to any of the government corporations listed below shall be deemed to be a reference to the branch, section, or office of the Reconstruction Finance Corporation to which the functions, powers, duties and authority of such corporation have been transferred, unless the context of such reference clearly otherwise requires:

Defense Plant Corporation.
Defense Supplies Corporation.
Disaster Loan Corporation.
Metals Reserve Company.
Rubber Reserve Company.

(b) Any reference to the War Food Administration or Office of War Food Administrator in any regulation, order, or other document issued by the Office of Price Administration shall be deemed to be a reference to the branch, section, or office of the Department of Agriculture to which the functions, powers, duties and authority of the War Food Administration or Office of War Food Administrator have been transferred, unless the context of such reference clearly otherwise requires.

This amendment shall become effective August 24, 1945.

Issued this 24th day of August 1945.

CHESTER BOWLES,
Administrator.

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 535-1,[1] Amdt. 2]

INSULATION AND FELT CORDWOOD AND RELATED PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Section 3 of Maximum Price Regulation 535-1, *Insulation and Felt Cordwood and Related Products,* is amended to read as follows:

[1] 9 F.R. 5306.

SEC. 3. *Items not listed.* The maximum price for insulation and felt cordwood produced in an area not listed and for related products not specifically priced may be determined by applying to the Lumber Branch, Office of Price Administration, Washington 25, D. C.

The application must contain the name and address of the buyer, the requested price, the end product to be manufactured, and a statement by the buyer that this requested price can be paid under the end product ceiling in effect at the date of the application. The requested price may be approved, modified or denied by the Administrator.

The standards used in establishing prices under this section will be:

(a) By comparison with the prices of products of the same kind in areas where conditions are most nearly comparable.

(b) By comparison with prices of products already listed similar in quality and cost of production to the product being priced.

This amendment shall become effective September 1, 1945.

Issued this 27th day of August 1945.

CHESTER BOWLES,
Administrator.

[1] 10 F.R. 158.

[2] Statements of Considerations are also issued simultaneously with amendments. Copies may be obtained from the Office of Price Administration.

SECTION 1. *Maximum prices for raw cane sugars established with prohibition of sales in violation.* On and after August 14, 1941, or the effective date thereof as to any amendment to this regulation, regardless of any contract or other obligation

(a) No person shall sell, offer to sell, deliver or transfer raw cane sugar at a higher price than the maximum price established in this regulation.

(b) No person shall buy, offer to buy, import or receive in the course of trade or business raw cane sugar at a price higher than the maximum price established in this regulation.

(c) Maximum prices are established in this regulation on the gross basis specifying types and points of delivery. They include all commissions and other charges for such types up to such points. From them must be deducted any discounts customarily allowed in sales of raw cane sugar.

SEC. 2. *Less than maximum prices.* Lower prices than those set forth in section 8 may be charged, demanded, paid, or offered.

SEC 3. *Records and reports.* Every seller who makes sales of raw cane sugars after the effective date of this regulation shall make and preserve for examination by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, a record of all sales made showing the quantity sold, terms of sale, price received, and name and address of the purchaser, as well as all records of the same kind as he customarily kept, relating to the prices which he charged for any of such items sold after the effective date of this regulation.

[Sec. 3 amended by Am. 1, effective 9-1-45]

SEC. 4. *Enforcement.* Persons violating any provisions of this Maximum Price Regulation 16 are subject to the criminal penalties, civil enforcement actions, and suits for damages provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 5. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 6. *Petitions for amendment.* Any person seeking an amendment of any provision of this Maximum Price Regulation 16 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[4]

[3] 8 F.R. 13240.

[4] 9 F.R. 10476, 13715.

SEC. 7. *Definitions.* When used in Maximum Price Regulation 16, the term:

(a) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(b) "Raw cane sugars" means any sugars which are principally of crystalline structure and which are to be further refined or improved in quality, and any sugars which are principally not of crystalline structure but which are to be further refined or otherwise improved in quality to produce any sugars principally of crystalline structure.

SEC. 8. *Maximum prices for raw cane sugars.* (a) (1) (i) The maximum price per pound for raw cane sugars from offshore producing areas of 96 degrees polarization, duty paid, cost, insurance and freight, shall be 3.75 cents, for delivery at points at which deliveries have customarily been made by Commodity Credit Corporation for a particular refinery, or, if such deliveries have not customarily been made by Commodity Credit Corporation, then at receiving scales located at the refinery port.

(ii) If a buyer receives delivery of offshore sugars elsewhere than at such points, the total cost to the buyer shall not exceed the specified maximum price applicable at the point where the buyer has customarily received deliveries from Commodity Credit Corporation or, if such deliveries have not customarily been made by the Commodity Credit Corporation, at the receiving scales located at the refinery port plus an amount equal to all charges that would have been incurred in moving the sugar over the customary route from such point to the buyer's refinery.

(2) Except, by contract, provision may be made for a maximum price to be:

(i) An amount which may be adjusted later, up to but not to exceed the maximum price in effect at the time of putting the raw sugar being priced by the contract into the refiner's melt, or

(ii) An average of the prices not to exceed an average of the maximum prices of raw cane sugar at the specified port of arrival which prevail during the period of the contract, or

(iii) A consideration which includes performance of services by the buyer, if the maximum prices specified above are lowered by an amount at least equal to the reasonable money value of such services to the seller; provided a copy of such contract and an explanation of the services are submited to the Office of Price Administration, Washington, D. C., at least thirty days before the contract is to become effective. The Price Administrator may adjust the price set out in such contract by issuance of an order within thirty days after its receipt, otherwise it will be considered as complying with this regulation as to maximum prices.

(b) Maximum prices per pound for continental United States raw cane sugars of 96 degrees polarization shall be as follows:

(1) 3.75 cents per pound, f. o. b. conveyance for delivery to a refinery, less the per pound transportation charge at the published freight rate from the raw sugar mill to the refinery nearest freightwise to such raw sugar mill. The maximum delivered price to a refinery shall be the above f. o. b. price plus actual transportation cost from the selling raw sugar mill to the refinery processing such sugar.

(2) With respect to any sale of the sugars included in this paragraph (b):

(i) A contract may provide for averaging the prices during the season in accordance with the customary method: *Provided,* That (*a*) the average price for the season does not exceed a price obtained by averaging the maximum prices in effect during the season in accordance with such method; and (*b*) the season used in determining the average price commences not later than the date fixed by the United States Department of Agriculture pursuant to the Sugar Act of 1937, as amended, as the beginning of the sugarcane marketing season and terminates not later than the date fixed by the United States Department of Agriculture pursuant to said Act as the termination of said season.

(ii) A contract may provide for the payment of an adjusted price not to exceed the maximum price in effect at the time of arrival at the buyer's warehouse or place of business. In the event that more than one delivery is made pursuant to the same contract, the adjustment of the price and the payment thereof shall be made in respect to each delivery separately.

(c) *Adjustment for polarization.* Maximum prices specified herein shall be adjusted by making allowances per pound for each degree of polarization above or below 96 degrees (fractions of a degree in proportion) so that the maximum prices for the various tests shall not exceed the prices obtained by applying the method customarily used prior to August 14, 1941 for sugars of like test.

[Paragraph (c) amended by Am. 1, effective 9-1-45]

SEC. 9. *Evasion.* The price limitations established by Maximum Price Regulation 16 shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of raw cane sugars, alone or in conjunction with any other commodity or material, or by way of any commission, service, transportation, or other charge, or discounts, premium, or other privilege, or by tying-agreement, or other trade understanding, or by shifting the incidence of a cost which customarily has been borne by the buyer or the seller to the other party to the contract, or by any other means.

SEC. 10. *Maximum prices as to transactions of the Commodity Credit Corporation.* (a) With respect to the purchase of raw cane sugar the Commodity Credit Corporation and sellers to it are exempted from the provisions of this regulation.

(b) For the sale of raw cane sugar by the Commodity Credit Corporation, contracts may be entered into by it and by purchasers from it to provide: (1) for forward deliveries with payment to the Commodity Credit Corporation of an adjusted price not to exceed the maximum price in effect on the day when such sugar is put into the melt in the purchaser's refinery; (2) for price adjustments on sugars other than that directly supplied by the Commodity Credit Corporation and providing for payment for them at a price not to exceed the maximum price on the day when such sugar is put into the refiner's melt, and (3) for reciprocal services.

SEC. 11. *Export maximum prices.* Maximum prices at which a person may export raw cane sugar shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation, as amended.[1]

SEC. 12. *Adjustable pricing.* When a request for a change in the applicable maximum price is pending, an authorization may be given by the Price Administrator for a price to be adjusted upward after the raw sugar being priced is put into the refiners melt, if the Price Administrator deems such authorization necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act, as amended.

Effective date. This regulation shall become effective January 8, 1945. [Maximum Price Regulation 16 originally issued January 3, 1945]

[Effective date of amendment is shown in the note following the parts affected]

NOTE: All records keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 27th day of August 1945.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Rev. RO 16,[1] Amdt. 59 to 2d Rev. Supp. 1]

MEAT, FATS, FISH AND CHEESES

Section 1407.3027 is amended by adding a new paragraph (m) to read as follows:

(m) In accordance with Amendment 18 to War Food Order 42, the States of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, and West Virginia, are designated emergency areas for purposes of utilization of emergency quotas granted under that order.

This amendment shall become effective August 25, 1945.

Issued this 25th day of August 1945.

CHESTER BOWLES,
Administrator.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Rev. RO 16,[2] Amdt. 68]

MEATS, FATS, FISH AND CHEESES

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

A new section 7.20 is added to read as follows:

SEC. 7.20 *Increases in allotments based on increase in population*—(a) *The amount of increase.* An industrial user who in 1942 delivered to an area listed in a supplement to this order, products for which he may obtain an allotment of fats and oils may, for each allotment period, obtain an increase in the allotment of fats and oils he is entitled to get under section 7.6. The amount of the increase for each class of products is determined as follows:

(1) The dollar volume of that class of products containing fats and oils which he delivered in 1942 to the listed area is divided by:

(2) The dollar volume of that class of products containing fats and oils which he delivered in 1942.

(3) The result is multiplied by the percentage shown for that area in the supplement to this order. (The result obtained is the percentage by which the industrial user's allotment of fats and oils for that class of products is increased.)

(4) If he made deliveries to more than one listed area, the percentage increases in allotment of fats and oils for that class of products for each listed area are added together. (This is the total percentage by which his allotment of fats and oils for that class of products is increased.)

(5) The total percentage increase (the figure obtained in (3), if he made deliveries to one listed area, or (4), if he made deliveries to more than one listed area) is multiplied by the industrial user's regular allotment of fats and oils for that class of products for that allotment period. (This is the amount of the increase in allotment of fats and oils for that class of products to which the industrial user is entitled, under this section, for that allotment period.)

(b) *How to determine what to include as deliveries.* Only final deliveries, directly or by independent carrier are covered by this section. Deliveries to the following are not included: the Army, Navy, Marine Corps, or Coast Guard of the United States; Army Exchanges, Army Exchange Service, Post Exchanges of the Marine Corps, Ships Service Activities of the Navy or Coast Guard; other activities designated by the Army, Navy, Marine Corps, or Coast Guard; War Food Administration, and Ships Service Stores of the Training Organization of the War Shipping Administration, the American Red Cross, with respect to its acquisitions of food for consumption by members of the armed forces of the United States outside the United States, a naval vessel or naval activity of the United Nations, the Navy, Army, and Air Forces Institutes (of Great Britain), or for use as ships' or canteen stores in any ocean-going vessel of the United States or of any of the United Nations, or any neutral vessel, designated by the War Shipping Administration, which is engaged in the transportation of cargo or passengers in foreign, coastal, or intercoastal trade. In determining 1942 deliveries to a listed area, only the following deliveries are to be included: (1) deliveries by the industrial user in 1942 of products in which he used fats and oils to all places in such area not specified in paragraph (c), and (2) deliveries of such products in 1942, with or without further processing by persons and from places specified in paragraph (c), wherever located, to all places in such area not specified in that paragraph.

(c) *Places referred to in paragraph (b).* The places referred to in the previous paragraph are the following:

(1) An industrial user establishment of the industrial user, or

(2) A plant or warehouse of the industrial user, or

(3) A plant or warehouse of a person having an exclusive contract to distribute the industrial user's products (with or without processing) in more than one listed area, or

(4) A plant or warehouse of a person owning more than 50 percent of the stock of the industrial user corporation, or a plant or warehouse of a corporation or other organization more than 50 percent of the stock of which is owned by that person or by the industrial user.

(d) *How application is made.* An industrial user's application for the increase in allotment of fats and oils allowed by this section must be made, in person or by mail, to the Board or the District Office with which he is registered. The first application for such increase must be made on OPA Form R-1200A. The applicant must give all of the information required to be stated by him on the form. If an amendment to the supplement to this order adds an area or areas which were not included in the areas listed in the supplement when the industrial user filed his first application on OPA Form R-1200A for an increase as provided by this section, the industrial user, if he delivered in 1942 to these additional areas products for which he may obtain an allotment of fats and oils and if he desires to obtain an increase in his allotment of fats and oils for deliveries made to these additional areas, must amend his application by giving the information called for by the form as to the additional area or areas. No further application for an increase need be filed. The increase authorized by this section for each period will be granted by the Board or the District Office when the regular allotment for each period is made. Provisions covering late application for allotments cover the increase permitted by this section. However, application for the full increase in allotment for the third quarterly period of 1945 may be made at any time before September 15, 1945.

(e) *Records.* An industrial user who applies for an increase in allotment of fats and oils under this section must keep, at his office, available for inspection by the Office of Price Administration, the journals, ledgers, and other records and reports which he used in obtaining or furnishing the information on which such increase was based.

(f) An industrial user may use an increase provided by this section only in products to be delivered by him within the listed area for which he received the increase. As a further condition of using the increase, he must, in addition to his delivery of these products, continue to deliver within such area during the allotment period for which the increase is granted, at least the same proportion of his products, in fats and oils content (counting only fats and oils used by him), as he delivered within such area during 1942. An industrial user who receives an increase under this section for more than one listed area shall make the deliveries required by this paragraph in each such area.

(1) If, during the allotment period for which the increase authorized by this section was granted, the industrial user fails to deliver products in accordance with the provisions of this paragraph to any of the areas listed on his application, he shall notify, in writing, the Board or the District Office with which he is registered of that fact within ten days after the close of that allotment period. The Board or District Office will charge the amount of the increase which he obtained for deliveries to that area or areas as excess inventory.

(2) If, at any time, an industrial user will not deliver products, in accordance with the provisions of this paragraph, to any of the areas listed on his application, he shall notify, in writing, the Board or District Office with which he is registered of that fact before or at the time of application for his next regular allotment. The Board or District Office will not grant an increase under the provisions of this section for deliveries to that area or areas.

This amendment shall become effective August 27, 1945.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 27th day of August 1945.

PART 1499—COMMODITIES AND SERVICES

[RMPR 165,[1] Amdt. 8 to Supp. Ser. Reg. 49]

AUTOMOTIVE REPAIR SERVICES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Supplementary Service Regulation 49 is amended in the following respects:

1. The last sentence in § 1499.682 (a) (2) is amended to read as follows: "If you have not already established a customer's hourly rate for pricing any service listed in Appendix A, you must establish such a rate under RMPR 165."

2. Appendix A is amended as follows:

a. The word "replace" in Operations 15, 16, 17, 21, 22, 23, 25, and 28 is amended to read "remove and install, or replace."

b. The time for Operation 28 for De Soto, 1939, all models with overdrive, is amended to read 6.8 hours.

c. Operation 4 as it first appears in Appendix A is amended to read as follows:

4. Pistons, rings, and piston pins, replace all. Does not include reconditioning cylinder bores.

d. The words "and align wheels" are deleted from Operation 42.

e. The time for Operation 27 for Willys, 1936–1942, all models, is amended to read 5.0 hours.

f. The following changes are made in the case of Cadillac and La Salle:

PART 1499—COMMODITIES AND SERVICES

[RMPR 165, Supp. Service Reg. 58]

HAND LAUNDRIES IN SAN FRANCISCO AREA

A statement of the considerations involved in the issuance of this Supplementary Service Regulation has been filed with the Division of the Federal Register. For the reasons set forth in that statement and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Supplementary Service Regulation No. 58 is hereby issued. The specifications and standards set forth in this supplementary service regulation are those which prior to the issuance of the regulation, were in general use by the trade in the affected area.

§ 1499.699 *Hand laundries in San Francisco Area*—(a) *Maximum Prices.* The maximum prices established by Revised Maximum Price Regulation No. 165 for hand laundry services sold by hand laundries in the San Francisco Area are hereby modified and henceforth shall be the prices set forth in Appendix A. Lower prices than those established by this regulation may be charged.

(b) *Definitions.* As used in this supplementary service regulation the term:

"Hand Laundry" means a retail laundry establishment receiving and distributing laundry, doing no washing by power driven machinery on the premises, generally finishing wearing apparel by hand ironing done on the premises, giving only limited, if any, delivery service and employing 8 or less employees.

"San Francisco Area" means the corporate limits of the City and County of San Francisco and the incorporated or unincorporated municipalities of Alameda, Albany, Berkeley, Colma, Daly City, El Cerrito, Emeryville, Oakland, Piedmont, Richmond, San Leandro and South San Francisco, in the State of California.

"Shirts" as used in Appendix A means all shirts except the following: Shirts made of silk, wool, flannel, gabardine, rayon and other artificial fibers; full dress shirts. The prices of shirts included within the above exceptions shall be the prices for those items which were filed by the individual laundry with the Office of Price Administration in accordance with section 14 of RMPR 165. If no such prices have been filed, the maximum price to be charged for all shirts shall be the price established for shirts by Appendix A.

(c) *Posting requirements.* Within 30 days after the issuance of this supplementary service regulation, every hand laundry shall post on its premises in a place and a manner plainly visible to the purchasing public, a placard or card setting forth the maximum prices established in Appendix A.

(d) *Elimination of individual adjustments.* Section 16 of Revised Maximum Price Regulation No. 165 shall no longer be available to sellers covered by this regulation as to the services listed herein, furthermore, any adjustment in prices heretofore granted to any establishment is hereby revoked as to the services listed in Appendix A.

(e) *Other services supplied by hand laundries.* Laundry services not listed in Appendix A performed by hand laundries shall be governed by Revised Maximum Price Regulation No. 165 and any applicable supplementary service regulation.

(f) *Retail laundries electing to price under this regulation.* Any retail laundry located in the San Francisco Area may elect to be governed by the maximum prices and provisions established by this regulation by filing a written notice of its election with the War, Price and Rationing Board for the area in which its place of business is located and a copy with the San Francisco District Office of OPA. From and after the date of filing such notice with the War, Price and Rationing Board or any subsequent date selected, such laundry shall be subject to the maximum prices and provisions of SSR 58, and shall within 10 days after the date of filing or 30 days after the issuance date of this supplementary service regulation, whichever is later, post on its premises in a place and a manner plainly visible to the purchasing public, a placard or card setting forth the maximum prices established in Appendix A.

Such notice of election must be signed by the owner or authorized agent of the owner of such laundry, and contain the name and address of the laundry and a statement that the laundry has elected to be governed by the maximum prices and provisions of SSR 58.

[Directive 55, Amdt. 2]

PART 4033—SUPPORT PRICES; SUBSIDIES

1945-1946 BEEF CATTLE PRODUCTION

Pursuant to the authority vested in me by the act of October 2, 1942, entitled "An Act to Amend the Emergency Price Control Act of 1942 to Aid in Preventing Inflation and Other Purposes", and by Executive Order 9250 of October 3, 1942, Executive Order 9328 of April 8, 1943 and Executive Order 9599 of August 18, 1945; *It is ordered:*

Directive 55, 1945-1946 Beef Cattle Production, issued June 1, 1945, as amended (10 F.R. 6595, 8906), is hereby further amended in the following respect:

Section 2 is amended to read as follows:

SEC. 2. The Secretary of Agriculture is authorized and directed on and after May 19, 1945, and continuing until June 30, 1946, unless otherwise directed, by the use of Commodity Credit Corporation funds in a total amount not to exceed $40,000,000, to institute a program for making payments to feeders of beef cattle. Such payments shall be made at the rate of fifty cents per hundred pounds liveweight: (a) on cattle weighing not less than 800 pounds sold by the feeder to a slaughterer for slaughter or to any person if such animal within 20 days after such sale is delivered to a slaughterer for slaughter, which cattle were sold by the feeder for not less than $14.25 per hundred pounds, basis Chicago, and which were owned by the feeder-seller for 30 days or more immediately preceding sale; and (b) on cattle weighing not less than 800 pounds slaughtered by the feeder which were owned by the feeder-slaughterer for 30 days or more immediately preceding slaughter and which produce beef grading A or AA. Only one payment shall be made on the same cattle. The weight may be determined from the average weight of a lot of cattle.

Chapter XX—Office of Contract Settlement

[Reg. 14, Amdt. 3]

PART 8004—TERMINATION COST MEMORANDUMS

FIXED-PRICE SUPPLY CONTRACTS

Pursuant to section 2 of Regulation No. 14 of this Office, Regulation No. 14 is hereby amended to incorporate Termination Cost Memorandum No. 16 which is hereby issued as a part of such regulation.

§8004.16 *Severance pay*—(a) *Reference to statement of cost principles.* Although the statement does not refer in specific terms to severance pay, its recognition is inherent in the general statement of cost included therein.

(b) *Definition.* The term "severance pay", as used herein, refers to amounts due to employees solely by reason of their involuntary separation (ordinarily termed "layoff") from the employ of the contractor other than for cause. It should be distinguished from pensions, bonuses, vacation pay, and similar payments, which involve different accounting treatment.

(c) *Interpretations.* (1) A reasonable amount may be included for severance pay, provided the contractor is required to make payments therefor: (i) By statute, (ii) by written agreement, or (iii) by the operation of an established policy which constitutes an implicit agreement.

(2) No amount may be included for severance pay where payment is contingent upon recovery from the Government.

(3) Severance pay should ordinarily be considered as applicable to the entire period of employment with the contractor, determined in accordance with paragraph 3e, and not as directly applicable to any particular contract or contracts, or the terminated portion thereof.

(4) Any method of allocating severance pay to a terminated contract, or the terminated portion thereof, may be used, provided the amount so allocated is reasonable and the method is consistent with the principles set forth in this memorandum. It will usually be acceptable to allocate severance pay to terminated contracts by applying a rate based on the relation of the total severance payments of the contractor during the period indicated in paragraph 3e to any suitable base for the same period, such as payrolls of classes of employees covered by the severance pay plan, total payrolls of all employees, direct labor, etc. The rate so determined should be applied to the corresponding element included in the settlement. Such rate of allocation may be determined on the basis of the operations of individual plants or other units of the contractor's organization where such separate computations result in a more accurate allocation than that determined for the contractor's entire organization.

(5) The period used in the determination of the rate will necessarily vary with different contractors, but it should cover the approximate average period of employment of those classes of employees covered by the severance pay plan, up to and including the date of substantial completion of mass layoffs resulting from cessation of war production. When mass layoffs have not taken place before the date of submission of a termination claim, because of continuing war production, the rate used will be based on a computation including suitable estimates of the factors described in paragraph 3d and in this paragraph. Consideration should be given to the fact that employees may not be entitled to severance pay because of such factors as resignation, separation for cause, and the effect of a qualification period.

Acting Director.

[Reg. 20]

PART 8006—FAIR COMPENSATION FOR WAR CONTRACTORS

TREATMENT OF AMOUNTS PAID TO EMPLOYEES FOR AUGUST 15 AND 16, 1945

Pursuant to sections 4 (b) and 6 (d) of the Contract Settlement Act and the principles laid down in a memorandum from the President of the United States to the Director of Contract Settlement dated August 24, 1945, and hereto attached as Exhibit A, the following policies and procedures are prescribed to govern the treatment, in the settlement of terminated contracts, of payments made to employees for August 15 and 16, 1945:

1. *Payment for work done.* Amounts may be included in the settlement of terminated contracts, in accordance with principles otherwise applicable, for payments made to employees for work done on August 15 and 16, 1945, including premium payments required by the applicable provisions of law or Executive order.

2. *Payments for time off.* Amounts may be included in the settlement of terminated contracts for payments made to employees for time off on August 15 and 16, 1945, in accordance with the following principles:

(a) Such payments shall not exceed pay for a normal shift at straight-time rates.

(b) Such payments shall be included in the appropriate overhead accounts of the contractor and allocated between the terminated work and other work of the contractor in accordance with accepted commercial accounting practice. For the purpose of bringing about a reasonable allocation of such payments the accounting period customarily used by the contractor for the distribution of overhead may be shortened, but not to a period less than one month in the absence of clear evidence of special circumstances creating unfairness.

ROGER L. PUTNAM,
Acting Director.

AUGUST 25, 1945.

EXHIBIT A

When the news was received on August 14, 1945, that the Japanese had accepted the Potsdam declaration, a statement was issued from the White House that the days of August 15 and 16, 1945, would be declared holidays for war workers under Executive Order 9240, which provides for holiday premium pay. An Executive Order effectuating this was subsequently issued; and the Secretary of Labor publicly expressed my hope that war workers who did not work on those two days would be paid by their employers at straight-time rates. There was widespread observance of these holidays, which represented an appropriate recognition of the magnificent contribution made by war workers to our victory.

In view of these actions, contractors who pay the war workers among their employees for time off taken during these two days should be reimbursed by the Government to the extent that the Government is compensating these contractors on a cost basis. This would include the holders of cost-plus-a-fixed fee or other cost-type war contracts, because such pay for time off is a reasonable and proper cost of performing such contracts. It would also include the holders of war contracts terminated for the Government's convenience to the extent that the cost of pay for time off is applicable to terminated work.

It would be impracticable to attempt any reimbursement on this account to the holders of fixed-price war contracts that are completed and not terminated, for this would involve making many thousands of minor contract amendments. Such contractors, moreover, are continuing to receive the contract price for their product.

Please take all necessary steps to effectuate the foregoing.

AIR-NAVIGATION SITE WITHDRAWAL 44, ENLARGED

By virtue of the authority contained in section 4 of the act of May 24, 1928, 45 Stat. 729 (U.S.C., title 49, sec. 214), it is ordered as follows:

Subject to valid existing rights, the following-described public land in New Mexico is hereby withdrawn from all forms of appropriation under the public-land laws and reserved for the use of the Civil Aeronautics Administration, Department of Commerce, in the maintenance of air-navigation facilities, as an addition to Air-Navigation Site Withdrawal No. 44, made by a departmental order of November 17, 1930:

NEW MEXICO PRINCIPAL MERIDIAN

T. 27 S., R. 21 W., sec. 28, SE¼SW¼NW¼.

The area described contains 10 acres.

This order takes precedence over, but shall not modify, the order of the Secretary of the Interior dated July 11, 1935, establishing New Mexico Grazing District No. 3, so far as it affects the above-described land.

ASSISTANT ADMINISTRATOR FOR REGULATORY AND MARKET SERVICE MATTERS, PRODUCTION AND MARKETING ADMINISTRATION

DELEGATION OF AUTHORITY

Pursuant to the powers vested in me by the statutes of the United States and Executive Orders of the President, there is hereby delegated to the Assistant Administrator for Regulatory and Market Service matters, Production and Marketing Administration (hereinafter called the "Assistant Administrator"), all authority heretofore delegated to and vested in the Director of Marketing Services with respect to the formulation, administration and enforcement of war food orders, the administration of regulatory statutes including rules, regulations, orders and marketing agreements thereunder, the formulation and issuance of grades and standards, all matters pertaining to commodity market news and grading and inspection services, and coordination of the operation of industry committees. The Assistant Administrator is further authorized to exercise general supervision over the administration of the Commodity Exchange Act.

The Assistant Administrator may redelegate to any employee of the United States Department of Agriculture any or all the authority vested in him hereunder.

All action heretofore taken by the Assistant Administrator with respect to the foregoing matters is hereby ratified and confirmed, and shall remain in full force and effect unless and until expressly modified, amended, suspended, revoked, or terminated.

In witness whereof, I have hereunto set my hand and the Seal of the Department of Agriculture this 25th day of August, 1945.

NOTICE OF APPLICATION

AUGUST 24, 1945.

Notice is hereby given that on August 10, 1945, an application was filed with the Federal Power Commission by El Paso Natural Gas Company ("Applicant"), a Delaware corporation with its principal place of business at El Paso, Texas, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize Applicant to construct and operate certain facilities hereinafter described.

Applicant owns and operates a natural-gas transmission pipe-line system extending from Jal, Lea County, New Mexico, in a general westerly direction across portions of Texas, New Mexico and Arizona to Phoenix and Ajo, Arizona. Among other operations, it purchases natural gas in the Lea County field in New Mexico and delivers the same to other companies for distribution in numerous communities in Arizona, New Mexico and Texas, and to industrial customers in said states.

The facilities which Applicant seeks authorization to construct and operate are described as follows:

(a) A 26-inch transmission pipe line commencing at Applicant's Jal No. 1 Plant, which is located approximately 4 miles south of the town of Jal in Lea County, New Mexico, and extending in a westerly direction approximately 720 miles to a point on the east bank of the Colorado River east of the town of Blythe, California. The proposed 26-inch pipe line will have an estimated capacity of 125,000,000 cu. ft. of gas per day.

(b) A compressor station, with eight 800 H. P. units with appurtenant facilities, which is to be located at Applicant's Jal No. 1 Plant situated in Lea County, New Mexico. It is contemplated that the proposed station will have a capacity of 125,000,000 cu. ft. per day.

(c) A gas purification and dehydration plant to be located at Applicant's Jal No. 1 Plant in Lea County, New Mexico, with an estimated capacity of 105,000,000 cu. ft. per day.

(d) Field lines consisting of 117 miles of 24-inch pipe, 32 miles of 18-inch pipe and 14½ miles of 14-inch pipe for the purpose of receiving and transporting gas to Applicant's proposed compressor station at Applicant's Jal No. 1 Plant above described. Such lines will have an estimated capacity of 125,000,000 cu. ft. of gas per day.

The application recites that it is anticipated that there will be a shortage of gas available to gas companies in southern California in 1947 of approximately 125,000,000 cu. ft. per day, and that such shortage will increase over the succeeding 5 years to a total of approximately 300,000,000 cu. ft. of gas per day. Applicant asserts that the proposed construction is to meet this contemplated shortage, and that it will be able by means of such construction to deliver at the western terminus of the line at the Colorado River 125,000,000 cu. ft. of gas per day with the use of only one compressor station, and by the addition of compressor stations along the proposed line the delivery capacity of the line can be increased to 300,000,000 cu. ft. per day in order to meet the need for natural gas in California.

Applicant submits that the proposed construction is designed to fit into a comprehensive program for the conservation of natural gas produced with oil in the Permian Basin of West Texas and New Mexico, and that there is now being vented into the air approximately 125,000,000 cu. ft. of gas per day, the quantity of gas proposed to be initially marketed by applicant.

Applicant asserts that it owns gas rights on approximately 10,000 acres in what is known as the Rhodes Area of the field in Lea County, New Mexico, adjacent to its terminus at Jal which has a theoretical storage of approximately 60,000,000,000 cu. ft., which Applicant contemplates using for storage to cover peak day demands and to act as standby to cover irregularities in the production of residual gas.

It is further asserted that gas to be transported through the proposed pipe line will be used to supplement the declining supply of gas in California so as to avoid a curtailment of natural gas service in that state, and will not be used to displace other fuels.

The total estimated over-all cost of the construction is $25,440,000. Applicant proposes to finance such construction by the sale of $16,700,000 of bonds, $5,000,000 of preferred stock, and the remaining $3,740,000 by virtue of a bank loan and cash on hand.

Any person desiring to be heard or to make any protest with reference to said application should, on or before September 10, 1945, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of practice and regulations.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[Docket No. G-657]

THE OHIO FUEL GAS CO.

NOTICE OF APPLICATION

August 27, 1945.

Notice is hereby given that on August 20, 1945, an application was filed with the Federal Power Commission by The Ohio Fuel Gas Company, a corporation organized under the laws of the State of Ohio, with its principal place of business at 99 North Front Street, Columbus, Ohio, for a certificate of public convenience and necessity pursuant to Section 7 of the Natural Gas Act, as amended, to authorize Applicant to construct and operate certain facilities, hereinafter more particularly described, which, if constructed, will extend Applicant's existing natural gas transmission system northwardly from Urbana Champaign County, Ohio, to Bellefontaine, Logan County, Ohio, a distance of approximately 18½ miles.

Applicant supplies natural gas at wholesale and retail for ultimate consumption in numerous communities in Ohio.

The facilities which Applicant seeks authority to construct and operate are described in its application as follows:

A natural gas transmission pipe line consisting of 93,500 ft. of 5" and 3,500 ft. of 6" steel pipe extending from the terminus of Applicant's existing 6" transmission line serving the City of Urbana, Champaign County, Ohio, to the City of Bellefontaine, Logan County, Ohio, together with a gas pressure regulating and measuring station near the corporation line of the City of Bellefontaine.

Applicant states that it proposes to furnish natural gas at wholesale to the City of Bellefontaine, a municipal corporation in Logan County, Ohio, now owning and operating a municipal manufactured-gas distribution system which is to be converted for the distribution of natural gas; that the population of Bellefontaine is approximately 9,800 with some 2,700 gas customers; that total sales to the City are estimated at 80,000 Mcf annually with maximum daily requirements of 500 Mcf and minimum daily requirements of 125 Mcf.

Applicant further states that it does not propose to serve main line industrial customers from the new proposed line to the City of Bellefontaine, but that domestic gas service is to be made available to property owners as provided by the terms and conditions of right-of-way agreements; and that a preliminary investigation is in progress concerning possible service to the Village of West Liberty, Logan County, Ohio, located along the proposed transmission line with a population of about 1,200 and now without gas utility service.

Any person desiring to be heard or to make any protest with reference to said application should, on or before the 10th day of September, 1945, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

J. H. GUTRIDE,
Acting Secretary.

INTERSTATE COMMERCE COMMISSION.

[S.O. 352]

WEIGHING SAND AND GRAVEL RESTRICTED

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 24th day of August, A. D. 1945.

It appearing, that shipments of sand and gravel, in carloads originating at Terre Haute, Indiana, and destined to Naval Ordnance Depot, Crane, Indiana, for use on government construction are being weighed on railroad track scales, thus impeding the use, control, supply, movement, and distribution of cars; in the opinion of the Commission an emergency exists requiring immediate action to avoid a shortage of equipment and congestion of traffic: it is ordered, that:

Carloads of sand and gravel, for use on Government construction at Crane, Indiana, not to be weighed. (a) No common carrier by railroad subject to the Interstate Commerce Act shall weigh, or permit to be weighed, any shipment of sand and gravel, in carloads, on any railroad track scales when such traffic originates on or after the effective date of this order at Terre Haute, Indiana, and is destined to Crane, Indiana, for use on government construction at the Naval Ordnance Depot, except that not to exceed 10 cars per week may be weighed to obtain average weights. The operation of all tariff rules or regulations insofar as they conflict with the provisions of this order is hereby suspended.

(b) *Announcement of suspension.* Each of such railroads shall publish, file, and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 announcing the suspension of provisions in such tariffs conflicting with this order.

(c) *Effective date.* This order shall become effective at 12:01 a. m., August 26, 1945.

(d) *Expiration date.* This order shall expire at 11:59 p. m., November 30, 1945, unless otherwise modified, changed, suspended or annulled by order of this Commission. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)–(17))

It is further ordered, that a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

POSSESSION, CONTROL, AND OPERATION OF THE TRANSPORTATION SYSTEM, PLANTS, AND FACILITIES OF THE ILLINOIS CENTRAL RAILROAD CO.

NOTICE AND ORDER

To Illinois Central Railroad Company, Chicago, Illinois:

1. You are hereby notified that, by order of the President of the United States (Executive Order 9602[1]), possession and control of your transportation system, including all real and personal property, plants, facilities, and other assets, wherever situated, used or useful in connection with the operation of such system, are hereby taken and assumed by the Director of the Office of Defense Transportation as of 12:01 o'clock a. m., e. w. t., on the 24th day of August 1945. Possession and control is not taken of any of your property, plants, facilities, or other assets, which are not used or useful in the operation of your transportation system.

2. The purpose of possession, control, and operation of your transportation system and properties by the United States pursuant to said Executive Order is to assure the maintenance of an effective system of transportation for military and civilian freight and passenger traffic movements.

3. Effective this date, W. F. Kirk is hereby appointed Federal Manager of the transportation system and properties taken hereunder, with full authority, subject to my direction:

(a) To possess, control, and operate, or arrange for the operation of the system and properties taken hereunder in such manner as may be necessary to carry out the provisions, and to accomplish the purposes of the Executive order, through or with the aid of such public or private agencies, persons, or corporations, as he may designate;

(b) Subject to the provisions of the Executive order, to manage or operate, or arrange for the management or operation of said system and properties under such terms and conditions of employment as he deems advisable and proper;

(c) From time to time, to return to you such real or personal property, or other assets, as he determines to be unnecessary to the operation of your transportation system; and

(d) To request the Secretary of War or such persons as he may designate, to furnish protection for persons employed or seeking employment with the transportation system of which possession is taken hereunder and the properties of such system, and to furnish equipment, manpower, and other facilities or services necessary to carry out the provisions, and to accomplish the purposes of the Executive order of the President.

4. Copies of this notice and order shall be posted by you in your principal place of business, and in each office, terminal, freight station, and passenger station maintained in connection with the operation of your transportation system.

Issued at Washington, D. C., this 23d day of August 1945.

OFFICE OF PRICE ADMINISTRATION.

[MPR 188, Amdt. 1 to Rev. Order 3261]

CERTAIN ARTICLES OF UPHOLSTERED FURNITURE

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.159b of Maximum Price Regulation No. 188 and section 6.4 of Second Revised Supplementary Regulation No. 14, *It is ordered:*

Revised Order No. 3261 under Maximum Price Regulation No. 188 is amended in the following respects:

1. Part 3, consisting of paragraphs (d), (e), (f), and (g) is hereby deleted.

2. New Parts 3, 4, 5, and 6, consisting of paragraphs (d), (e), (f), (g), (h), (i), (j), and (k) are added to read as follows:

PART 3—MAXIMUM PRICES OF "RETAILERS" WHO DID NOT SELL UPHOLSTERY FABRICS SEPARATELY DURING MARCH 1942

If the "retailer" during March, 1942 was not engaged in the business of selling upholstery fabrics separately by the yard his maximum prices are as follows:

(d) *"Retailers" who can use MPR 580 pricing charts.* (1) If the "retailer" owns the cover fabric and his maximum prices on sales of articles of upholstered furniture to his purchaser are generally determined under a pricing chart prepared in accordance with Maximum Price Regulation No. 580, then his maximum price for the completed article is the price determined under Maximum Price Regulation No. 580 by using as net cost the total of his supplier's net maximum price for the article when covered with "customer's own material" plus the cost of the cover fabric computed as follows:

(i) If the cover fabric was purchased from the fabric manufacturer or from the converter, the cost of the cover fabric is the amount paid for the cover fabric.

(ii) If it was purchased from any other seller who certifies that he has filed his maximum price for the fabric with the Office of Price Administration, Washington, D. C. (as required by Maximum Price Regulation No. 39) and gives the date of such filing, the cost of the cover fabric is 75 percent of the amount paid for the cover fabric.

(iii) If it was purchased from any other seller, the cost of the cover fabric is 50 percent of the amount paid for the cover fabric.

(2) If the cover fabric is owned by the ultimate consumer, but it was bought from the same "retailer", the "retailer's" maximum price for the article when covered with such fabric is the same as his maximum price for the completed article (determined as if the "retailer" owned the fabric) less the amount he charged for the cover fabric.

(3) If the cover fabric is owned by the ultimate consumer and the fabric was not bought from the same "retailer", the "retailer's" maximum price for the article when covered with such fabric is the price determined as provided in paragraph (d) (1) above using as net cost an amount no greater than his supplier's maximum price for the article when covered with the "consumer's own material".

(e) *"Retailers" who cannot use MPR 580 pricing charts.* A seller covered by this part, who cannot find his maximum price under paragraph (d) above determines his maximum prices as follows:

(1) If the seller owns the cover fabric, his maximum price for the completed article is:

(a) The highest price he charged during March 1942 for the same article; or

(b) If he did not make a delivery or offer for delivery of the same article during March 1942, then his maximum price is the price determined according to the method and procedure set forth in section 1499.3 (a) of the General Maximum Price Regulation, using as his "cost" of the completed article an amount no higher than the total of his supplier's maximum price for the article when covered with "customer's own material" plus the cost of the cover fabric computed as follows:

(i) If the cover fabric was purchased from the fabric manufacturer or from the converter, the cost of the cover fabric is the amount paid for the cover fabric.

(ii) If it was purchased from any other seller who certifies that he has filed his maximum price for the fabric with the Office of Price Administration, Washington, D. C. (as required by Maximum Price Regulation No. 39) and gives the date of such filing, the cost of the cover fabric is 75 percent of the amount paid for the cover fabric.

(iii) If it was purchased from any other seller, the cost of the cover fabric is 50 percent of the amount paid for the cover fabric.

(c) If the seller's maximum price cannot be determined under the preceding provisions, then his maximum price is the price approved by the Office of Price Administration according to the method and procedure set forth in § 1499.3 (c) of the General Maximum Price Regulation upon application setting forth as the cost of the completed article the amount specified in subparagraph (1) (b) above.

(2) If the cover fabric is owned by the ultimate consumer, but it was bought from the same "retailer", the "retailer's" maximum price for the article when covered with such fabric is the same as his maximum price for the completed article (determined as if the "retailer" owned the fabric) less the amount he charged for the cover fabric.

(3) If the cover fabric is owned by the ultimate consumer and the fabric was not bought from the same "retailer", the "retailer's" maximum price for the article when covered with such fabric is the price determined as provided in paragraph (e) (1) above using as cost an amount no greater than his supplier's maximum price for the article when covered with the "customer's own material."

PART 4—MAXIMUM PRICES OF "RETAILERS" WHO SOLD UPHOLSTERY FABRICS SEPARATELY DURING MARCH 1942

If the "retailer" during March 1942 was engaged in the business of selling upholstery fabrics separately by the yard, his maximum prices are as follows:

(f) *"Retailers" who can use MPR 580 pricing charts.* (1) If the "retailer" does not himself own the cover fabric and his maximum prices on sales of articles of upholstered furniture to his purchaser are generally determined under a pricing chart prepared in accordance with Maximum Price Regulation No. 580, then his maximum price for the article when covered with the "customer's own material" is the price determined under Maximum Price Regulation No. 580 by using as net cost an amount no higher than his supplier's net maximum price for sales to him of the article covered with the "customer's own material."

(2) If the "retailer" owns the cover fabric, his maximum price for the completed article is the sum of his maximum price for the article when covered with the "customer's own material" and his maximum price for the upholstery fabric.

(g) *"Retailers" who cannot use MPR 580 pricing charts.* A seller covered by this part who cannot find his maximum price under paragraph (f) above determines his maximum prices as follows:

(1) If the seller does not himself own the cover fabric, his maximum price for the article when covered with the "customer's own material" is:

(a) The highest price he charged during March 1942 for the same articles; or

(b) If he did not make a delivery or offer for delivery of the same article during March 1942, then his maximum price is the price determined according to the method and procedure set forth in section 1499.3 (a) of the General Maximum Price Regulation using as his "cost" an amount no higher than his supplier's maximum price for sales to him of the article covered with the "customer's own material."

(c) If he cannot determine his maximum price under the preceding provisions, then his maximum price is the price approved by the Office of Price Administration according to the method and procedure set forth in § 1499.3 (c) of the General Maximum Price Regulation upon application setting forth as the cost of the article the amount specified in subparagraph (ii) above.

(2) If the seller owns the cover fabric, his maximum price for the completed article is the sum of his maximum price for the article when covered with the "customer's own material" and his maximum price for the upholstery fabric.

PART 5—MAXIMUM PRICES OF "WHOLESALERS"

(h) *"Wholesalers" who did not sell upholstery fabrics separately during March 1942.* If the "wholesaler" during March 1942 was not engaged in the business of selling upholstery fabrics separately by the yard, he determines his maximum prices as follows:

(1) If the seller owns the cover fabric, his maximum price for the completed article is the price determined according to the method set forth in paragraph (e) (1) above.

(2) If the cover fabric is owned by the person buying the article of furniture, but it was bought from the same "wholesaler", the "wholesaler's" maximum price for the article when covered with such fabric is his maximum price for the completed article (determined as if he owned the fabric) less the amount he charged for the cover fabric.

(3) If the cover fabric is owned by the person buying the article of furniture and the fabric was not bought from the same "wholesaler", the "wholesaler's" maximum price for the article when covered with such fabric is the price determined as provided in paragraph (e) (1) above using as cost an amount no greater than his supplier's maximum price for the article when covered with the "customer's own material."

(i) *"Wholesalers" who sold upholstery fabrics separately during March 1942.* If the "wholesaler" during March 1942 was engaged in the business of selling upholstery fabrics separately by the yard, he determines his maximum prices according to the method set forth in paragraph (g) (1) or (g) (2) above, whichever is applicable.

PART 6—GENERAL PROVISIONS

(j) *Maximum prices for upholstery fabrics.* The "retailer's" maximum price for upholstery fabric sold separately by the yard is the price properly established in accordance with Maximum Price Regulation No. 580 or other applicable regulation and the "wholesaler's" maximum price for upholstery fabric sold separately by the yard is the price properly established in accordance with Maximum Price Regulation No. 39, or other applicable regulation.

(k) *Delegation of authority.* The Price Administrator, or any Regional Administrator, or any District Director so authorized by the Regional Administrator may at any time approve or disapprove maximum prices reported, or proposed under paragraphs (e), (g), and (i) above and may at any time revise maximum prices established under those provisions so as to bring them in line with the level of maximum prices established for sales of similar articles of upholstered furniture.

This amendment shall become effective on the 1st day of September 1945.

Issued this 27th day of August 1945.

CHESTER BOWLES,
Administrator.

[Order 89 Under Order 375 Under 3 (b)]

WESTERN PROCESSED FOOD CO.

AUTHORIZATION OF MAXIMUM PRICES

Order 89 under order 375 of § 1499.3 (b) of the General Maximum Price Regulation; Western Processed Food Company; Docket No. 6035.2-GMPR-ORD 375-221.

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered*, That:

Authorization of maximum prices governing sales of "Monte's Chocolate Flavored Caramel Bar," a confectionery item manufactured by Western Processed Food Company, Los Angeles, California.

(a) The maximum prices for the sales indicated below of "Monte's Chocolate Flavored Caramel Bar," one-pound size, manufactured by the Western Processed Food Company, 914-916 North Western Avenue, Los Angeles, California, in accordance with the formula contained in its price application dated April 13, 1945, shall be as follows:

(1) From Western Processed Food Company to all classes of purchasers: Per 1-lb. bar, f. o. b. factory, $0.49½.

(2) For sales by wholesalers to retailers: Per 1-lb. bar, delivered, $0.60.

(3) For sales by retailers to consumers: Per 1-lb. bar, $0.79.

(b) The prices established in this order are the highest prices for which "Monte's Chocolate Flavored Caramel Bar" may be sold by the respective sellers. All sellers, on sales of this item, shall reduce the above appropriate maximum prices by applying the customary discounts, allowances, and price differentials which have been applied to sales of other comparable candy items.

(c) Western Processed Food Company shall mail or otherwise supply to its purchasers, at the time of or prior to the first delivery to such purchaser, the following notice:

The Office of Price Administration has authorized us to sell our "Monte's Chocolate Flavored Caramel Bar" to all classes of purchasers at a maximum price of $0.49½ per one-pound bar, f. o. b. our factory. Wholesalers are authorized to sell this item at a maximum price of $0.60 per one-pound bar, delivered. Retailers are authorized to sell this item to consumers at a maximum price of $0.79 per one-pound bar. All sellers, on sales of this item, are required to reduce their maximum prices by applying the customary discounts, allowances and price differentials which have been applied to sales of comparable candy items.

(d) This order may be revoked or amended by the Office of Price Administration.

(e) This order No. 89 shall become effective August 24, 1945.

NOTE: This action has the prior written approval of the Secretary of Agriculture (10 F.R. 8419).

Issued this 23d day of August 1945.

CHESTER BOWLES,
Administrator.

ASHLAND MINING & FUEL CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES AND PRICE CLASSIFICATIONS

For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton, for the indicated uses and shipments as set forth herein. All are in District No. 8. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipment are in cents per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coals by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.219 and all other provisions of Maximum Price Regulation No. 120.

BILL'S BRANCH COAL CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES AND PRICE CLASSIFICATIONS

For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton, for the indicated uses and shipments as set forth herein. All are in District No. 7. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipment are in cents per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad locomotive fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coals by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.218 and all other provisions of Maximum Price Regulation No. 120.

This order shall become effective August 24, 1945.

MODERN-BOND CORP.

ADJUSTMENT OF MAXIMUM PRICES

Amendment No. 1 to Order No. 481 under Revised Maximum Price Regulation No. 136. Machines, parts and industrial equipment; Modern-Bond Corporation; Docket No. 2-2136-6.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 21 of Revised Maximum Price Regulation 136, *It is ordered:*

Paragraph (b) of Order No. 481 under Revised Maximum Price Regulation 136 is amended in the following respect:

Item No. 5, now listed in the table in paragraph (b) as Type "M-1" Foot crowner, maximum price $280.00, is amended to read: Type "E" Foot Soda Machine, maximum price $280.00.

Paragraph (c) of Order No. 481 under Revised Maximum Price Regulation 136 is amended to read as follows:

The maximum net prices of Modern-Bond Corporation for its sales to any of its classes of purchasers of any repair parts for the machines listed in paragraphs (b) and (d) hereof shall be determined by multiplying the maximum net prices which it had in effect to such class of purchaser for such parts by 113%.

This amendment shall become effective August 24, 1945.

Issued this 23d day of August 1945.

AVIATION GASOLINE IN CALIFORNIA, WASHINGTON AND OREGON

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith; *It is ordered:*

That where a dealer in the States of California, Oregon, or Washington, made no sales from a retail establishment of aviation gasoline below 87 octane ASTM in March, 1942, the maximum price shall be the highest price charged to a purchaser of the same class by such seller at each retail establishment during December, 1941, for each grade of aviation gasoline below 87 octane ASTM.

It is further ordered, That all airport dealers in the States of California, Oregon and Washington shall, within 15 days after the date of this order, file with the Petroleum Branch of the Office of Price Administration, 1031 So. Broadway, Los Angeles 15, California, a statement setting forth his maximum prices to each class of purchaser for aviation gasoline below 87 octane ASTM as determined pursuant to this order.

Where an airport dealer cannot determine a maximum price under this order, such airport dealer shall file a tentative price under the provisions of section 11 (b) of Revised Maximum Price Regulation No. 137.

This order may be revoked or amended at any time by the Office of Price Administration.

NOTE: The reporting and record keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order No. 5 shall become effective the 28th day of August 1945.

Issued this 23d day of August 1945.

[MPR 188, Order 4 Under Rev. Order 2525]

AEOLIAN AMERICAN CORP.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to paragraph (d) (2) of Revised Order 2525 under § 1499.159b of Maximum Price Regulation No. 188; it is ordered:

(a) *Manufacturer's maximum prices for all sales except at retail.* The Aeolian American Corporation, East Rochester, New York, herein called the manufacturer may increase its maximum prices for sales of new pianos of its manufacture, in effect prior to October 7, 1944, to each class of purchaser, for all sales except sales at retail as follows:

(1) Subtract the Federal excise tax and any amount for freight which is included in the price.

(2) To this figure add 37.55% thereof.

(3) The result is the new maximum price to each class of purchaser. The Federal excise tax payable on that maximum price and any freight deducted may be added.

(b) *Maximum prices for sales at retail.* The maximum price for a sale or delivery by the manufacturer on or after the effective date of this order or by a retailer of a piano which he receives on or after the effective date of this order (except for a sale by mail order) is the total of the following, adjusted upward or downward to the nearest dollar.

(1) The manufacturer's highest maximum price to retailers as established under paragraph (a) of this order (exclusive of freight and Federal excise tax).

(2) The applicable markup of the following: If the manufacturer's highest maximum price (exclusive of freight and Federal excise tax) is:

(i) Not more than $225, add 68% of such maximum price.

(ii) Between $225.01 and $338.00, add 65% of such maximum price, or $153.00, whichever is greater.

(iii) Between $338.01 and $564.00, add 60% of such maximum price, or $219.70, whichever is greater.

(iv) Over $564.00 add 58% of such maximum price or $338.40, whichever is greater.

(3) The amount of Federal excise tax payable by the manufacturer.

(4) The freight allowances indicated in paragraph (e) (2) (i) and (e) (2) (ii) (a) of Revised Order 2525 under Maximum Price Regulation No. 188.

The maximum retail prices as computed include the Federal excise tax and the permissible charge for freight. No additional amounts may be added thereto on account of these terms. Each seller at retail shall continue to furnish the services he customarily furnished in March 1942 on the sale of a new piano, as, for example, free delivery, tuning, etc. In addition, a seller at retail shall continue in effect, terms, discounts, trade in and other allowances no less favorable to the purchaser than he allowed in March 1942. Local and state taxes and credit charges (in accordance with paragraph (i) of Revised Order 2525) may be added, together with other price differentials for which the seller at retail customarily made a separately stated charge during March 1942.

(c) *Applicability of provisions of Revised Order 2525.* The following paragraphs of Revised Order 2525 are specifically applicable to the pianos for which adjusted maximum prices are established by this order:

(c) *Manufacturers' maximum prices for new or changed models.*

(f) *Tagging.*

(k) *Adjustment, correction, and revocation of maximum prices.*

(l) *Credit charges.*

(j) *Definitions.*

(k) *Relationship between this order, the General Maximum Price Regulation and Maximum Price Regulation No. 188.*

(d) The revised maximum prices for sales by the manufacturer established by this order apply only to sales and deliveries made within the ninety days following the effective date of the order. The revised maximum retail prices established by this order apply to all pianos shipped by the manufacturer from his manufacturing plant within the ninety

days following the effective date of this order.

This order shall become effective on the 24th day of August 1945.

Issued this 23d day of August 1945.

REYNOLDS METALS CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.158 of Maximum Price Regulation No. 188; *It is ordered:*

(a) This order establishes maximum prices for sales and deliveries of certain articles manufactured by Reynolds Metals Company of 2500 South Third Street, Louisville 1, Ky.

(1) For all sales and deliveries to the following classes of purchasers by the sellers indicated below, the maximum prices are those set forth below:

Article	Model No.	Maximum prices for sales by any seller to—				
		Reynolds Metals Co., to processor	Wholesalers (Jobbers)	Department and chain stores	Other retailers	Consumers
Kitchen stool:						
Aluminum 12" top 24" high (unassembled)	B	*Each* $2.03	*Each* $2.52	*Each* $3.04	*Each* $3.33	*Each* $5.09
Top baked enamel leg etched and lacquered (assembled)	B	2.69	2.73	3.27	3.64	5.45

These maximum prices are for the articles described in the manufacturer's application dated June 19, 1945.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. They are f. o. b. factory and subject to a cash discount of 2% for payment within 10 days, net 30 days.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement with the model number and retail prices properly filled in:

OPA Retail Ceiling Price—$------
Do Not Detach or Obliterate

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the seller shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) This order may be revoked or amended by the Price Administrator at any time.

(e) This order shall become effective on the 24th day of August 1945.

Issued this 23d day of August 1945.

OSWALD AND HESS CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

Order No. 12 under section 2 (a) (6) of Maximum Price Regulation No. 389; establishing maximum prices for sales of Thuringer in artificial casings, by Oswald and Hess Company and all wholesalers, peddler-truck-sellers and intermediate distributors.

On May 4, 1945, Oswald and Hess Company of 1550 Spring Garden Avenue, Pittsburgh, Pennsylvania, filed its amended application for the establishment of maximum prices on sales of the sausage product known as Thuringer in artificial casings, and made in accordance with the individual secret formula submitted by the applicant. That application was assigned Docket No. 6036.3-389-2 (a)-16.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in that opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum price for the sausage product known as Thuringer in artificial casings and made by Oswald and Hess Company, Pittsburgh, Pennsylvania, in accordance with its individual formula for Thuringer in sewed hog bung casings, except that artificial casings are to be used in place of sewed hog bung casings when sold by said Oswald and Hess Company, shall be $0.27 per pound, f. o. b. Pittsburgh, Pennsylvania, packed for shipment or delivery.

(b) That all discounts, reductions, and price differentials customarily made heretofore by Oswald and Hess Company in sales of its "Thuringer in sewed hog bung casings", including those made on volume sales, shall continue to be made under this order.

(c) That the maximum prices for the sausage product known as "Thuringer in artificial casings" and made by Oswald and Hess Company, when sold by sellers other than Oswald and Hess Company or other than retailers shall be determined by subtracting 5 cents per pound from such seller's maximum price for "Thuringer in sewed hog bung casings" made by Oswald and Hess Company. The remainder thereby obtained shall be the ceiling price for all such sellers.

(d) That with the first delivery of Thuringer in artificial casings to a wholesaler, peddler truck seller, or intermediate distributor Oswald and Hess Company shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling price for Thuringer in artificial casings has been established by the Office of Price Administration at $0.27 per pound, f. o. b. Pittsburgh, Pennsylvania, packed for shipment or delivery. We are required to inform you that if you are a wholesaler, a peddler truck seller or an intermediate distributor, you must figure your ceiling price for this product by subtracting 5 cents from your maximum price for Thuringer in hog bung casings made by Oswald and Hess Company. The remainder will be your ceiling price for Thuringer in artificial casings made by Oswald and Hess Company.

(e) That with the first delivery of Thuringer in artificial casings to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling price for Thuringer in artificial casings has been established by the Office of Price Administration. We are required to inform you that if you are a retailer you must figure your ceiling price for this item in accordance with the provisions of the General Maximum Price Regulation.

(f) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, shall be applicable to all sales made under this order.

All prayers of the application not herein granted are denied.

This Order No. 12 may be revoked or amended by the Price Administrator at any time.

This Order No. 12 shall become effective August 24, 1945.

NOTE: This action has the prior written approval of the Secretary of Agriculture (10 F.R. 8419).

Issued this 23d day of August 1945.

EMORY VIZKELETY, ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

Order No. 13 under section 2 (a) (6) of Maximum Price Regulation No. 389, establishing maximum prices for sales of fresh Kolbasy sausage, head cheese, and tongue and blood sausage, by Emory Vizkelety and all wholesalers, peddler-truck-sellers and intermediate distributors.

On January 2, 1945, Emory Vizkelety, 6660 West Jefferson Avenue, Detroit 17, Michigan, filed an application for the establishment of maximum prices on sales of the sausage products known as Fresh Kolbasy Sausage, Head Cheese, and Tongue and Blood Sausage, and made in accordance with the individual secret formulae submitted by the applicant. That application was assigned Docket No. 6036.3-389-2 (a)-20.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in that opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage products known as fresh kolbasy sausage, head cheese, and tongue and blood sausage, and made by Emory Vizkelety, 6660 West Jefferson Avenue, Detroit 17, Michigan, in accordance with the individual formulae submitted to the Office of Price Administration with the application for this order, shall be determined by the seller as follows:

(1) The base price for each product listed is established at the following amounts per hundredweight:

Fresh Kolbasy sausage	$34.50
Head cheese	17.50
Tongue and blood sausage	22.50

NOTE: The above price for fresh Kolbasy sausage includes packaging and boxing cost and the prices for head cheese and tongue and blood sausage include boxing costs. If fresh Kolbasy sausage is sold loose and not boxed, 75 cents per cwt. shall be deducted from the above prices. If fresh Kolbasy sausage is sold in 5 or 10 pound cartons but not boxed, or if head cheese and tongue and blood sausage are sold not boxed, 25 cents per cwt. shall be deducted from the above prices.

2. To the base prices for the products known as "Fresh Kolbasy Sausage" and "Head Cheese" should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage containing meat and meat by-products from swine only, and to the base price for the product known as "Tongue and Blood Sausage" should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage other than kosher, all-beef, and that containing meat and meat by-products from swine only. In determining the proper zone differential to be added, the zone descriptions provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the *"Permitted additions to base prices"* provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of fresh Kolbasy sausage, head cheese, or tongue and blood sausage, to a wholesaler, peddler-truck-seller, or intermediate distributor Emory Vizkelety shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for (insert name of product) have been established by the Office of Price Administration at the base price of $——— per hundredweight, to which may be added the zone differentials provided in section 12 (b) of MPR 389 (see section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of fresh Kolbasy sausage, head cheese, or tongue and blood sausage, to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for (insert name of product) have been established by the Office of Price Administration.

We are required to inform you that if you are a retailer, you must figure your ceiling price for this item in accordance with the provisions of the General Maximum Price Regulation.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, shall be applicable to all sales made under this order.

(e) All prayers of the application not herein granted are denied.

(f) This Order No. 13 may be revoked or amended by the Price Administrator at any time.

This Order No. 13 shall become effective August 24, 1945.

NOTE: This action has the prior written approval of the Secretary of Agriculture (10 F.R. 8419).

Issued this 23d day of August 1945.

NOTE: If sold not boxed $0.50 per cwt. must be deducted from the above prices.

(2) To the base prices for the products known as souse and head cheese should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage containing meat and meat by-products from swine only; and to the base prices for all other products listed herein should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage other than kosher, all beef, and that containing meat and meat by-products from swine only. In determining the proper zone differential to be added, the zone descriptions provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of cooked salami, jelly tongue loaf, souse, blood and tongue sausage, goose liver style sausage, or head cheese, to a wholesaler, peddler truck seller, or intermediate distributor Evans Packing Company shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for (insert name of product) have been established by the Office of Price Administration at the base price of $_____ per hundredweight, to which may be added the zone differentials provided in section 12 (b) of MPR 289 (see section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of cooked salami, jelly tongue loaf, souse, blood and tongue sausage, goose liver style sausage or head cheese, to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for (insert name of product) have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling price for this item in accordance with the provisions of the General Maximum Price Regulation.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of sections 6, and the definitions of section 13, in addition to the pricing provisions of paragraph (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of the application not herein granted are denied.

(f) This order No. 14 may be revoked or amended by the Price Administrator at any time.

This order No. 14 shall become effective August 24, 1945.

WM. SCHLUDERBERG-T. J. KURDLE CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

Order No. 16 under Section 2 (a) (6) of Maximum Price Regulation No. 389, establishing maximum prices for sales of Esskay imported liverwurst, goose liver style sausage (unsmoked) stuffed in artificial casings, by The Wm. Schluderberg-T. J. Kurdle Company and all wholesalers, peddler-truck-sellers and intermediate distributors.

On June 18, 1945, The Wm. Schluderberg-T. J. Kurdle Company, Post Office Box 476, Baltimore, Maryland, filed an application for the establishment of maximum prices on sales of the sausage product known as Esskay imported style liverwurst, goose liver style sausage (unsmoked) stuffed in artificial casings, and made in accordance with the individual secret formula submitted by the applicant. That application was assigned Docket No. 6036.3-389-2(a)-14.

Due consideration has been given to the application and an opinion in support of this Order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in that opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices for the sausage product known as Esskay imported style liverwurst, goose liver style sausage (unsmoked) stuffed in artificial casings, and made in accordance with its individual formula for Esskay imported style liverwurst, goose liver style sausage (unsmoked) stuffed in sewed hog bung casings, except that artificial casings are to be used in place of sewed hog bung casings, when sold by The Wm. Schluderberg-T. J. Kurdle Company, shall be $0.25¾ per pound, f. o. b. Baltimore, Maryland, packed for shipment or delivery.

(b) That all discounts, reductions and price differentials customarily made heretofore by The Wm. Schluderberg-T. J. Kurdle Company in sales of its Esskay imported style liverwurst, goose liver style sausage (unsmoked) stuffed in sewed hog bung casings, including the $0.01 per pound discount on sales to wholesalers shall continue to be mace under this order.

(c) That the maximum prices for the sausage product known as Esskay imported style liverwurst, goose liver style sausage (unsmoked) stuffed in artificial casings, when sold by sellers other than The Wm. Schluderberg-T. J. Kurdle Company or other than retailers shall be determined by subtracting 4¼ cents per pound from such seller's maximum price for Esskay imported style liverwurst, goose liver style sausage (unsmoked) stuffed in sewed hog bung casings. The remainder thereby obtained shall be the ceiling price for all such sellers.

(d) That with the first delivery of Esskay imported style liverwurst, goose liver style sausage (unsmoked) stuffed in artificial casings, to a wholesaler, peddler truck seller, or intermediate distributor The Wm. Schluderberg-T. J. Kurdle Company shall supply each such seller with a written notice in the following form:

DICKEY'S COUNTRY STYLE SAUSAGE CO., ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

Order No. 17 under section 2 (a) (6) of Maximum Price Regulation No. 389; establishing Maximum Prices for sales of corned beef loaf, pork tongue loaf, and spiced beef loaf, by Dickey's Country Style Sausage Company and all wholesalers, peddler-truck-sellers and intermediate distributors.

On March 23, 1945, Dickey's Country Style Sausage Company of 2918-20 Hall Street, Dallas 4, Texas, filed an application for the establishment of maximum prices on sales of the sausage products known as corned beef loaf, pork tongue loaf, and spiced beef loaf, and made in accordance with the individual secret formulae submitted by the applicant. That application was assigned Docket No. 6036.3-389-2(a)-15.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in that opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage products known as corned beef loaf, pork tongue loaf, and spiced beef loaf, and made by Dickey's Country Style Sausage Company of 2918-20 Hall Street, Dallas 4, Texas, in accordance with the individual formulae submitted to the Office of Price Administration with the application for this order, shall be determined by the seller as follows:

(1) The base price for each product listed is established at the following amounts per hundredweight:

Corned beef loaf	$27.00
Pork tongue loaf	30.50
Spiced beef loaf	29.50

NOTE: If delivered unwrapped or not boxed, $0.50 per cwt. must be deducted from the above prices. If delivered unwrapped and not boxed, $1.00 per cwt. must be deducted from the above prices.

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage containing the ingredients listed in your respective formulae. In determining the proper zone differential to be added, the zone descriptions provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of corned beef loaf, pork tongue loaf, or spiced beef loaf, to a wholesaler, peddler truck seller, or intermediate distributor Dickey's Country Style Sausage Company shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for (insert name of product) have been established by the Office of Price Administration at the base price of $_____ per hundredweight, to which may be added the zone differentials provided in section 12 (b) of MPR 389 (see section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler truck seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of Corned Beef Loaf, Pork Tongue Loaf, or Spiced Beef Loaf, to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for (insert name of product) have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling price for this item in accordance with the provisions of the General Maximum Price Regulation.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraph (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of the application not herein granted are denied.

(f) This Order No. 17 may be revoked or amended by the Price Administrator at any time.

This Order No. 17 shall become effective August 24, 1945.

NOTE: This action has prior written approval of the Secretary of Agriculture. (10 F.R. 8419)

Issued this 23d day of August 1945.

Order No. 18 under section 2 (a) (6) of Maximum Price Regulation No. 389; establishing maximum prices for sales of Italian dry salami, salami cotto (cooked), ciorisso sausage, mortadella, and Italian style sausage (salsioccie), by Louis John De Vincenzi, and other unknown persons operating a partnership under the name of Roma Sausage Factory, and all wholesalers, peddler-truck-sellers and intermediate distributors.

On October 16, 1944, Louis John De Vincenzi, and other unknown persons operating a partnership under the name of Roma Sausage Factory, 499 Pacific Avenue, San Francisco, California, filed an application for the establishment of maximum prices on sales of the sausage products known as Italian dry salami, salami cotto (cooked), ciorisso sausage, mortadella, and Italian style sausage (salsioccie), and made in accordance with the individual secret formulae submitted by the applicant. That application was assigned Docket No. 6036.3-389-2 (a)-18.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in that opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage products known as Italian dry salami, salami cotto (cooked), ciorisso sausage, mortadella, and Italian style sausage (salsioccie), by Louis John De Vincenzi, and made in accordance with the individual secret formulae submitted by the applicant. That application was assigned Docket No. 6036.3-389-2 (a)-18.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in that opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage products known as Italian dry salami, salami cotto (cooked), ciorisso sausage, mortadella, and Italian style sausage (salsioccie), and made by Louis John De Vincenzi and other unknown persons operating a part-

nership under the name of Roma Sausage Factory, 499 Pacific Avenue, San Francisco, California, in accordance with the individual formulae submitted to the Office of Price Administration with the application for this order, shall be determined by the seller as follows:

(1) The base price for each product listed is established at the following amounts per hundredweight:

Italian dry salami	$38.00
Salami cotto (cooked)	21.75
Ciorisso sausage	23.50
Mortadella	27.00
Italian style sausage (Salsioccie)	27.50

NOTE: If sold not boxed, $0.50 per cwt. shall be deducted from the above prices.

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389. In determining the proper zone differential to be added, the zone descriptions provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of Italian dry salami, salami cotto (cooked), ciorisso sausage, mortadella, or Italian style sausage (salsioccie), to a wholesaler, peddler truck seller, or intermediate distributor Louis John De Vincenzi, and other unknown persons operating a partnership under the name of Roma Sausage Factory, shall supply each such seller with a written notice in the following form:

_____
(Insert date)

ATHERTON-ADAMS MINING CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES AND PRICE CLASSIFICATIONS

For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton, for the indicated uses and shipments as set forth herein. All are in District No. 3. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipment are in cents per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coals by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.214 and all other provisions of Maximum Price Regulation No. 120.

ROL-JAQ INDUSTRIES, INC.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.158 of Maximum Price Regulation No. 188; *It is ordered:*

(a) This order establishes maximum prices for sales and deliveries of certain articles manufactured by Rol-Jaq Industries, Incorporated, 727 West Seventh Street, Los Angeles 14, Calif.

(1) For all sales and deliveries to the following classes of purchasers by the sellers indicated below, the maximum prices are those set forth below:

Article	Model	Maximum prices for sales by any seller to—				
		Wholesalers (jobbers)	Wholesalers shipping from factory	Chain and department stores	Other retailers	Consumers
Aluminum cookie sheet		*Each* $0.45	*Each* $0.51	*Each* $0.51	*Each* $0.60	*Each* $0.90
Portable barbecue	H-33	11.25	12.75	13.50	15.00	25.00
	H-69					
Orchard ladder	H-81	*Per ft.* $0.60	*Per ft.* $0.75	------	*Per ft.* $0.90	*Per ft.* $1.50

These maximum prices are for the articles described in the manufacturer's application dated July 9, 1945.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. These prices are f. o. b. factory and subject to a cash discount of 2% for payment within 10 days, net 30 days.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement with the correct retail ceiling price filled in:

OPA Retail Ceiling Price. $------
Do Not Detach.

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the seller shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) This order may be revoked or amended by the Price Administrator at any time.

(e) This order shall become effective on the 25th day of August 1945.

Issued this 24th day of August 1945.

CHESTER BOWLES,
Administrator.

THOMAS H. BENTLEY CO.

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 9 of Maximum Price Regulation No. 591; *It is ordered:*

(a) The maximum net prices, f. o. b. point of shipment, for sales by any person of the following milk coolers manufactured by the Thomas H. Bentley Company of Milwaukee, Wisconsin and as described in its application dated June 23, 1945 which is on file with the Building Materials Price Branch, Office of Price Administration, Washington 25, D. C., shall be:

	On sales to distributors	On sales to dealers	On sales to consumers
4-can milk cooler complete with ¼ hp condensing unit	$235.80	$317.25	$423.00
4-can milk cabinet have no coils or compressor	130.50	174.00	260.00

(b) On sales by the Thomas H. Bentley Company, Milwaukee, Wisconsin, the maximum net prices established in (a) above may be increased by the following amount to each class of purchaser as a charge to cover the cost of crating, when crating is actually supplied: $6.00.

(c) The maximum net prices established by this order shall be subject to discounts and allowances and the rendition of services which are at least as favorable as those which each seller extended or rendered to purchasers of the same class on comparable sales of similar commodities during March 1942.

(d) On sales by a distributor or dealer the following charges may be added to the maximum prices established in (a) above:

(1) The actual amount of freight paid to obtain delivery to his place of business. Such charges shall not exceed the lowest common carrier rates.

(2) Crating charges actually paid to his supplier but in no instances exceeding the amount noted above.

(e) Each seller of the commodities covered by this order, except on sales to consumers, shall notify each of his purchasers, in writing, at or before the issuance of the first invoice after the effective date of this order, of the maximum prices established by this order for each such seller as well as the maximum prices established for purchasers upon resale, including allowable transportation and crating charges.

(f) The Thomas H. Bentley Company shall stencil on the inside of the lid or cover of the milk coolers covered by this order the following:

OPA Maximum Retail Price, $3------

Plus freight and crating as provided in Order No. 6 under Maximum Price Regulation No. 591.

(g) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective August 24, 1945.

Issued this 23d day of August 1945.

CHESTER BOWLES,
Administrator.

[MPR 188, Order 4332]

NEW SMALL-VOLUME MANUFACTURERS

SIMPLIFIED PRICING

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.159b of Maximum Price Regulation No. 188, it is ordered:

SECTION 1. *The purpose of this order.* The principal purpose of this order is to help new small-volume manufacturers of commodities covered by Maximum Price Regulation No. 188 to get into production as rapidly as possible by providing simple rules by which they can obtain suitable ceilings. This order is also designed to help a new business which began production on or after September 1, 1944, when the War Production Board's "spot authorization" program was instituted, if it has been unable to operate profitably under maximum prices previously established under Maximum Price Regulation No. 188 in line with March 1942 prices. Instead of having to apply for an adjustment of those ceilings, any such new business may simply obtain new ceilings under this order.

This order is also intended to provide a speedy pricing method for small-volume businesses which heretofore have always been engaged exclusively in war production. However, this order is not intended to provide rules for the pricing of new products which other established businesses may now wish to produce. Restrictions have been provided to prevent evasion of this limitation. Otherwise, in the hope of obtaining relatively higher ceiling prices, some established businesses might stop producing their existing civilian lines to take advantage of this order's informal procedure which has been specially designed to meet the needs of new businesses. Established businesses which are reconverting will in most instances obtain any needed price relief through OPA's reconversion pricing program.

SEC. 2. *What this order does.* This order provides simplified rules which eligible new small volume manufacturers may use to obtain ceiling prices instead of using the Second, Third, or Fourth Pricing Methods of Maximum Price Regulation No. 188. All the other provisions of Maximum Price Regulation No. 188 continue to apply to manufacturers obtaining ceiling prices under this order. The provisions of this order may be used by any eligible manufacturer to obtain new ceiling prices to take the place of ceiling prices which had been established under Maximum Price Regulation No. 188, whether by order or otherwise, on or after September 1, 1944.

SEC. 3. *Tests of eligibility to obtain new maximum prices under this order.* To show that you are a new small-volume manufacturer, you must satisfy the tests of eligibility in paragraphs (a) and (b) of this section. (The word "you" as used in this order refers to both parent and subsidiary or affiliated companies taken as a unit.)

(a) *Tests to tell whether you are a "new" manufacturer.* You are a "new" manufacturer under this order if you are able to meet either Test 1 or Test 2 below.

Test 1. You began a new business on or after September 1, 1944.

To meet this test, your business must actually have been started as a genuinely new enterprise on or after September 1, 1944. You would not be such a new enterprise simply because you added new products to your line after that date. A new business organized after that date, however, is not a new enterprise if there was a transfer, as defined in section 5 of the General Maximum Price Regulation, to it of the assets and ceiling prices of another business which was not eligible to price under this order.

A business organized after the issuance date of this order is not a "new" business if (1) any person having a substantial interest in it has at the same time a substantial interest in another business which has manufactured civilian products on or since that date and is not itself eligible to price under this order; or (2) if a person having a substantial interest in it has had since the issuance date of this order a substantial interest in such another business. (A person shall be considered to have a "substantial interest" in a business if he has a 20 percent or greater ownership interest in the business or, in the case of the new business, if he is one of the three persons who are expected to receive the highest compensation for services rendered to that new business.)

You may not continue to sell at ceiling prices which you lawfully obtained under this order by satisfying this Test 1, if in evasion of this test, you later permit a person to obtain a substantial interest in your business who, if he had had such an interest when you obtained your ceilings, would have prevented you from satisfying this test.

Test 2. Before September 1, 1944, you were at all times engaged exclusively in the business of manufacturing products on contract or subcontract for sales to one or more United States war procurement agencies or Allied Governments.

NOTE: If you cannot satisfy this test because at some time before September 1, 1944, you had manufactured civilian products, be sure to check Supplementary Order No. 118 ("Reconversion Pricing for Small Volume Manufacturers") since you will probably be able to calculate new ceiling prices for those products under that order.

(b) *Tests to tell whether you are a "small-volume" manufacturer.* You are a "small-volume" manufacturer if you can meet both the following tests.

Test 1. Your total net sales of products made by you in the six calendar months preceding your price report (not counting sales on contracts or sub-contracts of any United States war procurement agency or of any Allied Government for war purposes) were not more than $100,000.

Test 2. Giving considerations to all relevant factors, including the facilities, manpower, and materials to be used in your civilian business, you cannot expect that your sales (not counting sales on contracts or sub-contracts of any United States war procurement agency or of any Allied Government for war purposes) will be more than $100,000 in the six calendar months following your price report under this order.

SEC. 4. *How to figure your ceiling prices.* There are two ways in which you can figure your ceiling prices under this order. These are called, for convenience the "comparability" method and the "cost" method. You may choose either of them if you do not already have a ceiling price for the article. If you do have a ceiling price, you may use only the "cost" method.

(a) *The "comparability" method.* The "comparability" method involves selecting from articles which already have ceiling prices, an article which is either exactly the same as the article you produce, or comparable to it, and proposing as your ceiling price the ceiling price of the manufacturer of that article. If the only comparable articles you can find differ substantially from yours, select the one most closely comparable and propose a price which takes its differences into account. For example, if your article has a feature which the comparable article does not have, you may add to the manufacturer's ceiling prices an amount which you consider adequate to reflect the cost of the additional feature, and propose the total as the ceiling price.

If you choose the "comparability" method, you must submit a report in duplicate on Part II of OPA Form 601–2553 to the District OPA Office for the district in which your place of business is located, giving the information required by the form. That form calls for a description of your article and the comparable article, and the ceiling price of the comparable article. If your proposed ceiling price is higher or lower than the ceiling price of the comparable article the form calls for an explanation of the differences in specifications between the two articles on which you rely to justify the proposed difference in ceiling price.

(b) *The "cost" method.* The "cost" method of fixing your ceiling price involves figuring your total cost for the article and adding to it your industry's average profit margin in a representative peacetime period. Under this method all ceiling prices not figured on the basis of at least three months production experience must be refigured at the end of the first three months of such experience. This is explained in section 7 below.

If you use this method of figuring your ceiling price, you fill in Part III of OPA Form 601–2553 giving a breakdown of your total costs on a reasonable basis, to make and sell the article (taking into account your expected volume of production) and proposing a ceiling price based on those costs plus the average peacetime profit margin for your industry. If you have been in production of the article being priced for three or more months, you must base your total cost figures on your production experience in the latest calendar month. The profit margin may be found by multiplying by two the profit factor which OPA has specified for your industry or, if none is specified, the profit factor for the industry group which includes your industry. These factors are listed in Appendix D of Supplementary Order No. 118. (This supplementary order applies to small-volume reconverting manufacturers and the pricing of reconversion commodities.) If you do not have a copy of this order, your OPA District Office will supply you with the profit factor for your industry on request.

(c) *Form and samples.* Copies of OPA Form 601–2553 and help in preparing it, can be obtained from your District OPA Office. In addition to submitting the forms you should submit a sample of your article, and, if you use the "comparability" method, of the comparable article. If it is not practicable for you to submit samples, photographs or other accurate illustrations must be submitted. If requested, samples will be returned to you.

SEC. 5. *Ceiling prices for different classes of purchasers.* Since the ceiling prices which you propose under the "comparability" method are those of another manufacturer to a particular class or classes of purchasers, your ceiling prices to each class of your purchasers must be computed by applying the same discounts, differentials and terms which he used. If those ceiling prices which you are able to obtain do not cover a class of purchaser to whom you wish to sell, you must on OPA Form 601–2553 propose a ceiling price to that class based on the discounts, differentials, or terms commonly prevailing in the industry for sales to that class of purchaser.

If you use the "cost" method, the ceiling price so computed applies to that class of your purchasers to whom you expect to sell the largest number of units of the article. Your ceiling prices to other classes of purchasers are to be based on the discounts, differentials, or terms for sales to those classes commonly prevailing in the trade. These must likewise be proposed on OPA Form 601–2553.

SEC. 6. *When you can sell at the proposed price.* Unless OPA notifies you not to do so, you may begin to sell and deliver articles at your new ceiling prices twenty days after you mail your report to OPA. However, if within the twenty-day period OPA asks you to furnish additional information, you may not begin to sell and deliver at your new ceiling prices until twenty days after the day you mail the information which OPA has requested. OPA may at any time order any of the new ceiling prices to be increased or decreased if it finds that you did not calculate them correctly or if it finds that you are not qualified to fix your ceiling price under this order.

SEC. 7. *Expiration of ceiling prices based on the "cost" method.* Every ceiling price based on the "cost" method which was not figured on the basis of at least three months actual experience in producing the article must be refigured on the basis of such experience during the third month of the article's production. In order to provide adequate time for figuring the revised ceilings, a ceiling as first reported will not expire until five months from the date on which you began production of the article. If you expect to sell the article thereafter, you must file a new application with the same OPA district office on Part III of OPA Form 601–2553 showing (1) what your actual experience showed your total costs to be during the third month of the article's production and (2) a new proposed ceiling price computed as above, using experienced costs instead of the costs you first reported. This report must be filed at least thirty days before the expiration date of your ceiling price as first reported. The rules in section 6 govern when you may begin to sell at the new proposed ceiling if it is higher than the ceiling you first reported. If OPA disapproves your ceiling price as refigured for any reason, you may continue to make sales at the price you first reported under section 4 until OPA, by order, revokes your authorization to do so or fixes a different ceiling price.

SEC. 8. *Ceiling prices for persons other than the manufacturer.* OPA may, by orders, issued pursuant to this order, fix the ceiling prices of a manufacturer, and in the same order, OPA may also fix ceiling prices for sales by persons other than the manufacturer which take the place of ceiling prices fixed by other orders or regulations for sales by such persons.

SEC. 9. *Delegation of authority.* Any Regional Administrator, and any District Director so authorized, may issue, revise, amend, or revoke orders under this order.

This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 5th day of September 1945.

Issued this 25th day of August 1945.

CHESTER BOWLES,
Administrator.

[Max. Import Price Reg., Rev. Order 95]

CERTAIN SWISS ALARM CLOCKS

APPROVAL OF MAXIMUM PRICES

Order No. 95 under the Maximum Import Price Regulation is revised and amended to read as follows:

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 21 of the Maximum Import Price Regulation, it is ordered:

(a) *Effect of this order.* This order establishes maximum prices for sales by any person of the Swiss alarm clocks listed below to the classes of purchasers specified in the quantities specified. These clocks have assorted dials which bear various brand names, and are in assorted colors. The maximum prices established by this order are applicable regardless of the name appearing on the dial. The maximum prices established by this order supersede maximum prices which any seller may have established for these clocks including prices established by letter or letter order issued under the Maximum Import Price Regulation.

(b) *Maximum prices.* The maximum prices at which sales and deliveries of the alarm clocks listed below may be made to the classes of purchaser specified are as follows:

Description	Maximum prices for sales to—

The maximum prices established for sales to wholesalers are f. o. b. the seller's city and are subject to terms of 2%, ten days, net thirty days. The maximum prices established for sales to retailers are f. o. b. the seller's city and are subject to terms of 2%, thirty days. The maximum retail prices established by this order are exclusive of the 20% Federal excise tax.

(c) *Notification.* Any person who sells the Swiss alarm clocks covered by this order to a purchaser for resale shall, at or prior to the time of the first invoice to that purchaser, notify the purchaser of the maximum prices established by this order for sales to retailers and at retail. This notice may be given in any convenient form.

(d) *Tagging.* Before being offered for sale to the ultimate consumer each clock shall have securely attached to it a tag or label setting forth the style number and its maximum retail price as established by this order. This tag or label may not be removed until the clock is sold to an ultimate consumer.

(e) This order may be revoked or amended by the Price Administrator at any time.

This revised order shall become effective September 1, 1945.

Issued this 27th day of August 1945.

[Region IV Rev. Order G-12 Under RMPR 122]

SOLID FUELS IN AUGUSTA, GA., AREA

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator, Region IV, Office of Price Administration, by § 1340.260 of Revised Maximum Price Regulation No. 122, it is hereby ordered:

(a) *What this order does.* This adopting order establishes dollars-and-cents ceiling prices for specified solid fuels when sold and delivered by dealers in the area set out herein. These fuels are described and the maximum prices are set forth in paragraph (e) hereof.

(b) *Area covered.* This order covers all sales of specified fuels when sold and delivered within the corporate limits of the City of Augusta, Georgia and the area lying within twenty miles thereof by the most direct highway route.

(c) *Applicability of Basic Order No. G-37.* All the provisions of Order No. G-37 under Revised Maximum Price Regulation No. 122—Basic Order for Area Pricing of Coal in Region IV, issued April 4, 1945 by the Atlanta Regional Office, Region IV, Office of Price Administration are adopted in this order and are just as much a part of this order as if printed herein. If said Order No. G-37 is amended in any respect all the provisions of said order, as amended, shall likewise, without other action, be a part of this order. All persons subject to this adopting order are also subject to and should read and be familiar with the provisions of said Order No. G-37.

(d) *Relationship between this order and previous orders.* This order supersedes Order No. G-12 under Revised Maximum Price Regulation No. 122 and all supplementary orders thereunder, previously issued by this office, and as a result, said Order No. G-12 and said supplementary orders thereunder are hereby revoked as of the effective date of this order.

(e) *Maximum prices.* Maximum prices established by this order are as follows for sales on a "direct delivery or domestic" basis:

(1) *High volatile bituminous coal from District No. 8.*

Size	Per ton, 2,000 lbs.	Per ½ ton, 1,000 lbs.	Per ¼ ton, 500 lbs.
Lump, chunk, or block	$10.05	$5.28	$2.76
Egg	10.05	5.28	2.76
Stoker	10.00	5.25	2.87
Slack	6.95	3.73	2.12

(f) *Maximum authorized service charges and required deductions*—(1) *Carry from curb.* If the buyer requests such service, the dealer may charge not more than 50¢ per ton therefor.

(2) *Sacked coal.* For coal in sacks, the dealer may charge not more than 51¢ for 75 pounds at the yard, and 61¢ for 75 pounds if the dealer makes delivery.

(3) *Yard sales.* When the buyer picks up coal at the dealer's yard, the dealer must reduce the domestic price 50¢ per ton.

(4) *Treated coals.* If the dealer's supplier has subjected the coal to oil or calcium chloride treatment to allay dust or to prevent freezing, and makes a charge therefor, the dealer selling such coal may add to the applicable maximum price set by this order the amount of such charge, not to exceed 10¢ per net ton. The invoice, sales slip, or receipt shall clearly show that the coal has been so treated but it is not necessary that this charge be separately stated thereon.

(5) *Quantity discounts.* On sales of from 20 to 30, inclusive, tons to a single purchaser in a single order, the dealer must reduce his domestic price at least 25¢ per ton. On sales of more than 30 tons to a single purchaser in a single order, the dealer must reduce his domestic price at least 50¢ per ton.

(6) *Credit.* The maximum prices herein are net for cash. A dealer may make an additional charge for the extension of credit of not more than 50¢ per ton.

(7) *Delivery zone.* For deliveries beyond the corporate limits of Augusta, Georgia, and within twenty miles thereof, the dealer may make an additional charge of not more than 10¢ per mile per ton for each mile beyond the corporate limits of such city, with a minimum charge of 50¢ per ton for each such delivery, said mileage to be determined by the actual highway mileage from the city limits to the point of delivery by the most direct highway route.

Effective date. This order shall become effective April 27, 1945.

[Region IV 2d Rev. Order G-18 Under RMPR 122]

SOLID FUELS IN COBB AND CHEROKEE COUNTIES, GA.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator, Region IV, Office of Price Administration, by § 1340.260 of Revised Maximum Price Regulation No. 122, it is hereby ordered:

(a) *What this order does.* This adopting order establishes dollars-and-cents ceiling prices for specified solid fuels when sold and delivered by dealers in the area set out herein. These fuels are described and the maximum prices are set forth in paragraph (e) hereof.

(b) *Area covered.* This order covers all sales of specified solid fuels when sold and delivered within the Counties of Cobb and Cherokee, in the State of Georgia.

(c) *Applicability of Basic Order No. G-37.* All the provisions of Order No. G-37 under Revised Maximum Price Regulation No. 122—Basic Order for Area Pricing of Coal in Region IV, issued April 4, 1945 by the Atlanta Regional Office, Region IV, Office of Price Administration are adopted in this order and are just as much a part of this order as if printed herein. If said Order No. G-37 is amended in any respect all the provisions of such order, as amended, shall likewise, without other action, be a part of this order. All persons subject to this adopting order are also subject to and should read and be familiar with the provisions of said Order No. G-37.

(d) *Relationship between this order and previous orders.* This Second Revised Order No. G-18 supersedes Revised Order No. G-18 under Revised Maximum Price Regulation No. 122 and Amendments 1 and 2 thereto and Supplementary Order No. 1 thereunder, and as a result, said order, amendments, and supplementary order are hereby revoked as of the effective date of this order. This Second Revised Order is issued as an adopting order pursuant to the provisions of Order No. G-37 under Revised Maximum Price Regulation No. 122, and since the additions permitted by Supplementary Order No. 1 under said Order No. G-37 are incorporated in the price list contained herein, said Supplementary Order No. 1 under said Order No. G-37 shall not be applicable to this Second Revised Order No. G-18.

(e) *Maximum prices.* Maximum prices established by this order are as follows for sales on a "direct delivery or domestic" basis:

(1) *High volatile bituminous coal from District No. 8.*

Size	Per ton 2,000 lbs.	Per ½ ton 1,000 lbs.	Per ¼ ton 500 lbs.
Block, 6" or 8" (size group No. 1), in price classification M	$9.58	$5.03	$2.60

Run-of-mine (for domestic use)	8.99	4.70	2.48

(f) *Maximum authorized service charges and required deductions*—(1) *Carry or wheel service.* If a buyer requests such service, the dealer may charge not more than 50¢ per ton therefor.

(2) *Yard sales.* When the buyer picks up the solid fuel covered by this order at the dealer's yard, the dealer must reduce the domestic price at least 50¢ per ton.

(3) *Sacked coal.* A dealer may not charge more than 51¢ per 100 lb. sack of egg coal at the yard, or delivered, sack not included.

(4) *Delivery zone.* No additions may be made for deliveries within the corporate limits of the city or town in which the dealer's yard is located. For deliveries made beyond such corporate limits, the dealer may add not more than 10¢ per ton per mile and may impose a minimum charge of not more than 50¢ for each such delivery. Such delivery charge, if added, must be stated separately from all other charges on the invoice.

(5) *Treated coals.* If the dealer's supplier has subjected the coal to oil or calcium chloride treatment to allay dust or to prevent freezing, and makes a charge therefor, the dealer selling such coal may add to the applicable maximum price set by this order the amount of such charge, not to exceed 10¢ per net ton. The invoice, sales slip, or receipt shall clearly show that the coal has been so treated, but it is not necessary that this charge be separately stated thereon.

(6) *Credit.* No additional charge over the prices listed in this order may be made for the extension of credit.

Effective date. This order shall become effective June 9, 1945.

Issued: June 4, 1945.

[Region VI Order G-23 Under RMPR 122]

SOLID FUELS IN CHICAGO REGION

Pursuant to the authority vested in the Regional Administrator of Region VI by § 1340.260 of Revised Maximum Price Regulation No. 122, as amended, and for reasons stated in an opinion issued herewith, it is ordered:

(a) *What this order does.* This order adjusts the maximum prices for the sale of solid fuels, except anthracite or miscellaneous solid fuels as defined in Maximum Price Regulation No. 121, of all dealers whose coal is obtained by all rail or truck transportation from mines and whose maximum prices for the sale of such solid fuels are now established under area pricing orders of Region VI of the Office of Price Administration.

(b) *Geographical applicability.* This order applies to all sales in which the buyer receives physical delivery within the areas covered by each area pricing order in Region VI, which includes the States of Illinois, Iowa, Minnesota, Nebraska, North Dakota, South Dakota, Wisconsin, and Lake County, Indiana.

(c) *Exclusions.* This order shall not apply to sales by dealers of solid fuels obtained from dock facilities, or to anthracite or miscellaneous solid fuels as defined in Maximum Price Regulation No. 121, as amended.

(d) *Price adjustments.* On solid fuels obtained from mines by all rail or truck transportation the sale of which is governed by maximum prices established by Region VI Orders G-1 to G-16 under Revised Maximum Price Regulation No. 122 inclusive, and appendices thereto, and any other Region VI area pricing orders issued under that regulation dealers are herby permitted to increase the maximum prices in accordance with the schedule below. The amount which may be added is determined by the Production District from which the solid fuel is derived, and by the type of mine operation by means of which it is produced.

Additions may only be made in the amount specified for the particular Production Districts listed. No addition may be made on coal produced in Production Districts not specifically listed herein. Dealers covered by Revised Order No. G-15, Quad Cities Area, which became effective on August 3, 1945, may apply the following adjustments immediately to the prices set forth in the area order. Dealers covered by Revised Order No. G-13, La Crosse, Wisconsin, area, which becomes effective on August 8, 1945, may apply (the following adjustments until August 8, 1945 to their prices as established under Order No. G-13 in effect prior to August 8, 1945, and on and after August 8, 1945, such dealers may apply the following adjustments to the prices set forth in Revised Order No. G-13 as it becomes effective on August 8, 1945.

Production District No. 1: 10¢ per ton on deep mines and prepared strip mines only.
Production District No. 2: 6¢ per ton on deep mines and prepared strip mines only.
Production District No. 3: 5¢ per ton on mine run only, 10¢ per ton on all other sizes.
Production District No. 6: 4¢ per ton all mines.
Production District No. 7: 4¢ per ton all mines.
Production District No. 10: 1¢ per ton on deep machine mines in size group Nos. 1 through 8 including lump, egg, nut, stove and mine run; 6¢ per ton on deep machine mines in size group Nos. 9–29, including chestnut, pea, stoker, screenings, carbon and dust; 5¢ per ton for strip mine coal size group Nos. 1 through 8, including lump, egg, nut, stove, and mine run; 10¢ per ton for strip mine coal in size group Nos. 9 through 29, including chestnut, pea, stoker, screenings, carbon and dust.

[Syracuse Order 2 Under RMPR 259]

CONTAINERS AND CASES OF DOMESTIC MALT BEVERAGES IN SYRACUSE, N. Y. DISTRICT

For the reasons set forth in the accompanying opinion, it is hereby ordered:

SECTION 1. *What this order does.* In accordance with the provisions of section 5.2 (c) of Revised Maximum Price Regulation No. 259 this order establishes uniform maximum deposit charges which may be imposed by wholesalers and retailers for cases and containers in connection with sales of domestic malt beverages in bottles or cases, but not to brewers whether or not required to price as wholesalers under section 2.2 (d) of such regulation.

SEC. 2. *Where this order applies.* The provisions of this order apply to all wholesalers and retailers located within Wayne and Ontario Counties, in the State of New York.

SEC. 3. *Applicability.* No wholesaler or retailer located within the area where this order is applicable may require a deposit from purchasers in excess of the sum permitted by this order.

SEC. 4. *Deposit charges established by this order.* The maximum deposit charges for all sellers to which this order is applicable are as follows:

(a) Bottles of 16 oz. or less capacity: 2¢ per bottle.
(b) Bottles of more than 16 oz. but not more than 32 oz. capacity: 5¢ per bottle.
(c) Bottles of more than 32 oz. but not more than 64 oz. capacity: 10¢ per bottle.
(d) Wooden, steel, fiber, corrugated carton, or other empty cases or containers constructed to contain 24 bottles of 16 oz. or less capacity: 27¢ per case:
12 bottles of 16 oz. or more than 32 oz. capacity: 15¢ per case.
6 bottles of more than 32 oz. and not more than 64 oz. capacity: 15¢ per case.

SEC. 5. *Definitions.* Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942, as amended, and in Revised Maximum Price Regulation No. 259, as amended, shall apply to the terms used herein.

This order shall become effective August 4, 1945.

Issued this 31st day of July 1945.

[Jackson Order G-1 Under RMPR 285]

BANANAS IN JACKSON, MISS., DISTRICT

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the District Director of the Jackson (Mississippi) District, Region IV, of the Office of Price Administration by section 5 (a) (1) of Revised Maximum Price Regulation 285, as amended, and Regional Delegation Order 66, it is hereby ordered:

SECTION 1. *Inbound delivery cost.* Any sub-jobber, whose place of business is located within the Jackson (Mississippi) District, may add to his maximum prices established for processed bananas under section 4 of Revised Maximum Price Regulation 285, the amount paid by him at the lowest rate for available transportation for the delivery of processed bananas from his supplier's place of business to the sub-jobber's place of business, but not including any local hauling.

SEC. 2. *Maximum charges for delivery by sub-jobbers beyond the free delivery zone.* Any sub-jobber, whose place of business is located in the Jackson (Mississippi) District, may add to his maximum prices determined under section 4 of Revised Maximum Price Regulation

285, as amended, an amount not exceeding 35¢ per cwt for delivery to a retailer or institutional user located outside of his free delivery zone as defined in section 3 of this order.

SEC. 3. *Definitions.* (a) "Sub-jobber" means a person other than an importer who buys processed bananas and resells them to persons other than ultimate consumers.

(b) "Processed bananas" means fresh bananas that have been unloaded into and actually stored in rooms or buildings specially equipped for artificially ripening bananas and that are treated by controlled heating, refrigeration, humidification or other means customarily used to ripen bananas artificially.

(c) "Delivery to a retailer or institutional user" means delivery to the buyer's premises, and in the case of a retailer, delivery to the retail store where sales to ultimate consumers are to be made. "Institutional user" includes government procurement agencies, hotels and restaurants.

(d) "Retailer" means a person, the larger volume of whose food business is the purchase and resale of food products, without materially changing their form, to ultimate consumers.

(e) "Free delivery zone" for any sub-jobber selling bananas to retailers or institutional users shall mean all of the territory within the limits of the city or town in which the established place of business of such sub-jobber is located.

SEC. 4. *Geographical applicability.* This order shall apply only to sub-jobbers whose places of business are located within the Jackson (Mississippi) District, which comprises the entire State of Mississippi.

[Region I Order G-70 Under RMPR 122, Amdt. 60]

SOLID FUELS IN BOSTON REGION

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by § 1340.260 of Revised Maximum Price Regulation No. 122 and the Emergency Price Control Act of 1942, as amended, subparagraph (19) containing Appendix 19 is hereby added to paragraph (o) of Region I Order No. G-70 under Revised Maximum Price Regulation No. 122 to read as follows:

(19) *Appendix 19; specified solid fuels; Conway, New Hampshire*—(a) *Maximum prices established by this Appendix 19.* This Appendix 19 establishes specific maximum prices for sales of Pennsylvania Anthracite and New England Coke in the Conway, New Hampshire Area by dealers, and for specified services rendered by dealers in connection with the sale or handling of said solid fuels. Price Schedule I contains prices for sales on a delivered basis and Price Schedule II contains prices for yard sales to consumers and dealers. The Conway New Hampshire Area includes the following towns or townships in the State of New Hampshire: Albany, Alton, Bartlett, Chatham, Conway, Eaton, Effingham, Freedom, Jackson, Madison, Moultonborough, Ossipee, Sandwich, Tamworth, Tuftonboro and Wolfeboro.

(b) *Price Schedule I; Sales on a delivered basis.* (1) Base maximum prices for sales on a "direct delivery" basis to consumers at any point in the Conway, New Hampshire Area.

Kind and size	Per net ton	Per ½ ton	Per ¼ ton	Per 100 lbs.
Pennsylvania anthracite:				
Broken, egg, stove and chestnut	$17.35	$8.95	$4.75	$1.00
Buckwheat	12.95	6.75	3.65	.80
Rice	11.50	6.00	3.25	.75
New England coke: Egg, stove and chestnut	15.65	8.10	4.30	.95

(2) *Prices for specified localities.* The following amounts may be added to the above prices when deliveries are made in:

Location:	Amount
Bartlett	[1] $0.75
Jackson	.75
Center Conway (fire precinct)	[2] .25
Redstone (part of Conway)	[2] .25
Eaton	[2] .50
Moultonborough	[2] .50
North Conway (fire precinct)	[2] .50
Ossipee	[2] .50
Tuftonboro	[2] .50
Albany	[2] .75
Effingham	[2] 1.00
Freedom	[2] 1.00
Madison	[2] 1.00
Sandwich	[2] 1.00
Tamworth (except Wonalancet)	[2] 1.00
Chatham	[2] 2.00
Wonalancet (part of Tamworth)	[2] 2.00

[1] By dealers whether located in these towns, or elsewhere.
[2] By dealers located out of town.

(3) *Maximum authorized service and deposit charges.* (i) The maximum prices per 100 pounds include carrying or wheeling to consumer's bin or storage space. If the buyer requests such service of him, the dealer may make the following charges for carrying or wheeling of quarter-ton and larger quantities to the consumer's bin or storage space:

	Per net ton	½ ton	¼ ton
For any carry or wheel from a "direct delivery" point, exclusive of charges for carries up or down flights of stairs	$0.70	$0.25	$0.15
For carries up or down flights of stairs, per flight	.50	.25	.15

(ii) If the buyer requests that fuel delivered in burlap bags furnished by the dealer be left in the bags, the maximum amount which may be required by the dealer as a deposit on, or as predetermined liquidated damages for failure to return, the bags shall be 25 cents per bag.

(c) *Price Schedule II; Yard sales to consumers or dealers.* (1) Maximum prices for sales at the yard of any dealer in the Conway, New Hampshire Area to consumers or dealers:

Kind and size	Per net ton	Per ½ ton	Per ¼ ton	Per 100 lbs.
Pennsylvania anthracite:				
Broken, egg, stove and chestnut	$10.35	$8.45	$4.70	$0.90
Buckwheat	11.05	6.25	3.50	.70
Rice	10.50	5.50	3.00	.65
New England coke: Egg, stove and chestnut	14.65	7.60	4.05	.85

(2) *Maximum authorized bagging and deposit charges.* (i) The maximum prices per 100 pounds are for 100 pounds bagged, but do not include the bag. If the buyer requests such service of him, the dealer may make the following charges for bagging quarter-ton and larger quantities in 100 pound bags, exclusive of any deposit charges on bags furnished by the dealer:

	Cents
Per net ton	50
Per half-ton	25
Per quarter-ton	15

(ii) The maximum amount which may be required by the dealer as a deposit on, or as predetermined liquidated damages for failure to return, burlap bags furnished by the dealer shall be 25 cents per bag.

(d) *Terms of sale.* Terms of sale for sales under paragraphs (b) and (c) of above may be net cash. A charge not exceeding 50¢ per ton, or 25¢ per half-ton, or 15¢ per quarter-ton, may be made for extension of credit for more than ten days from delivery, otherwise, no additional charge may be made for the extension of credit.

This amendment No. 60 shall become effective August 6, 1945.

Issued this 2d day of August 1945.

[Region I Order G-73 Under RMPR 122]

SOLID FUELS IN BOSTON REGION

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by §§ 1340.259 (a) (1) and 1340.260 of Revised Maximum Price Regulation No. 122, as amended, it is ordered:

(a) *Who may take the increases provided by this order.* Dealers making sales of Pennsylvania Anthracite in areas where specific prices have been established for such coal by Region I Area Price Orders under § 1340.260 of Revised Maximum Price Regulation No. 122, and who handle the higher priced anthracites specified in Appendix A have one of two options:

(1) They may automatically redetermine their maximum prices for such higher priced anthracite on a current basis subject to the conditions outlined in paragraph (b) hereunder; or

(2) They may apply under paragraph (c) for permission to increase their prices for all sales of Pennsylvania Anthracite (with certain permitted exceptions) for a one month period based on their receipts for designated higher cost anthracite during the previous calendar month.

Dealers who are not subject to Area Price Orders may, if they wish, also apply under paragraph (c) if they do not wish to separately determine their maximum prices for each higher priced anthracite under the provisions of Revised Maximum Price Regulation No. 122.

(b) *Automatic pricing provision for dealers governed by area price orders*—(1) *Filing statement of election to price under paragraph (b).* No dealer subject to a Region I Area Price Order under § 1340.260 of Revised Maximum Price Regulation No. 122 may, on or after September 1, 1945, continue to sell or deliver at the increased prices allowed by this paragraph (b) unless he has filed with the Regional Office of the Office of Price Administration, 55 Tremont Street, Boston, Massachusetts, a statement that he elects to price under the automatic pricing provisions of this paragraph (b), subject to the conditions and limitations of subparagraph (3) hereunder. A dealer who has filed an election to price under this paragraph (b) shall continue to price under paragraph (b) until he applies to the Boston Regional Office and obtains permission to price under paragraph (c) hereof. Dealers who elect to price under paragraph (b) of this order may not, at the same time, seek or obtain an increase under paragraph (c).

(2) *Determination of automatic increases.* Subject to the conditions and limitations set out below, dealers subject to Region I Area Price Orders who sell anthracite specified in Appendix A and who have filed the required statement of election to price under paragraph (b), may (subject to the exceptions set forth in subparagraph (4) hereof), add to the maximum per net ton price for a particular size of standard Pennsylvania Anthracite as set forth in the appropriate Area Order, an amount not to exceed the amount specified in Appendix A, for the same size of the particular higher priced anthracite which he is selling.

(3) *Conditions and limitations.* To be eligible for the increases authorized by this paragraph (b), the dealer must keep each kind of anthracite specified in Appendix A, which he may sell under the provisions of this paragraph, separate in storage and delivery from any other kind of solid fuel, and sell and invoice it under the name therein designated.

(4) *Exceptions as to amount of addition.* If the maximum price for a higher-priced Anthracite established under an area order exceeds the sum of the mine price with freight for said coal plus said dealer's margin on standard Pennsylvania Anthracite, then said dealer may continue to use such price.

(c) *Alternative pricing provision; application for a price.* Dealers making sales of the higher priced anthracites

specified in Appendix A who do not elect to price under paragraph (b) or, in the case of a dealer not subject to an area price order, under Revised Maximum Price Regulation No. 122 itself, and who prefer to mix such anthracites together and also with standard Pennsylvania Anthracite, may apply to the Boston Regional Office of the Office of Price Administration for determination of their maximum prices for all such anthracite sales to compensate for the increased cost of the higher-priced anthracite; *Provided, however,* That a dealer may nevertheless store and deliver separately (i. e., keep out of such mixture), and sell at the appropriate maximum price, any or all of the Premium Anthracites listed in Appendix A, or, in areas governed by area price orders, any named Pennsylvania Anthracite for which the maximum price in the area order reflects a differential over the price for standard Pennsylvania Anthracite greater than the differential between the respective mine prices. An application may be filed between the first and tenth day of each month based upon the proportions of anthracite having different mine costs received during the previous calendar month and should request a determination of price for a one-month period. An application may be filed only if the dealer did not take automatic increases during the previous calendar month pursuant to paragraph (b) hereof. Such application shall be in writing and set forth the following:

(i) Tonnage by sizes, of all anthracite received by the dealer during the previous calendar month and mixed together.

(ii) Tonage by sizes, and mine price (together with producer's name) of each anthracite specified in Appendix A received during the previous calendar month and mixed.

(iii) A statement declaring that the applicant did not segregate any higher cost anthracite (except as specifically permitted above) during the previous calendar month and avail himself of the automatic increases under paragraph (b) hereof; with a separate statement as to any higher cost anthracites which were properly separately handled.

(iv) Any other pertinent information the Regional Administrator may request. The Regional Administrator will either grant or deny the application, in whole or in part, on the basis of the weighted average increase in supplier's maximum prices for anthracite based on dealer's total anthracite receipts during the previous calendar month, as compared with supplier's maximum prices established by § 1340.200 (a) (1) of Maximum Price Regulation No. 112. The order may incorporate appropriate provisions for recalculation of the permitted increase based upon changing mine costs.

(d) *Records.* Every dealer making sales of solid fuels subject to this order shall preserve, keep, and make available for examination by the Office of Price Administration complete and accurate records of the quantities of the specified anthracite purchased and sold hereunder, and a record of every sale of such fuel with respect to which an automatic increase was added under paragraph (b), showing the date of sale, the quantity sold, the name and address of the buyer (if known), the per net ton price charged, and the solid fuel sold. The solid fuel shall be identified in the manner in which it is described in this order.

(e) *Invoices, sales slips, receipts.* When a price higher than the ceiling price for standard Pennsylvania Anthracite is charged by a dealer pursuant to paragraph (b) of this order (automatic increase provision), or pursuant to an order issued under paragraph (c) of this order (special authorization by Office of Price Administration Regional Office Order), the invoice, sales slip, or reecipt required to be given in connection with sales of solid fuels shall: (1) designate the higher priced anthracite sold under paragraph (b), as described in Appendix A, (e. g. "Jermyn Green" coal, etc.) and (2) if the anthracite is sold under paragraph (b) or (c), carry the following statement: "Above price authorized by OPA Region I Order No. G-73."

(f) *Definitions and explanations.* When used in this Regional Order G-73, the term:

(1) "Standard anthracite" shall mean anthracite priced at the mine under § 1340.200 (a) (1) of Maximum Price Regulation #112 and, in the case of Area Orders coal subject to schedules of prices headed "Pennsylvania Anthracite."

(2) "Higher priced anthracite" shall mean anthracite that fully satisfies the description of the anthracite specified in Appendix A, as to the producer, source, preparation (breaker, etc.), and brand or trade name under which it is marketed, etc., where any or all of these elements are part of the description of the anthracite there specified.

(3) "Premium anthracite" shall mean the anthracite specified by letters in Appendix A hereof, and which are priced at the mine under § 1340.200 (a) (2) of Maximum Price Regulation No. 112.

(4) "Named anthracite" shall mean the anthracite specified by numbers in Appendix A hereof.

(5) "Broken," "egg," "stove," etc. sizes of Pennsylvania Anthracite refer, except in the case of deliveries in the State of Rhode Island, and except in the case of deliveries in the Commonwealth of Masachusetts of broken, egg, stove, chestnut and pea sizes, to the sizes of such coal prepared at the mines in accordance with standard sizing specifications adopted by the Anthracite Emergency Committee, effective December 15, 1941.

In the case of deliveries in the State of Rhode Island, said size designations refer to the legal standard sizes for United States anthracite offered for sale in the State of Rhode Island, effective January 9, 1940, as established by the Director of Labor pursuant to Chapter 367 of the Rhode Island General Laws, 1938, as amended by Chapter 733 of the Rhode Island Public Laws of 1939.

In the case of deliveries of broken, egg, stove, chestnut and pea sizes in the Commonwealth of Massachusetts, the reference is to the legal standard sizes for anthracite offered for sale in the Commonwealth of Massachusetts, effective December 1, 1941, as established by the Director of Standards of the Department of Labor and Industries of the Commonwealth of Massachusetts pursuant to General Laws (Ter. Ed.) Chapter 94, section 239A (Chapter 382, Acts of 1926).

(6) Except as otherwise provided herein, or as the context may otherwise require, the definitions set forth in §§ 1340.255 and 1340.266 of Revised Maximum Price Regulation No. 122 shall apply to terms used herein.

(g) *Right of amendment or revocation.* The Regional Administrator or the Price Administrator may amend, revoke, or rescind this Order No. G-73, or any provision thereof, at any time.

This Order No. G-73 shall become effective August 6, 1945.

Issued this 4th day of August 1945.

CONTAINERS AND CASES OF DOMESTIC MALT BEVERAGES IN SPRINGFIELD, ILL., DISTRICT

For the reasons set forth in the accompanying opinion it is hereby ordered:

SECTION 1. *What this order does.* In accordance with the provisions of section 5.2 (c) of Revised Maximum Price Regulation 259, as amended, this order establishes uniform maximum deposit charges for containers and cases which a wholesaler or retailer may require a purchaser to furnish in connection with sales of domestic malt beverages in bottles and bottle cases.

SEC. 2. *Where this order applies.* The provisions of this order apply to all wholesalers and retailers authorized by State law located within the Springfield District.

SEC. 3. *Applicability.* No wholesaler or retailer may require a purchaser to furnish a deposit to insure return of containers or cases in excess of the uniform maximum deposit charges established by this order.

SEC. 4. *Uniform maximum deposit charges established by this order.* The maximum deposit charges for all wholesalers and retailers subject to this order are as follows:

	Cases	Cases and containers	Containers
Wood	$0.52	$1.00	12 oz. or less, 2 cents per bottle.
Fiber or paper	.12	.60	Over 12 oz., 4 cents per bottle.

SEC. 5. *Definition.* Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942, as amended, and in Revised Maximum Price Regulation 259, as amended shall apply to the terms used herein.

This order shall become effective August 15, 1945.

Issued this 28th day of July 1945.

CARTER JENKINS,
District Director.

[Boise Special Order 1 Under Gen. Order 50]

MALT BEVERAGES IN BOISE, IDAHO, DISTRICT

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the District Director of the Boise, Idaho District Office of Region VII of the Office of Price Administration by General Order No. 50 issued by the Administrator of the Office of Price Administration, section 25 (c) of Restaurant Maximum Price Regulation 2, as amended, and Order 2 of Restaurant Maximum Price Regulation 2, it is hereby ordered:

SECTION 1. *What this order does.* If you are a person covered by the above orders and regulation and operate an eating or drinking establishment as defined by section 19 of Restaurant Maximum Price Regulation 2, as amended, and as explained in the next section, you must, notwithstanding the provisions of any other order or regulation, observe the ceiling prices established by this special order for malt beverages and keep records and post prices as subsequently specified.

SEC. 2. *Who is covered by order.* (a) You are covered by this order when:

(1) You own or operate a restaurant, hotel, cafe, cafeteria, delicatessen, soda fountain, boarding house, catering establishment, athletic stadium, field kitchen, luncheon wagon, hot dog cart, or other eating or drinking establishment which serves malt beverages to consumers for immediate consumption on the premises. Sales of malt beverages by such eating or drinking establishments for off-premise consumption shall remain subject to Revised Maximum Price Regulation 259.

(2) The eating or drinking establishment which you operate is located in any of the following counties: Ada, Adams, Bannock, Bear Lake, Bingham, Blaine, Boise, Bonneville, Butte, Camas, Canyon, Caribou, Cassia, Clark, Custer, Elmore, Franklin, Fremont, Gem, Gooding, Jefferson, Jerome, Lemhi, Lincoln, Madison, Minidoka, Oneida, Owyhee, Payette, Power, Teton, Twin Falls, Valley, and Washington in Idaho; Malheur in Oregon.

(3) You are selling malt beverages as defined in section 8 of this special order.

SEC. 3. *Exempt sales.* (a) Sales by the following eating or drinking establishments, or persons, are specifically exempt from the provisions of this special order;

(1) Hospitals, except for malt beverages served to persons other than patients if a separate charge is made therefor.

(2) Eating and drinking places operated by a school, college, university, or other educational institution or a student's fraternity or other students' organization or association primarily for the convenience or accommodation of students and faculty and not for profit as a commercial or business enterprise or undertaking.

(3) Eating and drinking places owned or operated by charitable, religious, or cultural organizations, recognized as such by the Bureau of Internal Revenue and exempt from payment of income tax by reason thereof, where no part of the net earnings inures to the benefit of any private shareholder or individual, and the net profits, if any, are devoted to religious, charitable or cultural purposes.

(4) Eating cooperatives formed by officers in the Armed Forces (as, for example, Officers' Mess) operated without profit.

(5) Bona fide clubs which file with their OPA District Office a statement setting forth that: (a) The club is a nonprofit organization and is recognized as such by the Bureau of Internal Revenue. (b) It sells malt beverages only to members and bona fide guests of members. (c) Its members pay dues of more than merely nominal amounts (the amount of dues paid by each class of members and the period covered by such dues should be indicated), and are elected to membership by a governing board, membership committee or other body. (d) It is otherwise operated as a club and not primarily as an eating or drinking establishment.

If OPA finds that the establishment does not satisfy the above requirements of a bona fide club, it will notify it in writing that it is not exempt from this regulation. No club organized after the effective date of Restaurant Maximum Price Regulation 2, as amended, shall be exempt unless and until it has filed a request for exemption with its District Office, furnishing the above information, as may be required, and has been exempted in writing by OPA.

(6) Malt beverages when sold as a separate item for consumption off the premises and not as part of a meal. Such off-premise sales shall remain subject to Revised Maximum Price Regulation 259.

SEC. 4. *Your ceiling prices.* Your ceiling prices for malt beverages are set forth below.

(b) *Malt beverages on draught.* All brands of malt beverages eight (8) fluid ounces, exclusive of foam, for ten cents (10¢).

Other quantities of any or all brands of malt beverages sold on draught, may be sold by any eating or drinking establishment to which this order applies: *Provided*, That on all sales of malt beverages on draught by such places, of less than eight (8) fluid ounces, exclusive of foam, the maximum price shall be five cents (5¢). *Provided further*, That such places may sell malt beverages on draught in excess of eight (8) fluid ounces, exclusive of foam, at a price of ten cents (10¢), plus one cent (1¢) for each additional ounce.

(c) *Unbranded beverages.* Your ceiling price for any bottled malt beverage which does not carry a brand or trade name at the time of sale shall be the lowest ceiling price established by paragraph (a) above, for the same size bottle of malt beverage.

(d) *New and unlisted brands.* Your ceiling prices for new brands of malt beverages or brands which are not listed above must be determined in advance of sale by making application to the Boise, Idaho District Office of the Office of Price Administration. This office will establish your ceiling price or prices and notify you accordingly. Your application need not be in any set form but must include your name and address; the location and type of eating and drinking place; the trade name or brand name of malt beverage for which you apply for a ceiling price; the size of the bottle or glass sold to consumers; and a description of the unit of purchase and the delivered cost per unit to you.

(e) *Addition of taxes*—(i) *Federal excise taxes.* You may not add any other tax to the maximum ceiling prices provided for in the preceding paragraphs, except as provided in subsection (ii) below. All other existing taxes have already been taken into account in establishing these prices. If new or increased taxes render the prices inequitable, appropriate action will be taken by amendment to this special order.

(ii) *"Cabaret" tax.* The tax imposed by section 1700 (e) (1), Revenue Act of 1942, as amended by the act of June 9, 1944, Chapter 240, paragraph 3, 58th Statutes, 273 (section 1650, 1700 (e)) Internal Revenue Act, commonly known as the "cabaret" tax, may be collected by the seller in addition to the maximum prices fixed by this special order, where such seller states and collects the tax separately from the price paid by the purchaser; *Provided, however*, That such tax shall be allowed only in the event such seller is not in violation of the maximum prices fixed by this special order.

(f) *Evasion.* You must not evade the ceiling prices established by this special order by any type of evasion, scheme or device. Among other things you must not:

(1) Increase any cover, minimum bread and butter service, corkage, entertainment, checkroom, parking or other special charges which you did not have in effect during the 7-day period from April 4 to April 10, 1943, or

(2) Require as a condition of sale of a malt beverage, the purchase of other items or meals, unless expressly required to do so by State or local laws.

SEC. 5. *Records and menus.* You must observe the requirements of General Order 50 and Restaurant Maximum Price Regulation 2, as amended, with reference to the filing and keeping of menus and the preservation and keeping of customery and future records. For the purposes of this special order the most important features of the record-keeping requirements of General Order 50 and Restaurant Maximum Price Regulation 2, as amended, are that you (a) preserve all your existing records relating to prices, costs and sales of food items, meals and beverages; (b) continue to prepare and maintain such records as you ordinarily kept; and (c) keep for examination by the Office of Price Administration, two of each menu used by you each day or a daily record in duplicate of the prices charged for food items, beverages and meals. If you have customarily used menus, you must continue to do so.

SEC. 6. *Posting of ceiling prices.* You are required by this special order to follow the posting requirements of Order 2, Restaurant Maximum Price Regulation 2, issued and effective March 10, 1945. Order 2, Restaurant Maximum Price Regulation 2, requires all eating and drinking establishments serving malt beverages for consumption on the premises to post their ceiling prices for these malt beverages. If you have not been furnished a copy of Order 2 to Restaurant Maximum Price Regulation 2, it will be available at your Local War Price and Rationing Board.

SEC. 7. *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, applicable to all sellers subject to this order. A seller's license may be suspended for violation of this order. No steps need be taken by the seller to procure this license. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 8. *Definitions.* "Malt beverage" for the purpose of this order means beer, ale and similar beverages.

"Offer" means offer for sale and includes the listing or posting of prices for malt beverages, even though such malt beverages so offered were not actually on hand to be sold.

SEC. 9. *Revocation and amendment.* (a) This special order may be revoked, amended or corrected at any time.

(b) You may petition for an amendment of any provision of this special order (including a petition under Supplementary Order No. 28, as amended) by proceeding in accordance with Revised Procedural Regulation No. 1, except that petitions will be filed with and acted upon by the District Director.

This amended special order shall become effective August 13, 1945.

(56 Stat. 23, 765; 57 Stat. 566; Pub. Law 383, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681; General Order 50, 8 F.R. 4808; Rest. MPR 2, 8 F.R. 8845)

NOTE: The reporting and record-keeping requirements of this special order have been approved by the Bureau of the Budget, in accordance with the Federal Reports Act of 1942.

Issued at Boise, Idaho this 8th day of August 1945.

PEOPLES LIGHT AND POWER CO. ET AL.

ORDER DIRECTING DISPOSITION OF CERTAIN INTERESTS

At a regular session of the Securities and Exchange Commission held in its office in the City of Philadelphia, Pa., on the 22d day of August, A. D. 1945.

In the matter of Peoples Light and Power Company and Subsidiary Companies, File No. 54-67; Peoples Light and Power Company, California Public Service Company, Texas Public Service Farm Company, Texas Public Service Company, and West Coast Power Company, File No. 59-64.

The Commission having instituted proceedings under sections 11 (b) (1) and 11 (b) (2) of the Public Utility Holding Company Act of 1935 with respect to Peoples Light and Power Company ("Peoples"), a registered holding company, and its subsidiaries; and said proceedings having been consolidated for the purpose of hearing with those relating to an application filed by Peoples pursuant to section 11 (e) of said Act seeking approval of a plan for effecting compliance with sections 11 (b) (1) and 11 (b) (2); and

Peoples having from time to time filed amendments to the said section 11 (e) application;

Hearings having been held in such consolidated proceedings and the Commission having approved various steps and action proposed in Peoples original plan and amendments thereto;

Peoples having filed in the consolidated proceedings an Amended Plan (dated as of November 15, 1944) under section 11 (e) designed to comply with the provisions of section 11 (b) (2) of the act; and

Public hearings having been held on the Amended Plan in the consolidated proceedings after appropriate notice, and the Commission having filed its Findings and Opinion in which the Commission finds, among other things, that the plan, if modified can be approved and also that the action hereinafter described is necessary and appropriate for the purpose of effectuating compliance with section 11 (b) (1) of the act:

It is ordered, Pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935, that Peoples shall, in any appropriate manner not in contravention of the applicable provisions of said act, or of the rules and regulations promulgated thereunder, or of this order, dispose of all its interest, direct or indirect, in the electric, water and ice properties of Texas Public Service Company located in and in the vicinity of La Grange, Texas, and in the farm business of Texas Public Service Farm Company.

It is further ordered, That Peoples shall not, directly or indirectly, sell or otherwise dispose of any securities, assets or other interest pursuant to the direction of this order unless either (1) a declaration pursuant to Rule U-43 or Rule U-44 with respect thereto shall have been permitted to become effective, if either of such rules shall be applicable; or (2) such company shall have given at least ten days' notice of the terms and conditions of such proposed sale or disposition and shall not have received notification from the Commission within said ten-day period that a declaration should be filed with respect to said proposed transaction; or (3) in the event such notification shall have been given by the Commission, the required declaration shall have been filed and permitted to become effective.

It is further ordered, That jurisdiction be, and the same hereby is, reserved for the purpose of taking such additional action as the Commission shall deem necessary or appropriate to effectuate the terms of this order and compliance by Peoples with section 11 (b) (1) of the act, to pass upon the amended plan filed under section 11 (e) of the act and any amendment which may be filed modifying such plan, and to secure compliance with section 11 (b) (2) of the act in the event the pending amended plan is not modified as indicated in the findings and opinion herein or, if so modified, is not enforced as provided in the amended plan.

By the Commission.

MONONGAHELA POWER CO. ET AL.

SUPPLEMENTAL ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 23d day of August, A. D. 1942.

In the matter of Monongahela Power Company, The West Penn Electric Company, American Water Works and Electric Company, Inc., File No. 70-1105.

Monongahela Power Company ("Monongahela") an exempt holding company and a subsidiary of American Water Works and Electric Company, Inc., ("American") having made a joint filing together with two of its parents, American and The West Penn Electric Company ("Electric"), pursuant to the Public Utility Holding Company Act of 1935 regarding, among other things, the issuance and sale, pursuant to the competitive bidding requirements of Rule U-50, of $22,000,000 principal amount of first mortgage bonds due August 1, 1975, and 90,000 shares of cumulative preferred stock, par value $100 per share, the prices to Monongahela for such securities, the interest rate on the bonds, and the dividend rate on the preferred stock to be fixed by competitive bidding;

The Commission having by order entered herein under the date of August 15, 1945 permitted the declaration, as amended, regarding the issuance and sale of the aforesaid securities to become effective subject, among other things, to the condition that the proposed issuance and sale of first mortgage bonds and cumulative preferred stock should not be consummated until the results of the competitive bidding held pursuant to Rule U-50 had been made a matter of record in this proceeding and a further order entered by this Commission in the light of the record so completed;

Monongahela having filed an amendment to its declaration setting forth the action taken to comply with the requirements of Rule U-50 and stating that pursuant to the invitation for competitive bids four separate bids and one combination bid were received as follows:

COMBINATION BID

Underwriter	Percent of principal amount or par value	Coupon rate or dividend rate	Cost to the company
W. C. Langley & Co. and The First Boston Corp.:		*Percent*	
Bonds	101.459	3	2.9265
Pfd. Stock	101.03	4.40	4.3551

SEPARATE BIDS

W. C. Langley & Co. and The First Boston Corp.:			
Bonds	101.459	3	2.9265
Pfd. Stock	100	4.50	4.50
Mellon Security Corp. and Kidder, Peabody & Co.:			
Bonds	101.61	3	2.9191
Lehman Brothers:			
Bonds	100.9263	3	2.9533
Pfd. Stock	100.0799	4.50	4.4964
Halsey, Stuart & Co., Inc.:			
Bonds	100.7999	3	2.9596

It further appearing that Monongahela has accepted the combination bid of the syndicate headed by W. C. Langley & Company and The First Boston Corporation; that the bonds are to be resold to the public at 102.5% of principal amount thereof plus accrued interest from August 1, 1945, to the date of delivery, representing a spread to the underwriters of 1.041 on said bonds; and that preferred stock is to be resold to the public at 103.5% of par value plus accrued dividends from August 1, 1945, representing a spread of 2.47 on said preferred stock;

It is ordered, That said declaration, as amended, be, and the same hereby is, permitted to become effective forthwith subject to the terms and conditions prescribed by Rule U-24 and to the following condition:

That jurisdiction be, and hereby is, continued over the payment of any and all legal fees incurred or to be incurred by Monongahela in connection with the proposed transactions.

By the Commission.

ELECTRIC POWER & LIGHT CORP.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 23d day of August, A. D. 1945.

Electric Power & Light Corporation ("Electric"), a registered holding company, which the Commission has ordered to be dissolved, having filed an amendment herein requesting that the Commission enter an order to conform to the requirements of sections 371 and 1808 of the Internal Revenue Code, as amended, reciting that the proposed use by Electric of $4,343,050, the remaining balance of the proceeds of the sale of the common stock of Idaho Power Company, for the retirement of a part of its outstanding Gold Debentures, 5% Series due 2030, is necessary and appropriate to the effectuation of section 11 (b) of the Public Utility Holding Company Act of 1935; and

The Commission deeming the proposed retirement of the outstanding debentures of Electric to be necessary and appropriate to the integration or simplification of the holding company system of which Electric is a member and necessary and appropriate to effectuate the provisions of section 11 (b) of the act, and deeming it appropriate to grant the request of Electric as to the suggested recitals;

It is hereby ordered, That the use by Electric of a portion ($4,343,050) of the proceeds of the sale of the common stock of Idaho Power Company for the retirement of a part of its publicly-held Gold Debentures, 5% Series Due 2030, is necessary and appropriate to the integration or simplification of the holding company system of which Electric is a member, and necessary and appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935.

By the Commission.

MIDDLE WEST CORP., ET AL.

ORDER RECONVENING HEARING, NOTICE OF AND ORDER FOR HEARING, AND ORDER OF CONSOLIDATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 23d day of August 1945.

In the matter of The Middle West Corporation and its subsidiary companies, respondents, File No. 59-5.

The Commission on the 24th day of January 1944 pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935 having issued an order herein requiring, among other things, that The Middle West Corporation sever its relationship with certain properties, operations and companies,

said order providing however, that the Commission would defer decision of the issues respecting the extent to which properties of Central Illinois Public Service Company, Kentucky Utilities Company and the subsidiaries thereof, all subsidiaries of The Middle West Corporation, may be retained by The Middle West Corporation pending the conclusion of reorganization proceedings of Midland United Company and its subsidiaries under section 77B of the Bankruptcy Act in which the interest of The Middle West Corporation shall have been determined; which reorganization proceeding was then pending before the District Court of the United States for the District of Delaware; and

This Commission having since approved a plan of reorganization of Midland United Company (Hugh M. Morris, Trustee of the Estate of Midland United Company, et al.—S. E. C.—(1944), Holding Company Act Release No. 5317A) as conforming to the requirements of section 11 (f) of the act and such plan having also been approved pursuant to the provisions of the Bankruptcy Act by order of the District Court of the United States for the District of Delaware (Midland United Company, Debtor, 58 Fed. Supp. 667 (1944)) and later confirmed by said court, and which matter is now pending on appeal to the United States Circuit Court of Appeals for The Third Circuit; and

It appearing that the securities to be distributed under such plan, as confirmed, have been so distributed and that pursuant thereto The Middle West Corporation has received 224,586 shares of the common stock of Public Service Company of Indiana, Inc. representing approximately 20% of such company's outstanding common stock and approximately 5% of the company's total capitalization and surplus, per books; and

The Commission having also ordered on January 24, 1944 that determination of the application of section 11 (b) (1) respecting the holding company system of Kentucky Utilities Company should be deferred and that these issues and the issues relating to the retainability of properties by The Middle West Corporation be considered together; and

It further appearing that proceedings are now pending pursuant to sections 11 (b) (2) and 15 (f) of the act with respect to Central Illinois Public Service Company (Central Illinois Public Service Company, File No. 59-37) to determine whether voting power is fairly and equitably distributed among the security holders of Central Illinois Public Service Company, and, if not, whether it is necessary or appropriate to require that Central Illinois Public Service Company shall revise and simplify its capital structure and take other steps to effect fair and equitable distribution of voting power among its security holders and to determine whether it is necessary or appropriate in the public interest or for the protection of investors or consumers to require that Central Illinois Public Service Company restate its plant and investment, surplus, capital and other accounts; and

It appearing that a hearing should be held to determine, pursuant to the provisions of section 11 (b) (1) of the act, the extent to which the interests of The Middle West Corporation in the properties of Central Illinois Public Service Company, Public Service Company of Indiana, Inc., and Kentucky Utilities Company and its subsidiaries, South Fulton Light and Power Company, Old Dominion Power Company and its subsidiary, Old Dominion Ice Corporation, and Dixie Power and Light Company may be retained by The Middle West Corporation and the extent to which Kentucky Utilities Company may retain its utility and non-utility properties; and

It appearing that a hearing should be held to determine, pursuant to the provisions of section 11 (b) (2) of the act, what steps, if any, The Middle West Corporation should be required to take (apart from what action may or may not be required to be taken pursuant to the provisions of section 11 (b) (1) of the act) in order to effect compliance with the provisions of said section; and

It appearing to the Commission that said matters with respect to the provisions of sections 11 (b) (1) and 11 (b) (2) of the act as they pertain to The Middle West Corporation are related and involve common questions of law and fact; that evidence offered in respect of each of said matters may have a bearing on the others; and that substantial savings in time, effort and expense will result if the hearings on said matters are consolidated so that they may be heard as one matter and so that evidence heretofore or hereafter adduced with respect to the proceedings under sections 11 (b) (1) and 11 (b) (2) may stand as evidence in both of said matters for all purposes:

It is ordered, That the hearings on said matters be and they hereby are consolidated. The Commission reserves the right if at any time it may appear conducive to an orderly and economic disposition of any of said matters to order a separate hearing concerning such matter, to close the record with respect to any of the matters, or to take action on any of the matters prior to the closing of the record on any other matter.

It is further ordered, That a hearing on such issues, under the applicable provisions of said act and the rules promulgated thereunder, be held on the 9th day of October 1945, at 10:30 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, in such hearing room as the hearing room clerk in Room 318 may designate.

It is further ordered, That any person desiring to be heard in connection with this proceeding, or otherwise wishing to participate therein, shall file with the Secretary of the Commission on or before October 2, 1945, his request therefor as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That Henry C. Lank, or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That particular attention shall be directed at the hearing to the following matters and questions:

(a) What steps, if any, should be required to be taken by The Middle West Corporation, Central Illinois Public Service Company, Public Service Company of Indiana, Inc., and Kentucky Utilities Company and their subsidiaries so that the operations of The Middle West Corporation and Kentucky Utilities Company will be confined to single integrated utility systems and additional systems and other businesses within the limitations of section 11 (b) (1) of the act, and without limiting the scope of the foregoing.

(1) To what extent the utility properties of Central Illinois Public Service Company, Kentucky Utilities Company and its subsidiaries, and Public Service Company of Indiana, Inc. constitute one or more single integrated utility systems within the definitions contained in section 2 (a) (29) of the act;

(2) To what extent any such integrated systems, if there be more than one single system, may be retained together in the same holding company system;

(3) To what extent the non-utility operations or businesses conducted by the respective companies named above may be retained with any one or more of such integrated utility system or systems;

(4) To what extent any of such utility systems or non-utility operations or businesses may be retained by The Middle West Corporation, directly or indirectly, pursuant to the provisions of section 11 (b) (1) and other applicable provisions of the act; and

(5) To what extent Kentucky Utilities Company may retain its utility and non-utility properties under the provisions of section 11 (b) (1).

(b) What steps, if any, should be required to be taken by The Middle West Corporation and its subsidiaries, Central Illinois Public Service Company, Public Service Company of Indiana, Inc. and Kentucky Utilities Company to ensure that the corporate structure or continued existence of any of such companies in the holding company system or systems does not unduly or unnecessarily complicate the structure, or unfairly or inequitably distribute voting power among security holders, of such holding company system or systems within the meaning of section 11 (b) (2) of the act, and without limiting the scope of the foregoing.

(1) Whether The Middle West Corporation shall cease to be a holding company with respect to Central Illinois Public Service Company and or Public Service Company of Indiana, Inc;

(2) Whether the continued existence of The Middle West Corporation should be terminated.

It is further ordered, That the Secretary of this Commission shall serve notice of the aforesaid hearing by mailing a copy of this order to The Middle West Corporation, Central Illinois Public Service Company, Public Service Company of Indiana, Inc., Kentucky Utilities Company, South Fulton Light and Power Company, Old Dominion Power Company, Old Dominion Ice Corporation and Dixie Power and Light Company by registered mail; and that notice of said hearing is hereby given to the security holders and consumers of said companies and the State municipalities and political subdivisions of States within which are located any of the utility assets of such companies or under the laws of which any of such companies are incorporated, all State commissions, State securities commissions and all agencies, authorities, judicial bodies or instrumentalities of The United States of America and of one or more States, municipalities or other political subdivisions having jurisdiction over such companies, or over any of the businesses, affairs, or operations of any of them; that such notice shall be further given by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935; and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER.

By the Commission.

THE NORTH AMERICAN CO.

NOTICE OF FILING FIFTH AMENDMENT TO DECLARATION AND APPLICATION, ORDER REOPENING PROCEEDINGS AND ORDER OF HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 24th day of August 1945.

The North American Company, a registered holding company, filed a declaration and application ("declaration") on April 24, 1945, and amendments thereto, pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 and the Rules and Regulations promulgated thereunder regarding the sale at competitive bidding of shares of common stock of Pacific Gas and Electric Company, a subsidiary company of declarant, and the application of the proceeds to the redemption by The North American Company of its outstanding Preferred Stock, 6% Series, and the modification of its Loan Agreement securing certain bank loan notes; the Commission after public hearings being held with respect to such amended declaration issued its order date May 15, 1945 (Holding Company Act Release No. 5796) approving the proposed transaction and permitting the amended declaration to become effective subject to the reservation of jurisdiction by the Commission that the proposed sale of such stock be not consummated until the results of competitive bidding, pursuant to Rule U-50, were made a matter of record and approved by order of the Commission; and the Commission being advised of the action taken to comply with the competitive bidding requirements of Rule U-50 issued its order dated May 23, 1945 (Holding Company Act Release No. 5818) denying effectiveness to such amended declaration.

Notice is hereby given that The North American Company has now filed on August 22, 1945, its fifth amendment to its declaration proposing the reoffering for sale at competitive bidding, pursuant to the provisions of Rule U-50, of said shares of common stock of Pacific Gas and Electric Company by The North American Company, the redemption of its Preferred Stock, 6% Series, and the modification of its Loan Agreement securing certain bank loan notes. All interested persons are referred to the declaration, as amended by declarant's fifth amendment, which is on file in the office of this Commission for a statement of the transactions therein proposed which may be summarized as follows:

The North American Company proposes to sell 700,000 shares of its holdings of 1,348,192 shares of common stock of Pacific Gas and Electric Company, a subsidiary of The North American Company, if market conditions are favorable, and will, in accordance with the competitive bidding requirements of Rule U-50, invite sealed written proposals for the purchase of such stock. The North American Company states that, under present conditions, it believes it can obtain the highest price for the common stock of Pacific Gas and Electric Company by means of a sale of such stock off the New York Stock Exchange.

The North American Company proposes to apply the net proceeds from the sale of the stock, together with certain other current assets, to the redemption of all of its outstanding shares of Preferred Stock, 6% Series, of the par value of $50 and aggregating 606,359 shares, at the redemption price of $55 per share or an aggregate redemption price of $33,349,745 plus accrued dividends.

In connection with the above-described transactions, The North American Company also proposes to modify its Loan Agreement dated August 3, 1943, with The Chase National Bank of the City of New York and certain other banks and the Custodian Agreement referred to in the Loan Agreement, by means of a Supplemental Agreement providing for certain waivers and consents by the holders of the bank loan notes and providing for a reallocation of the principal amounts of the bank loan notes of Series A, B, C, D, and E but without any change in the aggregate principal amount of all of such notes or in the maturities, rate of interest and other characteristics thereof.

The North American Company requests authority to stabilize the price of the common stock of Pacific Gas and Electric Company on the New York Stock Exchange, the San Francisco Stock Exchange and the Los Angeles Stock Exchange during the period commencing at 10 a. m. on the day fixed for the opening by declarant of the proposals for the purchase of the 700,000 shares of common stock of Pacific Gas and Electric Company and ending at the time of the opening of such proposals.

The Commission deeming it appropriate that the proceedings herein be reopened and hearings reconvened for the purpose of affording an opportunity to all interested parties to present evidence and to be heard in respect to the proposed transactions set forth and contained in the declaration filed herein, as amended by declarant's fifth amendment filed on August 22, 1945; and that appropriate notice thereof be given to all interested persons;

It is ordered, That the proceedings herein be reopened and the hearing be reconvened for the purpose of presentation of evidence and taking of testimony with respect to the matters presented by the declaration as amended by declarant's fifth amendment filed on August 22, 1945.

It is further ordered, That the hearing upon said matters shall be held under the applicable provisions of the Act and Rules promulgated thereunder on the 30th day of August 1945 at 10 a. m., e. w. t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated at such time by the hearing room clerk in Room 318.

It is further ordered, That any person desiring to be heard or otherwise wishing to participate in the proceedings, shall file with the Secretary of the Commission on or before August 28, 1945, his application therefor, as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That Henry C. Lank or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That the Secretary of this Commission shall serve notice of the aforesaid hearing by mailing a copy of this order to The North American Company and the Pacific Gas and Electric Company by registered mail, and that notice of said hearing be given to all other persons by publication of this order in the FEDERAL REGISTER.

It is further ordered, That without limiting the scope of the issues presented by said declaration, particular attention will be directed at said hearing to the following matters and questions:

(a) Whether the proposed sale of the common stock of Pacific Gas and Electric Company by The North American Company meets the requirements of section 12 (d) with respect to the maintenance of competitive conditions and any other applicable provisions of said section.

(b) Whether since the date of the Commission's findings, opinion and order of May 15, 1945 (Holding Company Act Release No. 5796) permitting the amended declaration to become effective subject to compliance with the requirements of Rule U-50, conditions and circumstances have changed to the extent that contrary findings are necessary or appropriate with respect to declarant's fifth amendment.

(c) Whether it is necessary to impose any terms or conditions to ensure compliance with the standards of the act.

By the Commission.

GENERAL GAS & ELECTRIC CORP. AND ASSOCIATED GAS AND ELECTRIC CORP.

ORDER APPROVING AMENDMENT TO PLAN, DIRECTING APPLICATION TO COURT, AND CORRECTING PREVIOUS ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 23d day of August 1945.

In the matter of General Gas & Electric Corporation, trustees of Associated Gas and Electric Corporation with respect to a "Plan of Divestment of Assets, Simplification of Corporate Structure and Equitable Distribution of Voting Power of General Gas & Electric Corporation", File No. 54-102; trustees of Associated Gas and Electric Corporation, File No. 54-76; General Gas & Electric Corporation, File Nos. 59-19; 54-34.

Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, a registered holding company, and General Gas & Electric Corporation, a registered holding company and a subsidiary of said Trustees, having jointly filed an application pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 for approval of a plan of divestment of assets, simplification of corporate structure, and equitable distribution of voting power of General Gas & Electric Corporation; and

Consummation of said plan having been made subject, inter alia, to the entry by a court of competent jurisdiction of an appropriate decree finding the plan fair and equitable and directing its consummation, but request by applicants to the Commission to institute such court proceedings having been withheld pending the entry of an appropriate order of the District Court of the United States for the Southern District of New York, which has jurisdiction of the reorganization proceedings of Associated Gas and Electric Corporation under the provisions of Chapter X of the Bankruptcy Act, as amended, authorizing said Trustees to join with General Gas & Electric Corporation in making such request; and

The Commission having, on July 25, 1945, entered its findings and opinion and order (Holding Company Act Release No. 5950), approving said plan and providing, inter alia, that said order shall not be operative to authorize the consummation of the transactions proposed in said plan until an appropriate United States District Court, upon application thereto, has entered an order enforcing its terms and provisions; and

It appearing that the United States District Court for the Southern District of New York having, on August 9, 1945, entered an appropriate order authorizing said Trustees to join with General Gas & Electric Corporation in requesting the Commission to apply to an appropriate United States District Court to enforce and carry out the terms and provisions of said plan; and said Trustees and General Gas & Electric Corporation having duly requested the Commission to make such application; and

A post-effective amendment to said plan having been filed on August 21, 1945 wherein it is proposed (1) that in the event the public holders of the cumulative preferred stocks of General Gas & Electric Corporation present shares in a lot of less than five, or in a lot not evenly divisible by five, distribution of the shares of cumulative preferred stock of South Carolina Electric & Gas Corporation will be made on the basis of 2.8 shares of the cumulative preferred stock of South Carolina Electric & Gas Corporation for each share of the cumulative preferred stock of General Gas & Electric Corporation, except that no fractional shares of the cumulative preferred stock of South Carolina Electric & Gas Corporation will be delivered, but, in lieu of such fractional shares, temporary receipts will be delivered which, when combined with additional receipts together calling for one or more full shares of the cumulative preferred stock of South Carolina Electric & Gas Corporation will be exchangeable for full share certificates for such stock, plus any dividends declared and payable thereon since the effective date of the plan; that the holders of such receipts will not be entitled to any rights as shareholders of South Carolina Electric & Gas Corporation until such receipts have been exchanged for full shares; and that at the end of six years from the effective date of the plan, any such receipts remaining outstanding will become null and void; and (2) that the presently outstanding 3,000,000 shares of no par value common stock of Florida Power Corporation be reclassified into 1,000,000 shares of $7.50 par value common stock instead of 857,143 shares; and that of said 1,000,000 shares, 857,143 shares will be issued pursuant to the terms of the plan and the balance of 142,857 shares will be authorized but unissued and available for such future common stock financing as may be appropriate; and

The Commission having considered such post-effective amendment to the plan and deeming it appropriate in the public interest and the interest of investors and consumers to approve and permit said amendment to become effective:

It is hereby ordered, That said amendment be, and hereby is, approved and permitted to become effective.

It is further ordered, That counsel for the Commission be, and they are, hereby authorized and directed to make application on behalf of the Commission to an appropriate United States District Court to enforce and carry out the terms and provisions of the plan, pursuant to the provisions of section 11 (e) and in accordance with the provisions of section 18 (f) of the act, and the request duly filed herein by the applicants.

It is further ordered, That the date "August 11, 1945," appearing in the Commission's Order of July 25, 1945, Holding Company Act Release No. 5950, at page 85, in lines 7 and 8 of the paragraph numbered (3), be deleted and the date "August 11, 1944," be substituted therefor.

ASSOCIATED ELECTRIC CO. AND MANILA ELECTRIC CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 23d day of August, A. D. 1945.

Notice is hereby given that a joint application or declaration (or both) has been filed with this Commission, pursuant to section 12 of the Public Utility Holding Company Act of 1935 and the General Rules and Regulations promulgated thereunder, by Associated Electric Company ("Aelec"), a registered holding company, and its subsidiary, Manila Electric Company;

Notice is further given that any interested person may, not later than August 31, 1945, at 5:30 p. m., e. w. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such application or declaration (or both), as filed or as amended, may be granted or permitted to become effective (or both), as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said application or declaration (or both) which is on file in the offices of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Aelec proposes to charge and Manila Electric Company proposes to credit their respective non-interest-bearing open accounts with each other in the sum of $339,768.06 representing the book cost to Aelec (or its predecessors) of $383,000 principal amount of The Manila Electric Railroad and Lighting Corporation 5% Fifty Year First Lien and Collateral Trust Sinking Fund Gold Bonds due 1953 and $17,000 principal amount of Manila Electric Company's First Refunding Mortgage Gold Bonds Five Per Cent Series due 1946, which Aelec on July 30, 1945, surrendered for cancellation to the trustee under the indentures securing such bonds. Aelec further proposes to pay to The New York Trust Company as trustee under the indenture securing The Manila Suburban Railways Company First Mortgage Five Percent Forty Year Sinking Fund Gold Bonds, due 1946, the sum of $16,796.74 for the account of Manila Electric Company for the purpose of retiring such bonds which are publicly held in the principal amount of $21,000. Aelec further proposes to charge and Manila Electric Company proposes to credit their respective non-interest-bearing open accounts with each other in the sum of $16,796.74 representing the amount so advanced. Manila Electric Company is the obligor of all the abovementioned bonds.

The parties to the filing have requested that the Commission act upon such application or declaration (or both) not later than August 31, 1945.

By the Commission.

MEMPHIS STREET RAILWAY CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 25th day of August, A. D. 1945.

Notice is hereby given that an application and declaration together with an amendment thereto have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935, and particularly under section 6 (b) of the Act and Rules U-42 and U-50 promulgated thereunder, by The Memphis Street Railway Company ("Memphis"), an indirect non-utility subsidiary of National Power & Light Company, a registered holding company and a subsidiary of Electric Bond and Share Company, also a registered holding company.

All interested persons are referred to said document which is on file in the offices of the Commission for a statement of the transactions therein proposed, which are summarized as follows:

Memphis will issue and sell at public sale pursuant to the competitive bidding provisions of Rule U-50, $3,500,000 principal amount of First Mortgage Serial Bonds to mature annually at the rate of $175,000 on October 1 in each year from 1946 to 1965 inclusive. The proceeds of the sale of such bonds are to be applied together with treasury cash to redeem all of Memphis' outstanding funded debt aggregating $3,685,400 of bonds consisting of $2,902,500 principal amount of First Mortgage, Series A, 5% Bonds due October 1, 1945 and $782,900 First Mortgage, Series B, 5% (Income) Bonds due October 1, 1945. These bonds will be retired in accordance with their terms and for the considerations specifically designated therein.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to such matters and that said application as amended should not be granted, nor said declaration as amended become effective, except pursuant to further order of the Commission,

It is hereby ordered, That a hearing be held upon said matters on September 7, 1945, at 10:30 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room where such hearing will be held.

It is further ordered, That Henry C. Lank or any other officer or officers of the Commission designated by it for that purpose, shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve by registered mail a copy of this order on the applicant and declarant herein and on the Board of Commissioners of the City of Memphis, Tennessee, and that notice of said hearing be given to all other persons by publication of this order in the FEDERAL REGISTER. Any person desiring to be heard in connection with these proceedings or proposing to intervene herein shall file with the Secretary of the Commission on or before September 5, 1945, his request or application therefor, as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That, without limiting the scope of the issues presented by said application-declaration as amended, particular attention will be directed at said hearing to the following matters and questions:

(1) Whether the proposed issue and sale of said serial bonds by Memphis are solely for the purpose of financing the business in which it is engaged.

(2) Whether the fees, commissions and other remunerations proposed to be paid in connection with the issue and sale of said bonds are reasonable.

(3) Whether the accounting entries to be recorded in connection with the proposed transactions are appropriate and whether any other accounting adjustments should be made in connection with the proposed transactions.

(4) Generally, whether the proposed transactions comply with the applicable provisions of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder.

(5) What terms and conditions, if any, are necessary or appropriate in the public interest or the interests of investors or consumers to ensure compliance with the requirements of the Public Utility Holding Company Act of 1935, or any rules, regulations or orders promulgated thereunder.

By the Commission.

UNION PRODUCING CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Penna., on the 25th day of August, A. D. 1945.

Union Producing Company ("Union"), a wholly owned subsidiary of United Gas Corporation ("United"), which is a subsidiary of Electric Power & Light Corporation, a registered holding company, having filed an application and declaration pursuant to the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder with respect to the following transactions:

Union proposes to redeem for cash on or about September 25, 1945, $1,000,000 principal amount of its 6% Debentures due March 1, 1952, in accordance with the provisions thereof, at principal amount and accrued interest thereon to date fixed for such redemption. Union has presently outstanding $40,000,000 of said 6% Debentures all of which are owned by United. The Debentures are pledged and held as collateral under the provisions of the Mortgage and Deed of Trust securing United's First Mortgage Bonds. It is stated that United has advised Union that it proposes to transfer the $1,000,000 principal amount to be paid to the Trustee by Union to the Sinking Fund as a credit against current requirements in accordance with the provisions of the Mortgage.

Said application and declaration having been filed on July 25, 1945 and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 under said act and the Commission not having received a request for a hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the proposed transaction hereinabove mentioned satisfies the requirements of the provisions of the act and of the rules thereunder, insofar as they are applicable, and that it is appropriate in the public interest and in the interest of investors and consumers that said application be granted and said declaration be permitted to become effective;

It is ordered, Pursuant to said Rule U-23 and the applicable provisions of said act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application be, and the same hereby is, granted and that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

[Special Order 18]

ABANDONMENT OF SURPLUS SUBMARINE AND TORPEDO NETS

The Navy Department has reported that it has at present approximately 40,000 feet (expressed in length of panels) of used submarine and torpedo nets, which are surplus to its needs, and that it will in the future have additional quantities of such surplus, of which submarine nets will constitute the great bulk.

The Navy Department has submitted its findings to the Surplus Property Board that "these nets, with the exception of certain heavy-duty jack-stay clamps or sockets at the end of each panel, have no commercial value, even as scrap, and that because of their location, condition and the nature of their construction, the cost of removal, care, handling, and disposition would far exceed any sales price which could be obtained; and that in most cases the immediate destruction or abandonment at sea of these nets will be necessary and desirable because of the nature of the property and the expense and difficulty of its care and handling."

Because of the fact that submarine and torpedo nets have no established civilian utility and because of the difficulty of handling them and the need for cleaning when brought ashore, it is not deemed feasible or economical to bring such nets ashore solely because of the possibility of donating them to an institution or agency supported by the Federal Government or a State or local government, or to a non-profit educational or charitable organization.

In reliance upon the findings of the Navy Department recited above, and pursuant to section 13 (b) of the Surplus Property Act of 1944 (58 Stat. 765; 50 U. S. C. App. Sup. 1611, *It is hereby ordered*, That:

1. The Navy Department is hereby authorized: (a) to abandon at sea or ashore all surplus unserviceable submarine and torpedo net material which is now ashore or which may hereafter be brought ashore, after salvaging all heavy-duty jack-stay clamps or sockets attached thereto which warrant salvage; (b) to abandon at sea all such unserviceable submarine and torpedo net material as has not yet been brought ashore, without attempting salvage of the heavy-duty jack-stay clamps or sockets attached thereto.

2. In view of the fact that the nature of this property and the expense and difficulty of its care and handling are such as to render its abandonment at sea necessary and desirable, the Navy Department shall not be required to give notice of any proposed abandonment of such property which is still at sea or to attempt to dispose of such property in any other way. However, as to such property which is already ashore or may hereafter be brought ashore, no abandonment shall be effected until thirty (30) days after public notice of the proposed abandonment has been given and an attempt has been made to dispose of such property otherwise, either by sale as scrap or salvage under the provisions of § 8309.17 of Surplus Property Board Regulation 9 (10 F.R. 7413, 8866) or by donation to any institution or agency supported by the Federal Government or any State or local government, or to any non-profit educational or charitable institution, unless in the opinion of the Navy Department the prompt removal of the property is demanded by urgent military requirements or considerations of health, or because of the expense or difficulty of care and handling, in which event such notice need not be given. A copy of every such thirty-day notice shall be given the Board at the beginning of each such thirty-day period.

SEP 1 '45

3. The Navy Department shall keep records of the amount of property abandoned under the authority of this order.

This order shall become effective August 21, 1945.

NOTE: All reporting requirements of this part have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

SURPLUS PROPERTY BOARD,
By W. STUART SYMINGTON,
Chairman.

[C-415]

THE PITTSBURGH COURIER PUBLISHING CO.

CONSENT ORDER

The Pittsburgh Courier Publishing Company, Inc., 2628 Centre Avenue, Pittsburgh, Pa., a corporation, publisher of the Pittsburgh Courier, a weekly paper bearing a Saturday date line and distributed throughout the United States, has been charged by the War Production Board with having violated Limitation Order L-240 during the third quarter of 1943, fourth quarter of 1943, and first quarter of 1944, in using, or causing to be used, a total of 93.53 tons of print paper in excess of the quota of print paper which it was permitted to consume during the said quarters under the provisions of Limitation Order L-240. This has been confirmed at a hearing of this matter, before a Compliance Commissioner; and The Pittsburgh Courier Publishing Company, Inc., does not desire to question the violations as charged further. The company maintains that this over-consumption of newsprint occurred through a miscalculation of its base period quota, and has effected certain economies in its consumption of newsprint to decrease the amount of such use. Since the violations have been admitted with the explanations stated, and the company does not desire to contest the matter further, an agreement has been reached by the company and War Production Board, as hereinafter stated:

During each of the second, third, and fourth quarters of 1944, said company has consumed less than its authorized quota of newsprint in the publication of the Pittsburgh Courier, and as of the end of the second quarter of 1945 has a carry-over from this savings of 67.03 tons.

Wherefore, upon the agreement and consent of The Pittsburgh Courier Publishing Company, Inc., the Regional Compliance Chief, the Regional Attorney and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) During the third quarter of 1945, The Pittsburgh Courier Publishing Co., Inc., shall credit 23.03 tons of its savings, or carry-over of newsprint of a total of 67.03 tons, upon its overconsumption of newsprint as above stated, in the amount of 93.53 tons, leaving a balance to be compensated or made up of 70.50 tons of newsprint.

(b) During the fourth quarter of 1945, the first quarter of 1946, and the second quarter of 1946, The Pittsburgh Courier Publishing Company, Inc., shall reduce its consumption of print paper in the printing of the above-mentioned Pittsburgh Courier, not less than 23.50 tons each quarter under its consumption quota for that quarter permitted by WPB Limitation Order L-240, or until it has made up its over-consumption balance of 70.50 tons.

(c) Nothing contained in this order shall be deemed to relieve The Pittsburgh Courier Publishing Co., Inc., from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(d) The restrictions and prohibitions contained herein shall apply to The Pittsburgh Courier Publishing Co., Inc. its successors and assigns, or persons acting on its behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

Issued this 24th day of August 1945.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

Regulations

TITLE 7—AGRICULTURE

Chapter IX—Marketing Agreements and Orders

PART 961—MILK IN THE PHILADELPHIA, PENNSYLVANIA, MARKETING AREA

ORDER AMENDING ORDER, AS AMENDED, REGULATING HANDLING OF MILK IN THE PHILADELPHIA, PA., MARKETING AREA

§ 961.0 *Findings and determinations*—(a) *Findings.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure covering the formulation of marketing agreements and milk orders (7 CFR, Cum. Supp., 900.1-900.17; 7 F.R. 3550; 8 F.R. 2815), a public hearing was held upon certain proposed amendments to the tentatively approved marketing agreement and to the order, as amended, regulating the handling of milk in the Philadelphia, Pennsylvania, marketing area. Upon the basis of evidence introduced in such hearing and the record thereof, it is hereby found that:

1. The order regulating the handling of milk in the said marketing area, as amended and as hereby amended, will tend to effectuate the declared policy of the act;

2. The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk, as determined pursuant to sections 2 and 8 (e) of the act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk. The minimum prices specified in the said order, as amended and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

3. The said order, as amended and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in the tentatively approved marketing agreement upon which a hearing has been held.

(b) *Determinations.* It is hereby determined that handlers of at least 50 percent of the volume of milk which is marketed within the said marketing area refused or failed to sign the tentatively approved marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

1. The refusal or failure of such handlers to sign such tentatively approved marketing agreement tends to prevent the effectuation of the declared policy of the act;

2. The issuance of this order further amending the aforesaid order, as amended, is the only practical means pursuant to the declared policy of the act to advance the interests of the producers of milk which is produced for sale in the said marketing area; and

3. The issuance of this order further amending the aforesaid order, as amended, is approved or favored by at least two-thirds of the producers who participated in a referendum on the question of the approval of the order, and who, during the determined representative period, were engaged in the production of milk for sale in the said marketing area.

Order relative to handling. It is, therefore, ordered that, from and after the effective date hereof, the handling of milk in the Philadelphia, Pennsylvania, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended and as hereby further amended; and the aforesaid order, as amended, is hereby further amended in the following respects:

First. Change paragraph (a) (2) of § 961.1 to read:

(2) The term "Secretary" means the Secretary of Agriculture or any officer or employee of the United States who is, or who may hereafter be authorized to exercise the powers and to perform the duties of the Secretary of Agriculture.

which is operated by a handler except (a) during such period of time as any such plant has been stopped by the Pennsylvania Department of Health from shipping milk or cream for consumption as fluid milk or fluid cream, or (b) during any month when no milk or cream is disposed of in the marketing area from such plant either directly or by movement through another plant or plants, if the handler has notified the market administrator 5 days or more prior to such month that it is no longer a part of his supply for the marketing area and if no milk or cream has been shipped from it to the marketing area for the 3 months next preceding such month; or

(ii) A pasteurizing or bottling plant from which milk is disposed of as Class I milk in the marketing area to persons other than handlers; or

(iii) Any other plant from which milk is supplied to a pasteurizing or bottling plant described in (ii): *Provided*, That any such other plant shall not be included in this definition during any month in which there is shipped from the plant only Class II milk as defined in § 961.3 or during any month in which shipments are made from the plant on less than 20 days of the month to such pasteurizing or bottling plant or to a plant or plants supplying such pasteurizing or bottling plants.

This definition shall not include a plant at which a uniform price is required to be paid producers under the provisions of another marketing order of the Secretary.

(7) The term "nonproducer milk plant" means any plant other than those described under § 961.1 (a) (6).

Third. Change the words "subject to paragraph (c) and (d)" in paragraph (a) of § 961.3 to read "subject to paragraphs (c), (d), (e), and (f)."

Fourth. Delete paragraphs (b), (c), and (d) of § 961.3 and substitute (b), (c), (d), (e) and (f), as follows:

(b) *Classes of utilization.* The classes of utilization of milk shall be as follows:

(1) Class I milk shall be all milk (i) sold, distributed, or disposed of as or in milk, skim milk and flavored milk drinks for fluid consumption containing less than 18 percent butterfat, and including all milk or skim milk disposed of from a handler's plant to retail establishments which dispose of milk for both fluid and other uses, and (ii) all other milk not accounted for as Class II.

(2) Class II milk shall be (i) all milk disposed of in products other than these included in § 961.3 (b) (1) (i), and (ii) all milk accounted for as actual plant shrinkage but not to exceed 2 percent of the total pounds of milk, skim milk, and cream received by a handler at all of his producer milk plants.

(c) *Transfers of milk.* Milk and skim milk containing less than 18 percent butterfat, transferred from a producer milk plant to another handler's producer milk plant or to a nonproducer milk plant, shall be allocated to Class I unless such milk or skim milk was disposed of under a written agreement submitted to the market administrator or by proof of use if the transfer is from a handler's producer plant to the same handler's nonproducer milk plant that such milk or skim milk be allocated to Class II and the receiving handler or nonproducer milk plant has used in Class II products a quantity of milk or skim milk equivalent to the milk or skim milk received during the month from producer milk plants under an agreement for classification in Class II.

(d) *Transfers of cream.* Cream containing 18 percent or more butterfat, received by a handler from a nonproducer plant, shall be considered Class II up to the amount of Class II disposed of by the handler and cream containing 18 percent or more butterfat disposed of by a handler to a nonproducer milk plant shall be considered Class II.

(e) *Allocation of milk or skim milk received at producer milk plants from nonproducer milk plants.* (1) During the months July to March, inclusive, milk or skim milk received at a producer milk plant from a nonproducer milk plant shall be allocated by the receiving handler to each of the classes and price subdivisions of each class in the same proportion as milk received from producers at all of the producer milk plants of the receiving handler during the month, except that a greater proportion of such milk from nonproducer plants may be allocated by the receiving handler to Class II and in the absence of an allocation by the handler reported to the market administrator such milk shall be allocated by the market administrator to Class II up to the amount of Class II utilized by the handler during the month.

(2) During the months April to June, inclusive, milk or skim milk received at a producer milk plant from a nonproducer milk plant shall be allocated to Class I only if the receiving handler has allocated all of the milk received from producers at all of his producer milk plants to Class I during the month.

(f) *Allocation of milk or skim milk received by a handler from a producer-handler.* Milk or skim milk received in bulk by a handler from another handler who is also a producer and receives no milk from producers may be classified in Class I up to the same proportionate amount as such handler classifies in Class I milk received from producers who are not handlers.

Fifth. Delete part (i) under paragraph (a) (2) of § 961.4 and substitute (i) as follows:

(i) *Butterfat.* Add all market quotations (using midpoint of any weekly range as one quotation) of prices for a 40-quart can of sweet cream approved either for Pennsylvania only, or for Pennsylvania, Newark, and Lower Merion Township, in the Philadelphia, Pennsylvania, market, reported for each week ending within the month by the United States Department of Agriculture (or such other Federal agency as is authorized to perform this price reporting function), divide by the number of quotations, subtract 28 cents, divide by 33.48, multiply by 4, and subtract $23\frac{1}{2}$ cents but in no event shall the butterfat value be lower than an amount computed as follows: from the average of the highest prices reported daily during such month by the United States Department of Agriculture (or such other Federal agency as is authorized to perform this price reporting function) for 92-score butter at wholesale in the New York market, deduct 4 cents, add 20 percent and multiply by 4: *Provided*, That for butterfat used to make butter, the price shall be 4 times 120 percent of the average of the 92-score butter prices described above for the month for which payment is to be made, which shall be known as the "butter-value" for such butterfat, but in no event shall this butter-value be greater than the butterfat value established otherwise by this paragraph.

Sixth. Delete from the proviso in paragraph (d) of § 961.4 the words "and to Government institutions and establishments on the basis of bids" and the commas just preceding and just following such words.

Seventh. A. Insert in paragraph (a) of § 961.5 after the words "with respect to milk" a comma and the words "milk products."

B. Insert in part (v) of paragraph (a) (2) of § 961.5 after the words "or on hand" the words "at each plant."

Eighth. Insert in paragraph (a) of § 961.6 after the words "set forth in § 961.5" the words "and § 961.9."

Ninth. Delete the concluding words of paragraph (c) of § 961.8, "4 cents per hundredweight," and substitute "5 cents per hundredweight."

Tenth. Delete paragraph (d) of § 961.8 and substitute (d) as follows:

(d) *Location differentials.* In making payments pursuant to paragraph (a) of this section each handler shall deduct from payments to producers delivering milk to a plant located in a mileage zone set forth in § 961.4 (c) a differential equal to the percentage of the pounds of all milk received from producers at all of the producer milk plants of the handler which was used in Class I times the Class I differential rate pursuant to § 961.4 (c) at such plant plus the percentage of Class II at the Class II rate pursuant to § 961.4 (c).

Eleventh. Delete paragraphs (f) and (g) of § 961.8 and insert paragraph (f) as follows:

(f) *Premium for Grade A milk.* In addition to the uniform price and all other payments required pursuant to this section, each handler shall pay for milk, which he has designated as qualified under the Commonwealth of Pennsylvania Department of Health or the New Jersey Department of Health requirements for sale as Grade A milk and which is delivered to a plant similarly qualified (so long as such requirements are in effect as a separate grade), 40 cents per hundredweight of Grade A milk received from producers of 10,000 bacteria or less per c. c. and 25 cents per hundredweight of Grade A milk received from producers of more than 10,000 but less than 25,000 bacteria, times the ratio of such milk sold as Grade A either in fluid form or as products manufactured from Grade A milk to the total quantity of Grade A milk received from producers, plus 2 cents for each one-tenth of 1 percent that the butterfat content is above 3.7 percent. In addition to the above payments each handler shall add to the value of his milk computed pursuant to § 961.7 (a), 40 cents per hundredweight of milk sold by a handler as Grade A in excess of the milk received from designated Grade A producers for whom the handler has maintained adequate laboratory records which qualify such producers for the 40-cent or 25-cent premiums described in this paragraph.

Twelfth. Change paragraph (a) of § 961.9 to read as follows:

(a) *Payments by handlers.* As his prorata share of the expense of the administration hereof, each handler, on or before the 20th day after the end of each month shall pay to the market administrator, with respect to all milk received by such handler directly from producers, and all milk received from nonproducer milk plants which is allocated to Class I under § 961.3 (e), an amount not exceeding 2 cents per hundredweight, the exact amount to be determined by the market administrator subject to review by the Secretary.

Thirteenth. Add § 961.11 as follows:

§ 961.11 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States or name any bureau or division of the United States Department of Agriculture to act as his agent or representative in connection with any of the provisions hereof.

Issued at Washington, D. C. this 31st day of July 1945, to be effective on and after the 1st day of September 1945.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

AUTHORITY: Regulations in this chapter, unless otherwise noted at the end of documents affected, issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236, 56 Stat. 177, 58 Stat. 827; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; E.O. 9599, 10 F.R. 10155; W.P.B. Reg. 1 as amended Dec. 31, 1943, 9 F.R. 64.

PART 903—DELEGATIONS OF AUTHORITY

[Directive 27, as Amended August 28, 1945]

PRIORITIES ACTION BY FOREIGN ECONOMIC ADMINISTRATION

Section 903.139 *Directive* 27 is amended to read, as follows:

§ 903.139 *Directive 27*—(a) *Rating authority of the Foreign Economic Administration.* The Foreign Economic Administration may assign preference ratings to the delivery of material for export to the extent authorized by a Program Determination of the Requirements Committee or an approved Decision of a Division Requirements Committee of the War Production Board, as transmitted to the Foreign Economic Administration by the War Production Board.

(b) *Form of assignment of ratings.* The Foreign Economic Administration shall assign ratings under this directive by endorsement of a legend substantially as shown below, to which may be added any further provisions which conform to War Production Board orders or regulations and which are authorized by the program determination or approved decision: "Under authority of the War Production Board, delivery of the material referred to herein is assigned a preference rating of ----------, Application and extension of rating shall be made in accordance with Priorities Regulation No. 3." The legend shall be endorsed on the export license (including release certificate where used), or on the letter to the procuring agency in the case of material being procured by or on behalf of the Foreign Economic Administration, or on other appropriate instrument approved for this purpose by the War Production Board.

(c) *General provisions.* (1) The Foreign Economic Administration may exercise the authority delegated in this directive through such of its officials as the Administrator of the Foreign Economic Administration may determine.

(2) The Foreign Economic Administration shall make to the Program Vice Chairman such monthly reports on the exercise of the authority granted by this directive as the Program Vice Chairman shall require from time to time.

(3) A true copy of every document on which a preference rating is assigned pursuant to the provisions of this directive shall be maintained by the Foreign Economic Administration for inspection by a representative of the War Production Board at any time.

(d) *Status of ratings assigned by F. E. A. before August 28, 1945.* This directive, as amended, does not affect the validity of preference ratings properly assigned by the Foreign Economic Administration before August 28, 1945. However, such ratings are subject to all applicable War Production Board orders and regulations.

Issued this 28th day of August 1945

J. A. KRUG,
Chairman.

INTERPRETATION 2

LENGTH OF VALIDITY OF RATINGS ASSIGNED ON EXPORT LICENSES

A rating assigned by the Foreign Economic Administration, under the authority of Directive 27, by endorsing the required legend on an export license is valid for the life of the export license in the absence of any applicable rule or restriction set forth in an order or regulation of the War Production Board governing transactions in the material covered by the rating. This means that the rating must be applied and the material covered by the rating must have been delivered to the holder of the export license before the expiration of the life of the license. Otherwise, the procedure applicable when an individually assigned rating is revoked, provided in § 944.4a of Priorities Regulation 1, will be deemed applicable. On the other hand, if the rating has been applied and the material to which it has been applied has been delivered before the expiration of the life of the export license, its subsequent expiration will not affect the right of the supplier to extend the rating in order to replenish his inventory. Such extension is, of course, subject to the provisions of paragraph (h) (1) of Priorities Regulation 3

Revocation of an export license on which a rating has been assigned by the Foreign Economic Administration revokes the rating, and § 944.4a of Priorities Regulation 1 is consequently applicable. Extension of the life of an export license, on the other hand, extends the period for which a rating assigned on the export license is valid. (Issued July 5, 1944.)

§ 944.1 *Purpose and scope of this regulation; definitions.* This regulation states the basic rules of the War Production Board which apply to all business transactions unless they are covered by more specific regulations or orders of the War Production Board which are inconsistent with this regulation. It includes transactions which are not subject to priority control in any other way than by this regulation. The following definitions apply for purposes of this regulation and any other regulation or order of the War Production Board, unless otherwise indicated.

(a) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(b) "Defense order" means:

(1) Any contract or purchase order for material to be delivered to, or for the account of, the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Selective Service System, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, Defense Supplies Corporation, Metals Reserve Company.

(For status of Panama Canal and Coast Guard in general see Interpretation 1 e.)

(2) Any contract or purchase order placed by any agency of the United States Government for material to be delivered under the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(3) Any contract or purchase order for material which is to be ultimately delivered to the government of any country whose defense the President deems vital to the defense of the United States pursuant to the act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(c) "Material" means any commodity, equipment, accessory, part, assembly or product of any kind.

[§ 944.1a Deleted August 28, 1945.]

§ 944.1b *Specific authorizations rated AA–5.* When a War Production Board order or regulation with respect to a particular material requires specific authorization for the placing of a purchase order or for delivery or acceptance of delivery, every purchase order for delivery of that material which is specifically authorized pursuant to the order is rated AA–5 unless it is otherwise assigned a higher rating or an applicable order or regulation (for example, Priorities Regulation 25) states that there is no such automatic rating. This does not apply to materials for which ratings may not be used (such as those on List A of Priorities Regulation 3), or materials for which only certain specified ratings may be used (such as those on Schedule A of M–328).

§ 944.2 *Rules for acceptance and rejection of rated orders.* Every order bearing a preference rating must be accepted and filled regardless of existing contracts and orders except in the following cases:

(a) A person must not accept a rated order for delivery on a date which would interfere with delivery on equal or higher rated orders which he has already accepted, or if delivery of the material ordered would interfere with delivery on an order which the War Production Board has directed him to fill for that material or for a product which he makes out of it.

(b) A person must not accept a rated order (except an AAA order) for delivery on a date which can be met only by using material which was specifically produced for delivery on another rated order, and which is completed or is in production and scheduled for completion within 15 days.

(c) If a person, when receiving a rated order bearing a specific delivery date, does not expect to be able to fill it by the time requested, he must not accept it for delivery at that time. He must either (1) reject the order, stating when he could fill it, or (2) accept it for delivery on the earliest date he expects to be able to deliver, informing the customer of that date. He may adopt either of these two courses, depending on his understanding of which his customer would prefer. He may not reject a low rated order just because he expects to receive conflicting higher rated orders in the future, nor because he would for any reason prefer to have higher ratings.

(d) If a person receives a rated order which is not required by § 944.8 to bear a specific delivery date and which he cannot fill promptly, he must accept it as long as he expects to be able to fill it within a reasonable time, unless he makes a consistent practice of not carrying a backlog and rejecting orders which cannot be promptly filled. He may treat different classes of customers differently in this respect, but only if there is a reasonable basis for the distinction. For example, he may make a regular practice of rejecting unfillable orders from all retailers but holding for backlog orders from all industrial customers.

(e) A rated order need not be (but may be) accepted in the following cases, but there must be no discrimination in such cases against rated orders, or between rated orders of different customers:

(1) If the person seeking to place the order is unwilling or unable to meet regularly established prices and terms of sale or payment. (When a person who has a rating asks a supplier to quote his regularly established prices and terms of sale or payment or the earliest date on which he could make delivery on that rating, the supplier must do so, except that if this would require detailed engineering or accounting work, he may give his best estimate without such work and state that it is not binding. However, the supplier need not quote if he is not required to accept the rated order and knows that he will not do so if he receives it. Any quotation as to delivery date to a person whose order has not been received will be subject to the effect on the supplier's deliveries of rated orders received by him after making the quotation and before he receives the firm order from the person making the inquiry.)

(For status of OPA ceiling prices under this section see Interpretation 2. For rule covering types of sales and types of purchasers see Interpretation 3.)

(2) If the order is for the manufacture of a product or the performance of a service of a kind which the person to whom the order is offered has not usually made or performed, and in addition if either (i) he cannot fill the order without substantially altering or adding to his facilities or (ii) the order can readily be performed by someone else who has usually accepted and performed such orders.

(3) If the order is for material which the person to whom the order is offered produces or acquires for his own use only, and he has not filled any orders for that material within the past two years, except on "special sales" as permitted in Priorities Regulation 13. If he has, but the rated order would take more than the excess over his own needs, he may not reject the rated order unless filling it would interfere with equal or higher rated orders already on hand, or orders which the War Production Board has directed him to fill, for the material or for a product which he makes out of it.

(4) If filling the order would stop or interrupt his production or operations during the next 40 days in a way which would cause a substantial loss of total production or a substantial delay in operations.

(For types of contracts which must be deferred see Interpretation 1b. For rule as to use of facilities of controlled materials producers see Interpretation 4.)

(f) Any person who fails or refuses to accept an order bearing a preference rating shall, upon written request of the

person placing the order, promptly give his reasons in writing for his failure or refusal.

(g) Some orders of the War Production Board provide special rules as to the acceptance and rejection of orders for particular materials. In such cases, the rules stated above in this section are inapplicable to the extent that they are inconsistent with the applicable order of the War Production Board. In addition, the War Production Board may specifically direct a person in writing to fill a particular purchase order or orders. In such cases he must do so without regard to any of the above rules in this § 944.2, except that he may insist upon compliance with regularly established prices and terms of payment.

§ 944.3 *Report to War Production Board of improperly rejected orders.* When a rated order is rejected in violation of this regulation, the person who wants to place it may file a report of the relevant facts with the War Production Board, which will take such action as it considers appropriate after requiring an explanation from the person rejecting the order.

§ 944.4 *Assignment of preference ratings.* Preference ratings may be assigned to contracts, orders or deliveries by means of preference rating certificates, or by rules, regulations or orders of the War Production Board assigning ratings to particular orders or deliveries or to specified classes of orders or deliveries. Such ratings may be assigned to accepted contracts or orders, and also to orders which have not been placed or accepted at the time the rating is applied for. Ratings are also assigned by certain governmental agencies, authorized by the War Production Board, to their own purchase orders or contracts. In some cases the War Production Board will raise or lower ratings already assigned and in that event the rules of Priorities Regulation 12 (§ 944.33) apply. Specific orders may also be issued as to particular deliveries or as to the use of particular facilities, without assigning ratings thereto.

§ 944.4a *Cancellation of preference ratings.* If a preference rating which has been assigned to a named person is revoked, he must immediately, in the case of each order to which he has applied the rating either cancel the order or inform his supplier that it is no longer to be treated as rated. If a regulation or order of the War Production Board which assigns a rating to a class or group of persons without naming them individually, is revoked they may not apply the rating to orders placed after the revocation. Orders to which they have already applied the rating for delivery within three months after the revocation remain validly rated, but, in the case of each order which they have placed for delivery after three months from that date, they must either cancel the order or withdraw the rating. If any person receives notice from his customer or otherwise that the customer's order is no longer rated or that the customer's order is cancelled, he must immediately withdraw any extensions of the rating which he has made to any order placed by him for more than $25 worth of material. The War Production Board may specify different rules for the treatment of outstanding ratings at the time it revokes them.

(For the rules about transferring preference ratings when contracts are assigned, see Interpretation 5.)

§ 944.5 *Sequence of preference ratings.* Preference ratings in order of precedence are: AAA, AA–1, AA–2, AA–2X, AA–3, etc.; A–1–a, A–1–b, etc.; A–2, A–3, etc.; B–1, B–2, etc. The letter "X" after a numeral indicates that such rating is inferior to the rating of the same numeral and superior to the rating of the next numeral. (For example, AA–2X is inferior to AA–2 and superior to AA–3.) The War Production Board, after March 18, 1944, will not assign ratings below AA–5 but any such ratings which were assigned before that date may be applied or extended.

§ 944.6 *Doubtful cases.* Whenever there is doubt as to the preference rating applicable to any order, or as to whether a particular order is a defense order, the matter is to be referred to the War Production Board for determination, with a statement of all pertinent facts.

§ 944.7 *Sequence of filling rated orders.* (a) Every person who has rated orders on hand must schedule his operations, if possible, so as to fill each rated order by the required delivery or performance date (determined as explained in § 944.8). If this is not possible for any reason, he must give precedence to higher over lower rated orders and to all rated over unrated orders. However, material specifically produced for a rated order may not be used to fill a higher rated order (except AAA) subsequently received if the material is completed or is in production and scheduled for completion within 15 days. A low rated order bearing an earlier delivery or performance date must be filled before a higher rated order bearing a later delivery or performance date if it is possible to fill both of them on the required dates.

(b) As between conflicting orders which bear the same preference rating, precedence must be given to the order which was received first with the rating. As between conflicting orders received with the same preference rating on the same date, precedence must be given to the order which has the earlier required delivery or performance date.

(c) If a rated order or the rating applicable to an order is cancelled when the supplier has material in production to fill it, he need not immediately stop to put other rated orders into production if doing so would cause a substantial loss of total production. He may continue to process that material which he had put into production for the cancelled order to a stage of completion which would avoid a substantial loss of total production, but he may not incorporate any material which he needs to fill any rated order on hand. He may not, however, delay putting other rated orders into production for more than 15 days.

(For the effect of changes in customers' orders, see Direction 1 to this regulation. For further explanations of paragraph (b) see Interpretation 1c. For an explanation of how to determine the date on which a purchase order is received, see Interpretation 12).

§ 944.8 *Delivery or performance dates.* (a) Every rated order placed after March 18, 1944, must specify delivery or performance on a particular date or dates or within specified periods of not more than 31 days each, which in no case may be earlier than required by the person placing the order. Any order which fails to comply with this rule must be treated as an unrated order. The words "immediately" or "as soon as possible", or other words to that effect, are not sufficient for this purpose. There are four exceptions to this rule, where a rated order need not bear a required delivery or performance date as long as it is understood that delivery or performance is required as soon as practicable or customary: (1) Orders for maintenance, repair or operating supplies as identified by the symbol MRO or otherwise; (2) orders placed with or by persons who normally take physical delivery of the item ordered to hold it in stock for resale; (3) orders for not more than $100; (4) orders rated AAA.

(b) The required delivery or performance date, for purposes of determining the sequence of deliveries or performance pursuant to § 944.7, shall be the date on which delivery or performance is actually required. The person with whom the order is placed may assume that the required delivery or performance date is the date specified in the order or contract unless he knows either (1) that the date so specified was earlier than required at the time the order was placed, or (2) that delivery or performance by the date originally specified is no longer required by reason of any change of circumstances. A delay in the scheduled receipt of any other material which the person placing the order requires prior to or concurrently with the material ordered, shall be deemed a change of circumstances within the meaning of the foregoing sentence.

(c) If, after accepting a rated order which specifies the time of delivery, the person with whom it is placed finds that he cannot fill it on time or within 15 days following the specified time, owing to the receipt of higher rated orders or for other reasons, he must promptly notify the customer, telling him approximately when he expects to be able to fill the order. Inability to fill the order on time or within fifteen days following the specified time does not authorize a supplier to cancel the order.

§ 944.9 *Report to War Production Board of improper delay of orders.* When delivery or performance of a rated order is unreasonably or improperly delayed, the customer may file a report of the relevant facts with the War Production Board, which will take such action as it considers appropriate after requiring an explanation from the person with whom the order is placed.

§ 944.10 *Effect of other regulations and orders.* Specific allocations or other directions of the War Production Board for delivery of material or the use of facilities must be complied with regardless of ratings, unless otherwise specified. If restrictions under two or more regulations or orders of the War Production Board apply to the same subject matter, the most restrictive controls unless otherwise expressly provided. Defense orders or other rated orders are not exempt from restrictions on the amount of materials that may be made or delivered unless expressly so stated.

§ 944.10a *Effect of revocation of orders and regulations.* (a) When an order or regulation of the War Production Board is revoked, all published amendments, schedules, appendices, and directions to that order or regulation are revoked, unless otherwise stated in the instrument revoking the order or regulation.

(b) When an order or regulation of the War Production Board is revoked, all directions, authorizations, production or delivery schedules, and other instruments, addressed to named persons and requiring or permitting them to take specific action pursuant to the order or regulation, remain in effect unless expressly revoked. There are two exceptions: (1) Where an appeal from a restriction in an order or regulation has been granted on certain conditions, or an authorization relaxing a restriction has been issued on certain conditions, and the restriction is entirely revoked, the conditions need no longer be complied with after the revocation unless compliance with those conditions is required by some other order or regulation; (2) a production or delivery schedule or other instrument telling a person what to make, or what orders to fill during a specified period, remains in effect throughout the period but, after the revocation of the order under which the schedule or other instrument was issued, he may make additional products or fill additional orders which do not interfere with it.

(c) "Suspension orders" and "consent orders" issued on the basis of a violation of orders and regulations of the War Production Board remain in effect after revocation of such orders and regulations, unless otherwise provided. If you are subject to a suspension order or consent order which you think should be lifted or modified because of the lifting of the restriction on which the violation was based, you may address a request for relief to the Chief Compliance Commissioner, War Production Board, Washington 25, D. C.

§ 944.11 *Use or disposition of material acquired with priorities assistance.* (a) Any person who gets material with priorities assistance must, if possible, use or dispose of it (or of the product into which it has been incorporated) for the purpose for which the assistance was given. This restriction applies to material obtained by means of a preference rating, allocation, specific direction, CMP allotment, or any other action of the War Production Board. Physical segregation is not required as long as the restrictions applicable to any specific lot of material or product are observed with respect to an equivalent amount of the same material or product.

(b) When a material, or a product into which it has been incorporated, can no longer be used for the purpose for which the priorities assistance was given (for example, when the priorities assistance was given to fill a particular contract or purchase order and the material or product does not meet the customer's specifications or the contract or purchase order is cancelled), the holder may use or dispose of it only as follows:

(1) If the holder acquired or made the material or product for use and not for sale or resale and is not regularly engaged in the business of selling it, a proposed sale by him is a special sale covered by Priorities Regulation 13 and he may sell or transfer it only as provided in that regulation.

(2) If the proposed sale is not one described by paragraph (b) (1), this paragraph (b) imposes no restriction on the sale. However, in such a case the holder must comply with all requirements of other applicable sections of this regulation and of other orders and regulations of the War Production Board. This is true of all such sales of any material including scrap.

(3) Whether or not he is in the regular business of selling similar materials or products, a holder may, within the limitations of paragraph (f) of Priorities Regulation 32 (inventory restriction on processing), use it himself for any purpose for which he has the necessary rating or other qualification which would be necessary for a special sale to him under Priorities Regulation 13 or directions issued under it. However, if the material or product is a controlled material or a Class A product obtained pursuant to an allotment under CMP Regulation 1, the holder may use it only in accordance with paragraph (u) of that regulation, or any applicable direction issued under it. In addition, the holder must comply with any applicable War Production Board order that requires him to get permission from the War Production Board before using any particular material or product and he may not use it in any manner or for any purpose prohibited by a regulation or order of the War Production Board. It may also be used in any other manner specifically authorized in writing by the War Production Board. Field offices of the Board will tell applicants how to get authorization.

§ 944.12 *Intra-company deliveries.* When any rule, regulation or order of the War Production Board prohibits or restricts deliveries of any material by any person, such prohibition or restriction shall, in the absence of a contrary direction, apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(For rule as to effect of inventory and small order provisions on separate operating units of same company see Interpretation 8.)

§ 944.13 *Scope of regulations and orders.* All regulations and orders of the War Production Board (including directions, directives and other instructions) apply to all subsequent transactions even though they are covered by previous contracts. Regulations and orders apply to transactions in the territories or insular possessions of the United States unless the regulation or order specifically states that it is limited to the continental United States or to the 48 states and the District of Columbia. Regulations and orders do not apply to transactions in the Philippine Islands unless they specifically state that they do. However, restrictions of War Production Board orders or regulations on the use of material or on the amount of inventory shall not apply when the material is used or the inventory is held directly by the Army or Navy outside the 48 states and the District of Columbia, unless otherwise specifically provided.

NOTE: Parenthetical note deleted June 28, 1945.

§ 944.13a *Defense against claims for damages.* No persons shall be held liable for damages or penalties for any default under any contract or order which shall result directly or indirectly from compliance with any rule, regulation or order of the War Production Board, notwithstanding that any such rule, regulation or order shall thereafter be declared by judicial or other competent authority to be invalid.

§ 944.14 *Inventory restrictions.* No person may deliver or receive into inventory more of any material than is permitted under Priorities Regulation 32. That regulation takes the place of the rules formerly in this section.

§ 944.14a *Delivery for unlawful purposes prohibited.* No person shall deliver any material which he knows or has reason to believe will be accepted, redelivered, held or used in violation of any order or regulation of the War Production Board.

§ 944.15 *Records.* Each person participating in any transaction to which any rule, regulation or order of the War Production Board applies shall keep and preserve for at least two years accurate and complete records of the details of each such transaction and of his inventories of the material involved. Such records shall include the dates of all contracts or purchase orders accepted, the delivery dates specified in such contracts or purchase orders, and in any preference rating certificates accompanying them, the dates of actual deliveries thereunder, description of the material covered by such contracts or purchase orders, description of deliveries by classes, types, quantities, weights and values, the parties involved in each transaction, the preference ratings, if any, assigned to deliveries under such contracts or purchase orders, details of defense orders (or other orders required by the War Production Board to be filled) either accepted or offered and rejected, and other pertinent information. Records kept by any person pursuant to this section shall be kept either separately from the other records of such person and chronologi-

cally according to daily deliveries by such person, or in such form that such a separate chronological record can be promptly compiled therefrom. Whenever a regulation or order requires a person to restrict his operations in proportion to his operations in a base period (for example, an order may forbid him to use more of a certain kind of material than he used in the fourth quarter of 1942) he must determine, as accurately as is reasonably possible, his base period operations and preserve a written record of any figures and work sheets showing how he made his calculations for inspection by War Production Board officials as long as the regulation or order remains in force and for two years after that. Whenever a person is restricted as to the quantity of material he may use in production or the amount he may produce, under quota restrictions, limitation orders, authorized production schedules, special directions or similar provisions, he must keep reasonably adequate records of the material consumed and of production to show whether he is complying with the restrictions. This record-keeping requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(Photographic copies of records may be kept. See Interpretation 6.)

§ 944.16 *Audit and inspection.* All records required to be kept by this regulation or by any rule, regulation or order of the War Production Board shall, upon request, be submitted to audit and inspection by its duly authorized representatives.

§ 944.17 *Reports.* Every person shall execute and file with the War Production Board such reports and questionnaires as it shall from time to time require, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

§ 944.18 *Violations.* Any person who violates any provision of this regulation or any other rule, regulation or order of the War Production Board, or who, by any statement or omission, wilfully falsifies any records which he is required to keep, or who otherwise wilfully furnishes false or misleading information to the War Production Board, and any person who obtains a delivery, an allocation of material or facilities, or a preference rating by means of a material and wilful, false or misleading statement, may be prohibited by the War Production Board from making or obtaining further deliveries of material or using facilities under priority or allocation control and may be deprived of further priorities assistance. The War Production Board may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U. S. C. sec. 80), or under the Second War Powers Act (Public No. 507, 77th Congress, March 27, 1942).

§ 944.19 *Appeals for relief in exceptional cases.* Any person who considers that compliance by himself or another with a rule or regulation or order of the War Production Board would work an exceptional and unreasonable hardship on him may appeal for relief. The rules for the filing and handling of appeals are given in Priorities Regulation 16.

§ 944.20 *Notification of customers.* Any person who is prohibited from or restricted in making deliveries of any material by the provisions of any rule, regulation or order of the War Production Board shall, as soon as practicable, notify each of his regular customers of the requirements of such rule, regulation or order, but the failure to give notice shall not excuse any customer from the obligation of complying with any requirements applicable to him.

Issued this 28th day of August 1945.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

INTERPRETATION 1B

TYPES OF EXISTING CONTRACTS WHICH MUST BE DEFERRED

Section 944.2 of Priorities Regulation 1, as amended, makes compulsory the acceptance and filling of rated orders for any material "regardless of existing contracts and orders". The "existing contracts" referred to include not only ordinary purchase contracts but other arrangements achieving substantially the same results, though in form they may concern the use of production facilities rather than the material produced. Preference ratings are applicable to facilities as well as materials.

Examples of such "existing contracts" which must be subordinated to higher rated orders are (1) arrangements whereby a producer, regularly engaged in producing a given product for sale to others, leases a portion of his plant, or the whole of it for a relatively short period, as a going concern to one of his customers and operation is continued under the producer's management and with the producer's regular personnel; and (2) arrangements whereby such a producer, in lieu of buying raw materials and selling the product, accepts raw materials belonging to a customer for processing pursuant to a toll agreement or similar undertaking. If the deliveries to be made to such customer carry a preference rating, the sequence of deliveries as compared with deliveries to other persons placing orders with the producer is to be determined as provided in § 944.7 of Priorities Regulation No. 1. (Issued Mar. 18, 1944.)

INTERPRETATION 1C

SEQUENCE OF DELIVERIES AND PRODUCTION FOR RATED ORDERS

The provisions of § 944.7 (b) of Priorities Regulation No. 1, as amended, with respect to the sequence of deliveries bearing the same preference rating, are applicable only in cases where different deliveries bearing the same preference rating cannot be made on schedule. If material supply and available facilities permit deliveries bearing the same rating to be made on schedule, Regulation No. 1 does not have any particular effect on the sequence of production for such deliveries. Where it is necessary to choose between deliveries bearing the same preference ratings, delivery to the customer from whom the order was first received with the rating is to be preferred and production schedules must be adjusted accordingly. For example, suppose a rated order is received from one customer in January for August delivery and another order bearing the same rating is received from a second customer in June calling for July delivery. If both deliveries cannot be made on schedule, the second customer is not permitted to get the material away from the first customer. The producer must defer production on the second order to the extent necessary to make delivery on the first order on the August delivery date. If, on the other hand, both deliveries can be made on schedule, it is not necessary to produce or make delivery on the first customer's order ahead of that of the second. (Issued Mar. 18, 1944.)

INTERPRETATION 1D: Revoked June 28, 1945

INTERPRETATION 1E

ARMY INCLUDES PANAMA CANAL—NAVY INCLUDES COAST GUARD

(a) Section 944.1 (b) defines "defense order" to mean, among other things, any contract or purchase order for material or equipment to be delivered to or for the accounts of the Army or Navy of the United States, the Panama Canal or the Coast Guard. At the present time the Panama Canal is part of the Army and the Coast Guard is part of the Navy. Some question has arisen as to whether the specific enumeration in Priorities Regulation No. 1 of the Panama Canal and the Coast Guard means that they do not fall within general references to the Army and Navy in other regulations and orders of the War Production Board. In particular, inquiries have been made as to whether exemptive provisions in limitation and conservation orders in favor of the Army and Navy also provide exemptions for the Panama Canal and the Coast Guard when the latter are not specifically mentioned.

An exemptive or other provision applicable to the Army also applies to the Panama Canal, and a provision applicable to the Navy to the Coast Guard, unless the provision expressly states otherwise.

(b) Question has also been raised as to the status of the Office of Strategic Services under § 944.1 (b) and similar general references to the Army and Navy in other regulations and orders of the War Production Board.

The operations of the Office of Strategic Services are under the direction and supervision of the Joint Chiefs of Staff. Therefore, any provision in a regulation or order of the War Production Board which applies to both the Army and the Navy (but not a provision which applies to the Army alone or to the Navy alone) also covers the Office of Strategic Services. (Issued Mar. 18 1944.)

INTERPRETATION 2

REGULARLY ESTABLISHED PRICES AND OPA CEILING PRICES

An order bearing a preference rating may not be rejected on the ground that the price is below the regularly established price, if the purchaser offers the OPA ceiling price.

Section 944.2 of Priorities Regulation 1 makes the acceptance of rated orders mandatory except in the several situations specified in the section. The only exception dealing with price is contained in paragraph (e) (1) which states that a rated order need not be accepted "if the person seeking to place the order is unwilling or unable to meet regularly established prices and terms of sale or payment".

"Regularly established prices" cannot be higher than OPA ceiling prices. They may, however, be lower. (Issued Mar. 18, 1944.)

INTERPRETATION 3

REJECTION OF RATED ORDERS FOR FAILURE TO MEET ESTABLISHED PRICES AND TERMS

(a) Section 944.2 of Priorities Regulation 1 states that every order bearing a preference rating must be accepted and filled with certain exceptions listed in the section. One exception is where a buyer does not "meet regularly established prices and terms of sale or payment". This exception applies to a seller who receives a rated order for quantities which are less than the minimum which he regularly sells. For example, a manufacturer who has been selling only in carload lots may reject a rated order for a less than carload lot.

This exception applies similarly to a person who regularly sells only in multiples of a specified quantity and receives a rated order for a number which is not a multiple of that quantity. For example, a manufacturer who regularly sells his product only in standard shipping packages containing one dozen receives a rated order for 40. He may fill the whole order or he may fill it to the extent of 36 and reject it for 4.

A further problem arises when a manufacturer receives such an order with split ratings. For example, suppose the manufacturer who sells his product only in standard shipping packages of a dozen receives an order for 30 rated AA-4 and 20 rated AA-5. In such a case the general rule is that amounts in excess of a multiple of the standard shipping package ordered at higher ratings may be included with amounts ordered at lower ratings if the manufacturer wishes to adhere to his standard shipping package and not fill the order as received. He may then, in the case supposed, treat the order as one for 24 items rated AA-4 and 24 rated AA-5 and reject it for 2 of the items. Of course, he may fill the order as placed if he prefers to do so; but, if he does not he must fill it as illustrated above.

(b) The exception also applies to the seller who regularly sells only to certain types of trade purchasers, such as wholesalers, jobbers or retailers. He may reject orders from other types of purchasers but only if it is practicable to obtain the merchandise in the required quantity through regular trade channels.

(c) The exception applies to a manufacturer who receives a rated order which, together with orders on hand, totals less than his minimum production run of a product which is mass produced and cannot be filled from inventory. It makes no difference that he has regularly sold in quantities as small as that ordered. For example, suppose a manufacturer's minimum production run is 1,000 units, but he has regularly sold in lots of 10 units. At a time when he has none of the particular product in inventory and no orders on hand, he receives a rated order for 600 units. He may reject the order. If, however, he has on hand a previously accepted order for 400 units, he would be required to accept the order for 600 units.

(d) It should be noted that paragraph (e) of § 944.2 in which the above exception appears includes the requirement that "there must be no discrimination in such case against rated orders, or between rated orders of different customers." This means, for example, that a seller who sells principally at wholesale but also at retail to one or more customers may not reject rated retail orders from other customers. However, if a manufacturer or wholesaler has an exclusive distributor, either for all sales or for a particular territory, he may reject orders from other purchasers provided the exclusive distributor is in a position to fill the orders promptly. (Issued Jan. 6, 1945.)

INTERPRETATION 4

ACCEPTANCE OF RATED ORDERS FOR USE OF FACILITIES BY CONTROLLED MATERIALS PRODUCERS

Section 944.2 of Priorities Regulation No. 1 provides for the compulsory acceptance of defense and other preference rated orders for the use of facilities, and § 944.7 provides for the sequence of deliveries on such orders. With respect to all such orders placed with a producer of controlled materials, the provisions of these sections are applicable only to the extent that they do not interfere with the acceptance, production, and delivery of orders which he is permitted to fill under paragraph (t) (3) of CMP Regulation No. 1. (Issued Mar. 18, 1944.)

INTERPRETATION 5

EFFECT OF ASSIGNMENT OF A RATED ORDER OR CONTRACT ON SEQUENCE OF DELIVERY

When a rated contract is assigned, the rating remains applicable to the contract as assigned if, but only if, the assignee uses the material covered by the contract for substantially the same purpose for which the rated contract was placed.

Examples. (1) The Navy places a rated order with A and A extends the rating to B. Later the Navy and A cancel the contract and the Navy enters into a new contract with C for delivery of the same product at the same time and applies the same rating to it. A assigns to C his contract with B. The rating which A had extended to B remains valid as of the time it was extended by A, and B must honor it in making delivery to C.

(2) A steel mill places an order for a repair part rated AA-1 under CMP Regulation No. 5. The steel mill finds that it does not need the part but another steel mill needs the same and asks the first mill to assign its contract for the part. The second mill could also apply a AA-1 rating to the delivery. However, it prefers to use the first mill's rating so as to come ahead of the orders which have been placed since the first mill placed its order. The second mill may not make this use of the rating, since the rated order was placed for the repair of the first mill's facilities and the purpose of the order has thus been changed.

(3) The War Production Board assigns a rating on a PD-1A certificate to a textile manufacturer to buy some textile machinery. He places an order with a machinery manufacturer and applies the rating to the order. He decides he does not need the machinery but finds another textile producer who does need the machinery and is willing to purchase the same from him. He therefore assigns the contract for the machinery to the second textile producer. The rating does not apply to the delivery to the second producer since it was assigned by the War Production Board only for the purpose of filling a specific need shown by the first textile producer. (Issued July 24, 1943.)

INTERPRETATION 6

MICROFILM RECORDS

Records required to be kept by § 944.15 of Priorities Regulation No. 1 or by any other order or regulation of the War Production Board may be kept in the form of microfilm or other photographic copies instead of the originals. (Issued Aug. 14, 1943.)

INTERPRETATION 8

EFFECT OF INVENTORY AND SMALL ORDER PROVISIONS ON SEPARATE OPERATING UNITS OF THE SAME COMPANY

(a) If an individual plant, branch store, division or other operating unit normally keeps separate inventory from the rest of the corporation or firm, inventory restrictions in WPB orders and regulations apply to it separately. Thus, although another unit may have exceeded an inventory limit, this does not prevent a unit which has not exceeded it from acquiring additional inventory within the limit.

(b) Likewise, if an order of the War Production Board provides an exemption for small purchases, an operating unit which normally buys separately need not consider purchases made by other units in determining whether it comes within the exemption.

(c) It may happen that the same operating unit will be treated separately for purposes of inventory restrictions but not for purposes of small order exemptions. For example, if a distributor purchases centrally for direct shipment to several outlets which keep separate inventories, the outlets are treated separately for purposes of inventory restrictions but the central purchasing agency must include all its purchases in determining whether a transaction comes within a small order exemption.

(d) This interpretation applies only in cases where a contrary rule is not expressly stated in the applicable War Production Board order or regulation. Also it only applies where the regular business practice of the unit in question is to keep a separate inventory or to buy separately. It does not apply if the regular practice has been changed just for the purpose of coming within this interpretation. (Issued Nov. 22, 1944.)

INTERPRETATION 9: Revoked Mar. 18, 1944.

INTERPRETATION 10

EFFECT OF CANCELLATION OF A PURCHASE ORDER ON DIRECTIVE REQUIRING ITS IMMEDIATE PRODUCTION

In many instances, both under the Controlled Materials Plan and otherwise, the War Production Board has issued directives to producers and manufacturers requiring them to produce particular orders ahead of their normal place on the producers' or manufacturers' schedules. Typical of such directives are directives requiring them to produce certain orders by a given date, regardless of the effect of doing so on the production of other orders. If and when the particular orders are cancelled, the directives lose all effect. This is so since the reason for issuing the directives, namely, the urgent need for a particular product, no longer exists when the order for the product has been cancelled. (Issued Sept. 21, 1944.)

INTERPRETATION 12

DATE ON WHICH PURCHASE ORDER IS RECEIVED

Section 944.7 (b) provides that between conflicting orders which bear the same preference rating, precedence must be given to the order which was received first with the rating. Some questions have arisen as how to fix the date when the order was "received", due to the fact that occasionally specifications are not sent to the manufacturer with the customer's order. The word "order" as used in § 944.7 (b) means a purchase order accompanied by specifications in sufficient detail to enable the manufacturer to put the product in production. Not until such specifications have been furnished is there an "order". The date on which such specifications are furnished to the manufacturer is the date on which the order is "received". This date, and not the date on which the order without specifications was first received by the manufacturer, controls the position the order takes in the manufacturer's schedule.

For example, where an engine manufacturer on February 1st receives a rated order for fifty engines for July delivery but the customer does not, until March 1st, furnish the specifications as to carburetors, pumps, or other equipment, necessary before the engines can be put into production, March 1st is the date the "order was received" for the purposes of § 944.7 of Priorities Regulation No. 1. (Issued Nov. 8, 1944.)

INTERPRETATION 13

APPLICABILITY OF ORDERS AND REGULATIONS TO USED OR SECOND-HAND MATERIALS AND PRODUCTS

(a) Every order or regulation of the War Production Board applies to materials and products in used or second-hand form (other than scrap) to the same extent as to new items, unless the order or regulation or a published interpretation of it expressly states otherwise.

(b) The following examples illustrate the above rule: (1) Order L–265 regulates the manufacture and distribution of "electronic equipment". The definition of this term in paragraph (a) (3) of the order does not exclude used or second-hand equipment from the coverage of the order. Therefore, all of the provisions of the order apply to both new and used or second-hand electronic equipment.

(2) Paragraph (c) of Order L–190 controls the distribution of new Class D scales. The term "new" is defined in the order. Therefore, the restrictions of paragraph (c) apply only to Class D scales which are "new", as defined in the order, and this interpretation does not apply to that order. (Issued Mar. 27, 1945.)

INTERPRETATION 16

APPLICABILITY OF PRIORITY RULES TO SUPPLIERS OF COMPLETE PRODUCTS AND PARTS FOR THE COMPLETE PRODUCTS

(a) *Applicability of rules regarding acceptance of orders.* A person who supplies parts for a complete product, as well as the complete product itself, may not accept an order for the complete products calling for delivery on a date which would interfere with delivery of equal or higher rated orders for parts which he has already accepted. In other words, he must comply with the rules in § 944.2 of Priorities Regulation 1 in accepting orders for complete products and orders for parts only, and this is true even if the complete product is subject to a frozen schedule under Priorities Regulation 18 and the parts are not. Thus if he gets a rated order for complete products calling for delivery on June 1, 1945, and cannot fill this order without using parts which are required for delivery on an equal or higher rated parts order previously accepted, calling for delivery on June 1, 1945, he may not accept the order for the complete products. In such a case, he must either (1) reject the order, stating when he could fill it, or (2) accept it for delivery on the earliest date he expects to be able to deliver, informing the customer of that date.

(b) *Arranging sequence of shipments under scheduling orders, and effect of frozen schedules.* (1) In arranging the sequence of shipments on a shipping schedule filed under Order M–293 and other scheduling orders, a manufacturer may not schedule an order for complete products for shipment on a date which would interfere with delivery of an equal or higher rated parts order which he has on his books. In other words, the manufacturer must comply with the rules in § 944.7 of Priorities Regulation 1 in arranging his shipping schedules under the scheduling orders. The fact that in some cases the complete products are subject to the scheduling provisions and parts are not, does not allow the manufacturer to disregard the parts orders in scheduling the orders for complete products. Furthermore, it would make no difference whether the parts were made by the manufacturer, or whether he made some and bought some, or whether he bought them all.

(2) However, where a shipping schedule for the complete products has been properly made up under Order M–293, or any other scheduling order, and has become a frozen schedule under Priorities Regulation 18, orders for parts (or for the complete product) subsequently received, may not be allowed to interfere with deliveries under the frozen schedule, unless the War Production Board takes affirmative action to permit or direct such interference. But when the next schedule is made up and filed, these newly received orders must be given the preference required by Priorities Regulation 1, as explained above.

(c) *Illustrations.* (1) If a manufacturer of internal combustion engines, who also makes (or buys) parts for such engines, has on hand an order rated AA–1 for 1,000 cylinder heads calling for delivery in January 1946, and then receives an AA–1 rated order for 1,000 engines also calling for delivery in January 1946, he may not accept the engine order unless he could fill it during January without using cylinder heads needed to fill the cylinder head order on time.

(2) If the manufacturer has accepted an AA–2 rated order for engines for delivery in January 1946, and thereafter receives an AA–1 rated order for cylinder heads for delivery in January, he must accept the latter order. Furthermore, in making up his January shipping schedule for engines under Table 4 of M–293, he must not schedule the engine order for shipment during the month unless he could fill it without using cylinder heads needed to fill the cylinder head order on time. However, if both of the orders call for delivery in December 1945, and his engine schedule for December, including this particular engine order, has already been frozen under Priorities Regulation 18, then he must not accept the cylinder head order for delivery in December unless he could fill it without interfering with the frozen schedule or unless the War Production Board specifically authorizes or directs him to do so. PLACING AND ACCEPTANCE OF ORDERS FOR FUTURE DELIVERY CONDITIONED ON REMOVAL OF WPB RESTRICTIONS

The following interpretation is issued with respect to Priorities Regulation 1:

(a) Some orders and regulations of the War Production Board forbid the placing or acceptance of purchase orders for certain materials or products unless the purchase orders bear specified preference ratings, or unless they are accompanied by an allotment symbol or special authorization, or unless they meet some other condition. Such provisions do not, however, prohibit the placing or acceptance of a purchase order which by its express terms, is not to be filled until after removal of such restrictions by the War Production Board.

(b) A manufacturer may not, of course, schedule such orders for production or place material in production to fill such orders until after the applicable WPB restriction is removed. He may order materials needed to fill such orders, but his own orders must call for delivery at a future time when the material can be received under Priorities Regulation 32. Also, if he is ordering a material which is itself subject to a restriction on placing or accepting of orders, that purchase order must as well be conditioned on the removal of the restriction.

(c) For example, Order L–111 forbids the acceptance of an order for new hand trucks unless the order bears a rating of AA–5 or higher. Nevertheless, an unrated order for hand trucks may be accepted subject to the condition that no steps will be taken to fill it until the restriction on acceptance of unrated orders is removed.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 1, Interpretation 14, as Amended Aug. 28th, 1945]

SUMMARY OF WPB CONTROLS REGARDING IDLE OR EXCESS INVENTORIES

Introduction

The following interpretation is issued with respect to Priorities Regulation 1:

(a) *Purpose of this interpretation.* This interpretation summarizes some of the important rules on what to do when you have materials or products which are idle or excess in your inventory because of a termination or cut-back in your war contracts or other change in your operations. These are not new rules on this subject, nor are they necessarily complete, but they are intended to be convenient references to rules which are now effective in WPB orders and regulations. As these orders and regulations are revised from time to time, you should be sure to look at the latest copies.

(b) *General rule.* The general rule is that if you got a material or product by using a preference rating, allotment or other WPB priorities assistance, you must if possible use or dispose of it (or of the product into which it has been incorporated) for the purpose for which the assistance was given. This is the rule of § 944.11 (a) of Priorities Regulation 1, which also states the conditions under which physical segregation of inventory is not required.

(For effect of this section on sale of Class B products, see Interpretation 32 to CMP Regulation 1).

Disposition or Use of Excess

(c) *In general.* If you have a termination, cut-back, or other reduction in your operations, it may be impossible to use the material or product for the purpose for which the priorities assistance was given. In this case, you may dispose of it as explained in paragraphs (b) (1) and (b) (2) of § 944.11 of PR–1, or you may use it as explained generally in paragraph (b) (3) of that section. These rules are summarized in paragraphs (d) and (e) below.

(d) *Disposition*—(1) *Special sales.* If you want to sell the excess material or product to someone else, and you acquired or made it for your own use and you do not sell it in the regular course of your business, you should look at Priorities Regulation 13 for the rules governing such "special sales". These include special sales as scrap (other than plant generated scrap). Also, all sales of surplus materials or products by Government agencies are special sales.

(2) *Other sales.* If the sale of the particular material or product, including scrap, is not a special sale, it is permitted as long as you comply with all requirements of WPB orders and regulations which apply to the material or product you are selling. For example, you are usually required to accept rated orders and observe the sequence of preference ratings; and if the material or product may be sold or scrapped only on specific WPB authorization as described in the applicable E, L, M, R, or U order, you must do what the order says.

(e) *Use*—(1) *Must be in compliance with applicable WPB orders.* If you want to use the excess material or product, you must always comply with all applicable WPB orders and regulations governing its use, inventory, etc. This is in addition to the rules in paragraphs (e) (2), (3) and (4) below. To find out what orders or regulations are applicable to the particular material or product, it may be helpful to look at the WPB monthly publication, "Products and Priorities," or you can ask your nearest WPB field office.

(2) *Use permitted if you could buy under PR–13.* You may use the excess material or product in your inventory for any permitted purpose for which you have the necessary rating or other qualification to buy from someone else at a "special sale" under PR–13. Thus, if that regulation says that a particular material may be sold for use only to someone who has an AA–5 rating, you could use it yourself for any permitted purpose for which you have that or a higher rating.

(3) *Use of controlled material.* In the case of steel, copper or aluminum in controlled material form, or a Class A product, you must look at paragraph (u) of CMP Regulation 1 which explains in more detail how you can divert and use such materials or products.

(4) *Special permission.* If you think you could get permission to buy the particular material or product from someone else under PR–13 and the rules in paragraphs (e) (2) and (3) above do not let you use it in your own inventory, you may ask for special permission to use the material or product yourself. The way to get this permission is explained in Direction 52 to CMP Regulation 1 on controlled materials and Class A products, and in Direction 4 to PR–1 for other materials and products. This permission may be given for use in other war contracts or in permitted civilian uses as long as there is no interference with war production in your area. (For prohibited or restricted civilian uses, see paragraph (f) below.) However, permission to use excess materials under these rules will not constitute an exception or appeal from the provisions of any E, L, or M order which might apply to the use you are interested in. Thus, you may also have to appeal or apply for the exception as provided in the particular order.

(f) *Resuming civilian production.* If you want to divert idle or excess materials for use in resuming civilian production presently limited or prohibited, the rules for getting the necessary permission are explained in Priorities Regulation 25. If permission is granted, you can use materials in your inventory under the rules described in paragraph (e) above.

(g) *Special provision for transfer among war contractors.* If you have a war contract which has been terminated or modified, and another contractor is producing similar products for the same procuring agency, he may be able to receive excess materials (from you, your suppliers, or the procuring agency) in excess of inventory limits. This is permitted when authorized by the procuring agency to the extent described in Direction 1 to Priorities Regulation 32. This direction covers both the inventory exceptions necessary to receive excess materials of this kind, and also the sale or exchange of the materials.

Bringing Inventory Back to Normal

(h) *Inventory limitations.* If the termination or cut-back results in your having a bigger inventory than you need, the mere possession of it is not prohibited as long as the particular material or product was properly acquired. This is explained in Interpretation 5 to Priorities Regulation 32. However, you may not receive further deliveries of the particular material or product held in excess, nor may you fabricate above permitted inventory levels, except as provided in the applicable regulations or orders. The general inventory rules are in Priorities Regulation 32, and specific inventory limits on particular materials or products or relating to particular classes of persons are indicated in Tables 1 and 2 of that regulation. In general, upon any reduction in operations, outstanding orders for the items which constitute an excessive inventory must be promptly adjusted, or, if necessary, cancelled. However, certain further deliveries may be received to the extent permitted by paragraph (h) of Priorities Regulation 32, and special items may be received as permitted by that paragraph and by Direction 3 to that regulation. A limited inventory exception in the case of items bought on special sales is provided in PR–13.

(i) *Cancelling ratings or allotments.* In cutting back or cancelling orders as described above you will probably have to cancel your ratings to the extent described in § 944.4a of PR–1, and make the necessary adjustments in your allotments and authorized controlled material orders as explained in paragraph (u) (2) of CMP Regulation 1 and Interpretation 28 and 31 to CMP Regulation 1.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 32]

INVENTORIES

(a) What this regulation does.

General Restrictions

(b) Restriction on delivery.
(c) Restrictions on receipts.
(d) Restriction on ordering more than needed.
(e) Adjusting outstanding orders when requirements change.
(f) Restriction on processing.

Exceptions

(g) In general.
(h) Receipts permitted after contract cancellations or cut-backs.

Miscellaneous Provisions

(i) Previous inventory authorizations.
(j) Separate inventories.
(k) Redistribution of excess inventories.
(l) Violations.
(m) Revisions of tables.
(n) Appeals, letters and questions.

§ 944.53 *Priorities Regulation 32*—(a) *What this regulation does.* This regulation contains the inventory rules formerly in § 944.14 of Priorities Regulation 1 and in CMP Regulation 2. Its purpose is to prevent excessive inventories by restricting ordering, deliveries, receipts and processing of materials in short supply. All kinds of materials are covered including raw or semi-fabricated materials, commodities, equipment, accessories, parts, assemblies or products of any kind, whether or not acquired with priorities assistance.

The general rule on receipts is in paragraph (c) (1), and this is controlling unless a more specific limitation or exception is indicated in Table 1 or 2 or a direction to this regulation, or unless Table 3 (formerly Order M-161) exempts the material entirely. Other exceptions to the inventory limitations are stated in paragraphs (g) and (h) and in directions to this regulation.

General Restrictions

(b) *Restriction on delivery.* No person may deliver any material if he knows or has reason to believe that acceptance of the delivery would be in violation of this regulation.

NOTE: For rule on making or delivering material earlier than required by customers, see Interpretation 3.

(c) *Restrictions on receipts*—(1) *General rule.* A person may not accept delivery of any material if his inventory of that material is, or will be, more than a practicable minimum working inventory reasonably necessary to meet his own deliveries on the basis of his current or scheduled method and rate of operation.

NOTE: For rule on when material is considered to be in inventory, see Interpretation 4; for rule as to seasonal industries, see Interpretation 1.

(2) *Special rules in Tables 1 and 2.* If Table 1 at the end of this regulation shows a special inventory limit on a particular material or product (either specifically or by reference to another WPB order or regulation), that limitation governs and the restrictions of paragraph (c) (1) above may be disregarded unless the applicable order or regulation (or a note in Table 1) also states that a practicable minimum working inventory may not be exceeded. The same is true with respect to particular classes of persons shown on Table 2. Where a specific period of time is shown on Table 1 or 2, no person affected may accept delivery of any material specified if his inventory of it is, or will be, more than he needs during the immediate period specified on the basis of his current or scheduled method and rate of operation. Even if an order or regulation is not listed on Table 1 or 2, any specific inventory limits imposed by it must be complied with. If an order or regulation listed on Table 1 or 2 is revoked or a listing removed from the tables all provisions of this regulation, including paragraph (c) (1), are automatically applicable.

(3) *Special rules on steel and copper in controlled material form.* The former inventory rules in CMP Regulation 2 on steel and copper in controlled material form (as defined in CMP Regulation 1) are now in Table 1 of this regulation, and the following special rules are applicable to deliveries to users of such steel and copper: (i) Where steel and copper are involved, the provisions of this regulation apply separately to each "item" in any class listed in Table 1 which is different from all other items in that class by reason of one or more of its specifications, such as length, width, thickness, temper, alloy, finish, method of manufacture, etc. (ii) If any producer of steel or copper exercises his privilege under CMP Regulation 1 of making delivery before the delivery date specified by his customer, the delivery may be accepted and the limits of this paragraph (c) exceeded to the extent that the excess results from the early delivery. (iii) The limits in Table 1 on receipts of steel and copper in terms of specific days' requirements apply only within the 48 States and the District of Columbia. Other special rules on steel and copper are explained in Table 1.

(d) *Restriction on ordering more than needed.* (1) A person may not place any order, whether rated or unrated, for delivery of any material on earlier dates or in larger amounts than he would be permitted to receive under this regulation. Orders aggregating more than he is allowed to receive may not be placed with different suppliers even though he intends to cancel one or more of them before delivery. However, this restriction does not apply to materials listed on Table 3 of this regulation nor to purchases by ultimate consumers for personal or household use. The restriction does not forbid the placing of orders for delivery under the conditions explained in Interpretation 11 to Priorities Regulation 1, but such orders may not be scheduled for production as long as this restriction is effective.

(2) This restriction does not require adjustment of orders placed before August 28, 1945. However, in view of its policy to prevent hoarding and speculative buying of materials in short supply, the WPB may direct adjustments or cancellations in individual cases where orders are in excess of reasonably anticipated needs especially where failure to do so might result in unbalanced distribution and curtail total production.

(e) *Adjusting outstanding orders when requirements change.* If because of a change in operations, slowing or stoppage of production, delayed delivery by a supplier, or any other change in requirements, a person who has ordered material for future delivery would, if he accepted delivery on the date specified, exceed the limits prescribed by this regulation, he must promptly adjust his outstanding orders, and, if necessary, postpone or cancel them. Paragraph (h) below describes what further deliveries may be accepted.

(f) *Restriction on processing.* No person may process, fabricate, alloy or otherwise alter the shape or form of any material if his inventory of the material in its processed, fabricated, alloyed or otherwise altered shape or form is, or will be, more than a practicable minimum working inventory. However, this does not restrict a person from altering the form of surplus materials by scrapping or reprocessing them, unless a WPB order specifically says otherwise.

Exceptions

(g) *In general.* This paragraph, paragraph (h) below, and certain directions to this regulation state general exceptions to the restrictions on acceptance of delivery described in paragraph (c) above, and to all other inventory restrictions on delivery and acceptance of delivery in WPB orders and regulations unless they contain specific provisions to the contrary. None of these or any other exceptions to WPB inventory restrictions on receipts permit a supplier to disregard any applicable WPB order or regulation which restricts production or delivery.

(1) *Exemption of Table 3 materials.* Materials listed on Table 3 at the end of this regulation may be delivered and accepted without regard to WPB inventory restrictions.

(2) *Materials bought under PR-13.* Priorities Regulation 13 provides a limited exemption from inventory restrictions in the case of items bought on special sales.

(3) *Imported materials.* A person may import any material without regard to WPB inventory restrictions, but if his inventory of it thereby becomes in excess of the amount permitted by this regulation, he may not receive further deliveries of it from domestic sources until his inventory is reduced to permitted levels. The inventory restrictions of this regulation do apply to any deliveries of the imported material he makes, and to the amount of it that any person accepting delivery from him may receive.

(4) *Advance stockpiling for civilian production.* A person may receive in anticipation of starting or resuming civilian production the minimum amount of material he would need during the first 30 days of such production, provided no priorities assistance is used to get the material. Records of such receipts and the basis on which they were computed must be preserved as required by § 944.15 of Priorities Regulation 1. This 30-day amount is a ceiling as far as advance stockpiling is concerned, and may not be considered as a "bonus" to be added to the amount of any material which a producer expects to have available for making his civilian product. Changes in this 30-day amount may be indicated for a particular material by a note in Table 1.

(5) *Minimum sale quantities.* Minimum sale quantities and production runs may be accepted to the extent permitted by Interpretation 2 to this Regulation. However, where Column 3 of Table 1 shows a specific amount of a particular material, that is considered to be the minimum sale quantity of it. Thus, if a person would be permitted under paragraph (c) to accept less than the amount shown, he may accept delivery of the full amount. In any event, after receiving a minimum sale quantity of any material, a person may not accept delivery of any additional quantities until his inventory of it is within applicable limits.

(6) *Small inventory exemption for particular materials.* If a note in Table 1 or 2 shows a specific amount of a particular material as a small inventory exemption, a person may accept delivery of any quantities of it as long as his total inventory of it after acceptance is no more than the specified amount.

(h) *Receipts permitted after contract cancellations or cut backs.* Where a person has promptly cancelled or cut back a contract with his supplier as required by paragraph (e) and the supplier is not otherwise prohibited from producing or delivering any material involved, delivery of it may be accepted and the inventory restrictions of paragraph (c) exceeded to the following extent only:

(1) Delivery may be accepted if the supplier has shipped the material or loaded it for shipment before the receipt of the instruction to cancel or cut back; or

(2) Delivery may be accepted of any special item which the supplier actually has in stock or in production or special components or special materials which he has acquired for the purpose of filling that contract. A special item, as used above, means one that the supplier does not usually make, stock, or sell, and which cannot readily be disposed of to others; or

(3) Even if the material is not a special item, delivery may be accepted from a producer if it has already been produced or is in production before receipt of the instruction to cancel or cut back, and it cannot be used to fill other orders on the producer's books.

NOTE: For special rules on continuing receipts of special items after contract cut backs, see Direction 3 to this regulation; and as to transfers of idle materials after cancellations or cut backs, see Direction 1. For effect of reduction in consumption rate on permitted inventories, see Interpretation 5.

Miscellaneous Provisions

(i) *Previous inventory authorizations.* Any specific authorizations, exceptions, or grants of appeals issued under § 944.14 of Priorities Regulation 1 or CMP Regulation 2 remain in effect according to their terms unless individually modified or revoked.

(j) *Separate inventories.* (1) In figuring his inventory, a person must include all material in his possession and all material held for his account by another person, but not material held by him for the account of another person.

(2) In the case of a person who on August 28, 1945, has more than one operating unit and keeps separate inventory records for them, this regulation applies to each such operating unit or division independently. A person may not make any further separation or consolidation of such operating units without special written approval of the War Production Board, unless it is purely incidental to a separation or consolidation which is made primarily for other than inventory purposes.

(k) *Redistribution of excess inventories.* Excess inventories of materials and products, including inventories of materials which are in such form as to be unusable by the holder, are subject to redistribution to other persons by voluntary action pursuant to Priorities Regulation 13, or if necessary for national defense, through requisitioning by the War Production Board.

(l) *Violations.* Any person who wilfully violates any provision of this regulation, or who, in connection with this regulation, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(m) *Revisions of tables.* Tables 1, 2 and 3, attached to this regulation will be revised from time to time. As materials and products become in more ample supply, it is expected that they will be listed on Table 3. In special cases, particular materials or products may also be removed from Table 3 or added to Table 1. It is, therefore, important to be familiar with the latest revision of the tables.

(n) *Appeals, letters and questions.* Any appeal or other question regarding any provision of this regulation should be sent by letter in duplicate to the Office of Inventory Control and Surplus Utilization, War Production Board, Washington 25, D. C., Ref.: PR 32, unless Table 1 or 2 attached to this regulation indicates otherwise with respect to particular materials or classes of persons.

Issued this 28th day of August 1945.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

TABLE 1—MATERIALS AND PRODUCTS SUBJECT TO SPECIFIC INVENTORY PROVISIONS

Explanation. Materials or products listed in Column 1 are subject to the specific inventory provisions shown, as explained in paragraph (c) (2) of the regulation, except to the extent that different rules may apply as to certain classes of persons under Table 2.

Column 2 shows either the WPB order or regulation which controls inventories of the material, or if no order is specified, there is shown a period of time representing the maximum inventory permitted as explained in paragraph (c) (2). An asterisk (*) indicates that the practicable minimum working inventory limit of paragraph (c) (1) also applies, that is, if it would be less than the specific limit indicated.

A figure in Column 3 shows the minimum sale quantity, that is, the amount of the particular material which a person may receive under the conditions stated in paragraph (g) (5), even if it is more than allowed under Column 2. If no figure is shown, the rule in Interpretation 2 must be followed.

Column 4 tells the Division or Office in the War Production Board to which should be sent any appeals or questions regarding the limitations described. However, if the applicable order says appeals are to be filed somewhere else, such as the nearest WPB field office, that provision controls.

Column 5 (Remarks) gives explanations, exemptions or other special rules applicable to the particular material or limitation.

TABLE 2—CLASSES OF PERSONS SUBJECT TO SPECIFIC INVENTORY PROVISIONS

Explanation. The classes of persons listed in Column 1 are subject to the specific inventory provisions shown, as explained in paragraph (c) (2) of the regulation.

Column 2 shows either the WPB order or regulation which controls the inventories of the particular class of persons, or if no order is specified, there is shown a period of time representing the maximum inventory permitted as explained in paragraph (c) (2). An asterisk (*) indicates that the practicable minimum working inventory limit of paragraph (c) (1) also applies, that is, it would be less than the specific limit indicated.

Column 3 tells the Division or Office in the War Production Board to which should be sent any appeals or questions regarding the limitations described. However, if the applicable order says appeals are to be filed somewhere else, such as the nearest WPB field office, that provision controls.

Column 4 (Remarks) gives explanations, exemptions or other special rules applicable to the particular class of persons or limitation. Where this column specifies certain materials, the limitation or exemption for the particular class of person applies only to the materials specified.

Classes of persons (1)	Order or limitation (2)	WPB division or office administering the control (3)	Remarks (4)

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 32, Interpretation 1]

INVENTORIES IN SEASONAL INDUSTRIES

The following interpretation is issued with respect to Priorities Regulation 32:

Paragraph (c) (1) of Priorities Regulation 32 prohibits any person from accepting a delivery which will give him "more than a practicable minimum working inventory reasonably necessary to meet his own deliveries on the basis of his current or scheduled method and rate of operation". This does not prevent a person engaged in a seasonal industry who normally stocks up inventory in advance of the season from accepting delivery of his requirements of the inventory in question, provided (a) that he is not guilty of hoarding, and (b) that the deliveries accepted are no greater and no further in advance than those which he would normally accept in the ordinary course of his business to meet reasonably anticipated requirements.

Issued this 28th day of August 1945.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 32, Interpretation 2]

MINIMUM SALE QUANTITIES AND PRODUCTION RUNS

The following interpretation is issued with respect to Priorities Regulation 32:

(a) *Applicable provisions of the regulations.* Priorities Regulation 32 forbids the making or acceptance of a delivery which will give the customer more than the "practicable minimum working inventory reasonably necessary" for him to make his own deliveries. A similar provision in paragraph (c) (2) of Priorities Regulation No. 3 says that a customer who is applying a rating for which no specific quantities have been authorized may use it only to get the "minimum amount needed."

(b) *Factors to be considered in determining how much can be ordered and delivered.* In determining a customer's minimum inventory "reasonably necessary" under Priorities Regulation 32 or his "minimum amount needed" under Priorities Regulation No. 3, it is proper in some cases to consider not only the immediate needs of the customer's plant but also whether the amount which he orders will be a minimum production run for his supplier. The customer may order and receive (and the supplier may deliver) the customer's requirements for a longer period in advance than he actually needs at the time of delivery if, but only if, it is not practicable for him to get the item from any supplier in the smaller quantities which he presently needs. The supplier may reject his customer's order if it is less than the minimum which he regularly sells or less than his minimum production run of a product which is mass produced under the conditions explained in Interpretation 3 of Priorities Regulation 1.

(c) *Relief in exceptional cases.* If the conditions stated in paragraph (b) above cannot be satisfied but the customer wants to order or accept delivery of more than his actual needs at the time of delivery, he should apply to the War Production Board for permission, stating the facts and why it is not practicable to satisfy the condition of paragraph (b).

(d) *Special provisions for controlled materials and Class A products.* This interpretation does not apply to deliveries of controlled materials under the Controlled Materials Plan. Rules regarding deliveries of controlled materials are given in Tables 1 and 3 of Priorities Regulation 32, and additional rules for Class A products are explained in Interpretation 9 to CMP Regulation No. 1.

(e) *Specific limits on ratings may not be exceeded.* This interpretation does not apply to the use of a rating where a specific quantity is stated in the instrument assigning the rating. If a person is assigned a rating for a specific amount of material, he may not use it to get more. If he finds that he can only get the material in larger quantities, he should apply for a modification of the rating.

(f) *No effect on contractual rights.* The times and amounts in which deliveries are to be made are to be determined by agreement between the supplier and the customer. Nothing in this interpretation relieves a supplier from fulfilling a contract to make deliveries at specified times in specified amounts. For example, if a customer has agreed to buy and a supplier has agreed to furnish 100 units a month for six months, this interpretation does not obligate the buyer to accept 600 units delivered during the first month, although it permits him to do so under the conditions described in paragraph (b).

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 32, Interpretation 3]

MAKING OR DELIVERING MATERIAL EARLIER THAN REQUIRED BY CUSTOMERS

The following interpretation is issued with respect to Priorities Regulation 32:

(a) Paragraph (b) of Priorities Regulation 32 prohibits a person from knowingly making a delivery which will give his customer more than the latter is permitted to receive under the regulation. Paragraph (f) of that regulation prohibits a person from processing or fabricating material if his inventory of the material in its processed or fabricated form will be more than a practicable minimum working inventory. These two restrictions should be borne in mind by any supplier who wants to make or deliver any material to his customer earlier or in greater quantities than required by the customer.

(b) For example: A supplier has accepted his customer's order of a product to be delivered at the rate of 100 a month for six months. The supplier would like to ship 200 a month for three months, or perhaps the entire 600 in the first month. Since the customer's requirements of 100 a month are presumably all he could accept within the inventory limitations of paragraph (c) of the regulation, the requirement that the supplier may not knowingly ship more than this would prevent him from delivering earlier than required by his customer, unless he received notice from his customer that the receipt of the larger amount would not cause him to have an excess inventory.

(c) Thus, before delivering a material or product substantially earlier or in greater quantities than is called for by his customer's order, a supplier is required to satisfy himself that the receipt by the customer of the changed quantities will be within the permissible inventory limitations applicable to the customer. The supplier may rely on any statement or notice to this effect from his customer, unless he knows or has reason to know that it is false.

(d) Similarly, assuming his customer would not be permitted to receive the larger quantities, the supplier should take this into account in his plans for processing the material or product so that he himself will not have an inventory greater than permitted by paragraph (f) of the regulation.

(e) This interpretation, of course, does not change the rule on delivery or acceptance of minimum sale quantities or production runs to the extent described in Interpretation 2 to this regulation, nor does it prevent earlier delivery of controlled materials under the conditions explained in paragraph (t) (4) of CMP Regulation 1 and Interpretation 33 to that regulation. Also, if any WPB order or regulation permits increased deliveries to the extent necessary to avoid shipping partly filled containers (such as paragraph (y) (4) of Order M-300), the rule in this interpretation does not prevent such deliveries.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 32, Interpretation 4]

INVENTORY MATERIAL

The following interpretation is issued with respect to Priorities Regulation 32:

(a) Paragraph (c) of Priorities Regulation 32 prohibits a person from accepting delivery of material if his inventory of it is, or will be, greater than the maximum prescribed. For the purpose of this regulation, material is considered to be inventory until it is actually put into process or is actually installed or assembled. Putting into process does not include minor initial operations, such as painting, and does not include any shearing, cutting, trimming or other operation unless such initial operations are part of a continuous fabricating or assembling operation. Nor does it include operations such as inspection, testing and ageing nor segregation or earmarking for a specific job or operation.

(b) For example, if a manufacturer who uses wire or rod cuts a sufficient quantity of it to length at one time to maintain his operations for a considerable period of time, the cut pieces remain as inventory until processed into another form or until assembled or installed.

(c) If a manufacturer purchases and stores steel castings in the form purchased, the steel castings are not put into process when the castings are painted and stored. Consequently, the inventory of castings includes those painted and stored.

(d) If a manufacturer shears steel sheet and stocks in sheared form, such stock is still part of his inventory, if the material does not continue in production.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 32, Interpretation 5]

EFFECT OF REDUCTION IN CONSUMPTION RATE ON PERMITTED INVENTORIES

The following interpretation is issued with respect to Priorities Regulation 32:

(a) Paragraph (c) of Priorities Regulation 32 prohibits the acceptance of delivery of material if a person's inventory of it is, or will be, more than the amount permitted by the regulation. If material is acquired within these restrictions, the regulation does not prohibit the mere possession of an inventory if a change in circumstances makes it greater than the amount permitted. For instance, if based upon current rate of production a manufacturer's permitted inventory of one item of steel is 100 tons and he has in inventory 60 tons, he may receive a further delivery of 40 tons. If after receiving the delivery of 40 tons his rate of consumption, because of contract cancellation or the like, is reduced drastically, the mere fact that he has an inventory of 100 tons, although his permitted inventory may be only 10 tons, is not a violation of the regulation. He may not, of course, accept any further deliveries of that item of steel until his inventory has been reduced below 10 tons (except as provided in paragraph (h) of Priorities Regulation 32 and Direction 3 to that regulation, relating to material already shipped, special items, etc.)

(b) Similarly, the regulation does not affect the liability of a customer for material in inventory when the customer cancels his contract. Such liability is controlled by the provisions of the contract between the customer and his supplier and by contract law.

Issued this 28th day of August 1945.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 32, Direction 1]

TRANSFER OF IDLE MATERIALS AMONG WAR CONTRACTORS

The following direction is issued pursuant to Priorities Regulation 32:

(a) This direction states conditions under which, upon authorization by a procuring agency, materials which are idle or excess as a result of a contract termination or modification may be delivered to other contractors for use on the same major program, and received by them in excess of inventory limitations. It also covers cases where the production is transferred by the procuring agency from one contractor to another. The only procuring agencies covered are: War, Navy, Maritime Commission, War Shipping Administration, Army Air Forces and Bureau of Aeronautics.

(b) This direction applies only under the following conditions:

(1) Where several contractors are producing similar products, assemblies, subassemblies or parts in a program for one of the above procuring agencies, and the procuring agency terminates or modifies the contract with one or more of these contractors either directly or through a prime contractor or the production is transferred from one contractor to another; and

(2) There are materials idle as a result of the termination, modification or transfer of production action in the form of raw materials, work in process, assemblies, subassemblies or parts which can be used by other contractors in the same major program.

(c) In cases of termination or modification or where the production is transferred, a contractor continuing the production may receive the idle materials for use in the same major program from any of the other contractors whose contracts have been terminated or modified, or from the procuring agency, *Provided:*

(1) The procuring agency so authorizes in writing, and

(2) The amounts of any item so received do not exceed the contractor's contract requirements after taking into consideration amounts of the item presently on hand plus the amount on order which cannot be cancelled.

A contractor whose contract has been terminated or modified may deliver the idle materials either direct or through the procuring agency to the continuing contractor under this paragraph only where the procuring agency so authorizes in writing.

(d) In addition, in cases where the production is transferred and suppliers of the original contractor have materials scheduled for that production, the continuing contractor may receive the materials from these suppliers for use in the same major program, subject to the following conditions.

(1) Special items which are not readily usable in the manufacture of other products, assemblies or subassemblies and which would in the opinion of the procuring agency have only a scrap value if not so used, may be received under this paragraph: *Provided*, The procuring agency so authorizes in writing, and the amounts of any items so received do not exceed the contractor's contract requirements after taking into consideration amounts of the item presently on hand plus the amount on order which cannot be cancelled.

(2) Standard materials and products. Materials and products which are not special to this particular production may be received under this paragraph, provided the procuring agency so authorizes in writing and the amount of any item so received is not in excess of four months' requirements for the particular program and the total on hand after receipt will not exceed the contractor's succeeding six months' requirements.

(e) The contractor is required after determination of availability and usability of the materials received under this direction to promptly cancel, reduce or postpone further deliveries from his suppliers so that his inventory of the particular items is reduced as quickly as possible to a practicable minimum working level.

(f) This direction constitutes the authority for the sale or exchange of these materials under the provisions of Section C.4 in the introduction to List A of Priorities Regulation No. 13.

CAN MANUFACTURERS IN THE PACIFIC COAST AREA

The following direction is issued with respect to Priorities Regulation 32:

During the period ending September 30, 1945, the 60-day limit of Table 1 of Priorities Regulation 32 does not apply to the acceptance of deliveries, in the States of Washington, Oregon, California and Utah, of tinplate for the manufacture of cans. Instead, during this period, a user of controlled material may not accept delivery in those states of any item of tinplate for the manufacture of cans if his inventory of that item is, or will be, more than he needs during the succeeding 90-day period on the basis of his current or scheduled method and rate of operation. After September 30, 1945, this direction no longer has any effect, and all provisions of Table 1 of Priorities Regulation 32 shall apply.

Issued this 28th day of August 1945.

[Priorities Reg. 32, Direction 3]

ADDITIONAL EXCEPTION FROM INVENTORY RESTRICTIONS FOR CONTINUING RECEIPTS OF SPECIAL ITEMS AFTER CONTRACT CUTBACKS

The following direction is issued pursuant to Priorities Regulation 32:

(a) *Purpose.* Where a contract or subcontract has been modified (not terminated) so as to reduce the rate of delivery under it, and the contractor or subcontractor as a result has an excess inventory of any special item (as defined in paragraph (h) (2) of Priorities Regulation 32), his inability to receive further deliveries of it until the excess is consumed might have a serious effect on military procurement. The customer can accept special items which the supplier has in stock or in production as permitted in that paragraph (h) (2). This direction tells how additional deliveries of special items can be accepted by the customer in excess of inventory limitations.

(b) *Scope.* This direction applies only where the customer is a prime or subcontractor under a contract which has been modified (not terminated) by the Army, Navy, Maritime Commission, War Shipping Administration, Army Air Forces or Bureau of Aeronautics, and permits the customer to accept continued deliveries only as permitted under paragraphs (c) and (d).

(c) *Inventory exceptions*—(1) *Six-months permission.* The customer may continue to accept delivery at a reduced rate of any special item required for use in the contract or subcontract where (i) the supplier notifies the customer in writing that to the best of his knowledge and belief he will be unable to resume shipments at a later date as required by the contract or subcontract if he is not permitted to make the continued deliveries, and (ii) such deliveries are rescheduled so as to bring the customer's inventory down to the limits required by Priorities Regulation 32 within six months.

(2) *Permission from procuring agency.* If the six-month requirement of paragraph (c) (1) cannot be met, the customer may nevertheless continue to accept delivery of special items, provided the deliveries are rescheduled at the lowest practicable rate and have been approved in writing to the customer by the procuring agency.

(d) *General limitation on receipts and use.* No amounts of special items may be received under this direction which exceed the customer's total requirements under the particular contract or subcontract after taking into consideration the amounts of the item presently on hand. In addition, any quantities of an item so received may be used only in filling the particular contract or subcontract, and if it is subsequently cancelled, further deliveries may be received only as permitted by paragraph (h) of Priorities Regulation 32.

(e) *Exceptions relate to receipts only.* Nothing in this direction permits a supplier to disregard any applicable WPB order or regulation which restricts production or delivery.

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[CMP Reg. 2, Revocation]

Section 3175.2 *CMP Regulation 2*, and all published directions to that regulation are revoked. These revocations do not affect any liabilities incurred for violation of the regulation or directions or of actions taken by the War Production Board under the regulation or directions. The regulation and directions are superseded by Priorities Regulation 32, and more particularly, some of the directions are superseded as follows:

Directions 1, 2, 3, 4, 6, 7, 12, 13, 24, 25 and 26, are incorporated into Table 1 or 2 of PR 32.

Direction 17 is superseded by Direction 1 to PR 32.

Direction 22 is superseded by Direction 2 to PR 32.

Direction 23 is superseded by Direction 3 to PR 32.

In addition, Interpretations 1 and 3 of CMP Regulation 2 are superseded by Interpretations 4 and 5 respectively of Priorities Regulation 32.

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[CMP Reg. 5, Direction 28]

The following direction is issued pursuant to CMP Regulation 5:

(a) This direction excepts certain materials from limits on the purchase of maintenance, repair and operating supplies. The exception is made in some cases because there is no serious shortage of the material and in other cases because the material is available in quantity only in certain seasons, so that it is desirable to permit persons to buy and store it without limit. This direction (together with the Inventory exemptions in Table 3 of Priorities Regulation 32) take the place of Order M-161.

(b) The materials listed on Schedule A are not subject to any restrictions in any regulation or order of the War Production Board (including CMP Regulations 5 and 5A and "P" and "U" orders) which limit the quantity of material received or ordered for maintenance, repair, or operating supplies during any period on the basis of the amount of such supplies purchased during a base period. A person may receive or order for delivery any quantity of listed materials without regard to these restrictions. He does not have to charge his orders for any such material against his base-period quota except to the extent that purchases of the same material were taken into account in arriving at his quota. For example, a manufacturer operating under CMP Regulation 5 is limited in his purchases of maintenance, repair, and operating supplies to the amount which he spent in the base period. A manufacturer who spent $50,000 during the base period, including $500 for a listed material, may buy any amount of that material during the current period and may use his MRO rating for that purpose, and he need include only $500 of the amount thus spent for that material in figuring the amount to be charged to his quota of MRO.

Issued this 28th day of August 1945.

SCHEDULE A

This lists the materials which are exempt from restrictions on the quantity which may be purchased for maintenance, repair or operating supplies

Asbestos tape—.010-.025 thickness
Asbestos unmanufactured, all grades and types
Borax
Boric acid
Domestic andalusite
Domestic dumortierite
Ilmenite
Phosphate rock
Potter's flint
Salt (sodium chloride) in bulk
Sodium sulfate (salt cake)
Sodium sulfite
Stoneware clay
Sulphur
Vermiculite
Waste paper
Wool, raw
Any other material which may be listed on Table 3 of Priorities Regulation 32

PART 3293—CHEMICALS

[Conservation Order M-387, as Amended Aug 28, 1945]

ROSIN

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of rosin for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3293.646 *Conservation Order M-387*—(a) *Definitions.* (1) "Gum and wood rosin" means gum and wood rosin as defined by the Naval Stores Act of March 3, 1923, and the regulations issued by the Acting Secretary of Agriculture on April 22, 1941 under that act. However, the term "rosin" when not expressly limited to gum or wood rosin, means the gum or wood rosin content of any intermediate product as well as gum or wood rosin as such.

(2) "Intermediate product" means any product containing gum or wood rosin capable of use in the manufacture of a Schedule A product. The term includes but is not limited to mixing and grinding vehicles containing rosin, esterified rosin (ester gum), rosin modified phenolic resin, rosin modified maleic or fumaric resins, rosin modified phthalic alkyd resins, gloss oil, heat-treated rosin, stabilized rosins, polymerized rosin and metal resinates. The only intermediate products which need not be considered for the purpose of this order are specified in paragraph (e) (2).

(3) "Manufacturer" means any person who uses rosin in the manufacture of any product, or any person who has rosin manufactured for him into any product pursuant to toll arrangement.

(4) "Producer" means any person who produces gum or wood rosin.

(5) "Rosin quota" means the amount of rosin any manufacturer may use in any calendar quarter for the manufacture of any product on Schedule A. Each manufacturer has a separate rosin quota for each product on Schedule A. His quota for a Schedule A product amounts to the percentage (set opposite that product) of the quantity of rosin he put into process for the manufacture of that product to fill all orders during the corresponding calendar quarter of 1944.

(6) [Revoked May 30, 1945.]

(7) [Revoked May 30, 1945.]

(8) [Deleted Aug. 28, 1945.]

(9) [Deleted Aug. 28, 1945.]

(10) "Printing ink" includes any fluid or viscous material or composition of materials used in printing, impressing, stamping, or transferring upon paper or paper-like substances, wood, fabrics or metals by the recognized mechanical reproductive processes employed in printing, publishing and related service industries.

(11) "Protective coating" means any liquid organic coating, thinner, or remover which either alone or mixed with other materials is normally applied to any surface by brush, spray, dip, roller coat, or other method of application. The term includes but is not limited to paint, varnish, enamel, lacquer, dope, lacquer or dope thinner, paint or varnish remover, stain and polishing waxes. The term does not include adhesive, cement, printing ink, coating for the manufacture of coated fabric, coating for leather (limited to hides, skins and splits, etc., which have not been incorporated into any product), coating for footwear (of any material, including leather) and coatings for manufacture of linoleum or felt base covering.

(12) "Soap" means the water soluble product formed by the saponification or neutralization of rosin, fats, oils, or their fatty acids, with organic, ammonium, sodium or potassium bases; or any composition containing such products. The term includes all types of shaving soaps and shaving creams, but shall not include soap used for nondetergent purposes and soap for industrial degreasing of metal tooling or metal fabrication.

(13) "Put into process" means the first change made by a manufacturer in the chemical or physical properties of gum or wood rosin, or of any intermediate product which he uses as such in the manufacture of a Schedule A product. For example, if gum or wood rosin is added as such to a kettle of other material in the final process of making a protective coating, the gum or wood rosin in question would be considered to have been "put into process" when it was put into the kettle. On the other hand, if gum or wood rosin is first compounded into a synthetic resin, and the synthetic resin subsequently is added to the kettle of other materials in the final process of making a protective coating, the rosin content in question would be considered to have been "put into process" when the synthetic resin was added to the kettle in the final stage of manufacture of the protective coating.

(b) *Restriction on use.* (1) During the third quarter of 1945 no manufacturer shall put into process for the manufacture of any product in Schedule A more rosin than the sum total of ½ of the amount of rosin he is entitled to use for that product under this order as amended August 28, 1945 and ½ the amount of rosin he was entitled to use for that product under this order as amended August 9, 1945.

(2) During the fourth calendar quarter of 1945, and during each calendar quarter thereafter, no manufacturer shall put into process for the manufacture of any product on Schedule A more rosin than his rosin quota for the manufacture of that product.

(3) [Deleted Aug. 28, 1945.]

(4) The use of rosin in the manufacture of products not on Schedule A is not restricted by paragraphs (b) (1) or (2) above.

(5) Any person who did not use any rosin in the manufacture of any product on Schedule A in 1944, and therefore has no rosin quota under this order for the manufacture of such products, may, nevertheless, apply to the WPB for a rosin quota for the production of any product or products listed on Schedule A. Application for such quotas may be made by addressing a letter to the Chemicals Bureau, War Production Board, Washington 25, D. C., Ref.: M-387, stating the Schedule A products which the applicant desires to make, the quantity required and any other pertinent information. Applications will be processed on an equitable basis in view of the quotas of other manufacturers under the order. No applications will be denied on the ground that the applicant was not previously engaged in the business of manufacturing the products.

(c) *End of quarter carry-over.* If, in any calendar quarter, a manufacturer does not use all of his rosin quota for the manufacture of any Schedule A product, the unused balance may be carried forward and used only in the succeeding calendar quarter for the manufacture of that product. Balances permitted to be carried over under this paragraph may be used in addition to the regular quota permitted by paragraph (b) for the quarter during which the carry-over is used. For example, if a manufacturer has a quota of 50,000 pounds per quarter for the manufacture of adhesives, and uses only 30,000 pounds in the first quarter of 1945, he has a carry-over of 20,000 pounds which he may consume for the manufacture of adhesives in the second quarter of 1945 in addition to his regular quota of 50,000 pounds. If, however, in the second quarter of 1945, he actually consumes only 40,000 pounds for adhesives, he has a carry-over for the third quarter of 1945 of only 10,000 pounds, viz., the difference between what was actually consumed (40,000 pounds) and his regular quota for that quarter (50,000 pounds). The 20,000 pound carry-over from the first quarter of 1945 is disregarded in determining the unused balance of his quota at the end of the second quarter of 1945.

(d) *Toll arrangements.* For the purpose of this order a toll arrangement is an arrangement under which rosin owned by one person (referred to as "the owner") is manufactured into a Schedule A product for the owner by another person (referred to as the "processor"). Toll arrangements are subject to the following restrictions:

(1) Any quantity of rosin put into process for the production of any product on Schedule A under toll arrangement during any calendar quarter shall be charged against the owner's rosin quota instead of the processor's, if the owner manufactured the product himself or had it manufactured for him during the corresponding calendar quarter of 1944.

(2) Any quantity of rosin put into process, under toll arrangement during any calendar quarter, for the production of any product on Schedule A, must be charged against the rosin quota of the processor and not against the rosin quota of the owner, if the owner did not manufacture that product nor have it manufactured for him during the corresponding quarter of 1944.

(3) Any processor who is offered rosin for processing on toll arrangement shall assume that he is required to charge the rosin against his own rosin quota, unless he is advised in writing by the owner that the owner manufactured the same product or had it manufactured

for him during the calendar quarter of 1944 corresponding to the calendar quarter in which the rosin is to be put in process, and that the quantity offered can and will be charged against the owner's rosin quota.

(4) Quantities required to be charged against a rosin quota pursuant to this paragraph (d) shall be considered as having been put into process by the holder of the quota for the purpose of compliance with paragraph (b) above.

(e) (1) *Method of computing rosin content of intermediate products.* Since the provisions of this order refer not only to gum and wood rosin as such put into process in the making of Schedule A products, but also refer to the rosin content of intermediate products put into process for the manufacture of Schedule A products, it is necessary for manufacturers to determine rosin content of intermediate products in some cases, not only to determine quotas and quantities to be charged against quotas, but also for the purpose of inventory and reporting provisions. In figuring the rosin content of the intermediate products listed below, a manufacturer shall use the estimated rosin content appearing after each of those intermediate products in order to determine both his rosin quota and his current consumption. For all other intermediate products, the rosin content must be ascertained.

Intermediate products	*Estimated rosin content (solvent free basis)*
Esterified rosin	96 lbs. of rosin per 100 lbs. of resin.
Rosin-modified phenolic resin	85 lbs. of rosin per 100 lbs. of resin.
Heat-treated rosins	100 lbs. of rosin per 100 lbs. of heat-treated rosins.
Stabilized rosins	100 lbs. of rosin per 100 lbs. of stabilized rosins.
Polymerized rosins	100 lbs. of rosin per 100 lbs. of polymerized rosins.
Metal resinates	90 lbs. of rosin per 100 lbs. of metal resinates.
Rosin modified maleic or fumaric resins	80 lbs. of rosin per 100 lbs. of resin.
Rosin modified phthalic alkyd resins	20 lbs. of rosin per 100 lbs. of alkyd resin.
Rosin oil	100 lbs. of rosin per 100 lbs. of rosin oil.

(2) *Special exemption for certain intermediate products.* No manufacturer shall include the rosin content of the following intermediate products for the purpose of calculating his past or current consumption of rosin in the manufacture of Schedule A products, or for the purpose of inventory or reporting provisions, notwithstanding any other provisions of this order:

Resinated colors.

Any intermediate products containing not more than 1% rosin by weight (solvent free basis).

(3) *Special provisions for mixing and grinding vehicles.* Any manufacturer who produces his own mixing or grinding vehicles for incorporation into Schedule A products which he himself produces, may charge his rosin consumption at the time he completes production of the mixing or grinding vehicle, if he so desires, instead of at the time when he uses the mixing or grinding vehicle in the manufacture of the Schedule A product. However, he must use the same timing basis in the production cycle for the purpose of computing current and base period consumption, and must continue to use the same timing basis for present and future computations under this order.

(f) *Inventory restrictions on rosin.* (1) No manufacturer shall accept any delivery of gum or wood rosin which would result in his having more than a five months inventory of gum and wood rosin, based on his current rate of operation.

(2) No manufacturer shall accept delivery of any intermediate product, or produce any intermediate product, if his acceptance or production would result in his having more than a three months inventory of that type of intermediate product, based on his current rate of operation.

(3) The term inventory refers to stocks owned by the manufacturer which are at factory, in intra-plant transfer, or stored elsewhere. However, nothing contained in this paragraph shall prevent a manufacturer from accepting one minimum standard commercial shipping unit if his inventory before acceptance is within the maximum limit set by this paragraph and if his inventory after acceptance is not more than twice the maximum limit set by this paragraph.

(g) *Restrictions on delivery of gum and wood rosin, and of intermediate products.* No producer or distributor of gum or wood rosin, or of any intermediate product, shall deliver such gum or wood rosin, or such intermediate product, and no manufacturer shall accept such delivery, unless the manufacturer certifies to the producer or distributor that his acceptance of delivery will not result in his having an inventory in excess of the applicable restrictions in paragraph (f) of this order. This certification, signed manually or as provided in Priorities Regulation 7, may be endorsed on or attached to the purchase order, and should read substantially as follows:

Inventory certified—Ref: M-387, paragraph (g).

(Name of purchaser)

By _____
(Name and title of duly authorized official)

(h) [Revoked May 30, 1945.]

(i) [Deleted Aug. 28, 1945.]

(j) *Quarterly report.* Each manufacturer who puts into process more than 2,700 pounds (5 drums) of rosin during any calendar quarter for the production of Schedule A products, shall file a use and inventory report for that quarter on Form WPB-4131, in the manner prescribed therein, on or before the 20th day of the month following the close of that quarter. One copy of each report shall be retained and one copy shall be forwarded to the War Production Board, Chemicals Bureau, Washington 25, D. C.

(k) *Appeals.* Any appeal from this order must be filed by letter in duplicate addressed to the Chemicals Bureau, War Production Board, Washington 25, D. C., Ref: M-387, setting forth the reasons for the appeal and the necessary supporting information. Such information should include:

(1) The Schedule A product for which the rosin will be used.

(2) Period of time, not exceeding one calendar quarter, for which relief is requested.

(3) Monthly schedule of the amount of rosin appellant would like to use for the particular product and the portion of this which is in excess of the quota permitted by the order.

(4) If the appeal is for an increase in quota to fill government orders, state the name of the procuring agency, the end use description, prime contract numbers and dates when the orders were received.

(5) If the appeal is filed because the restrictions of the order will prevent the filling of orders of extreme urgency, give exact information as to the use of the product in which the rosin would be used and names of the customers.

(6) Any other information pertinent to the appeal.

NOTE: Undesignated paragraph deleted Aug. 28, 1945.

(l) *Budget Bureau approval.* The reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(m) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(n) *Violations.* Any person who wilfully violates any provision of this order, or who in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(o) *Communications to War Production Board.* Communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Chemicals Bureau, Washington 25, D. C., Ref.: M-387.

Issued this 28th day of August 1945.

Appendix I to Rubber Order R-1 establishes general permitted uses for natural rubber, natural rubber latex, butyl (GR-I, dispersions) and Chlorinated natural rubber, and also lists the products which are permitted to be made from these raw materials for Government and civilian orders.

By amendment issued August 28, 1945, restrictions have been eliminated on the use of reclaimed rubber, aqueous dispersions of reclaimed rubber, scrap rubber and the following synthetics: GR-S (all types), Neoprene (all types), Butadiene-Acrylonitrile types (Butaprene, Hycar, Chemigum, Perbunan, GR-A), Thiokol (all types), Polyisobutylene (Vistanex, Synthetic 100, Polybutene, GR-I-X), Miscellaneous (Vistac #1 and #2), Chlorinated rubber except Chlorinated natural rubber and these materials no longer appear in Table A below.

2. By changing Table A, General permitted uses of materials, to read:

TABLE A—GENERAL PERMITTED USES OF MATERIALS

Type of material	General permitted uses subject to applicable end product restrictions	Monthly consumption for experimental use without specific authorization [1]
Natural rubber or natural rubber latex.	In the manufacture of products listed in Table B below for which natural rubber or natural rubber latex is specifically permitted, but only as authorized on Form WPB 3962.	None.
Butyl (GR-I, dispersions)	In the manufacture of products listed in Table B below for which butyl is specifically permitted, subject to any applicable manufacturing regulations or restrictions, but only as authorized on Form WPB 3962.	200 lbs., Dispersions 250 lbs.
Chlorinated natural rubber.	As specifically authorized on Form WPB 3962.	None.

[1] Experimentation need not be confined to permitted uses. Materials in the amounts indicated may be diverted from normal channels for manufacturing operations. To purchase butyl rubbers, make applications to Sales Division, Office of Rubber Reserve, Reconstruction Finance Corp., Washington 25, D. C.

For permission to consume materials for experimental use, in excess of the amounts authorized, file Form WPB 2242, in accordance with § 944.22 of this order.

[Rubber Order R-1, as Amended May 30, 1945, Amdt. 3]

Rubber Order R-1 as amended May 30, 1945, is hereby further amended as follows:

1. Change the list of materials appearing in § 4600.02, *Authorized consumption*, to read:

SCHEDULE A—ROSIN QUOTAS

NOTE: Schedule A amended in its entirety Aug. 28, 1945.

Product:	*Rosin quota per calendar quarter*
Foundry supplies	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Insecticides or disinfectants	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Oils and greases	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Paper and paperboard	70% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Pharmaceuticals	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Printing ink	85% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Rubber, natural and synthetic except rubber cement and rubber adhesives.	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Rubber cements, rubber adhesives and rubber coatings for fabrics.	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Finish for shoe leathers, shoe components made of leather, and binder for cork bottom filler for shoes, but not including shoe polish.	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Textile shoe fabrics and felts, and binder for boxtoes and cork counter for shoes.	70% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Adhesives	60% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Coated fabrics	60% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Linoleum and printed floor coverings	60% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Protective coatings including paints, varnishes, lacquers, etc.	60% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Shoe polish	60% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.
Soap	55% of amount of rosin used in corresponding quarter of 1944 to fill all orders or 2700 lbs. (5 drums) whichever is greater.

PART 1499—COMMODITIES AND SERVICES

[RMPR 165,[1] Amdt. 4 to Supp. Service Reg. 49]

AUTOMOTIVE REPAIR SERVICES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Supplementary Service Regulation 49 is amended in the following respects:

1. A new sentence is added to § 1499.682 (e), to read as follows: "You must keep a copy of each such sales slip or receipt in your files for inspection by OPA."

2. Section 1499.682 (a) (1) is amended to read as follows:

(1) A charge for labor resulting from multiplication of your customer's hourly rate established under RMPR 165 or any applicable supplementary service regulation by the hours or fractions of hours which are specified in Appendix A, plus actual time for jobs involving "frozen" cylinder heads, where the customer has given his oral or written consent to the extra charge, plus

4. A new § 1499.682 (h) is added to SSR 49, to read as follows:

(h) Notwithstanding any of the foregoing provisions of SSR 49 relating to Appendix A, you may elect instead to follow the provisions of Appendix B by advising your War Price and Rationing Board, in writing, to that effect. Unless you have done so, you must price all operations listed in Appendix A in accordance with the appropriate provisions of SSR 49.

If you wish to withdraw an election to follow the provisions of Appendix B, you may do so merely by writing your War Price and Rationing Board to that effect. However, a withdrawal of your election to follow Appendix B is final.

5. Appendix B is added, to read as follows:

APPENDIX B—INVOICES; RECORDS

(a) *Invoices.* You must furnish each purchaser of repair services an invoice containing the following information and you must keep a copy thereof in your files for inspection by OPA:

(1) Your name and address,

(2) The date,

(3) A brief description of each service supplied for which a separate charge is made,

(4) (i) *If customer's hourly rate alone is used in pricing the service*—The customer's hourly rate and the number of hours for which a charge is made (indicating overtime hours if charged for at overtime rates).

(ii) *If flat rate manual or labor schedule is used in pricing the service*—The title of the manual or schedule; the number or other identification of the operation; the customer's hourly rate; and the number of hours for which a charge is made (indicating overtime hours if charged for at overtime rates).

(iii) *If fixed charge is used in pricing the service*—The fixed charge (i. e., a charge not computed by means of a customer's hourly rate,

(5) Total labor charge,

(6) Parts and materials furnished, and charges therefor,

(7) Any other charge (and specific indication of its nature),

(8) Total charge.

(b) *Records.* If you have productive employees, you must keep the records indicated below and you must make such records available for OPA inspection. "Productive employees" are employees who actually do repair work, as distinguished—for example—from supervisory, clerical, or stockroom employees.

(1) Name of each productive employee, together with number of regular and overtime hours worked each day;

(2) Name of each productive employee, together with total of regular and overtime hours worked during each pay period, and the total regular and overtime wages paid to that employee for the pay period;

(3) Total number of hours worked during each pay period by all productive employees on equipment in the stock of the repair establishment or covered by a guarantee, as well as any other hours worked for which no charge was made to the customer.

To the extent that you are already keeping the records required by this provision, you satisfy its requirements, provided that such records are made available for OPA inspection.

6. The effective date of SSR 49 is amended to read October 10, 1945.

NOTE: The record-keeping and reporting requirements of this supplementary service regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This amendment shall become effective October 10, 1945, except as to item 6 it shall become effective September 1, 1945.

Issued this 27th day of August 1945.

CHESTER BOWLES,
Administrator.

ARTICLE I—SCOPE OF THE REGULATION

SECTION 1. *Commodities and services covered by this regulation and relationship to other regulations.* (a) This regulation applies to sales of raw or reconditioned steel drums, pails and containers.

(b) This regulation applies to all charges for the service of reconditioning raw steel drums with a capacity of 13 to 58 gallons, inclusive, and for the service of converting tight head drums to full open head drums.

(c) The provisions of this regulation supersede the provisions of any other maximum price regulations with respect to sales and services for which maximum prices are established by this regulation. The provisions of this regulation do not supersede the provisions of any orders issued under Supplementary Order 94—Sales by Government Agencies and Resales by Certain Buyers—and do not supersede the Second Revised Maximum Export Price Regulation with respect to sales for export or sales to an exporter.

(d) Maximum prices for the service of reconditioning raw steel drums of capacities other than from 13 to 58 gallons, inclusive, and maximum prices for the service of reconditioning raw pails and raw containers are not established by this regulation but are established by Maximum Price Regulation 591—Industrial Services.

(e) All orders or authorizations heretofore issued approving maximum prices in excess of the maximum prices established by this Revised Maximum Price Regulation 43 are hereby revoked.

SEC. 2. *Geographical applicability.* The provisions of this Regulation shall be applicable in the forty-eight States of the United States, the District of Columbia and the Territory of Puerto Rico.

SEC. 3. *Prohibitions against dealing in the sale of raw and reconditioned drums, pails and containers, and in the service of reconditioning raw steel drums at prices above the maximum.* On and after the 4th day of September, 1945, regardless of any contract or other obligation:

(a) No person shall sell or deliver raw or reconditioned steel drums, pails or containers or furnish the service of reconditioning raw steel drums of a capacity of 13 to 58 gallons inclusive at prices higher than the maximum prices established by this regulation.

(b) No person shall buy or receive in the course of trade or business any raw or reconditioned steel drums, pails or containers or the service of reconditioning raw steel drums of a capacity of 13 to 58 gallons, inclusive, at prices higher than the maximum prices established by this regulation.

(c) No person shall agree, offer, solicit, or attempt to do any of the foregoing.

SEC. 4. *Less than maximum prices.* Lower prices and charges than those established by this regulation may be charged, demanded, paid or offered.

ARTICLE II—MAXIMUM PRICES

SEC. 5. *Maximum prices for raw steel drums.* The maximum prices set forth below are established for the listed sizes of raw steel drums, constructed of steel sheets of 16 to 22 U. S. Standard gauge, inclusive. When sold by a person other than one who purchased for resale, these maximum prices are f. o. b. shipping point. When sold by a person who purchased for resale, these maximum prices include delivery within a 50 mile radius of the shipping point, when shipment is made by truck; when shipment is made by rail the drums shall be deemed to be delivered when loaded by the reseller on railroad cars. For shipment by truck more than 50 miles from the shipping point, the reseller may add to these maximum prices the transportation charges permitted by section 15 of this regulation. Where the reseller does not furnish delivery, then the applicable deduction for non-delivery as set forth below shall be made:

SOLD IN STATES OTHER THAN CALIFORNIA, OREGON, WASHINGTON, AND TERRITORY OF PUERTO RICO

Capacities in gallons	When sold by a person other than one who purchased for resale	When sold by a person who purchased for resale	Deduction for nondelivery
Over 12 to 19 incl	$0.50	$0.75	$0.05
Over 19 to 33 incl	.75	1.05	.065
Over 33 to 58 incl	1.00	1.35	.10
Over 58 to 65 incl	1.45	1.90	.15

Over 19 to 33 incl	.95	1.25	.065
Over 33 to 58 incl	1.40	1.75	.10
Over 58 to 65 incl	1.85	2.30	.15

[1] Where both shipping point and point of delivery are located in these states or in the territory of Puerto Rico; otherwise, the lower prices apply.

SEC. 6. *Maximum prices for reconditioned steel drums.* (a) The maximum prices set forth below are established for the listed sizes of reconditioned steel drums, constructed of steel sheets of 16 to 22 U. S. Standard gauge, inclusive. These maximum prices include delivery within a 50 mile radius of the shipping point when shipment is made by truck; when shipment is made by rail the drums shall be deemed to be delivered when loaded by the seller on railroad cars. For shipment by truck more than 50 miles from the shipping point the seller may add to these maximum prices the transportation charges permitted by section 15 of this regulation.

Capacities in gallons	Sold in States other than California, Oregon and Washington and Territory of Puerto Rico	Sold in States of California, Oregon and Washington and Territory of Puerto Rico [1]
	Reconditioned and delivered	Reconditioned and delivered
Over 12 to 19 incl	$1.45	$1.60
Over 19 to 33 incl	1.85	2.10
Over 33 to 58 incl	2.35	2.75
Over 58 to 65 incl	2.90	3.45

[1] Where both shipping point and point of delivery are located in these states or in the Territory of Puerto Rico; otherwise the lower prices apply.

(b) If a drum which is lined has been reconditioned so as to be suitable without further reconditioning for use as a food container, and is sold for use as a food container, then the applicable allowance as set forth below may be added to the maximum price. If painting is omitted, or if asphalt paint is used instead of varnish, enamel or lacquer, or if delivery as provided in paragraph (a) of this section is not furnished by the seller, then the applicable deduction as set forth below shall be made, except that if the drum is galvanized the deductions for omitting painting or for painting with asphalt need not be made.

Capacities in gallons	Food container allowance	Deduction for non-delivery	Deduction for omitting painting	Deduction for painting with asphalt
Over 12 to 19 incl	$0.15	$0.05	$0.05	$0.03

SEC. 8. *Maximum prices for reconditioned pails.* The maximum prices set forth below are established for the listed sizes of reconditioned pails, constructed of steel sheets of 20 to 29 U. S. Standard gauge, inclusive. These maximum prices include delivery within a 50 mile radius of the shipping point when shipment is made by truck; when shipment is made by rail the pails shall be deemed to be delivered when loaded by the seller on railroad cars. For shipment by truck more than 50 miles from the shipping point the seller may add to these maximum prices the transportation charges permitted by section 15 of this regulation. If pail is not furnished with an effective gasket, or if painting is omitted, or if delivery as provided herein is not furnished by the seller, then the applicable deduction as set forth below, shall be made.

Capacities in gallons	Reconditioned pails	Deduction for not furnishing effective gasket	Deduction for omitting painting	Deduction for nondelivery
From 1 to 2½ incl	$0.31	$0.02	$0.03	$0.02

(c) The maximum price for the service of converting a tight head drum to a full open head drum, by cutting out the head and curling the chime so that a new head with lever lock or bolted ring closure may be installed, shall be $0.50 per drum.

SEC. 13. *Maximum prices for special types and sizes of raw or reconditioned drums, pails and containers.* (a) Each person who proposes to sell raw or reconditioned steel drums, pails and containers of a capacity or gauge not specifically priced in this regulation, or of special construction, at a price in excess of the maximum prices listed in this regulation, shall submit the following information to the Office of Price Administration, Metals Price Branch, Washington (25), D. C.: Location and quantity of the drums, pails or containers to be sold, their capacities, gauges, description of construction, whether or not they are reconditioned, if reconditioned, when and by whom, acquisition price and proposed selling price, and whether such proposed selling price is a shipping point or delivered price, and if delivered, the point of destination.

The price proposed by such person shall be approved or disapproved within 14 days from the date receipt of application is acknowledged or from the date of submission of such further information which may be requested by the Office of Price Administration. In the event of disapproval, the Office of Price Administration shall establish a maximum price for the sale of the particular drums, pails, or containers described, which maximum price shall be forwarded-in writing to the applicant simultaneously with the notice of disapproval. In the event the Office of Price Administration does not mail this approval or disapproval within 14 days as provided herein, the proposed selling price shall be deemed approved.

(b) Any person may sell a raw or reconditioned drum, pail or container, of special construction or of a capacity or gauge not specifically priced in this regulation at the maximum price listed in this regulation for the item most nearly comparable in capacity and gauge without obtaining approval as required in paragraph (a) above.

SEC. 14. *Maximum prices when heresite or other acid and alkaline resistant high baked linings are applied.* Each person who proposes to sell reconditioned drums or pails to which heresite or other acid and alkaline resistant high baked linings have been applied or who proposes to sell the service of applying heresite or other acid and alkaline resistant high baked linings to drums or pails shall submit the following information to the Office of Price Administration, Metals Price Branch, Washington 25, D. C.: Data showing cost of lining such drums or pails with heresite or other acid and alkaline resistant high baked linings over and above the total reconditioning costs; and the proposed selling price, or service charge proposed to be charged in addition to the charge for reconditioning established in this regulation.

The price proposed by such person shall be approved or disapproved within 14 days from the date receipt of application is acknowledged or from the date of submission of such further information which may be requested by the Office of Price Administration. In the event of disapproval, the Office of Price Administration shall establish a maximum price for the sale of the particular drum or pail, or the particular service, which maximum price shall be forwarded in writing to the applicant simultaneously with the notice of disapproval. In the event the Office of Price Administration does not mail this approval or disapproval within 14 days as provided herein, the proposed price shall be deemed approved.

SEC. 15. *Transportation charges.* (a) Where pursuant to this regulation, the seller is permitted to add delivery charges to the maximum prices established by the regulation, the following charges may be added:

(1) For shipment by common carrier, the actual transportation charges paid or incurred by the seller.

(2) For shipment in a vehicle owned or controlled by the seller, the established railroad freight charges for transporting an identical quantity of the material from the railroad siding at or nearest the shipping point to the railroad siding at or nearest the point of delivery.

(b) Where the regulation requires free delivery within a 50 mile radius of the shipping point and the point of delivery is located outside this free delivery area, the seller may add the applicable transportation charges set forth in paragraph (a) of this section, provided that he first makes the deduction for non-delivery set forth in this regulation.

(c) Where shipment is made in a vehicle owned or controlled by the buyer, the seller may not add any transportation charges to the maximum prices, and, furthermore, must make the specified deduction for non-delivery.

SEC. 16. *Taxes.* Any tax upon, or in connection with, the sale of any commodities or services covered by this regulation incurred or paid by the seller may be collected from the purchaser in addition to the maximum price if the amount is stated separately on the invoice and if the statute or ordinance imposing the tax does not prohibit the seller from separately stating and collecting it.

ARTICLE III—GENERAL PROVISIONS

SEC. 17. *Definitions.* (a) When used in this regulation, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States Government or any agency thereof, or any other government, or any of its political subdivisions or any agency of any of the foregoing.

(2) "Drum" means any single walled, cylindrical or billed steel shipping package, liquid tight, having a welded side seam, with a capacity of over 12 to 132 gallons inclusive, constructed of steel sheets 22 U. S. Standard gauge or heavier. The term shall not include pails or containers as defined herein or cans or high or low pressure gas cylinders.

(3) "Raw drum" means a used drum which has been emptied, but has not been reconditioned for reuse after the last emptying, or an unused drum which has been damaged or deteriorated to such an extent as to require reconditioning before it can be used as a shipping package.

(4) "Reconditioned drum" means a raw drum which has been subjected to either a basic or total reconditioning, as defined herein, necessary to make the raw drum fit for use as a shipping package.

(5) "Basic reconditioning" of a drum means subjecting the drum to the following services necessary to fit the drum for use as a shipping package: Inside and outside washing (or burning), scraping, painting, drying, inspection for leaks, replacement of gasket (except in open head drums), and pick-up and delivery in accordance with the reconditioner's customary practice.

(6) "Total reconditioning" of a drum means the performance of the basic reconditioning as defined in subparagraph (5) plus any or all of the following services which may be necessary to fit the drum for use as a shipping package or which may be required by the purchaser: Dedenting, chaining or tumbling, cooking and soaking, sandblasting, or steel brushing, straightening chimes, application of coating or lining required in food drums (except heresite or other acid and alkaline resistant high baked linings), and welding of all leaks up to and including one inch in length or diameter except chime or flange leaks.

(7) "Pail" means any steel shipping package, liquid tight, having a circular cross section with a welded seam on a straight or tapered side, constructed of steel sheets of 29 U. S. Standard gauge or heavier, having a capacity of 12 gallons or less, either closed or open head. The term shall not include drums or containers as defined herein or cans or high or low pressure cylinders.

(8) "Raw pail" means a used pail which has been emptied and has not been reconditioned for reuse after the last emptying, or an unused pail which has been damaged or deteriorated to such an extent as to require reconditioning to make it fit for use as a shipping package.

(9) "Reconditioned pail" means a raw pail which has been thoroughly cleaned, painted, and equipped with a properly fitting cover, effective gaskets, and subjected to any and all processes necessary to make the pail fit for use as a shipping package.

(10) "Container" means a steel shipping package other than a drum or pail, constructed of steel sheets lighter than 22 U. S. Standard gauge, either double seamed, soldered, lock seamed, spot welded, lap seamed, or riveted seamed, of a capacity of 132 gallons or less (for example: dyestuff cans, carbide cans, caustic soda cans, powder cans, etc.).

(11) "Raw container" means a used container which has been emptied but which has not been reconditioned for reuse after the last emptying; or an unused container which has been damaged or deteriorated to such an extent as to require reconditioning to make it fit for use as a shipping package.

(12) "Basically reconditioned container" means a raw container which has been inspected, cleaned, and has had the head cut out and painted if necessary or required by the customer.

(13) "Totally reconditioned container" means a raw container which has been basically reconditioned as defined herein, and which has been subjected to any or all of the following services which may be necessary to make the container fit for use as a shipping package or which may be required by the purchaser: Dedenting, cooking and soaking, steel brushing, straightening chimes and lugs, or furnishing covers.

(14) "Shipping point" means the point at which the used steel drums, pails and containers are loaded aboard a truck for delivery when shipment is to be made to the plant of the purchaser by truck.

(15) "Point of delivery." Used steel drums, pails and containers are at the point of delivery, if shipped by truck, when they have arrived at the plant of the purchaser for unloading; or, if shipped by rail, when they have been loaded on board railroad cars.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942, as amended, shall apply to other terms used herein.

SEC. 18. *Petitions for amendment and applications for adjustment.* (a) Any person seeking an amendment of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1[2] issued by the Office of Price Administration.

(b) The Office of Price Administration may adjust any maximum prices established by this regulation for the service of reconditioning drums whenever it finds, from an application for adjustment, that the applicant has shown:

(1) That a substantial portion of his business consists of reconditioning of unusual types of drums which are extremely difficult and more costly to recondition (such as agitator or paint drums), describing the particular drums for which an adjustment is sought, and setting forth in what particulars the reconditioning process on said drums differs from the reconditioning of ordinary drums, and

(2) That the maximum prices set forth in this Regulation are inadequate to maintain continued reconditioning of such drums, and

(3) That the over-all returns from his business are insufficient to permit him to absorb the losses suffered by virtue of such reconditioning.

Applications for adjustment must be filed in accordance with the provisions of Revised Procedural Regulation No. 1, issued by the Office of Price Administration.

SEC. 19. *Adjustable pricing.* Any person may agree to sell at a price which may be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by an official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by letter or telegram when the contemplated revision might be the granting of an individual application for adjustment.

SEC. 20. *Records and reports.* (a) Every person making a sale in excess of $10.00 of the commodities covered by this regulation shall render to the purchaser an invoice for each sale, listing each type of drum, pail, or container sold, delivery charges, if any, the price charged and the quantity of each size or type sold. The seller must also show on each invoice whether the drums, pails or containers were raw drums, pails or containers, or reconditioned drums, pails or containers, and the invoice must bear the words "Maximum prices do not exceed those established by Revised Maximum Price Regulation 43".

(b) Every person selling services covered by this regulation shall render to the purchaser of such services an invoice for each lot of drums reconditioned, listing the type and capacity of the drums reconditioned, whether the reconditioning operation was a basic or total reconditioning as defined in this regulation, or conversion of a tight head drum to a full open head drum, and if a total reconditioning, what services in addition to basic reconditioning were rendered, the extras, separately stated, if any, and the charges made therefor, and delivery charges, if any. Every invoice must bear the words "Maximum prices do not exceed those established by Revised Maximum Price Regulation 43".

(c) The invoices required in paragraphs (a) and (b) of this section shall be retained by the buyer and a copy thereof retained by the seller for as long as the Emergency Price Control Act of 1942, as amended, is in effect.

SEC. 21. *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 22. *Evasion.* The price limitations set forth in this regulation shall not be evaded by direct or indirect means.

[2] 9 F.R. 10470, 13715.

SEC. 23. *Enforcement.* Persons violating any provisions of this regulation shall be subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Revised Maximum Price Regulation 43 shall become effective September 4, 1945.

Issued this 28th day of August 1945.

PART 1306—IRON AND STEEL

[MPR 46, Amdt. 1]

RELAYING RAIL, RELAYING GIRDER RAIL AND USED TRACK ACCESSORIES[1]

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 46 is amended in the following respects:

1. Section 5 (b) is amended to read as follows:

(b) (1) Before any person shall sell relaying rail or used track accessories at the prices established in Appendix A, paragraph (c) and Appendix C, paragraph (c), he must file with the Office of Price Administration at Washington 25, D. C. a statement that he fulfills the following requirements at the location for which he seeks recognition:

(i) He maintains or will maintain stocks of relaying rail and used track accessories;

(ii) He maintains in operating condition equipment suitable in capacity and location for straightening, cropping and drilling rail and specifies such equipment;

(iii) He makes or will make regular and continuous sales of relaying rail or used track accessories;

(iv) He has adequate facilities for receiving and shipping relaying rail and used track accessories; and

(v) He maintains suitable office facilities at or near the location of his proposed warehouse.

He must obtain from the Office of Price Administration written recognition of his location as a relaying rail warehouse.

(2) Where any person can show that prior to January 1, 1942, he operated as a warehouse for the distribution of relaying rails and used track accessories, the Office of Price Administration may waive any of the requirements set forth in paragraph (1) of this section and authorize such persons to sell all or limited types of relaying rail or used track accessories at the prices set forth in paragraph (c) of Appendix A and paragraph (c) of Appendix C.

(3) No temporary warehouse authorization may be granted for the purpose of handling individual or limited quantities of relaying rail.

(4) No person may sell relaying rail or used track accessories at the prices established in paragraph (c) of Appendix A and paragraph (c) of Appendix C from any other place than a warehouse authorized under this section.

(5) A storage point or yard not customarily operated as a warehouse is not a warehouse within the meaning of this section.

(6) Any authorization to sell relaying rails or used track accessories at the prices established in paragraph (c) of Appendix A and paragraph (c) of Appendix C will be suspended whenever equipment is removed from the location for which such authority is granted or whenever no sale of relaying rail or used track accessories has been made from such location for a period of six months.

2. The third paragraph of section 8 (a) has been amended to read as follows:

"Relaying rail" means used steel rail of any weight per yard (other than relaying girder rail, scrap rail or rerolling rail) which has been submitted to all reconditioning processes, if any, necessary to render it suitable for relaying purposes and which is to be used for relaying or for any purpose other than as scrap or rerolling rail. (Scrap rail and rerolling rail are covered by MPR 4—Iron and Steel Scrap.)

3. Section 12 has been added to read as follows:

SEC. 12. *Maximum prices for export.* The maximum prices for export sales of relaying rail or used track accessories shall be established under section 8 of the Maximum Export Price Regulation, as revised, issued by the Office of Price Administration.

This amendment shall become effective September 4, 1945.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 28th day of August 1945.

PART 1340—FUEL

[RMPR 137, Amdt. 11]

PETROLEUM PRODUCTS SOLD AT RETAIL ESTABLISHMENTS AND CERTAIN OTHER RETAIL SALES OF LIQUEFIED PETROLEUM GAS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation No. 137 is amended in the following respects:

1. The fifth unnumbered paragraph of Article II entitled "Two Special Pricing Methods for Motor Fuel", is amended to read as follows:

Special pricing method for motor fuel. Instead of using your March, 1942 price for motor fuel you may use the special pricing method for motor fuel set forth in section 9 (b). This method permits you to fix a maximum price for motor fuel which gives you a three-cent margin over the maximum tank wagon price of the reference seller for undivided dealers. The reference seller for your area is set forth in section 7 (i).

This amendment shall become effective the 4th day of September 1945.

Issued this 28th day of August 1945.

CHESTER BOWLES,
Administrator.

PART 1351—FOOD AND FOOD PRODUCTS

[RMPR 279,[1] Amdt. 4]

HOPS

A statement of the considerations involved in the issuance of this amendment has been issued and filed with the Division of the Federal Register.

Revised Maximum Price Regulation 279 is amended in the following respects:

1. Section 2 (a) (1) (v) is added to read as follows:

(v) "Imported hops" means hops produced outside the Continental United States and Canada.

2. Section 3 (g) is added to read as follows:

(g) *Maximum prices for imported hops of the 1945 and previous crops.* Any seller's maximum price, (including all commissions) for imported hops of the 1945 and previous crops in bales or in any other style of packing, including but not limited to wood cases, cylinders and packages, shall be $1.21 per pound c. i. f. in bond at any Continental United States port or point of entry.

3. In section 5 the first sentence is amended to read as follows: "If a seller is unable to determine his maximum price for a particular sale of Pacific Coast or New York State baled hops of the 1944 or subsequent years' crops or for imported or Canadian hops of the 1945 or previous years' crops he shall apply by letter to the Office of Price Administration, Washington, D. C., requesting authorization of a maximum price."

This amendment shall become effective September 4, 1945.

Issued this 28th day of August 1945.

PART 1388—DEFENSE-RENTAL AREAS

[Hotels and Rooming Houses,[1] Amdt. 60]

HOTELS AND ROOMING HOUSES

The rent regulation for hotels and rooming houses is amended in the following respects:

1. The last sentence of the third paragraph in section 2 (b) (6) is amended to read as follows: "Immediately upon issuance of the order, the landlord shall post maximum rents established for weekly and monthly terms of occupancy in the manner provided by section 7 (b), to the extent that the order requires the application of such rents, or in lieu thereof shall in a manner approved by the Area Rent Director, post advice that maximum rents for weekly or monthly terms of occupancy required by the order may be obtained from the landlord on request."

2. Section 5 (f) is added to read as follows:

(f) *Uniform daily rent.* The landlord of any establishment containing more than fifty rooms for which maximum rents on a daily basis are established, may petition the Administrator for permission to establish uniform maximum daily rents for substantially identical rooms for each number of occupants for which such rooms are offered for rent. Permission may be granted if the aggregate of the maximum daily rents requested for each group of substantially identical rooms for each number of occupants does not exceed the aggregate maximum daily rents previously established for such rooms for each number of occupants. With the consent of the Area Rent Director, minor adjustments may be permitted as between different classes of rooms and numbers of occupants providing such adjustments shall not result in an increase in aggregate scheduled revenue for the establishment as a whole. Each petition must be accompanied by a verified audit of the period or periods during which the maximum rents were established under section 4 on forms to be supplied by the Administrator. Such requirement may be waived if the Administrator already has in his possession a complete audit of such period or periods.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This amendment shall become effective September 1, 1945.

Issued this 28th day of August 1945.

PART 1388—DEFENSE-RENTAL AREAS

[Hotels and Rooming Houses, Miami Area,[1] Amdt. 15]

HOTELS AND ROOMING HOUSES IN MIAMI AREA

The rent regulation for hotels and rooming houses in the Miami Defense-Rental Area is amended in the following respects:

1. The last sentence of the third paragraph in section 2 (b) (5) is amended to read as follows: "Immediately upon issuance of the order, the landlord shall post maximum rents established for weekly and monthly terms of occupancy in the manner provided by section 7 (b), to the extent that the order requires the application of such rents, or in lieu thereof shall in a manner approved by the Area Rent Director, post advice that maximum rents for weekly or monthly terms of occupancy required by the order may be obtained from the landlord on request."

2. Section 5 (f) is added to read as follows:

PART 1397—CONSTRUCTION OF BUILDINGS AND STRUCTURES

[MPR 583, Amdt. 1]

PREFABRICATED NON-DWELLING STRUCTURES

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 583 is amended in the following respects:

1. A new paragraph (d) is added to section 1 to read as follows:

(d) Neither this regulation nor any other price regulation shall apply to sales of products covered by this regulation by a manufacturer of prefabricated non-dwelling structures making sales direct to users if he is not a retail lumber yard dealer or an employee or agent thereof except that this exemption shall not apply where his gross sales of products covered by this regulation exceeds $5,000.00 in any calendar year.

2. Section 3 (b) (1) is amended to read as follows:

(1) Retail selling price of the net number of board feet of lumber in the structure not exceeding the maximum price established under the applicable regulation, plus 7½ percent for wastage.

(i) The retail selling price, in the case of new softwood lumber and hardwood flooring, shall not exceed the maximum prices (for softwood lumber, based on random lengths) in Second Revised Maximum Price Regulation 215 (Distribution Yard Sales of Softwood) for retail distribution lumber yards for quantities of over 1000 feet B. M.

(ii) The retail selling price, in the case of new hardwood lumber, shall not exceed the maximum price computed by the use of the mark-up applicable to grades of 2A common or lower priced on sales of 5000 feet B. M. or less as provided in Revised Maximum Price Regulation 467 (Distribution Yard Sales of Hardwood Lumber).

(iii) The retail selling price in the case of used lumber shall not exceed the maximum price established under the General Maximum Price Regulation or as determined under the provisions of General Order 61, whichever is applicable.

3. An unnumbered paragraph is added to section 3 (b) to read as follows:

Once a maximum price has been established hereunder that price remains fixed for that item unless it becomes a "changed item" as defined in paragraph (d).

4. Section 4 (b) (1) is amended to read as follows:

(1) Cost of the net board feet of lumber in the structure plus 7½ percent for wastage figured as follows:

(i) For new lumber—Maximum f. o. b. mill price, on carload basis, under the maximum price regulation governing the particular species of lumber for random lengths, plus freight for that species also calculated in carload quantities.

(ii) For used lumber—The lower of the following: actual cost; or the maximum price established under the GMPR or as determined under the provisions of General Order 61, whichever is applicable.

5. Section 14 is amended to read as follows:

SEC. 14. *Records and invoices*—(a) *Records.* Sellers subject to this regulation shall keep available for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, records of each sale or delivery showing the name and address of the purchaser, date of sale, description of the item, the net price received, the species, grades, quantities, sizes and workings of the lumber used and the computation of the price under the pricing methods of the regulation.

(b) *Invoices.* Where sales are made upon the basis of erection or installation upon delivery and erection or installation charges are made as provided in sections 3 (c) (2), 4 (c) (2), 5 (c) (2), 6 (c) (2) and 6 (d) (2), the seller shall furnish each purchaser with an invoice showing separately the price charged for the structure and such additional charges.

6. A new section 15 is added to read as follows:

SEC. 15. *Posting.* Where products covered by this regulation are sold pursuant to sections 3 and 6 thereof the sellers thereunder shall post conspicuously in the office of the manufacturer or dealer where such products are offered for sale the maximum price of every item of which the seller has sold ten (10) or more units in the twelve-month period since July 1, 1944, or in any twelvementh period subsequent thereto. Said posting shall include the following:

1. Adequate description of the item so that it is clearly identifiable with the records as kept under Section 14.
2. Maximum price of the item.

Products whose prices are posted under this Section are exempt from the requirements of Section 13.

The posting required hereunder shall be in such manner that it can be easily read and that purchasers can approach within a distance of two feet.

This Amendment No. 1 shall become effective September 4, 1945.

NOTE: The record keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 28th day of August 1945.

PART 1439—UNPROCESSED AGRICULTURAL COMMODITIES

[MPR 426,[1] Amdt. 141]

FRESH FRUITS AND VEGETABLES FOR TABLE USE, SALES EXCEPT AT RETAIL

A statement of the considerations involved in the issuance of this amendment has been issued and filed with the Division of the Federal Register.

In Appendix K, Table 2, (Maximum Prices for Juice Grapes Grown in California and Table Grapes Grown in California and Arizona), footnote 5 is amended to read as follows:

[5] Maximum prices for table grapes from the beginning of the season through August 10, (Items 5 and 9) shall apply also through August 25, 1945, to table grapes shipped from shipping point on or before August 10, 1945.

This amendment shall become effective as of 12:01 a. m., August 21, 1945.

Issued this 27th day of August 1945.

PART 1499—COMMODITIES AND SERVICES

[RMPR 165, Rev. Supp. Service Reg. 18, Amdt. 3]

LOWER PRICED SERVICES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Supplemental Service Regulation 18 is amended in the following respects:

1. Section 1499.670 (a) is amended to read as follows:

(a) A seller of service subject to Revised Maximum Price Regulation 165 may not discontinue or fail to supply a service for which he has an established maximum price under the regulation and sell or offer to sell in its place a higher priced service; nor may a seller who has obtained a price for a service under the provisions of section 4 (c) of RMPR 165 fail to offer or discontinue his competitor's lower priced service while selling or offering to sell in its place a higher priced service for which his competitor had also established a price under the regulation, unless one or more of the following conditions exist:

(1) That specialized equipment or supplies requisite to a continuance of the particular service are not available; or

(2) That the continuance of the particular service would be in violation of or would be rendered impracticable by a governmental order or regulation, or that it would be contrary to governmentally established standards or policies; or

(3) That discontinuance of the particular service will enable the seller to maintain other services more necessary to the community directly concerned.

2. Section 1499.670 (b) is amended to read as follows:

(b) A seller discontinuing or failing to supply a service within the above provisions must, unless otherwise permitted to do so by a general permissive order, certify by registered mail, for which a return receipt has been requested, to the appropriate OPA office the existence of one or more of the conditions stated in paragraph (a). Unless sufficient facts are given to support the certification, the request will be denied and an opportunity given to the seller to furnish additional evidence.

A seller discontinuing or failing to supply a service except as permitted under this regulation or by a general permissive order is evading the Emergency Price Control Act of 1942, as amended, and is violating Revised Maximum Price Regulation 165.

This amendment shall become effective September 4, 1945.

Issued this 28th day of August 1945.

CHESTER BOWLES,
Administrator.

Chapter XVIII—Office of Economic Stabilization

[Directive 78]

PART 4004—PRICE STABILIZATION; MAXIMUM PRICES

RECONVERSION PRICING

For the purpose of adjusting the price controls of industries reconverting from war to civilian production so as to correct maladjustments in prices which might interfere with effective transition from war to peace, as directed by Executive Order No. 9599, the Office of Price Administration, with my approval, has issued an amendment to Maximum Price Regulation 188 ("Manufacturers' Maximum Prices for Specified Consumer Goods Other Than Apparel") authorizing the issuance by the Price Administrator of orders under which increases in the maximum prices of reconverting industries may be permitted. This amendment sets forth the basis for the issuance of such orders and the principles which will govern the increases in maximum prices authorized by them. It also authorizes the inclusion in the orders of appropriate special provisions for pricing reconversion products for which maximum prices have not yet been established, for the reasonable absorption of manufacturers' increases at later levels of distribution, and for assuring, where necessary, balanced programs of production and distribution and the production of the lower-priced lines of reconversion products. The reasons underlying the provisions of this amendment are fully developed in the Statement of Considerations accompanying its issuance.

Although a considerable proportion of the products of reconverting industries are subject to Maximum Price Regulation No. 188, there are a number of other such products which are subject to other maximum price regulations. Increases in the maximum prices established by these regulations must be authorized by amendments to, or orders issued under the authority of, such regulations or by the issuance of superseding regulations. Any such action hereafter issued, which has for its purpose the effectuation of the objectives of the amendment to Maximum Price Regulation No. 188, described above, and which effectuates such purposes by provisions similar to and consistent with those authorized by that amendment, is hereby approved as in accordance with the Stabilization Act of 1942, as amended, and with Executive Order No. 9599. In connection with any such action, the Price Administrator shall make appropriate provision for the exclusion from consideration of any wage or salary adjustment instituted under the authority of section 1 of title IV of Executive Order 9599, authorizing wage or salary increases through collective bargaining or voluntary action on certain conditions.

(E.O. 9250 and E.O. 9328, 3 CFR, Cum. Supp. pp. 1213, 1267; E.O. 9599, 10 F.R. 10155)

Issued and effective this 25th day of August 1945.

WILLIAM H. DAVIS,
Economic Stabilization Director.

Chapter XX—Office of Contract Settlement

[Reg. 16, Amdt. 1]

PART 8007—PROGRAM FOR LIMITED COMPANY-WIDE SETTLEMENT OF TERMINATION CLAIMS

REGULATIONS OF DESIGNATED AGENCY

Regulation No. 16 of this Office is hereby amended as follows:

1. Section 8007.6 (b) thereof, which reads:

(b) That the designated agency will give to the war contractor liable to the assigned contractor the notice required by section 7 (d) of the act, and will give to the contracting officer under each prime contract involved notice of each termination claim that may be included in the scope of company-wide settlement, and an opportunity to present any objections which such contracting officer may have to inclusion of the claim under company-wide settlement;

is modified to read:

(b) That the designated agency will give to the war contractor liable to the assigned contractor the notice required by section 7 (d) of the act;

2. There is deleted in its entirety paragraph (c) of § 8007.6, which reads:

(c) That the designated agency exclude any claim from company-wide settlement when advised by the contracting officer under the prime contract involved that such exclusion is in the interest of continued war production;

3. Paragraphs (d), (e) and (f) of § 8007.6 are renumbered respectively, (c), (d) and (e).

[P. & S. Docket No. 308]

MARKET AGENCIES AT SIOUX CITY STOCK YARDS, SIOUX CITY, IOWA

NOTICE OF PETITION FOR MODIFICATION

By an order entered on July 25, 1931, issued pursuant to the provisions of the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), the Acting Secretary of Agriculture prescribed maximum reasonable rates and charges to be observed by the respondents. From time to time this order has been modified by supplemental consent orders.

By a petition filed with the hearing clerk on August 14, 1945, which is set out below, the respondents requested that a supplement (Supplement No. 2) to their existing commission tariff No. 14 be accepted. The petition states that the charge provided for in the supplement is to cover services in connection with certifications to enable consignors to collect subsidy payments which may be due them under the cattle subsidy program of the Government:

SECTION G

EXTRA SERVICE CHARGES

(Adding Paragraph 3)

When livestock upon which livestock subsidies may be collected are shown upon an Account Sale rendered by the market agencies subscribing to this petition, a charge of twenty-five (25) cents for each entry appearing thereon and eligible for subsidy shall be collected.

The extra service charge, if granted, would result in additional revenue to the respondents and, accordingly, it appears that public notice should be given to all interested persons of the petition and an opportunity afforded all interested persons, including respondents' patrons, to indicate their wishes to be heard in the matter.

Therefore, notice is hereby given to the public and to all interested persons of respondents' petition for leave to apply the service charge and for the purpose of affording said respondents and all other interested persons, including patrons of the respondents, an opportunity to be heard upon the matters covered in the petition.

All interested persons who desire to be heard shall notify the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, Washington 25, D. C., within 15 days from the date of publication of this notice.

Copies hereof shall be served upon the respondents by registered mail or in person.

Done at Washington 25, D. C., this 27th day of August 1945.

PAUL WEISS

In re: Real property, mortgage, property insurance policies and claims owned by Paul Weiss.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Paul Weiss, whose last known address is Cossengrim, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That Paul Weiss is the owner of the property described in subparagraph 3 hereof;

3. That the property described as follows:

a. Real property situated in the Borough of Palisades Park, County of Bergen, State of New Jersey, particularly described in Exhibit A, attached hereto and by reference made a part hereof, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property,

b. A certain mortgage executed by Park Boulevard Corporation, a New Jersey corporation, as mortgagor, on April 29, 1939, in favor of Paul Weiss, as mortgagee and recorded in the office of the Register of Hudson County, New Jersey, in Liber 1827 of Mortgages at page 325, on the real property located at 123 Parkview Avenue, Weehawken, New Jersey, and any and all obligations secured by said mortgage, including but not limited to all security rights in and to any and all collateral (including the aforesaid mortgage) for any and all such obligations, and the right to enforce and collect such obligations, and the right to the possession of any and all notes, bonds or other instruments evidencing such obligations,

c. All right, title and interest of Paul Weiss in and to the following insurance policies insuring the premises described in subparagraphs 3-a and 3-b hereof:

(i) Fire Insurance Policy Number 121 875, issued by the Northern Insurance Company of New York, insuring the premises described in subparagraph 3-a hereof;

(ii) Fire Insurance Policy Number 526 177, issued by the Security National Fire Insurance Company, Galveston, Texas, insuring the premises described in subparagraph 3-b hereof;

(iii) War Damage Insurance Policy Number 529-51-170, issued through the Century Insurance Company, Ltd., New York, insuring the premises described in subparagraph 3-b hereof;

d. All right, title, interest and claim of any name or nature whatsoever of Paul Weiss in and to any and all obligations, contingent or otherwise and whether or not matured, owing to him by Reinard Weiss, 69-15 Polk Avenue, Gutenberg, New Jersey, including particularly but not limited to those sums arising by reason of rents collected from the real property described in subparagraph 3-a hereof, and by reason of interest received from the mortgage described in subparagraph 3-b hereof, a portion of which sums are deposited in an account with the Trust Company of New Jersey, Union City, New Jersey, in the names of Reinhard Weiss and Emma Weiss, known as Savings Account No. 41954, and any and all security rights in and to any and all collateral for any and all such obligations, and the right to enforce and collect the same, and

e. All right, title, interest and claim of any name or nature whatsoever of Paul Weiss in and to any and all obligations, contingent or otherwise and whether or not matured, owing to him by Otto Venino, Jr., 410 38th Street, Union City, New Jersey, including but not limited to all security rights in and to any and all collateral for any and all such obligations and the right to enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, a designated enemy country (Germany) or national thereof;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3-a hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in subparagraphs 3-b to 3-e, inclusive, hereof.

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on July 12, 1945.

[SEAL] FRANCIS J. MCNAMARA,
Deputy Alien Property Custodian.

EXHIBIT A

All those certain lots, pieces or parcels of land and premises hereinafter particularly described, situate, lying and being in the Borough of Palisades Park, County of Bergen and State of New Jersey, which upon a certain map filed in the Bergen County Clerk's Office, April 16, 1900, as Map No. 469 entitled "Hitchcock's Revised copy of Palisades Park and Palisades Heights, Bergen County, New Jersey" re-surveyed by Willard Cass, C. E., Englewood, New Jersey, are known, laid down and designated as parts of lots numbered 2453 and 2454, more particularly described as follows:

[Supp. Vesting Order 5182]

SIMPSON LANGE & CO., INC.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian, after investigation:

1. Having found and determined in Vesting Order Number 210, dated October 3, 1942, that Simpson Lange & Co., Inc., is a business enterprise within the United States and a national of a designated enemy country (Germany);

2. Finding that the persons named below have claims against Simpson Lange & Co., Inc., which are represented on the books and records of Simpson Lange & Co., Inc., as accounts payable in the amounts set forth opposite each name, as of December 31, 1944, subject to any accruals or deductions thereafter, and which represent interests in Simpson Lange & Co., Inc.:

Name:	Amount
Karl Heinz Lange	$39,166.02
Frederich Ellmers	10.68
C. W. Von Holtz & Co.	28.88
Kerehne & Nagel	6.48
Ungarische Textilindustrie, A. G.	332.00
	39,544.06

3. Finding that the last known addresses of Karl Heinz Lange and Frederich Ellmers are Bremen, Germany and that they are residents of Germany and nationals of a designated enemy country (Germany);

4. Finding that C. W. Von Holtz & Co. and Kerehne & Nagel are business organizations organized under the laws of, and maintaining their principal places of business in, Germany and are nationals of a designated enemy country (Germany);

5. Finding that Ungarische Textilindustrie, A. G., is a business organization organized under the laws of, and maintaining its principal place of business in, Hungary and is a national of a designated enemy country (Hungary);

and determining:

6. That to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of designated enemy countries (Germany and Hungary);

and having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the interests of Karl Heinz Lange, Frederich Ellmers, C. W. Von Holtz & Co., Kerehne & Nagel and Ungarische Textilindustrie, A. G., in Simpson Lange & Co., Inc., more fully described in subparagraph 2 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

[Vesting Order CE 37]

COSTS AND EXPENSES INCURRED IN CERTAIN ACTIONS OR PROCEEDINGS IN WASHINGTON, MINNESOTA, ILLINOIS AND OREGON COURTS

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian:

Having found that each of the persons named in Column 1 of Exhibit A, attached hereto and by reference made a part hereof, was a person within the designated enemy country or enemy-occupied territory appearing opposite such person's respective name in Column 2 of said Exhibit A;

Having determined that it was in the interest of the United States to take measures in connection with representing each of said persons in the court or administrative action or proceeding identified in Column 3 of said Exhibit A, and having taken such measures;

Finding that as a result of such action or proceeding each of said persons obtained or was determined to have an interest in property, which interest is particularly described in Column 4 of said Exhibit A;

Finding that such property is in the possession, custody or control of the person described in Column 5 of said Exhibit A; and

Finding that the Alien Property Custodian has incurred, in each of such court or administrative actions or proceedings, costs and expenses in the amount stated in Column 6 of said Exhibit A,

hereby vests in the Alien Property Custodian, to be used or otherwise dealt with in the interest, and for the benefit of the United States, from the property in the possession, custody, or control of the persons described in said Column 5 of said Exhibit A, the sums stated in said Column 6 of said Exhibit A, such sums being the amounts of such property equal to the costs and expenses incurred by the Alien Property Custodian in such actions or proceedings.

This order shall not be deemed to limit the powers of the Alien Property Custodian to return such property if and when it should be determined that such return should be made.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C. on August 21, 1945.

[MPR 120, Order 1448]

CORRISTAN BROS., ET AL.

ORDER ESTABLISHING MAXIMUM PRICES AND PRICE CLASSIFICATIONS

For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton, for the indicated uses and shipments as set forth herein. All are in District No. 1. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after the effective date of this order where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipment are in cents per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad locomotive fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coals by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.212 and all other provisions of Maximum Price Regulation No. 120.

Model GA (servi-car), $582.07 (including federal excise tax on tires and tubes).

(2) *Charges.* (i) A charge for extra, special and optional equipment which shall not exceed the allowance the reseller had in effect on March 31, 1942, for such equipment (except that for Models LE and LLE side cars, Models MC and LMC side car chassis, and Models M and LM package tracks, the charge shall not exceed the list or established price of $139.23 for each of the side cars, $85.73 for each of the side car chassis, and $144.55 for each of the package trucks, less the applicable discounts in effect on March 31, 1942;

(ii) A charge for transportation which shall not exceed the charge the Harley-Davidson Motorcycle Company would make for the transportation of the motorcycle from the factory to the place of business of the reseller;

(iii) A charge to include federal, state and local taxes (except for the federal excise tax on tires and tubes) on his purchase and sale, or delivery of the applicable motorcycle, computed in accordance with the reseller's method in effect on March 31, 1942;

(iv) The reseller's charge in effect on March 31, 1942, for handling and delivery.

(v) The dollar amount of all other charges or allowances which the reseller had in effect on March 31, 1942.

(c) A reseller of Harley-Davidson motorcycles that cannot establish a price under paragraph (b) because it was not in business on March 31, 1942, shall determine its maximum price by adding to the list price in subparagraph (1) of paragraph (b) the following applicable charges:

(i) The original equipment retail charge that Harley-Davidson Motorcycle Company suggested on March 31, 1942, be made by resellers for the extra, special or optional equipment attached to the motorcycles as original equipment (except that for Models LE and LLE side cars, Models MC and LMC side car chassis, and Models M and LM package trucks, the charge shall not exceed the list or established price of $139.23 for each of the side cars, $85.73 for each of the side car chassis, and $144.55 for each of the package trucks);

(ii) A charge for transportation which shall not exceed the charge the Harley-Davidson Motorcycle Company, would make for the transportation of the motorcycle, from the factory to the place of business of the reseller;

(iii) A charge equal to the charge made by the Harley-Davidson Motorcycle Company, in accordance with the method that manufacturer had in effect on March 31, 1942, to cover federal excise taxes (except for the federal excise tax on tires and tubes);

(iv) A charge equal to the reseller's expense for payment of state and local taxes on the purchase, sale or delivery of the motorcycle;

(v) A charge equal to the reseller's actual expense for handling and delivery of the motorcycle.

(d) A reseller of Harley-Davidson motorcycles, in any of the territories or possessions of the United States, is authorized to sell each of the motorcycles described in paragraph (b) at a price not to exceed the maximum price established in paragraph (b) or (c), whichever is applicable, to which it may add a sum equal to the expense incurred by or charged to it, for payment of territorial and insular taxes on the purchase, sale or introduction of the motorcycle; export premiums; boxing and crating for export purposes; marine and war risk insurance; and landing, wharfage and terminal operations.

(e) All requests not granted herein are denied.

(f) This order may be amended or revoked by the Administrator at any time.

NOTE: Where the manufacturer has an established price in accordance with section 8 of Revised Maximum Price Regulation 136, which is different than a price permitted under paragraph (a) because of a substantial change in design, specifications or equipment of the motorcycle, the reseller may add to its price under paragraph (b), (c), or (d) any increase in price to it over the price it would otherwise pay under paragraph (a) plus its customary markup on such a cost increase, but in the case of a decrease in the price under paragraph (a), the reseller must reduce its price under paragraph (b), (c) or (d) by the amount of the decrease and its customary markup on such an amount.

This order shall become effective August 27, 1945.

Issued this 25th day of August 1945.

BITUMINOUS COALS IN BOSTON REGION

For the reasons set forth in an Opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by §§ 1340.259 (a) (1) and 1340.260 of Revised Maximum Price Regulation No. 122 and the Emergency Price Control Act of 1942, as amended, *It is hereby ordered*, That:

(a) The specific maximum per net ton prices for all sizes of Bituminous coals which are established by the Region I area price orders under Revised Maximum Price Regulation No. 122 listed in paragraph (d) of this order shall, on and after August 3, 1945, be increased as follows: *Provided*, That the conditions set forth in paragraph (b) hereof are observed:

(1) *Direct mine receivers.* On all sales of bituminous coal which the seller has received directly from the mines, or of which he is the producer, the amounts of the increase shall be as follows:

Producing District and Amount of Increase	
1. From strip mines	[1] None
From deep mines	$0.28
2. From strip mines	.(9
From deep mines	.20
3. All mines:	
Size group No. 3 (run of mine)	.28
All other size groups	.4
7. All mines	.30
8. All mines	.15

[1] In the case of strip mine coal from Producing Districts No. 1 and No. 2, which is sold by the producer, at the deep mine price pursuant to permission granted under the provisions of Amendment #146 to Maximum Price Regulation No. 120, the amount of the increase shall also be 28c per net ton for prepared strip coal from district No. 1 and 20c per net ton for prepared strip coal from district No. 2.

(2) *All other sales.* On all other sales, the seller may add to the otherwise applicable maximum price the exact amount of the increase properly charged to him by his supplier pursuant to the provisions of this Supplementary order.

(b) The increase provided for by paragraph (a) hereof may be charged only if coal from a particular district is not mixed by the dealer with coal from another district, either in storage or delivery, and in the case of coal from producing districts No. 1 and No. 2, if coal from strip mines is not so mixed with coal from deep mines; *Provided, however*, That if a purchaser requests a delivery of a mixture of two or more coals, the dealer may comply with such request if the quantity of each is separately weighed, the price charged does not exceed the weighted average of the maximum prices for the individual coals and the invoice or similar document delivered to the purchaser clearly states the quantity of each coal in the mixture, identified by the terms used herein; *And provided, further*, That two or more coals which carry different increases may be mixed and sold at the increased price provided for that one which carries the lowest increase, if the previously established specific maximum prices for the components of the mixture were the same. In addition, the prohibition against mixing strip mine and deep mine coal shall not apply to strip coal from districts No. 1 and No. 2 which is sold at the deep mine price, pursuant to permission granted under the provisions of Amendment No. 146 to Maximum Price Regulation No. 120.

(c) Subject to the provisions of paragraph (b) hereof, all dealers shall separately invoice strip mine coal and deep mine coal, identifying each clearly by appropriate notation thereon.

(d) *Orders affected.* This Supplementary Order shall apply to the following Region I orders under Revised Maximum Price Regulation No. 122:

Order No.:	*Area*
G-8	Worcester, Mass.
G-20	North Shore, Mass.
G-64	New Bedford, Mass.

[Region I Supp. Order 15 Under RMPR 122]

BITUMINOUS COALS IN BOSTON REGION

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by §§ 1340.259 (a) (1) and 1340.260 of Revised Maximum Price Regulation No. 122 and the Emergency Price Control Act of 1942, as amended, *It is hereby ordered*, That:

(a) The specific maximum per net ton prices for all sizes of bituminous coals which are established by the Region I area price orders under Revised Maximum Price Regulation No. 122 listed in paragraph (d) of this order shall, on and after August 3, 1945, be increased as follows: *Provided*, That the conditions set forth in paragraph (b) hereof are observed:

(1) *Direct mine receivers.* On all sales of bituminous coal which the seller has received directly from the mines, or of which he is the producer, the amounts of the increase shall be as follows:

Producing district:	*Amount of increase*
1. From strip mines	[1] None
From deep mines	$0.10
2 From strip mines	None
From deep mines	.06
3. All mines:	
Size group No. 3 (run of mine)	.05
All other size groups	.10
7 All mines	.04
8 All mines	None

[1] In the case of strip mine coal from Producing Districts No. 1 and No. 2, which is sold by the producer, at the deep mine price pursuant to permission granted under the provisions of Amendment No. 146 to Maximum Price Regulation No. 120, the amount of the increase shall also be 10c per net ton for prepared strip coal from District No. 1 and 6c per net ton for prepared strip coal from District No. 2.

(2) *All other sales.* On all other sales, the seller may add to the otherwise applicable maximum price the exact amount of the increase properly charged to him by his supplier pursuant to the provisions of this supplementary order.

(b) The increase provided for by paragraph (a) hereof may be charged only if coal from a particular district is not mixed by the dealer with coal from another district, either in storage or delivery, and in the case of coal from Producing Districts No. 1 and No. 2, if coal from strip mines is not so mixed with coal from deep mines; *Provided, however*, That if a purchaser requests a delivery of a mixture of two or more coals, the dealer may comply with such request if the quantity of each is separately weighed, the price charged does not exceed the weighted average of the maximum prices for the individual coals and the invoice or similar document delivered to the purchaser clearly states the quantity of each coal in the mixture, identified by the terms used herein; *And provided, further*, That two or more coals which carry different increases may be mixed and sold at the increased price provided for that one which carries the lowest increase, if the previously established specific maximum prices for the components of the mixture were the same. In addition, the prohibition against mixing strip mine and deep mine coal shall not apply to strip coal from Districts No. 1 and No. 2 which is sold at the deep mine price, pursuant to permission granted under the provisions of Amendment No. 146 to Maximum Price Regulation No. 120.

(c) Subject to the provisions of paragraph (b) hereof, all dealers shall separately invoice strip mine coal and deep mine coal, identifying each clearly by appropriate notation thereon.

(d) *Orders affected.* This supplementary order shall apply to the following Region I orders under Revised Maximum Price Regulation No. 122:

[Region VI Order G–24 Under RMPR 122]

BY-PRODUCT COKE IN CHICAGO REGION

Pursuant to the authority vested in the Regional Administrator of Region VI by § 1340.260 of Revised Maximum Price Regulation No. 122, as amended, and for reasons stated in an opinion issued herewith, it is ordered:

(a) *What this order does.* This order adjusts the maximum prices for the sale of by-product coke of all dealers whose maximum prices for the sale of such solid fuels are now established under area pricing orders of Region VI of the Office of Price Administration.

(b) *Geographical applicability.* This order applies to all sales where the buyer receives physical delivery within the areas covered by each area pricing order in Region VI, which includes the States of Illinois, Iowa, Minnesota, Nebraska, North Dakota, South Dakota, Wisconsin, and Lake County, Indiana.

(c) *Price adjustments.* On by-product coke, the sale of which is governed by maximum prices established by Region VI orders G–1 to G–16 under Revised Maximum Price Regulation No. 122 inclusive, and appendices thereto, and any other Region VI area pricing orders issued under that regulation, dealers are hereby permitted to increase their maximum prices by 40¢ per ton.

(d) This Order No. G–24 shall remain in effect in each area covered by a Region VI area pricing order until such area order is amended to reflect the price increase permitted herein and to supersede this Order No. G–24.

(3) *Effect of order on Revised Maximum Price Regulation No. 122.* Insofar as any provision of this order may be inconsistent with any provision of Revised Maximum Price Regulation No. 122, as amended, the provisions contained in this order shall be controlling. Except as herein otherwise provided, the provisions of Revised Maximum Price Regulation No. 122, as amended, shall remain in full force and effect.

(f) This order may be revoked, amended, or modified at any time.

This order shall become effective August 7, 1945.

Issued this 7th day of August 1945.

RAE E. WALTERS,
Regional Administrator.

[Region III Order G–1 Under MPR 579]

FRESH AND FROZEN FISH AND SEAFOOD IN CLEVELAND REGION

Pursuant to the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, Executive Orders Nos. 9250 and 9328 and Maximum Price Regulation No. 364, Maximum Price Regulation No. 418 and Maximum Price Regulation No. 579 and for the reasons set forth in the accompanying opinion, this order is issued.

(a) *Applicability of this order.* This order shall apply to all sales by wholesalers to retailers, purveyors of meals, industrial users and institutional users of fresh and frozen fish and seafood subject to Maximum Price Regulation No. 364, Maximum Price Regulation No. 418 and Maximum Price Regulation No. 579 where both buyer and seller are located within the area hereinafter described in section (e).

(b) *What this order does.* This order modifies certain invoicing requirements under the authority granted in section 6 (f) of Maximum Price Regulation No. 364 (Frozen Fish and Seafood), section 15 (d) of Maximum Price Regulation No. 418 (Fresh Fish and Seafood), and section 1.6 (c) of Maximum Price Regulation No. 579 (Certain Species of Fresh and Frozen Fish and Seafood), whereby the Regional Administrator may alter, modify or suspend such invoicing requirements contained in said maximum price regulations.

(c) *Modification of invoicing requirements.* (1) On and after the effective date of this order, all persons making sales of fresh and frozen fish and seafood subject to this order, who place the statement hereinafter set forth in subsection (2) of this section (c) upon invoices delivered in connection with sales subject hereto, shall not be required to state upon such invoices either the container costs or the transportation allowances as required by the aforementioned maximum price regulations;

(2) The statement provided for in subsection (1) hereof shall read as follows:

Prices charged include container costs and transportation allowances. The Office of Price Administration requires that we furnish you an itemized statement of such costs and allowances if you so request.

(d) *Applicability of Maximum Price Regulation No. 364, Maximum Price Regulation No. 418 and Maximum Price Regulation No. 579.* Except as otherwise provided herein, all sales of fresh and frozen fish and seafood shall be and remain subject to the applicable Maximum Price Regulation.

(e) *Geographical applicability.* This order shall apply throughout Region III, which is composed of the States of Kentucky, Indiana (except the County of Lake), Michigan, Ohio and West Virginia.

(f) *Definitions.* Unless the context otherwise requires, the definitions set forth in Maximum Price Regulation No. 364, Maximum Price Regulation No. 418 and Maximum Price Regulation No. 579 and in section 302 of the Emergency Price Control Act of 1942, as amended, and in the General Maximum Price Regulation, as amended, shall apply to the terms used herein.

This order shall become effective July 21, 1945.

Issued: July 21, 1945.

BIRKETT L. WILLIAMS,
Regional Administrator.

[Region VIII Order G-1 Under SR 14E]

NON-GOVERNMENT ISSUE SAILOR UNIFORMS IN SAN FRANCISCO REGION

For the reasons set forth in the accompanying opinion and pursuant to the authority conferred upon the Regional Administrator by section 1.3 (b) of Supplementary Regulation No. 14E and paragraph (c) subparagraph (8) of Revised General Order No. 32, as amended, it is hereby ordered as follows:

(A) *Non-Government Issue sailor uniforms*—(a) *Commodities covered.* This order covers uniforms consisting of pants and jumper, made of material other than cotton, not of government issue, worn, or designed to be worn by enlisted men of the United States Navy. This order covers both complete uniforms consisting of pants and jumper, and the pants or the jumpers separately. When the words "uniform" or "uniforms" are used in this order they mean and include the complete uniform, or the pants, or the jumpers, as the case may be. Where any provision is limited to complete uniforms, separate pants or separate jumpers, specific reference to one of these commodities will be made. For uniforms made of materials other than those for which specific maximum prices are hereinafter set forth, maximum prices shall be established under section 1499.3 of the General Maximum Price Regulation. Applications filed under section 1499.3 shall be filed with the San Francisco Regional Office of the Office of Price Administration, at 1355 Market Street, San Francisco, California.

(b) *Transactions covered.* (1) This order applies to all sales and deliveries of uniforms, regardless of where fabricated, if the sale or delivery is made within Region VIII.

(2) "Region VIII" when used in this order, means the area consisting of the states of California, Washington, Nevada, Oregon (except Malheur County), Arizona (except those portions of Coconino County and Mohave County lying north of the Colorado River), and the following counties in the State of Idaho: Beneway, Bonner, Boundary, Clearwater, Kootenai, Latah, Lewis, Nez Perce, Shoshone, and Idaho.

(c) *Prohibitions.* (1) No person shall sell or deliver uniforms covered by this order at prices higher than those established herein, and no person in the course of trade or business shall buy or receive uniforms at prices higher than those established herein.

(2) No person shall do any act which directly or indirectly increases above the maximum price the consideration paid or furnished by the purchaser for uniforms covered by this order. Any practice which is a device to secure the effect of a higher-than-ceiling price is as much a violation as an outright raising of the maximum price. This applies to devices making use of commissions, services, transportation arrangements, premiums, discounts, special privileges, tying agreements, and similar practices.

(3) No person shall offer or attempt to do, or solicit the doing of any of the foregoing.

(4) No person shall fail to do any act required of him by any provision of this order.

(d) *Definitions.* (1) When used in this order, the following terms shall have the following meaning:

(i) "Ready-made" means, with respect to uniforms, all uniforms other than "made-to-measure" or "custom-tailored" uniforms, including those commonly known as "stock suits".

(ii) "Made-to-measure" means that the ultimate user's measurements have been taken at one place of business and the complete uniform is cut and made to those measurements at another place of business.

(iii) "Custom-tailored" means that the ultimate user's measurements are taken and the complete uniform is individually cut to that measurement in the same place of business.

(iv) "Ultimate user" means, with respect to any uniform, a person for whose personal wear it is bought or to whose specific measure it is made.

(v) "Sale at retail" means, with respect to any uniform, a sale to an ultimate user or to any other person for delivery to an ultimate user without further sale.

(vi) "Manufacturer" means, with respect to any uniform, a person other than a contractor, who fabricates the uniform.

(vii) The term "sale" includes sales, dispositions, exchanges, leases, and other transfers, and contracts and offers to do any of the foregoing.

(e) *Maximum prices for sales at retail.* (1) The maximum price for a sale at retail of a "Non Government Issue sailor uniform" made from the kind and quality of material specified in this paragraph is the applicable one of the following:

TYPE OF MATERIAL

[All materials must be all wool of fast color and preshrunk]

	Ready-made		
	Complete uniform	Jumper alone	Pants alone
14 oz. serge	$33.75	$18.00	$15.75
16-18 oz. serge	30.75	19.85	16.90
Gabardine, whipcord or elastique	39.75	21.75	18.00
	Made-to-measure		
14 oz. serge	$36.00	$19.50	$16.50
16-18 oz. serge	39.00	21.75	17.25
Gabardine, whipcord or elastique	42.00	23.25	18.75
	Custom-tailored		
14 oz. serge	$38.75	$21.00	$17.75
16-18 oz. serge	41.75	22.85	18.90
Gabardine, whipcord or elastique	44.75	24.75	20.00

(The above prices include the cost of all necessary alterations. They do not include the cost of insignia, or the service of attaching insignia, which may be charged for separately at prices not exceeding their maximum prices.)

(2) The price shown for made-to-measure and custom-tailored uniforms will apply only if the manufacturer has embroidered or stitched the name of the ultimate user into the linings in the manner specified in paragraph (g). The price shown for custom tailored uniforms will apply only if the seller also sews into the uniform a label to the effect that the uniform was "made to the individual measurements of (name of ultimate user). Order No. _____". Unless these requirements are met the maximum price shall be the maximum price for a ready-made uniform of like material, even though the other requirements for "made-to-measure" or "custom-tailored" uniforms are met.

(3) Every person selling a uniform to an ultimate user thereby guarantees to him that the color is fast and the material is preshrunk; and such persons must replace, free of charge, any uniform if, as a result of cleaning or washing, its color is not fast.

(f) *Maximum prices for all sales of uniforms other than sales at retail.* (1) If the sale is not a sale at retail, the maximum price for the sale of a uniform made from materials of the kind and quality specified in this paragraph shall be the applicable one of the following:

TYPE OF MATERIAL

[All materials must be all wool of fast color and preshrunk]

	Ready-made		
	Complete uniform	Jumper alone	Pants alone
14 oz. serge	$22.50	$12.00	$10.50
16-18 oz. serge	24.50	13.25	11.25
Gabardine, whipcord, or elastique	26.50	14.50	12.00
	Made-to-measure		
14 oz. serge	$24.00	$13.00	$11.00
16-18 oz. serge	26.00	14.50	11.50
Gabardine, whipcord or elastique	28.00	15.50	12.00

Terms: Net cash 30 days or net 10 days, F.O.M. buyer's factory.

(2) Every manufacturer selling a uniform thereby guarantees to the buyer, to all subsequent buyers, and to the ultimate user that the color is fast and the material is preshrunk; and such manufacturer must replace, free of charge, any uniform if, as a result of cleaning or washing, its color is not fast.

(3) The price shown for made to measure uniforms will apply only if the manufacturer has embroidered or stitched the name of the ultimate user into the linings in the manner specified in paragraph (g); Otherwise, the maximum price shall be the maximum price for a ready-made uniform of like material to the same customer.

(4) If a uniform is sold by a person who is neither a manufacturer nor a retailer, such seller thereby guarantees to the buyer, to all subsequent buyers, and to the ultimate user that the color is fast and the material is preshrunk; and such seller must replace, free of charge, any uniform if, as a result of cleaning or washing, the color is not fast.

(g) *Rules as to embroidering or stitching name.* The maximum price established by paragraphs (e) and (f) for sales of made-to-measure and custom-tailored uniforms, refer to this paragraph for the requirements as to embroidering or stitching the ultimate user's name. When such reference is made the name must be embroidered or stitched by the manufacturer directly into the lining sewed to the front flap of the pants and directly to the lining sewed to the yoke of the jumper. Such embroidering or stitching must be done during the process of manufacture before the lining is affixed. The sewing of a tab or strip with the ultimate user's name onto the lining, for example, will not satisfy the requirement as the name must be incorporated into the lining itself.

(h) *Information to purchasers*—(1) *Marking.* On and after the effective date of this order, no person shall sell or deliver any ready-made uniform unless such uniform is correctly marked. Marking shall be accomplished by attaching to each jumper and each pair of pants covered by this order a ticket which shall contain the information described below. This information may be written on the size ticket if desired. On each ticket of each jumper and each pair of pants covered by this order, shall appear the symbol 8R-OPA-G-1, the maximum retail price for jumper and pants sold as a complete suit, the maximum retail price for jumper only, and the maximum retail price for pants only. Separate pants and jumpers not manufactured as part of a full uniform shall be marked only with 8R-OPA-G-1 and the maximum retail price of the jumper or pants, as the case may be. Primary responsibility for making uniforms in this manner is upon the manufacturer. However, should he not comply with this provision, any subsequent seller into whose hands the uniforms come without marking is required to mark them as required herein. Marking by subsequent seller, however, shall not extinguish the liability of any previous seller for his failure to comply with the provisions of this paragraph. The ticket must remain attached to the pants and jumper at all times until they are delivered to the ultimate user.

(2) The following is an example of the marking ticket for use on uniforms:

RETAIL CEILING PRICE 8R-OPA-G-1

Suit ---------- $------
Jumper only ---------- $------
Pants only ---------- $------

(i) *Records.* (1) Every person selling uniforms subject to this order must keep and make available for examination by the Office of Price Administration:

(i) All records required to be kept pursuant to the General Maximum Price Regulation;

(ii) Records of the kind which he kept during March, 1942, or which he kept upon first commencing to do business if that was after March, 1942.

(2) *Posting maximum prices and other information.* Each person selling or offering to sell uniforms at retail shall have posted in a conspicuous place in his store a sign not smaller in size than 20" x 26" showing the following:

(i) His maximum price for each kind of uniform which he offers to sell according to the classifications of uniforms shown in this regulation.

(ii) A guarantee as follows "The material used in our suits is guaranteed to be of fast color, preshrunk and all wool."

(3) Each seller of made-to-measure or custom-tailored uniforms shall, upon taking an order for a made-to-measure or custom-tailored uniform, record the name and address of the person for whose use the uniform is to be fabricated, such person's measurements, and the type of material from which the uniform is to be fabricated. Where the uniform is to be cut and made to these measurements at another place of business, two copies of this record (herein referred to as an "order") must be made, the name and address of the place of business where the uniform is to be cut and made must be recorded, and one copy of such order must be forwarded to that place of business, must be kept by the latter and must be made available for inspection by the Office of Price Administration. Each order shall be consecutively numbered by the person recording the information; the copy which is transmitted to the place of business where the uniform is to be cut and made must bear the same serial number as the original. If a uniform is custom-tailored, the serial number on the order must correspond with the order number placed on the label required to be placed on the uniform by the provisions of paragraph (e) (2) of this order.

(4) *Sales slips.* Any person who has customarily given a purchaser a sales slip or similar evidence of purchase, must continue to do so. Upon request from any purchaser, any seller, regardless of previous custom, must give to the purchaser a receipt showing the date, the name and address of the seller, the kind of uniform sold and the price received for it. Persons making sales of uniforms to any person other than an ultimate user must give such person an invoice showing the date of the sale, the name and address of the seller and buyer, the kind and number of uniforms sold, and the price charged and received. Such invoice must be mailed or otherwise delivered to the buyer not later than the close of the business day following the delivery of the uniforms. Copies of all such invoices must be kept at the principal place of business of the seller and made available for examination by the Office of Price Administration.

(j) *Effective date.* This order shall be effective August 13, 1945.

Issued this 6th day of August 1945.

Acting Regional Administrator.

2. For removal of old wood shingles	2.25
3. For finishing gable ends or eaves with full roll (per lineal ft.)	.25
4. For finishing gable ends or eaves with half roll (per lineal ft.)	.10
5. For metal edging (½" x 1" x 1½") (per lineal ft.)	.08

(iv) Additions applying to built up roofs:

1. For jobs on buildings of more than 2 stories, for each story above the second, add	.30
2. For jobs of less than five squares, add	2.00

B. *Installed siding.* (The following prices cover installed sales of these materials applied according to manufacturers' specifications and include nails, mastic, and corners.)

(i) Siding material:

1. Rigid insulated siding or ⅜" composition siding with imitation brick or stone pattern	$30.00
2. Roll or strip composition siding with imitation brick or stone pattern	16.00
3. Rigid asbestos siding	25.00

(ii) Additions and extras:

1. For each square applied to any story above the first story	1.00
2. For 15# or 30# asphalt felt underlay	1.00

For jobs of less than five squares, add 10%.

(c) *Definitions.* (1) "Mopped on" or "mopped over" means applied over another layer of roofing by means of a continuous membrane of asphalt which has been liquefied by heat.

(2) "Square" means 100 square feet of roof area or wall area, as the case may be.

(d) *Quoting a guaranteed price.* A seller may offer to sell a roofing job covered by this order on the basis of a guaranteed price, the seller agreeing to charge a fixed amount: *Provided, however,* That such guaranteed price must not be higher than the maximum price figured in accordance with the pricing methods and requirements of this order. Upon completion of the contract and before final payment, if requested by the purchaser, the seller must furnish the purchaser with an itemized statement showing the number of square feet and the weight, type, and unit price of each category of roofing and an explanation of any amount for incidental work.

(e) *Notification to Purchasers.* Every person making sales subject to this order shall certify on his invoice or sales tag that the price charged does not exceed the price permitted by this Order No. G–11 under Revised Maximum Price Regulation No. 251.

(f) For roofing repair work or any combination or types of applied roofing materials which cannot be priced according to the above schedule, the maximum price is the actual cost of materials at not over-ceiling prices, plus actual cost of labor paid at not over authorized labor rates, plus a markup of 100% for materials and labor costing not over $15.00, and 50% on any excess over $15.00.

(g) The prices established by this order supersede those provided by sections 6, 7, and 8 of Revised Maximum Price Regulation No. 251; except to the extent they are inconsistent herewith, the other provisions of Revised Maximum Price Regulation No. 251 apply to this order.

(h) Any practice or device which results in a higher price to the purchaser than is permitted by this Order No. G–11 is as much a violation as an outright overceiling charge and subjects the seller to the penalties provided by Section 16 of Revised Maximum Price Regulation No. 251.

(i) This order may be revoked, amended, or corrected at any time.

This order shall become effective August 22, 1945.

Issued this 17th day of August 1945.

CHAS. R. BAIRD,
Regional Administrator.

[Region VIII Rev. Order G–7 Under MPR 280, Amdt. 4]

FLUID MILK IN WASHINGTON

An opinion accompanying this amendment has been issued simultaneously herewith. Revised Order No. G–7 under Maximum Price Regulation No. 280, as amended, is amended to read as follows:

(a) The maximum price at which any handler may sell fluid milk in bulk for human consumption as fluid milk to another handler is the first of the following prices which is applicable:

(1) For milk sold to a buyer whose plant is located in the Cities of Seattle, Tacoma, or Bremerton, in the State of Washington, $0.90 per pound fat plus $0.20 per cwt. if the milk is delivered to such plant, or that price less cost of transportation from the seller's plant to Seattle, Washington, if the milk is not delivered to such buyer's plant.

(2) For milk sold to a buyer whose plant is located in Whatcom County by a seller whose plant is located in that county, $0.80 per pound fat plus $0.15 per cwt., f. o. b. seller's plant, or that price plus cost of transportation to the buyer's plant if such milk is delivered to such buyer's plant.

(3) For milk sold to a buyer whose plant is located in Skagit County or Whidby Island by a seller whose plant is located in Skagit County, $0.82 per pound fat plus $0.15 per cwt., f. o. b. seller's plant, or that price plus cost of transportation to the buyer's plant if such milk is delivered to such buyer's plant.

(4) For milk sold to a buyer whose plant is located in Snohomish County by a seller whose plant is located in that county, $3.30 per cwt. for milk testing 3.8% butterfat, f. o. b. seller's plant, or that price plus cost of transportation to the buyer's plant if such milk is delivered to such buyer's plant; for milk testing other than 3.8% butterfat the foregoing price shall be increased or decreased by $0.07 for each 0.1% by which the butterfat content exceeds or is less than 3.8%, as the case may be.

(5) For milk sold to a buyer whose plant is located other than in Snohomish County, or the Cities of Seattle, Tacoma, or Bremerton, in the State of Washington, by a seller whose plant is located in Snohomish County, $0.87 per pound fat, f. o. b. seller's plant, or that price plus cost of transportation to buyer's plant if such milk is delivered to such buyer's plant.

(6) For all milk sales not provided for above, f. o. b. seller's plant, $0.30 per pound fat plus $0.20 per cwt., minus cost of transportation from seller's plant to Seattle, Washington, or such f. o. b. price plus cost of transportation from seller's plant to buyer's plant if such milk is delivered to such buyer's plant.

(b) This order shall apply to handlers whose plants are located in the following counties in the State of Washington:

Chelan.	Pacific.
Clallam.	Pierce.
Grays Harbor.	San Juan.
Island.	Skagit.
Jefferson.	Snohomish.
King.	Thurston.
Kitsap.	Whatcom.
Kittitas.	Yakima.
Lewis.	Mason.
Okanogan.	

(c) *Definitions.* (1) "Fluid Milk" means liquid cows' milk in a raw, unprocessed state meeting the minimum health and sanitary requirements specified by State and local health agencies, which is purchased for resale for human consumption as fluid milk.

(2) "Handler" means any person who, on his own behalf or on behalf of others, purchases fluid milk from producers, associations of producers, or other handlers, and who sells such fluid milk at wholesale in bulk (other than in glass or paper containers), to any person, other than stores, hotels, restaurants, and institutions.

(i) A "farmers' cooperative" is also a handler with respect to that fluid milk processed for it by operators of milk receiving or processing plants, and with respect to that fluid milk handled in physical facilities for receiving, processing or distributing fluid milk which are owned or leased by the cooperative, which fluid milk is sold by it at wholesale in bulk (other than in glass or paper containers), to any person, other than stores, hotels, restaurants, and institutions.

(ii) A "producer" is also a handler with respect to that fluid milk purchased by him from other producers, associations of producers, or other handlers, which fluid milk is sold by him at wholesale in bulk (other than in glass or paper containers), to any person, other than stores, hotels, restaurants, and institutions.

(3) "Purchaser of the same class" refers to the practice followed by the seller during the base period, August 1943, in setting different prices for sales to different purchasers or kinds of purchasers (for example, but not limited to, manufacturer, wholesaler, or jobber) or for purchasers located in different areas or for different quantities or, under different conditions of sale.

This amendment to Revised Order No. G–7 shall become effective August 15, 1945.

Issued this 9th day of August 1945.

FRANK H. SLOSS,
Acting Regional Administrator.

"CAROLYN"

DETERMINATION OF VESSEL OWNERSHIP

Notice of determination by War Shipping Administrator pursuant to section 3 (b) of the Act approved March 24, 1943, (Public Law 17—78th Congress).

Whereas on October 4, 1942 title to the vessel "Carolyn" (228294) (including all spare parts, appurtenances and equipment) was requisitioned pursuant to section 902 of the Merchant Marine Act, 1936, as amended; and

Whereas section 3 (b) of the act approved March 24, 1943, (Public Law 17—78th Congress), provides in part as follows:

(b) The Administrator, War Shipping Administration, may determine at any time prior to the payment in full or deposit in full with the Treasurer of the United States, or the payment or deposit of 75 per centum, or just compensation therefor, that the ownership of any vessel (the title to which has been requisitioned pursuant to section 902 of the Merchant Marine Act, 1936, as amended, or the Act of June 6, 1941, (Public Law 101, Seventy-Seventh Congress), is not required by the United States, and after such determination has been made and notice thereof has been published in the FEDERAL REGISTER, the use rather than the title to such vessel shall be deemed to have been requisitioned for all purposes as of the date of the original taking; *Provided however*, That no such determination shall be made with respect to any vessel after the date of delivery of such vessel pursuant to title requisition except with the consent of the owner. • • •

and

Whereas no portion of just compensation for said vessel has been paid or deposited with the Treasurer of the United States; and

TITLE 7—AGRICULTURE

Chapter I—Office of Marketing Services

PART 29—TOBACCO INSPECTION

DESIGNATION OF QUITMAN, GA., TOBACCO MARKET

Pursuant to the authority vested in the Secretary of Agriculture, the orders of designation of tobacco markets (7 CFR, Cum. Supp., 29.301, 9 F.R. 11571) are amended by adding thereto at the end thereof the following:

§ 29.301 *Designation of tobacco markets.* * * *

(w) *The tobacco market at Quitman, Georgia.* Effective 30 days from August 30, 1945, no tobacco of any type shall be offered for sale at auction in the market at Quitman, Georgia, until such tobacco shall have been inspected and certified by an authorized representative of the U. S. Department of Agriculture according to standards established under the Tobacco Inspection Act (49 Stat. 731, 7 U. S. C. 511 et seq.): *Provided, however,* That such requirement of inspection and certification may be suspended at any time when it is found impracticable to provide inspection or when the quantity of tobacco available for inspection is not sufficient to justify the cost of such service. No fee or charge shall be imposed or collected for the inspection and certification of tobacco sold or offered for sale at auction on the market designated above.

(49 Stat. 732, 7 U.S.C. 511d; E.O. 9280, 7 F.R. 10179; E.O. 9322, 8 F.R. 3807; E.O. 9334, 8 F.R. 5423; E.O. 9392, 8 F.R. 14783; E.O. 9577, 10 F.R. 8087)

Issued this 28th day of August 1945.

Chapter III—Bureau of Entomology and Plant Quarantine

[B. E. P. Q. 541]

PART 301—DOMESTIC QUARANTINE NOTICES

RESTRICTIONS OF JAPANESE BEETLE QUARANTINE ON CUT FLOWERS, FRUITS, AND VEGETABLES DISCONTINUED FOR SEASON

The following administrative instructions lift all restrictions on the dates specified below as to the movement of fruits, vegetables, and cut flowers from the area heavily infested with Japanese beetles, for the remainder of the season.

Pursuant to authority conferred upon the Chief of the Bureau of Entomology and Plant Quarantine, in paragraph (b) of § 301.48-4 (Notice of Quarantine No. 48 on account of the Japanese beetle, 10 F.R. 1951) and he having determined dates beyond which shipping restrictions are no longer necessary for this year, all shipping restrictions imposed by Administrative Instruction B. E. P. Q. 539, June 1, 1945 (10 F.R. 6641) are hereby revoked as follows:

(a) For fruits and vegetables, except green ear corn—at the close of August 30, 1945.

(b) For green ear corn—at the close of September 12, 1945.

(c) For cut flowers—at the close of September 30, 1945.

(Sec. 8, 37 Stat. 318, 39 Stat. 1165, 44 Stat. 250; 7 U.S.C. 161; 7 CFR 301.48-4, 10 F.R. 1951)

Done at Washington, D. C., this 30th day of August 1945.

[SEAL] AVERY S. HOYT,
Acting Chief.

Chapter VIII—Sugar Agency

PART 802—SUGAR DETERMINATIONS

NORMAL YIELD OF COMMERCIALLY RECOVERABLE SUGAR PER ACRE AND ELIGIBILITY FOR PAYMENT WITH RESPECT TO ABANDONMENT AND CROP DEFICIENCY FOR FARMS IN MAINLAND CANE SUGAR AREA (REVISED)

Pursuant to the provisions of section 303 of the Sugar Act of 1937, as amended, the following determination is hereby issued:

§ 802.25 *Normal yield of commercially recoverable sugar per acre and eligibility for payment with respect to abandonment and crop deficiency for farms in the Mainland cane sugar area*—(a) *Normal yield calculation.* The normal yield of commercially recoverable sugar per acre for any farm in the Mainland cane sugar area on which sugarcane is grown and marketed (or processed by the producer) for the extraction of sugar shall be:

(1) If sugarcane for sugar was harvested on the farm in all three of the crop years 1942-43, 1943-44 and 1944-45, the weighted average number of hundredweights of commercially recoverable sugar per acre of sugarcane harvested on the farm and marketed (or processed by the producer) for the extraction of sugar in all three of such crop years (as shown by data on applications for payment under the Mainland sugarcane programs).

(2) If sugarcane for sugar was not harvested on the farm in all three of the crop years 1942-43, 1943-44 and 1944-45, the weighted average number of hundredweights of commercially recoverable sugar per acre of sugarcane harvested and marketed (or processed by the producer) for the extraction of sugar in all three of such crop years (as shown by data on applications for payment under the Mainland sugarcane programs) on farms in the vicinity from which sugarcane was so harvested and marketed in all three of such crop years.

(3) If a farm is constituted (by combination or subdivision), the normal yield for such reconstituted farm shall be the weighted average number of hundredweights of commercially recoverable sugar per acre obtained in the manner specified below by combining the normal yields of the farms or parts of farms before the reconstitution. The normal yield for each such part is to be identical with the normal yield for the farm of which it was a part, determined in accordance with subparagraphs (1) or (2) above, whichever is applicable.

(i) For each farm or part of a farm before the reconstitution, multiply the number of proportionate share acres or planted acres (whichever is smaller) for the crop year immediately preceding the time of the reconstitution, as shown by data on the applicable sugarcane farm worksheets, by the normal yield of hundredweights of commercially recoverable sugar per acre therefor.

(ii) Total the number of hundredweights of sugar obtained under (i).

(iii) Divide the result obtained under (ii) by the total number of proportionate share acres or planted acres (whichever is applicable) of the reconstituted farm.

(b) *Eligibility for abandonment and deficiency payments.* The Parish or County Agricultural Conservation Committee shall approve for abandonment and or deficiency payments any farm located in a parish, county, or local producing area, as defined herein, in which actual yields of commercially recoverable sugar from the sugarcane for farms comprising 10 percent or more of the sugarcane acreage of all farms in such parish, county, or local producing area, were 80 percent or less of the normal yields therefor, *Provided,* That (1) such acreage abandonment or crop deficiency was directly due to drought, flood, storm, freeze, disease or insects, (2) the acres that were abandoned or the acres with respect to which there was a crop deficiency were suitable for the production of sugarcane and were cared for, up to the time of harvest or abandonment, as the case may be, in a manner which could have been expected, under average conditions to produce a normal crop of sugarcane, and (3) the other conditions for payment specified in Title III of the said act with respect to the farm have been met. Such approval on the application for payment by a member of the Parish or County Agricultural Conservation Committee on behalf of such committee shall constitute determination that such farm is eligible for abandonment and/or deficiency payments.

(c) *Definitions.* A "local producing area" shall be all contiguous farms which are similar with respect to types of soil or with respect to topography, as determined by the Agricultural Conservation Committee for the parish or county in which the farm is located; *Provided, however,* That farms separated from other farms by any natural barrier such as mountains or large areas of land shall not be included within the same local producing area.

This determination supersedes with respect to the 1945 and subsequent crops the "Determination of Normal Yield of Commercially Recoverable Sugar Per Acre and Eligibility for Payment with Respect to Abandonment and Crop Deficiency for Farms in the Mainland Cane Sugar Area (Revised)," issued May 25, 1945. (Sec. 303, 50 Stat. 911, 7 U.S.C. 1133)

Issued this 28th day of August 1945.

[SEAL] J. B. HUTSON,
Acting Secretary of Agriculture.

Chapter XI—War Food Distribution Orders

[WFO 50, Termination]

PART 1418—WOOL

PURCHASE AND SALE OF DOMESTIC WOOL

War Food Order No. 50, as amended (9 F.R. 7185), is hereby terminated.

This order shall become effective at 12:01 a. m., e. w. t., August 29, 1945. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 50, as amended, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

(E.O. 9280, 7 F.R. 10179; E.O. 9577, 10 F.R. 8087)

Issued this 28th day of August 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-897]

BELLINGHAM FLORAL AND NURSERY

C. W. Sheffer and A. A. Bezona, partners doing business as Bellingham Floral & Nursery in Bellingham, Washington, are engaged in growing and selling at wholesale and retail flowers, berries and vegetable plants, and fruit trees. During September 1944 and February 1945, without authorization from the War Production Board they carried on the construction of a greenhouse and two story building at 201 36th Street, Bellingham, Washington, the estimated cost of which exceeded the limit permitted by Conservation Order L-41. In procuring materials to carry on the construction of both buildings they applied AA-2 and AA-3 preference ratings without authorization of the War Production Board in violation of Priorities Regulation No. 3. C. W. Sheffer who carried on the construction work for the Bellingham Floral & Nursery was familiar with Conservation Order L-41 and Priorities Regulation No. 3, and the violations were wilful.

These violations have diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.897 *Suspension Order No. S-897.* (a) Neither C. W. Sheffer and A. A. Bezona, doing business as Bellingham Floral & Nursery, their successors and assigns, nor any other person, shall do any construction on the premises known as 201-36th Street, Bellingham, Washington, including the putting up, altering, or finishing of the structures located on said premises, unless hereafter specifically authorized in writing by the War Production Board.

(b) Authorization Number 22-13-707 granted on November 23, 1943 to Ferndale Gardens & Nursery, upon the application of C. W. Sheffer, Manager, is hereby cancelled and revoked, and shall not be given any effect by any person.

(c) Nothing contained in this Order shall be deemed to relieve C. W. Sheffer and A. A. Bezona, doing business as Bellingham Floral & Nursery, or otherwise, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 28th day of August 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-899]

GARY PRINTING AND PUBLISHING CO.

Gary Printing and Publishing Company is an Indiana Corporation which publishes a newspaper called the Gary Post-Tribune at Gary, Indiana. During the third and fourth calendar quarters of 1943, and the first, second, third and fourth calendar quarters of 1944, the Gary Post-Tribune used or caused to be used 150,972 tons of print paper in excess of the quota of print paper which it was permitted to consume during said quarters under the provisions of Limitation Order L-240, in violation of that order. Gary Printing and Publishing Company was aware of War Production Board limitations on the use of print paper and its violations have diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.899 *Suspension Order No. S-899.* (a) Gary Printing and Publishing Company shall reduce its consumption of print paper for the printing of the Gary Post-Tribune during the fourth calendar quarter of 1945 and the first, second and third calendar quarters of 1946 by 150,972 tons under the consumption quota of print paper it would otherwise be entitled to use under the provisions of Limitation Order L-240, unless otherwise specifically authorized in writing by the War Production Board. This reduction in consumption of print paper shall be at the rate of 37,743 tons per calendar quarter.

(b) The restrictions and prohibitions contained herein shall apply to Gary Printing and Publishing Company, its successors or assigns or persons acting in its behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

(c) Nothing contained in this order shall be deemed to relieve Gary Printing and Publishing Company from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 28th day of August 1945.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-310, as Amended Aug. 27, 1945]

HIDES, SKINS AND LEATHER

The fulfillment of requirements for the defense of the United States has created shortages in hides, skins and leather for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

(a) General definitions.
(b) Provisions applying to all hides, skins and leather.
(c) Untanned cattlehides, calfskins and kips.
(d) Effect on prior orders.
(e) Reports.
(f) Appeals.
(g) Communications to the War Production Board.
(h) Violations.

§ 3290.196 *Conservation Order M-310*—(a) *General definitions.* (1) "Tanner" means a person in the business of tanning, dressing, or similarly processing hides or skins, who in any calendar month after April 1, 1940, processed or processes more than 500 hides or skins.

(2) "Contractor" or "converter" means a person in the business of causing hides or skins to be tanned or dressed for his account in any tannery not owned or controlled by him.

(3) "Collector" means a person, including a dealer or importer, engaged in the business of acquiring from others untanned hides or skins for resale, or removing hides or skins from animals not slaughtered by him.

(4) "Producer" means a person in the business of slaughtering animals.

(5) "Military order" means an order for hides, skins or leather for delivery against a specific contract placed by any of the following, or for incorporation in any product to be delivered against such a contract:

The Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, or any foreign government pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act) or any extension or renewal thereof. Regardless of the provisions of Priorities Regulation 17, no orders for military exchanges and service departments shall be regarded as military orders except rated orders of United States Navy Ship's Service Departments and War Shipping Administration Training Organization Ship's Service activities for cut sole leather for repair purposes which are endorsed as follows:

The within order has been approved in accordance with instructions of the Army and Navy Munitions Board.

By_____
Authorized Official.

(6) "Military specifications" or "military quality" means, except as herein otherwise specifically provided, the specifications applicable to military orders or the quality of material meeting such specifications.

(7) "Sole leather" means vegetable tanned sole leather unless otherwise specified.

(8) "Whole stock" means sides, crops, backs, bends, shoulders with heads on, shoulders with heads off, bellies and belly centers.

(9) [Deleted Aug. 27, 1945.]

(10) [Deleted Aug. 27, 1945.]

(b) *Provisions applying to all hides, skins and leather.* (1) No person shall process any hides, skins or leather contrary to any specific direction issued from time to time by the War Production Board relating to the processing or production of specific types of leather to meet military or designated civilian requirements.

(2) No producer, collector, tanner, contractor, converter or cutter shall sell, deliver, accept delivery of, cut, use or incorporate in any product any hides skins or leather contrary to any specific direction issued from time to time by the War Production Board deemed necessary in order to fill military or designated civilian requirements.

(3) [Deleted Aug. 27, 1945.]

(4) [Deleted Aug. 27, 1945.]

(5) [Deleted Aug. 27, 1945.]

NOTE: Subparagraphs (3) and (4) formerly (6) and (8), redesignated Aug. 27, 1945.

(3) Notwithstanding the provisions of any priorities or other regulations of the War Production Board, no preference ratings shall be applied or extended for the delivery of hides, skins or leather, except:

(i) Leather for military orders (excluding sole leather whole stock and cattlehide splits in the blue, pickled, or lime state); or

(ii) When specifically authorized in writing by the War Production Board pursuant to this subparagraph (b) (3) (ii).

(7) [Deleted Aug. 27, 1945.]

(4) No tanner, contractor, converter, finisher, jobber or cutter shall deliver any leather (except shearlings) for footwear purposes, unless he has received the footwear manufacturers' quota number of the purchaser. This paragraph shall not prevent deliveries to persons regularly in business as leather contractors, leather converters, leather finishers, leather jobbers, leather cutters, finders or shoe repairers or to persons outside the continental United States.

(c) *Untanned cattlehides, calfskins and kips*—(1) *Definition.* "Cattlehide", "calfskin" and "kip" mean the hide or skin of a bull, steer, cow or buffalo, foreign or domestic (excluding slunks).

(2) No tanner shall put into process, and no contractor shall cause to be put into process, any cattlehide, calfskin or kip in excess of such amounts for specified periods as may be fixed by the War Production Board from time to time.

(3) No person shall sell, deliver, purchase or accept delivery of any untanned cattlehide, calfskin or kip, or portion thereof, other than splits and glue stock, except to the extent that the purchaser is specifically authorized by the War Production Board on Form WPB-1323 or Form WPB-3507. Applications may be made on Form WPB-1325 for the purchase of domestic cattlehides, and on Form WPB-1322 for the purchase of domestic calfskins and kips: *Provided*, That the following may be made without such authorization:

(i) Transactions between collectors and between producers and collectors for purposes of resale or delivery within the continental United States.

(ii) The sale and delivery to and the purchase and acceptance of delivery by any person other than a tanner of less than 500 hides or skins in any calendar month.

(4) In acting under paragraph (c) (3), it will be the policy of the War Production Board, so far as is practicable, to grant authorizations so that contractors or tanners will obtain cattlehides, calfskins or kips in the proportions that their respective wettings of such skins computed separately during the calendar year 1942, bore to all wettings thereof during that year by all contractors and tanners producing the same type of leather, except that authorizations to tanners or contractors having more than a practicable minimum working inventory may be reduced or omitted. Persons who were not engaged in business as tanners or contractors during the year 1942, and who desire to obtain cattlehides, calfskins or kips, may apply for authorizations to do so as described in paragraph (c) (3) and their applications will be processed on an equitable basis.

(5) [Deleted Aug. 27, 1945.]

(6) [Deleted Jan. 24, 1944.]

(d) [Deleted Aug. 27, 1945.]

(e) [Deleted Aug. 27, 1945.]

(f) [Deleted Aug. 27, 1945.]

(g) [Deleted Aug. 27, 1945.]

(h) [Deleted Aug. 27, 1945.]

(i) [Deleted Aug. 27, 1945.]

NOTE: Paragraphs (d), (e), (f), (g), and (h), formerly (j), (k), (l), (m) and (n), redesignated Aug. 27, 1945.

(d) *Effect on prior orders.* Authorizations to buy hides issued prior to June 23, 1943, under Conservation Order M-194, shall continue in effect until the expiration date therein provided or until expressly revoked.

Authorizations and directions issued and appeals granted prior to June 23, 1943, under the following orders, shall continue in effect until the expiration date therein provided or until expressly revoked:

General Preference Order M-80
General Conservation Order M-94
Conservation Order M-114
General Conservation Order M-141
Conservation Order M-278
General Preference Order M-301

(e) *Reports.* Every person described below shall, on or before the 10th day of each month execute and file reports with the War Production Board, as directed on the respective forms mentioned below:

Tanners and converters of cattlehides	WPB-1325
Tanners and converters of calfskins and kips	WPB-1322

Failure to file any of the reports mentioned above or any other reports requested pursuant to approval by the Bureau of the Budget shall constitute a violation of this order.

(f) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate referring to the particular provision appealed from and stating fully the grounds of the appeal.

No direction issued under this order shall be deemed to require the furnishing of materials or facilities to the War Production Board. If a direction requires the furnishing of materials or facilities to a contracting agency or to a war contractor, or the production of a specified amount of a material or product, or restricts all or a part of a person's pro-

duction or inventory to specified purposes, and if the person affected cannot get firm orders to cover the materials, facilities, production or inventory involved, he may appeal and the War Production Board will grant appropriate relief.

(g) *Communications to the War Production Board.* All reports, applications, forms, or communications required under or referred to in this order, and all communications concerning this order, shall, unless otherwise directed, be addressed to the War Production Board, Textile, Clothing and Leather Bureau, Washington 25, D. C., Ref. M-310.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or who furnishes false information to any department or agency of the United States is guilty of a crime, and, upon conviction, may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

NOTE: The reporting requirements of this order have been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

Issued this 27th day of August 1945.

WAR PRODUCTION BOARD,

Recording Secretary.

NOTE: Schedule A deleted Aug. 27, 1945.
NOTE: Schedule B deleted Aug. 27, 1945.

INTERPRETATION 2

OFRA AND UNRRA ORDERS NOT WITHIN DEFINITION OF "MILITARY ORDER"

"Military order" as defined in paragraph (a) (5) does not include orders for delivery against contracts placed by the Office of Foreign Relief Administration or the United Nations Rehabilitation and Relief Administration, or orders for hides, skins or leather for incorporation in products to be delivered against such contracts. (Issued April 15, 1944.)

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-217, as Amended Aug. 27, 1945]

FOOTWEAR

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of shoe manufacturing material for defense for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3290.191 *Conservation Order M-217*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board and Conservation Order M-328, as amended from time to time, except as follows:

(1) Priorities Regulation 17 shall be inapplicable to footwear.

(2) Military footwear which has been rejected by Government inspectors and stamped to indicate its rejection may be sold without regard to Paragraph 944.11 of Priorities Regulation 1 or paragraph (e) (3) of Conservation Order M-328.

NOTE: Paragraphs (b) (1), (b) (2), (b) (3), (b) (4), (b) (5), (b) (6), (b) (7), (b) (8), (b) (9), (c), (d), (e), (f), (g), (h), (i), (j) and (k), formerly (b) (2), (b) (3), (b) (8), (b) (10), (b) (12), (b) (13), (b) (14), (b) (15), (b) (16), (d) (4), (g), (h), (i), (j), (k), (l), (m), and (n), redesignated Aug. 27, 1945.

(b) *Definitions.* For the purposes of this order:

(1) "Footwear" includes house slippers, but does not include (i) rubber footwear or (ii) foot covering designed to be worn over shoes and utilizing no leather.

(2) "Work shoes" means any shoes or boots with unlined quarters which are designed to be worn at any form of work requiring specially heavy or substantially made footwear.

(3) "House slippers" means any footwear designed exclusively for indoor or house wear.

(4) "Line" means footwear of any one of the following types:

Men's dress
Men's work
Youths' and boys'
Women's and growing girls'
Misses' and children's
Infants'
House slippers
Athletic
Men's safety shoes, and
Women's safety shoes

to the extent that such type of footwear is manufactured for sale by the manufacturer in a price range where the highest list price does not exceed the lowest by more than 10% or 25¢ a pair (whichever is greater): *Provided*, That:

(i) Footwear of identical kind and quality sold at different prices to different types of purchasers may be included in one line if the highest price in the range is an actual price at which this footwear was sold during the base period, and the concession price for the same footwear is not more than 15% below the highest price in the range.

(ii) In case the sale by the manufacturer is at retail or to a purchaser which controls, is controlled by, or is subject to common control with, the manufacturer, then the applicable price range shall be the retail price range.

(iii) Up to the net wholesale price shown on the following schedule, each type of footwear listed may be deemed one line:

Type:	*Maximum net wholesale price per pair*
Misses' and children's	$1.75
Youths' and boys' (without leather)	1.90
Youths' and boys' (utilizing leather)	2.50
Women's and growing girls' (including safety) (without leather)	1.90
Women's and growing girls' (including safety) (utilizing leather)	2.50
Men's work, dress and safety (without leather)	1.90
Men's work, dress and safety (utilizing leather)	3.00
House slippers (with or without leather)	1.60
Infants', sizes 0–4 (utilizing leather)	.90
Infants', sizes 0–4 (made without leather)	.75
Infants', sizes 4½ to 8 (with or without leather)	1.35

NOTE: For the purposes of this schedule, footwear utilizing no leather except for heel top lifts shall be considered as having been made without leather.

(iv) Nothing in this order shall be deemed to permit overlapping price lines.

(5) "Military footwear" means military type footwear purchased by the Army or Navy of the United States (excluding post exchanges and ship's service stores, wherever situated), the United States Naval Academy at Annapolis, Maryland, the United States Military Academy at West Point, New York, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development the War Shipping Administration, the Government of any of the following countries: Belgium, China, Czechoslovakia, Free France, Greece, Iceland, the Netherlands, Norway, Poland, Russia, Turkey, the United Kingdom (including its Dominions, Crown Colonies and Protectorates) and Yugoslavia; military type footwear purchased by any agency of the United States for delivery to or for the account of the Government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act); and custom-made footwear delivered for personnel of the Army or Navy of the United States.

(6) "Civilian footwear" as used in paragraph (i) includes all footwear except military footwear and rubber footwear.

(7) "Six months' base period" means any consecutive six calendar months within the period from July 1, 1942 through April 30, 1943 selected by a manufacturer as his base period for the purposes of this order.

(8) "Civilian line quota" means the number of pairs of civilian footwear within a single line manufactured by a person during his six months' base period, as set forth on his base period report.

(9) "Safety shoes" means protective occupational footwear incorporating or purporting to incorporate one or more of the following safety features: steel box toe; electrical conductivity; electrical resistance; non-sparking and moulders' (Congress type) protection (shoes which can be quickly removed, worn to protect against splashing metals).

(c) *Restrictions on styling and types manufactured.* No person shall attach to any footwear (except infants' footwear, house slippers or women's gold or silver evening slippers) outsoles, other than wooden soles, not conforming to the specifications contained in Schedule I annexed to this order.

(d) *General exceptions.* None of the restrictions of this order shall apply to military footwear, or to footwear made as trials or pullovers but not sold.

(e) *Restrictions relating to sales and deliveries.* (1) No person shall sell or deliver any new footwear manufactured in the United States of America in violation of this order.

(2) No tanner or sole cutter shall deliver any leather to any shoe manufacturer if he knows or has reason to believe said leather is to be used in violation of the terms of this order.

(3) The prohibitions and restrictions of this paragraph shall not apply to:

(i) Deliveries of footwear or leather by or to, any person having temporary custody thereof for the sole purpose of transportation or public warehousing.

(ii) Any bank, banker, or trust company affecting or participating in a sale or delivery of footwear or leather solely by reason of the presentation, collection, or redemption of an instrument, whether negotiable or otherwise.

(4) In making sales or delivery of any footwear, no person shall make discriminatory cuts in quantity or quality between customers who meet such person's regularly established prices, terms and credit requirements, or between customers and his own consumption of said footwear. Reduction in sales or deliveries proportionate with any curtailment in supply available for nonmilitary use shall not constitute a discriminatory cut.

(f) *Restrictions on production of lines of footwear.* (1) No person shall in any six months' period beginning with March 1 or September 1 in any year complete the manufacture of more civilian footwear within any line than the percentage of his civilian line quota for such line shown on the following schedule:

Each line of youths' and boys' shoes	125
Each line of men's safety shoes	125
Each line of men's work shoes	125
Each line of men's dress shoes	100
Each line of women's and growing girls' shoes	100
Each line of house slippers	100
Each line of athletic shoes	100
Each line of women's safety shoes	100

With respect to (i) infants' footwear and (ii) misses' and children's footwear, no manufacturer may exceed 125% of his aggregate civilian line quotas for all lines of infants' footwear, and no manufacturer may exceed 125% of his aggregate civilian line quotas for all lines of misses' and children's footwear, but his production within each of these two types of footwear may be distributed among his established lines in any manner desired, except that the production in any line consisting of less than 50 pairs or 2% of the total production of that type of footwear (whichever is greater) during the base period may not be increased by more than 25%:

Provided, however, That to the extent that a manufacturer's production of military footwear shows a decrease below that during his six months' base period, his production within any line of civilian footwear may exceed the civilian line quota for such line by its proportionate part of such decrease; and to the extent that such manufacturer's production of military footwear shows an increase over that during the six months' base period, each civilian line quota of such manufacturer shall be diminished by its proportionate part of such increase.

(2) No person shall manufacture any line of footwear (except military footwear) not manufactured by him in his six months' base period.

(3) *Exceptions to paragraphs (i) (1) and (i) (2).* (i) A lower priced line of the same type of civilian footwear may be substituted in whole or in part for a higher priced line.

(ii) The unused quota of any higher priced line may be added to the quota of a lower priced line of the same type of civilian footwear.

Any person may add 125% of the unused portion of his civilian line quota or quotas of men's dress and women's and growing girls' shoes to his quotas of the types shown below up to a maximum of six times the amount actually transferred pursuant to this paragraph (i) (3) (ii) during the month of March 1945:

Type:
Men's work shoes
Youths' and boys' shoes
Misses' and children's shoes
Infants' shoes

In no event shall any unused quota be added to a higher priced line.

(iii) A person may exceed his civilian line quota for any line of women's safety shoes if a pairage equal to such excess is deducted from some other line or lines of footwear.

(iv) During any six months' period, beginning March 1 or September 1 in any year a manufacturer whose total production for the period will be less than $250,000 (based on wholesale value) is not subject to paragraph (i) (1), provided that no new higher priced lines are added and provided the manufacturer does not exceed his aggregate production in pairs during his six months' base period by more than 50%. The exemption in this paragraph shall not apply to a manufacturer affiliated, as a subsidiary or otherwise with another or others. This paragraph shall not authorize any manufacturer to increase his production by more than 50% in any line consisting of less than 50 pairs or 2% of his total production of that type of footwear (whichever is greater) during the base period.

(v) Paragraphs (i) (1) and (i) (2) shall not apply to footwear for the physically maimed or deformed on a custom-made basis and not for stock, to wood sole clogs utilizing no leather, to shearling or fur house slippers utilizing no other leather, or to footwear shown on the following schedule if manufactured for sale at or below the net wholesale prices shown opposite the respective types:

Type:	*Maximum net wholesale price per pair*
Misses' and children's	$1.75
Youths' and boys' (without leather)	1.90
Youths' and boys' (utilizing leather)	2.50
Women's and growing girls' (including safety) (without leather)	1.90
Women's and growing girls' (including safety) (utilizing leather)	2.50
Men's work, dress and safety (without leather)	1.90
Men's work, dress and safety (utilizing leather)	3.00
House slippers (with or without leather)	1.60
Infants', sizes 0–4 (utilizing leather)	.90
Infants', sizes 0–4 (made without leather)	.75
Infants', sizes 4½ to 8 (with or without leather)	1.35

NOTE: For the purposes of this schedule, footwear utilizing no leather except for heel top lifts shall be considered as having been made without leather.

However, any person who wishes to produce shoes under the foregoing exemption must so notify the War Production Board by letter, stating the types of shoes to be made, the materials to be used, the price ranges and his estimated six months' production. Persons who have not previously produced shoes in such price ranges must at the same time apply for specific price approval to the Office of Price Administration. In no case, may a person commence the production of shoes under this exemption until he has received acknowledgment from the War Production Board of the receipt of the letter of intention to produce and, where pertinent, of evidence of price approval from the Office of Price Administration.

(vi) The War Production Board may authorize transfers of quotas of footwear from one line or type to any other line or type and new or additional production in each line or type. It will in general be the policy of the War Production Board to authorize new or additional production in lines which will not require materials, components, facilities or labor needed for war purposes, and will not otherwise adversely affect or interfere with production for war or essential civilian purposes. Authorization will not be dependent upon the applicant's having been engaged in the production of shoes during the base period.

Application for such authorization shall be made by letter, describing fully the footwear manufactured or proposed to be manufactured, listing in detail all the materials to be used, and stating the pairs desired to be made in each price range, the source of the manpower that will be required, whether production will be reduced in any other line or lines, and all other facts pertaining to the application. All applications shall be accompanied by an original and three copies of Form WPB–3820. Authorization of production of new lines under this paragraph will be made only with the condition that production may not begin until evidence is furnished of conformity with applicable Office of Price Administration regulations.

The War Production Board will issue footwear manufacturers' quota numbers for quotas authorized by the War Production Board or established because of base period production.

Production in new price lines, or increased production in established lines, may be granted by the War Production Board to cover production of civilian footwear purchased by or on behalf of United Nations Relief and Rehabilitation Administration or any other agency for foreign relief purposes.

(vii) Manufacturers qualifying for an increase in price on footwear with nonmarking synthetic rubber soles, or soles and heels, under Order No. 13 under § 1499.3 (e) (3) of General Maximum Price Regulations, issued by the Office of Price Administration, may disregard such increase for the purposes of this paragraph (i). However, where the increase results in production of shoes in a higher price line, the number of pairs so produced shall be reported separately on the manufacturer's production report at the actual price, as indicated in the revised directions to said form.

(viii) Where a manufacturer produced in his base period a line of misses' and children's footwear of less than 50 pair or 2% of his total production of that type, he may increase his production of this line in any six months' period to not more than six times his lawful production of the line in January, 1945, *Provided*, That, he deducts the production in excess of 125% of his base period production in this line from his other lines of misses' and children's shoes.

(ix) Any person with an established quota or quotas for the production of women's and growing girls' shoes may produce up to 10% of his aggregate quota or quotas in women's all-over genuine reptile (including frog) shoes in any line or lines at a net wholesale price of $4.50 per pair or less, provided that the number of pairs of shoes produced under this paragraph (i) (3) (ix) is counted as production against the quota for that line or those lines, if any. In the event that there is no quota in a line in which such shoes are being produced, or that the number of pairs in the quota for that line does not equal the number of all-over genuine reptile (including frog) shoes produced, the number of such shoes produced must be counted as production against the quota for that line, if any, and for the next lower lines in descending order as to price as far as is necessary, and exhausting the quota of each line before proceeding to the next lower line. Records must be kept of the number of all-over genuine reptile shoes produced in each line.

(4) The period selected by any person as his six months' base period shall apply to all lines and may not be subsequently changed. After July 11, 1944, lines manufactured by any person in his six months' base period as previously filed with the War Production Board may not be revised, except to bring them into conformity with this order.

(g) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate referring to the particular provision appealed from and stating fully the grounds of the appeal.

(h) *Records.* All persons affected by this order shall keep and preserve records concerning their operations in accordance with § 944.15 of Priorities Regulation 1.

(i) *Reports.* All persons affected by this order shall file such reports and questionnaires as may be requested by the War Production Board subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(j) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Bureau, Washington 25, D. C., Ref.: M–217.

(k) *Violations.* Any person who willfully violates any provision of this order or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 27th day of August 1945.

APPENDIX A: Superseded Nov. 9, 1944.

SCHEDULE I—SPECIFICATIONS FOR SOLES

Abrasion. The material shall have a resistance to abrasion of not less than 4000 revolutions to abrade 50% of the thickness of the material, when tested on the type of machine used by and following the procedure of the National Bureau of Standards. The material may be tested on any other abrasive testing machine, using an appropriate number of abrasive strokes of revolutions to give abrasive action equivalent to the above.

Crackiness. The material shall not crack, after conditioning for 4 hours, at 32° F. and testing at that temperature, when bent 180° over a 3-inch mandrel. The material shall not crack, after aging for 48 hours at 120° F. ± 2° F. and reconditioning at 65 per cent ± 2 per cent relative humidity and 120° F. ± 2° F. when bent 180° over a 3-inch mandrel.

Tackiness. The material shall not become tacky or flow when subjected to a temperature of 120° F. ± 2° F. for 4 hours.

Stitch tear. Material which is used for stitched soles shall have a stitch tear strength of not less than 30 pounds when tested dry, and not less than 25 pounds when tested immediately after soaking in water for 4 hours. When the outsole is cemented securely to a backer or midsole, the test shall be made of the combined assembly.

Effect of water. After submerging in water at 75° F. ± 2° F. for 4 hours, the material shall not show visual evidence of delamination or separation and shall not show an increase in thickness of more than 20 per cent.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 13, Direction 4]

INVENTORY EXEMPTION FOR SURPLUS AIRCRAFT MATERIALS FOR USE IN MANUFACTURE OF CIVILIAN AIRCRAFT

The following direction is issued pursuant to Priorities Reg. 13:

(a) *What this direction does.* The reduction in military aircraft programs has resulted in large surpluses of aircraft quality materials and components far exceeding foreseeable commercial requirements for civilian aircraft. In order to encourage the disposal of these materials for use in the manufacture of civilian aircraft, this direction permits such manufacturers to receive them on special sales without regard to inventory restrictions.

(b) *Inventory exception.* The inventory restrictions of paragraph (j) (2) of Priorities Regulation 13 and other WPB inventory restrictions on receipts do not apply to delivery and acceptance of idle, excess or surplus materials or components received by a civilian aircraft manufacturer or aircraft sub-assembly manufacturer, provided all the following conditions are complied with:

(1) The materials must be received from aircraft or aircraft sub-assembly contractors or from Government owning or disposal agencies; and

(2) They must be received pursuant to a special sale under Priorities Regulation 13; and

(3) They must be acquired for use in the manufacture of civilian aircraft and components and not for sale or resale.

(c) *Further deliveries.* A person who receives materials or components under this direction may not thereafter receive further deliveries of the particular item from producers or distributors of it until his inventory of it is reduced to a practicable minimum working inventory or other applicable limitation, and his orders may not call for delivery before that time.

Issued this 29th day of August 1945.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 16, as Amended Aug. 29, 1945]

APPEALS PROCEDURE

§ 944.37 *Priorities Regulation 16*—(a) *What this regulation does.* This regulation explains the procedure for appealing from orders, regulations and administrative actions of the War Production Board, except suspension orders issued on the recommendation of Compliance Commissioners. It also explains how the appeals will be handled by WPB.

(b) *Definitions.* For purposes of the regulation: "An appeal" means a request for individual relief on the grounds that compliance by the appellant or another would work an exceptional and unreasonable hardship which is not suffered generally by others in the same industry or activity, or on the grounds of improper discrimination. It does not include an initial application or initial request for an authorization, a preference rating, an allocation or any other administrative action expressly contemplated by the orders and regulations of WPB. In the absence of exceptional and unreasonable hardship not suffered generally by others or in the absence of improper discrimination an appellant may expect his appeal to be denied. There are two kinds of appeals, and they are defined below:

(1) "Appeal from an order or regulation" means an initial appeal for individual relief from any provision of a published order or regulation (including any published direction, schedule or other supplement to an order or regulation) which applies generally to all persons or to a class of persons described in the order or regulation.

(2) "Appeal from administrative action" means an appeal for reconsideration or modification of WPB action taken with respect to a particular person. Such administrative actions include the issuance of or refusal to issue individual authorizations, directives, preference ratings, quotas or allotments. The action of the WPB in granting or denying an initial "appeal from an order or regulation", or in granting or denying an application for an authorization under an order, is an administrative action; so a request for reconsideration of such action on the grounds of hardship or improper discrimination is an "appeal from administrative action". Such an appeal is initially called a first "appeal from administrative action", and a further appeal from the WPB action taken upon it is called a second 'appeal from administrative action".

(c) *How appeals are prepared and filed.* An appeal not prepared and filed as required below may be returned to the appellant without action.

(1) *Number of copies.* Unless otherwise specified, all appeals must be filed in triplicate.

(2) *Form of appeal.* An "appeal from an order or regulation" should refer to the provision appealed from, and must be filed on Form WPB–1477 unless the order or regulation specifies filing upon some other particular form or by letter. An "appeal from administrative action" must (unless otherwise stated in specific instructions) be filed by letter referring to the action appealed from and identifying the initial request by WPB form number and case number, if any.

(3) *Statement of grounds for appeal.* The fact that a person is appealing must be stated, and the grounds for claiming exceptional and unreasonable hardship or improper discrimination should be clearly set out.

(4) *Statement of manpower requirements not necessary.* Regardless of conflicting provisions in any order, regulation or WPB form, no statement of manpower information on Form WPB–3820 or by letter need be filed with any appeal.

(5) *Request for consideration by the Appeals Board.* If the appellant, in the case of a second or further "appeal from administrative action", wants consideration of his appeal by the Appeals Board, he should expressly request in writing its referral to the Appeals Board as further explained in paragraph (e) below.

(d) *Where appeals are filed.* (1) "Appeals from orders or regulations" must be filed where indicated in the orders or regulations. If there is no indication, such appeals should be addressed to Appeals Routing Unit, War Production Board, Washington 25, D. C. An exception to this rule is that a person who, in connection with the subject matter of his appeal, is also making an application on any form which he is instructed to file in a field office may, at his election, attach his appeal to the application and file both with the appropriate field office.

(2) An "appeal from administrative action" should be filed at the same place the initial application or "appeal from an order or regulation" was filed, or if the administrative action was based upon neither an application nor an "appeal from an order or regulation" it should be addressed to the Appeals Routing Unit, War Production Board, Washington 25, D. C. However, any request to reopen a case granted or denied on the recommendation of the Appeals Board may be filed with that Board. Appeals should never be addressed to the Executive Secretary or Recording Secretary who attests the execution of War Production Board actions.

(e) *Appeals Board.* (1) The Appeals Board of the War Production Board is established as an impartial body primarily to consider second and further "appeals from administrative actions" in cases in which exceptional and unreasonable hardship or improper discrimination is claimed, except as stated in subparagraph (3) below. Any person complaining of administrative action on these grounds may have a second or further "appeal from administrative action" submitted to the Appeals Board for final action if he expressly requests it in writing. On the other hand, the Appeals Board will not normally consider any cases which do not involve these factors or which are not second or further "appeals from administrative actions". It is not its ordinary function to review actions involving judgment as to the proper distribution of materials, programming of military or civilian production and their relative essentiality. If the basis for the second or further appeal is the essentiality to the war effort and not a claim of exceptional and unreasonable hardship or improper discrimination, no request for referral to the Appeals Board should be made. For further information concerning proceedings before the Appeals Board see Direction 1 to this regulation.

(2) Any second or further "appeal from administrative action" in which exceptional and unreasonable hardship or improper discrimination is claimed, if not granted promptly on the recommendation of the official who took the action appealed from (or an official superior to him) will be referred to the Appeals Board: *Provided*, That the referral has been expressly requested in writing by the appellant. However, the referral to the Appeals Board will preclude further consideration of the case by such officials on the above grounds, and the decision of the Appeals Board will be final.

(3) In a case where the action was taken by the Office of War Utilities an "appeal from administrative action" will not be referred to the Appeals Board except in the discretion of the Director of the Office of War Utilities.

(f) *Grants and denials of appeals.* An "appeal from an order or regulation" will generally be granted or denied on the recommendation of the official administering the order or regulation. When the original administrative action has been taken by a field office of WPB the appeals in certain cases will be sent to Washington. A first "appeal from administrative action" may be granted or denied on the recommendation of the official who took the original action. A second or further "appeal from administrative action" may likewise be granted or denied unless referral to the Appeals Board has been requested in writing by the appellant. A second or further "appeal from administrative action" may be granted or denied on the recommendation of the Appeals Board.

The grant or denial of any appeal in whole or in part will be valid only when issued in the name of the War Production Board, countersigned or attested by the Executive Secretary or Recording Secretary, or in accordance with WPB Regulation No. 1 (§ 903.0). The grant or denial of an appeal referred to the Appeals Board will be indicated by a phrase such as "on the recommendation of the Appeals Board".

The denial of any appeal, in whole or in part, on the recommendation of the Appeals Board, is final unless the Appeals Board elects to reopen the matter, but the denial of an appeal on the recommendation of the Office of War Utilities is final unless that office elects to reopen the matter.

(g) *Public files.* Whenever an order or another regulation of the War Production Board expressly so provides, public files containing records relating to the appeals from such orders or regulations or from administrative actions taken under them shall be set up and shall be available for public inspection during the business hours of the War Production Board.

NOTE: The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 29th day of August 1945.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 23 as Amended Aug. 29, 1945]

EXPERIMENTAL MODELS

§ 944.44 *Priorities Regulation 23*—(a) *Background and purpose of this regulation.* Certain orders and regulations of the War Production Board limit or prohibit the manufacture of certain articles or the use of certain materials in making the articles. These restrictions apply to the manufacture of experimental models of the articles and therefore prevent persons from making such experimental models. The purpose of this regulation is to override those orders and regulations so as to allow experimental models of the restricted articles to be made under certain conditions. Nobody needs to read this regulation unless he wants to make experimental models of an article which cannot be made under existing orders and regulations.

(b) *Meaning of the term "experimental model."* The term "experimental model" means any model of a consumer or industrial product (e. g. refrigerator or printing press) which is made, as an experiment, for the purpose of determining whether it will be superior to or cheaper to make than present models and whether it can be reproduced on a commercial basis. The term does not include any models, such as samples, which are made for the purpose of promoting sales or creating a consumer demand for such articles. Nor does the term include experimental models of buildings or structures which involve construction. Such experimental construction jobs may be carried on only to the extent permitted under Order L-41.

(c) *Effect of other orders and regulations on manufacture of experimental models.* In spite of any order or regulation of the War Production Board limiting or prohibiting the manufacture of any article or the use of any material in making an article, any person may manufacture experimental models of any article and may use any materials in making them. However, in any case where the manufacture of experimental models of an article or the use of materials in making them would, but for this regulation, be prohibited by another order or regulation, the models may be made only within the limitations set forth in paragraph (e).

(d) [Deleted May 9, 1945.]

(e) *Limitations on making models.* No person may make experimental models (of the types which could not be made but for this regulation) unless all of the following restrictions are complied with:

(1) [Deleted Aug. 29, 1945.]

(2) Experimental models of an article may be made only in the minimum number and the minimum size required to determine the suitability of the article for commercial production and use, as distinct from promoting sales or creating a consumer demand. This does not permit a person to make trial production runs of experimental models.

(3) Materials which were allocated or allotted specifically for another purpose may not be used to make experimental models, except as permitted by § 944.11 of Priorities Regulation 1.

(4) [Deleted May 9, 1945.]

(f) *Illustrations.* The effect of this regulation is illustrated in the following examples:

(1) Where an order prohibits the production or assembly of a certain article, this regulation permits a person to make experimental models of the article, regardless of the order.

(2) Where an order prohibits the use of a certain material in making an article, this regulation permits a person to use the material in making experimental models of the article, regardless of the order.

(3) Where an order prohibits producers from making more than a certain number of sizes of an article, this regulation permits such producers to make additional sizes of the article for experimental purposes.

(4) Where an order prohibits producers from making an article except in accordance with production schedules approved by the War Production Board, this regulation permits such producers to make experimental models of the article even though such experimental models do not appear in the production schedules approved under this order.

(5) In each of the above four cases the limitations set forth in paragraph (e) of this regulation must be complied with. However, where experimental models can be made within the provisions of existing orders and regulations of the War Production Board, this may be done without complying with the limitations of paragraph (e). For example, where the manufacture of an article is restricted by an order which merely limits the number of the article that can be made, a person may make experimental models of the article within his quota under that order without complying with the limitations of paragraph (e). However, if he wants to make experimental models of the article outside of his quota, he must comply with those limitations.

(g) *How to get priorities assistance for materials for experimental models.* Any person needing priorities assistance to get materials for making experimental models may use the V-9 allotment symbol and AA-3 preference rating assigned for that purpose by Preference Rating Order P-43, subject to the terms of that order. However, the priorities assistance provided by Order P-43 may not be used to get any facilities for making experimental models (of the types which could not be made but for this regulation), if such facilities would be capital additions.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 31, as Amended Aug. 29, 1945]

BLANKET REVOCATION OF CERTAIN WPB ORDERS

§ 944.52 *Priorities Regulation 31*—(a) *Revocation of orders.* The orders of the War Production Board listed below in this regulation and all published directions to those orders are revoked, effective on the dates shown opposite the orders.

(b) *Effect of revocation of orders.* (1) Regardless of paragraph (b) of § 944.10a of Priorities Regulation 1, all directions, authorizations, production and delivery schedules and other instruments addressed to named persons pursuant to the orders listed below are also revoked to the extent that they apply to any transactions after September 30, 1945.

(2) To the extent that any such directions, authorizations, production or delivery schedules or other instruments addressed to named persons apply to any transactions before October 1, 1945, the following rules govern:

(i) If they were issued under one of the Chemical Orders listed below, they are revoked on the effective date shown opposite the applicable order.

(ii) If they were issued under any of the other orders listed below, they remain in force through September 30 under the rules explained in paragraph (b) of § 944.10a of Priorities Regulation 1 unless revoked by other action of the WPB.

(3) Nothing in this regulation changes the rule regarding "Suspension Orders" and "Consent Orders" as stated in paragraph (c) of § 944.10a of Priorities Regulation 1.

(4) The revocation of the orders listed below does not affect any liabilities incurred for violation of those orders or for violation of actions taken by the War Production Board under those orders.

(5) Pending and future applications filed pursuant to the orders listed below will not be acted upon by the War Production Board after the effective date of revocation of those orders, and individual notice of this may not be given to each applicant.

(6) It is not necessary to file any reports under the orders listed below which would be due after the effective date of revocation, unless required under the rules explained in Priorities Regulation 8.

PART 3270—CONTAINERS

[Conservation Order M-221, as Amended Aug. 29, 1945]

TEXTILE BAGS

The fulfillment of requirements for the defense of the United States, has created a shortage in the supply of new and used textile bags for defense, for private account and for export, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3270.23 *Conservation Order M-221*—(a) *What this order does.* This order places limitations on the manufacture, delivery and use of textile bags. There are various restrictions on bag makers, such as the requirement of standard size bags for packing certain commodities (paragraph (e)). The bag makers' inventories of cotton textiles are also restricted (paragraph (c)). There are also various general restrictions on the delivery and use of new and used textile bags, such as the prohibition against converting and delivery of new and used textile bags (paragraphs (j) (1) and (j) (2)), and the requirement on the users' inventories of such bags (paragraphs (k) (1) and (k) (2)). There are also special restrictions on the use of new textile bags such as requirements that only certain products may be packed in such bags (paragraphs (n) and (o)). There are also certain special restrictions covering used textile bags, such as requirements on commercial emptiers with respect to the time limit on holding empty bags (paragraph (s)).

(b) *Definitions.* Wherever used in this order: (1) "Textile bag" means any hand or machine sewed bag made for commercially packing, storing or shipping some commodity and manufactured of cotton, burlap or other textile fabric including open mesh fabrics woven from cotton or twisted paper yarns, but excepting bags made from flannel, shopping bags, carry-out bags and combination textile paper bags (bags made of textile laminated with paper).

(2) "New textile bag" means any textile bag when neither the fabric nor the bag has been previously used.

(3) "Used textile bag" means any textile bag when the bag or fabric has been previously used.

(4) "Bag maker" means any person engaged in the business of manufacturing new textile bags.

(5) "Dealer" means any person whose principal business is that of buying, selling or reconditioning empty textile bags.

(6) "User" means any person who acquired 500 or more empty new or used textile bags for use in his business during 1942 or who acquires such amount during any subsequent calendar year.

(7) "Commercial emptier" means any person who, in the preceding three months, acquired in his business and emptied 400 filled textile bags.

(8) "Export" means any shipment from the United States, (the 48 states, the District of Columbia, the territories, the island possessions of the United States and the Panama Canal Zone).

(9) "Agricultural products" includes, but is not limited to, beans; chocolate; coffee; cotton; feed; flour; fruits; grain; meal; nuts; potatoes; poultry grits; rice; salt; seeds; starch; sugar; tobacco; vegetables.

(10) [Deleted Aug. 29, 1945.]

RESTRICTIONS ON BAG MAKERS

(c) *Inventories of cotton textiles.* In addition to the restriction on the inventories of cotton textiles in Order M-317, no bag maker shall accept delivery of any cotton textiles as defined in Order M-317 which will increase his inventory of such cotton textiles to more than his reasonable requirements for the next 60 days, except that whenever such inventory is less than a 60-day supply, he may accept the minimum delivery customarily required by his supplier. For the purpose of this paragraph, a bag maker shall be deemed to "accept delivery" of such cotton textiles when he either takes legal title to such textiles or physical possession or control of them (whichever event occurs first) except that he may exclude from his inventory those textiles which are in transit to him or in transit to the finisher for his account. However, in addition to the above inventory restrictions, a bag maker's inventory as defined above plus such cotton textiles in transit to him or in transit to the finisher for his account must not exceed at any time his reasonable requirements for the next 90 days.

(d) *Rules applicable to inventory restrictions.* All bag makers owned or controlled directly or indirectly by the same person shall be deemed to be a single bag maker for the purpose of applying the inventory restrictions of this order. Any bag maker who accepts cotton textiles at more than one plant must apply the inventory restrictions of this order to the collective operations of all its plants. In the case where a bag

maker is also engaged in the business of manufacturing cotton textiles, the inventory restrictions of this order shall apply to such a bag maker as if his operations as a bag maker are done by a separate person.

(e) *Bag sizes for certain commodities.* Except for bags to be exported, empty or filled, no bag maker shall manufacture any new textile bag designed for packing any commodity listed below, except in any size of more than 100 lbs., or in any of the sizes specified below for that commodity.

Commodity	Bag size (net weight capacity unless otherwise specified)
Beans	2-5-10-25-50-100 lbs.
Cement (standard portland)	94 lbs.
Flour (milled wheat)[1]	2-5-10-25-50-100 lbs.
Meal	2-5-10-25-50-100 lbs.
Plaster (gypsum)	2-5-10-25-50-100 lbs. (gross weight).
Potatoes[2]	2-5-10-15-25-50-100 lbs.
Processed feed (mixed, mill)	2-5-10-25-50-100 lbs.
Rice	2-3-5-10-15-25-50-100 lbs.
Salt	2-4-10-25-50-60-100 lbs.
Seeds	2-5-10-25-50-100 lbs. 1, 2 bu.[3]
Starch (corn)	2-5-10-25-50-100 lbs.
Sugar (refined cane, beet)	2-5-10-25-50-100 lbs.

[1] "Flour (milled wheat)" means any flour product produced by milling wheat, including blends of wheat flours and bleached, promated, enriched, phosphated, and self-rising flours, but excluding durum wheat products (semolina), farina, pancake flour, and cake flour.

[2] These restrictions do not apply to open mesh bags used for packing potatoes.

[3] Additional sizes are permitted as follows: 8 lb. or ½ bu. of hybrid seed corn; 3 bu. for cotton seed.

(f) [Deleted Aug. 29, 1945.]

RESTRICTIONS ON DELIVERY OR USE OF NEW OR USED TEXTILE BAGS

(g) *Joint responsibility.* No person shall sell or deliver cotton textiles or new or used textile bags which he knows or has reason to believe will be accepted or used in violation of the terms of this order.

(h) *Use of preference rating*—(1) *Bag makers.* A bag maker obtains his burlap for the manufacture of textile bags under the provisions of Order M-47 which allocates certain quantities of burlap to him, and no preference ratings are needed by him for such purchases. A bag maker's use of preference ratings for purchasing cotton textiles for the manufacture of textile bags is controlled by the provisions of Orders M-317 and M-317A.

(2) *Users of textile bags.* No preference rating shall be applied or extended to obtain delivery of new or used textile bags, except a rating which has been specifically assigned for textile bags by the Army, Navy, Maritime Commission or War Shipping Administration (including persons who have been specifically assigned ratings by the Maritime Commission on Form WPB-646) for the direct or ultimate delivery of such bags either filled or empty to them.

(i) [Deleted Aug. 29, 1945.]

(j) *Converting or delivery of textile bags.* Except as stated below, no person shall commercially convert any new or used jute, burlap or cotton textile bag into an article for any other use than as a bag, and no person shall commercially deliver any new or used jute, burlap or cotton textile bag, if he knows or has reason to believe that such bag will be used for any purpose other than as a bag. These restrictions shall not apply to (1) used cotton liners; (2) used cotton textile bags which are commonly known in the trade as "No. 2 quality bags", that is, bags which are caked, badly stained, badly torn (including ragged tops or large hand-sewn holes), or double-marked (printed on both inside and outside of bag); (3) used jute or burlap textile bags which have no commercial use as bags, with or without mending.

(k) *Users' inventories*—(1) *New textile bags.* No user shall accept delivery of or have set aside for his account, any new textile bags which will increase his inventory of new textile bags (including those held by others for his account as well as those he has on hand) to more than a practicable minimum working inventory for packing the commodities which are permitted to be packed in such bags by this order. Except in the case of bags required by a user for packing a seasonal commodity, (whether or not produced by him) (see Interpretation 1A to Priorities Regulation 1) such inventory shall not exceed the aggregate number of new empty textile bags which will be required to carry on his business during the next sixty days.

(2) *Used textile bags.* No user shall accept delivery of, or have set aside for his account, any used textile bags which will increase his inventory of used textile bags (including those held by others for his account as well as those he has on hand) to more than a practicable minimum working inventory for the uses which are not prohibited by this order. Except in the case of bags required by a user for packing a seasonal commodity (whether or not produced by him) (see Interpretation 1A to Priorities Regulation 1) such inventory shall not exceed the aggregate number of used empty textile bags which will be required to carry on his business during the next sixty days.

(l) [Deleted Aug. 29, 1945.]

(m) [Deleted Aug. 29, 1945.]

SPECIAL RESTRICTIONS ON NEW TEXTILE BAGS

(n) *Products permitted for new burlap bags.* No person shall use any new textile bag made of burlap for packing fish meal, fish scrap, tankage, meat scraps or for any purpose other than the packing of the following permitted products: agricultural products; abrasives; crushed oyster shells; fertilizer; meat; mohair; petroleum waxes; stearic acid; wool or wool products; or chemicals for export. These restrictions do not apply to surplus new military sand bags which may be used to pack any product.

(o) *Products permitted for new cotton bags and open mesh bags made of cotton or twisted paper yarn*—(1) *Permitted products.* No user shall use any new textile bag made of cotton or open mesh bag made of cotton or twisted paper yarn for packing fish meal, fish scrap, tankage, meat scraps, or for any purpose other than the packing of the following permitted products: agricultural products; abrasives; chemicals; cements; coins; currency; fertilizer; glue; gypsum; malt; meat; paste; plaster; samples; sand; securities; shell fish; small parts; tire chains; or such other uses as may be authorized by the War Production Board in writing pursuant to paragraph (o) (2) below.

(2) *Applications.* Applications for such authorizations should be made on Form WPB-1319, which is to be filed in accordance with the instructions for its use. Applications will be considered only on the basis of the essential need for new bags, the availability of the supply, and the availability of used bags or substitute containers. The application form and the instructions may be obtained at all War Production Board offices.

(p) *Certification.* No person shall sell or deliver any new textile bags in quantities of over 1,000 unless he has received from the purchaser a certificate signed manually or as provided in Priorities Regulation 7. This certificate shall be in substantially the following form, and once filed by a purchaser with a supplier covers all future deliveries from the supplier to that purchaser:

The undersigned purchaser certifies, subject to criminal penalties for misrepresentation, that he is familiar with Order M-221 of the War Production Board, and that all purchases from you of items regulated by that order, and the use of the same by the undersigned, will be in compliance with the order as amended from time to time.

The standard certificate provided for in paragraph (d) of Priorities Regulation 7 cannot be used in place of the above certificate nor may the certificate be waived in accordance with paragraph (f) of that regulation.

SPECIAL RESTRICTIONS ON USED TEXTILE BAGS

(q) *Processing of used bags for sale.* No dealer, user, or commercial emptier shall sell or deliver any used textile bag to any person for his own use unless the bag has been processed and repaired and all holes, including trier or probe holes, properly mended or patched. Nothing in this paragraph shall prevent the delivery of any bag for the purpose of repair or for delivery to the owner. For the purposes of this provision, "process" means to clean a used textile bag by washing, vacuuming, or any other method sufficient to prepare the bag for further reuse.

(r) [Deleted Aug. 29, 1945.]

(s) *Time-limit on holding empty bags.* Within 60 days after emptying any number of textile bags, a commercial emptier shall use, or transfer to dealers or users, an equal amount of empty used textile bags from his inventory. Such disposition may be deferred beyond the 60-day period in the following cases:

(1) *Seasonal reuse.* If the commercial emptier needs the bags for packing a seasonal product (whether or not produced by him), he may retain them until the product becomes available for packing, subject, however, to the inventory restrictions of paragraph (k) (2) above.

(2) *Carload accumulation.* If, in accordance with his past practice, the commercial emptier wishes to accumulate a carload quantity of such bags for return to users for further packing of the kind of product last packed in them, he may retain such bags until he has accumulated a carload quantity.

GENERAL EXCEPTIONS

(t) *Bags for certain Government agencies.* The provisions of this order (except paragraphs (c), (d), and (h) (2)) shall not apply to (1) textile bags manufactured to meet the packaging specifications of, and for delivery to or for the account of the Government agencies or persons listed below, or (2) textile bags for delivery of a product for the account of any of the agencies or persons listed below, provided the packing specifications call for textile bags, or (3) the purchase, acceptance, use or export of textile bags by these agencies or persons: Army, Navy, United States Post Office, Federal Reserve System, United States Treasury Department, any agency procuring for delivery pursuant to the act of Congress of March 11, 1941 entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), Veterans' Administration and Maritime Commission or War Shipping Administration of the United States (including persons operating vessels for such Commission or Administration for use thereon and other persons whose purchase orders bear a preference rating for textile bags assigned by the Maritime Commission under Form WPB-646 (formerly PD-300)).

(u) *Export of empty bags.* No permission from the War Production Board is necessary to export empty new or used textile bags. The War Production Board has assigned an export quota to the Foreign Economic Administration and no person is permitted to export such bags to any destination other than Canada unless authorized by the Foreign Economic Administration. Application for export licenses should be sent to the Foreign Economic Administration, Bureau of Supplies, Requirements & Supply Branch, Washington 25, D. C. General information and instructions for export are contained in the Comprehensive Export Schedule issued by the Foreign Economic Administration.

(v) *Exception for mailing bags.* The provisions of this order (except paragraphs (c), (d), (h) (2)) shall not apply to any textile bag which is purchased or used for commercial shipment of articles in the United States mails. In any case where a textile bag which was purchased for such mailing purposes is not used for these purposes, then the use of the bag is subject to the provisions of this order.

MISCELLANEOUS PROVISIONS

(w) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Containers Division, Washington, D. C., Ref: M-221.

(x) *Appeals.* Appeals from Order M-221 shall be filed by addressing a letter to the War Production Board, Containers Division, Washington 25, D. C. Ref: M-221. The letter of appeal need not follow any particular form. It should state informally, but completely, the particular provision appealed from, the precise relief desired, the reasons why denial of the appeal would result in excessive and individual hardship, and such other statistical and narrative information as may be pertinent.

(y) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

(z) *Budget approval.* The application and reporting requirements of this order have been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(aa) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction, may be punished by fine or imprisonment. In addition, any person may be prohibited from making or obtaining further deliveries of, or from processing or using materials under priority control and may be deprived of priorities assistance.

Issued this 29th day of August 1945.

Chapter XI—Office of Price Administration

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Restriction Order 13, Amdt. 4]

LARD RESTRICTION ORDER FOR PUERTO RICO

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Restriction Order No. 13 is amended in the following respects:

1. Section 1.1 (a) is amended to read as follows:

(a) Unless authorized by the Office of Price Administration, no importer or wholesaler shall transfer lard to any person who was not his customer during the months of November or December 1944, or January 1945, and no importer or wholesaler shall transfer or offer to transfer to any customer, and no customer shall accept for any given period of four weeks more than 7/10 (70%) of the average four-week period transfers made to that customer during the months of November and December 1944, and January 1945.

2. Section 1.1 (b) is amended to read as follows:

(b) No retailer shall transfer or offer to transfer to any customer, and no customer shall accept a transfer from any retailer of more than 7/10 (70%) of the average weekly transfers of lard made to that customer during the months of November and December 1944, and January 1945: *Provided*, That such transfer made by a retailer to a customer shall not exceed six (6) ounces of lard a week per customer: *It is further provided*, That a retailer's customer may request, and shall be entitled to obtain from such retailer at least five (5) ounces of lard a week per person. A customer may act as an agent of a family or other unit in the purchase of a quantity of lard not to exceed the allotment for all members of such unit who customarily eat the majority of the meals as members of such unit.

3. Sections 1.2 (e) (2) and 1.2 (e) (3) are amended by deleting the phrase "five (5) ounces" wherever it appears, and inserting in lieu thereof, in each instance, the phrase "six (6) ounces."

This amendment shall become effective August 13, 1945.

Issued this 29th day of August 1945.

SAM GILSTRAP,
Territorial Director, Puerto Rico.

Approved:

JAMES P. DAVIS,
Regional Administrator,

[MPR 586, Amdt. 2 to Supp. Storage Reg. 1[1]]

PACKING AND CRATING FOR WAR DEPARTMENT, ARMY SERVICE FORCES, AT HOUSTON, TEX.

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

A new section 17 is added to read as follows:

SEC. 17. *Packing and crating of household goods and personal effects at Houston, Texas for Army Service Forces, War Department.* The maximum charge for the service of packing and crating, including incidental cartage, of authorized baggage consisting of household goods and personal effects of military personnel, performed at Houston, Texas under contract with the U. S. War Department, Army Service Forces, shall be $3.75 per 100 pounds, weights to be determined after necessary packing and crating. Lower prices may, of course, be charged and paid.

ARTICLE I—EXPLANATION OF THE SUPPLEMENT

SECTION 1. *Explanation of the supplement*—(a) *What products are covered by this supplement.* In general this supplement establishes maximum prices for the 1945 and later packs of the canned fruits, berries and vegetables listed at the beginning of sections 5 and 6 respectively, and others that may be added from time to time. It also covers other closely related packed food products. However, this supplement does not apply to any listed product that is packed and sold as "baby food", as "junior food" or as "soup". Generally, it covers the same products covered by Supplement 7 to Food Products Regulation No. 1.[2]

The general pricing provisions of this supplement for processors consist of two principal methods, respectively called "Pricing Method No. 1" (see section 5) and "Pricing Method No. 2" (see section 6). The products covered by each method are listed at the beginning of the applicable section.

The provisions of this supplement apply to products packed during the year 1945 and after. If the major portion of the pack of any product is packed during 1945, the product shall be considered to be of the 1945 pack.

In addition, the supplement provides maximum prices for resales of earlier years' packs which have been purchased from the government (see section 8).

(b) *What sales are covered by this supplement.* This supplement applies to sales by all persons except wholesalers and retailers. However, the following sales and deliveries are not subject to the maximum prices or other requirements of this supplement or any other maximum price regulation:

(1) Sales and deliveries of products covered by this supplement by a processor in any calendar year in which his total volume of sales of the products does not exceed 1,500 quarts (or an equivalent amount in other container sizes).

(2) Sales and deliveries by a processor of any vegetable or mixture of vegetables that is processed only by such operations as chopping, shredding or grating and packaging in containers for sale as a salad or salad mix.

(3) Sales and deliveries by a processor to government procurement agencies of the following commodities:

(i) Whole unpeeled apricots, packed in No. 10 cans, with a drained weight of 90 ounces or more per can.

(ii) Solid pack pie peaches, prepared from freestone peaches, packed in No. 10 cans by processors whose factories are located in North Carolina, South Carolina, Georgia, Florida, Kentucky, Tennessee, Alabama, Mississippi, Arkansas, Louisiana, Oklahoma and Texas.

(iii) The following finished component parts of Ten-in-One rations: 4-ounce cans of peaches, pears, sweet cherries, apricots, any mixture of these fruits, and fruit cocktail.

(iv) Diced carrots, packed in No. 10 cans.

(c) *Where this supplement applies.* This supplement applies in the 48 states of the United States and the District of Columbia.

(d) *What this supplement supersedes.* This supplement supersedes the provisions of all other maximum price regulations as to the commodities and sellers covered.

However, all maximum prices authorized or approved by orders issued under section 10 (c) and 10 (d) of Supplement 7 and all prices automatically authorized or approved upon the expiration of the 30-day period specified in those provisions shall remain in effect as maximum prices for the 1945 and later packs under this supplement, unless changed by the Office of Price Administration by order or by this supplement.

(e) *When this supplement is effective.* This supplement becomes effective September 3, 1945. For a product that is included later, the supplement becomes applicable on the date when the product is included.

SEC. 2. *Applicability of Food Products Regulation No. 1.* Important: Not all of the provisions affecting the maximum prices of the listed packed food products are stated in this supplement. Those which are not specifically set forth here are stated in Food Products Regulation No. 1, and they are just as much a part of this supplement as if they were printed here. The "Explanation of the Regulation" is also a part of this supplement.

The particular sections of Food Products Regulation No. 1 which are applicable to this supplement are listed in appropriate places in the following sections (in each case, the section number set forth in parentheses is the appropriate section number of Food Products Regulation No. 1). When any applicable section of the regulation is amended, the amendment also is applicable to this supplement.

SEC. 3. *Definitions.* (a) When used in this supplement the term:

"Packed" means processed and enclosed in any container, whether or not hermetically sealed. However, the term does not include freezing, drying or dehydrating, nor does it refer to any of the packed products known as preserves, relishes or pickles packed from other than fresh vegetables.

"Fruit" means any specified fruit, mixture or specified fruits, or other specified fruit product. When a fruit is specified, its puree is included.

"Berry" means any specified berry, mixture of specified berries, or other specified berry product. When a berry is specified, its puree is included.

"Vegetable" means any specified vegetable, mixture of specified vegetables, or other specified vegetable products. When a vegetable is specified, its puree is included.

"Secondary processor" means a processor who purchases the kind of processed product being priced in bulk, barrels or other large containers and further processes and repacks it in containers other than the original container in which the commodity was shipped to him.

"Grower-processor" means a processor who grows all of the raw material he uses in making the product being priced. The term includes a grower-owned cooperative.

"Price range" means the range of prices named in the applicable appendix within which all maximum prices for processors of the item specified must fall.

"F. O. B. shipping point" means f. o. b. factory in cases where the processor sold the item being priced on an f. o. b. factory basis during the applicable base period. It means f. o. b. branch warehouse in cases where he sold it from branch warehouses during that period.

"Area", as used with reference to the products under Pricing Method No. 1, means the area in which the processor's factory is located, as shown in the applicable appendix.

"1941 pack" means that pack of the product the major portion of which was processed and packed during the calendar year 1941.

"Beginning of the 1941 pack" means the date on which the processor first began his 1941 pack of the particular product, as distinct from his pack of the particular item of the product, on the one hand, or his pack of the principal raw material used in the product, on the other. However, as to some of the products covered by section 5, the applicable appendices establish the beginning of the 1941 pack in each case as the date on which the processor first began his pack of the specified variety.

"Item" means a kind, variety, grade, brand, style of pack, sieve size, count, size and container type and size of a product. However, different subgrades of the same grade shall not constitute separate items.

"Grade" means the established grade as commercially understood (for example, in the case of canned peas, "standard", "extra-standard" or "fancy").

"Basic wage rate" means the single rate or established range of rates applicable to a given job classification for straight time, day operation as included in the basic wage rate schedule covering all job classifications in a factory.

(b) When used in this supplement, the container names listed below refer to containers of the dimensions or overflow capacity indicated.

ARTICLE II—PRICING PROVISIONS

SEC. 4. *Explanation of pricing methods for processors*—(a) *Changes made by the supplement.* In general this supplement maintains the basic pricing methods of Pricing Method No. 1 and Pricing Method No. 2 as established by Supplement 7, subject to several modifications. In many cases processors' maximum prices figured under this supplement will be the same as their maximum prices under Supplement 7. The principal provisions added by this supplement which will result in different processors' maximum prices are the provisions for figuring maximum prices on the basis of actual prices paid for raw materials in 1945 (where not in excess of designated prices) and the provisions that set forth the circumstances under which processors adjust their maximum prices for approved increases in basic wage rates. In addition, miscellaneous changes of the following types will result in different processors' maximum prices: (1) clarification of the meaning of the term "beginning of the 1941 pack" made by the definition of that term in section 3 (a) of this supplement; (2) miscellaneous changes in particular appendices, such as changes in permitted increases and price ranges for certain items in particular areas, changes of can-size or grade differentials and changes in instructions as to the selection of the proper base-period item in pricing under subparagraph (3) or (4) of section 5 (a); and (3) changes in the pricing of tomato juice, caused by transfer of the product from Pricing Method No. 2 to Pricing Method No. 1.

Under both Pricing Method No. 1 and Pricing Method No. 2, processors are directed to adjust for approved increases in basic wage rates. In the case of Pricing Method No. 1, the adjustment factors are dollars-and-cents figures; in the case of Pricing Method No. 2, they are percentage factors.

(b) *Pricing Method No. 1.* Under Pricing Method No. 1, as set forth in section 5, the processor in most cases figures his maximum price by taking his weighted average selling price for the item being priced during the first 60 days after the beginning of the 1941 pack of the product (or other base period named in the applicable appendix) and adding a specified permitted increase. The resulting figure is the processor's "gross maximum price" (that is, the maximum price before subtraction of any direct subsidy payable per unit of the finished product): *Provided*, That it falls within the price range fixed for the item in the appendix. If it is higher than the highest price named in the price range, the processor's gross maximum price is the highest price named in the price range. Likewise, if it is lower than the lowest price named in the price range, the processor's gross maximum price is the lowest price named in the price range. As to many of the unsubsidized products, the processor then subtracts from his gross maximum price for the item the difference obtained by subtracting the weighted average price he paid for the raw material in 1945 from the raw material price reflected in the applicable price range. Methods for converting the price paid for raw material to units of the finished product are set forth in the appendices applicable to the products for which this adjustment is required.

For sales to government procurement agencies, the processor figures his maximum price by taking 96% of his gross maximum price after it has been reduced, where necessary, to reflect the actual prices paid for raw material in 1945.

If the processor sold the particular product during the base period, but only in a grade, style, or container type or size that is different from the one being priced, or for which no price range is provided, he figures his maximum price by the same general pricing method, supplemented by the use of conversion factors (for different container types and sizes, different styles, and different grades).

If the processor was not in business during 1941, or if he made no sales during the base period of goods produced in a particular area, he takes as his gross maximum price for the item being priced the specific dollars-and-cents price named in the applicable appendix. (However, if he is subject to section 14 (g), covering transfers of business or stock in trade, he uses the base price of his transferor and figures a maximum price in the same manner as his transferor would have figured it.) In cases where a specific dollars-and-cents price is not provided for the item, he figures his gross maximum price by applying the appropriate conversion factors to the specific dollars-and-cents price named for the nearest container size of the product. As to many of the unsubsidized products, the processor then subtracts from his gross maximum price for the item the difference obtained by subtracting the weighted average price he paid for the raw material in 1945 from the raw material price reflected in the applicable dollars-and-cents price.

For any item of a product on which a direct subsidy is payable, the processor figures his maximum price for sales to purchasers other than government procurement agencies by subtracting from his gross maximum price the amount of the subsidy, payable per unit of the finished product, as set forth in the applicable appendix.

In cases where there have been approved increases in basic wage rates, the last step in figuring the maximum price is to add the labor factor named in the applicable appendix.

(c) *Pricing Method No. 2.* Under Pricing Method No. 2, as set forth in section 6, the processor figures his maximum price by: (1) taking his 1944 maximum prices for sales of the item to purchasers other than government procurement agencies, as required to be figured under the pricing provisions of section 6 of Supplement 7, (2) subtracting from this figure his 1944 raw material cost; (3) adding his 1945 raw material cost, and (4) making the appropriate labor adjustment. The resulting figure is the processor's maximum price for sales of the item to purchasers other than government procurement agencies. This

[1] 9 F.R. 6711.

[2] 10 F.R. 1750, 2188.

general provision does not apply to the pricing of any item for which a maximum price was authorized or approved under section 10 (c) or 10 (d) of Supplement 7.

The processor who packed the item in 1944 but who did not establish a maximum price for it under Supplement 7 is required to determine what his maximum price would have been under that supplement and shall use it as a base from which to figure his maximum price under this supplement.

The maximum price in each case for sales to government procurement agencies is figured at 96 percent of the maximum price for sales to purchasers other than government procurement agencies, after it has been increased, in the case of subsidized commodities, by the difference between the Commodity Credit Corporation's 1943 resale price and the Department of Agriculture's 1945 support price for the applicable area.

Section 6 also has special provisions for pricing items in certain metal containers, for converting from tin to glass, for figuring raw material costs in certain cases and for pricing certain packed fruits or berries in syrup of a density specified in Revised Ration Order 3.

SEC. 5. *Maximum prices for sales by processors—Pricing Method No. 1.* The products covered by Pricing Method No. 1 are listed below, together with references to the applicable appendices containing special pricing provisions for these products. Other products will be added from time to time.

NOTE: Although this section contains certain pricing provisions relating to clingstone peaches produced in California, pears (California, Oregon and Washington), apricots (California), and light sweet cherries (California, Oregon and Washington), none of these products is covered by this supplement until a pricing appendix is added for the product.

The processor shall figure a maximum price for each factory at which he processes the item being priced. (However, he may then elect to combine prices as provided in section 10 (e).) When used in this section, the phrase "sold during the base period", or words of similar import, refers to sales of goods produced in a particular factory.

(a) *Maximum prices for sales by processors to purchasers other than government procurement agencies of products sold during the base period.* For products sold in any form during the base period, the processor figures his maximum price for sales to purchasers other than government procurement agencies under this paragraph (a), under the particular subparagraph listed below which is applicable to the item being priced:

To price items sold during the base period and for which price ranges are provided, see subparagraph (1) below.

To price items sold during the base period but for which price ranges are not provided, see subparagraph (2) below.

To price items not sold during the base period but for which price ranges are provided, see subparagraph (3) below.

To price items not sold during the base period and for which price ranges are not provided, see subparagraph (4) below.

The processor who performs the wholesale function with respect to the item being priced (that is by warehousing and selling it is less-than-carload quantities, from a branch warehouse owned or controlled by him, to retailers or to commercial, industrial or institutional users) shall, in each case, figure his maximum price for sales in this manner under the general pricing methods of this paragraph (a), except that he shall not apply the limitations of the price range in any situation covered by this paragraph. The processor who qualifies as a retailer under Maximum Price Regulation No. 422[3] or 423[4] shall not use the pricing methods of this section, but he shall apply to the Office of Price Administration, Washington, D. C., for authorization of a maximum price under section 10 (c).

(1) *To price items sold during the base period and for which price ranges are provided.* For sales to purchasers other than government procurement agencies, the processor shall figure his maximum price per dozen containers or other unit, f. o. b. shipping point, of an item which he sold during the base period and for which a price range is provided, as follows. He shall:

(i) *Determine the base price.* First, the processor shall figure his weighted average price per dozen containers or other unit, f. o. b. shipping point, for the item being priced during the first 60 days after the beginning of the 1941 pack of the product or other base period named in the appendix covering the particular product. (This weighted average price will be called the "base price"). "Weighted average price" means the total gross sales dollars charged for the item during the base period divided by the number of dozens of containers or other units of that item sold. All sales contracts made in the regular course of business during the base period shall be included, regardless of the year of pack or of the date of delivery. Sales contracts made at times other than during the base period shall not be included, even though delivery was made during the base period. However, the following sales contracts shall be excluded, even when made during the base period: Sales to the armed forces of the United States; sales by a processor to his employees, to growers who supplied the raw material, or to other processors unless at least 33⅓ per cent of his 1941 pack was sold to other processors; sales of damaged goods or of goods packed for experimental purposes; and sales to retailers or institutional users in quantities of less than 25 cases (basis No. 2 cans for vegetables and basis No. 2½ cans for fruits), unless at least 10% of the processor's 1940 or 1941 pack of the product was sold in such lesser quantities.

The processor shall figure a separate weighted average price for each item, except as otherwise provided in a particular appendix, and except that a single weighted average price shall be figured for items which differ only in brand name. (Subgrades shall also be ignored.) In figuring weighted average prices during the base period, the processor may, if he wishes, figure a single weighted average for any group of factories located in the same pricing area. For this purpose, the processor shall include all sales contracts (as described above) made during the first 60 days after the beginning of the 1941 pack of the product, or other applicable base-period, at each factory included in the group.

(ii) *Add the permitted increase.* Next, the processor shall add to the base price the permitted increase named for the item in the applicable appendix. The resulting figure is the processor's "gross maximum price" per dozen containers or other unit, f. o. b. shipping point, for sales to purchasers other than government procurement agencies; provided that it falls within the applicable price range. However, if it is higher than the highest price named in the price range, the processor's gross maximum price is the highest price named in the price range. Likewise, if it is lower than the lowest price named in the price range, the processor's gross maximum price is the lowest price named in the price range.

(iii) *Adjust for raw material purchased at average price lower than that reflected in price range.* Next, as to any product for which such an adjustment is indicated in the applicable appendix, the processor shall subtract from his gross maximum price the difference obtained by subtracting the weighted average price he paid for the raw material in 1945 from the Department of Agriculture's recommended price for that raw material. This difference shall be converted to units of the finished product on the basis of the conversion factors set forth in the applicable appendix. However, no subtraction is required under this subparagraph unless the gross maximum price for the item is reduced by one percent or more. The weighted average price paid shall be figured on not less than the first 75% of his purchases of the raw material (exclusive of acquisition and hauling charges) used by him in processing the product.

In the case of clingstone peaches produced in California, pears (California, Oregon and Washington), apricots (California), and light sweet cherries (California, Oregon and Washington), the processor shall figure the amount to be subtracted from his gross maximum price as follows. He shall figure a "weighted average price actually paid" on the basis of the weighted average price actually paid for each grade or district classification, not to exceed the price recommended to be paid for that grade or district classification by the Department of Agriculture. The "weighted average price actually paid" shall then be subtracted from the average of the recommended prices for those grades and district classifications figured by using the same weighting factors (i. e., the quantities he purchased of each grade and district classification).

Example: The recommended fruit prices for sweet cherries announced by the Department of Agriculture for Oregon and Washington are $237.00 per ton for Grade 1, and $157.00 per ton for Grade 2. The A Canning Company whose factory is located in Oregon, based on not less than the first 75% of its purchases, has bought 90% Grade 1 and 10% Grade 2 cherries. A has paid an average price of $247.00 per ton for No. 1 cherries and $140.00 per ton for No. 2 cherries. However since the $247.00 per ton price is in excess of the recommended price of $237.00 per ton for Grade 1 cherries, he is required to use the recommended price in figuring his "weighted average price actually paid". Using a price of $237.00 per ton for 90% of his purchases and $140.00 per ton for 10% of his purchases he figures a weighted average price actually paid of $227.30 per ton. Using the same weighting factors (90% and 10%) he figures an average recommended price of $229.00 per ton. The weighted average price actually paid is then subtracted from this figure ($229.00 minus $227.30 equals $1.70). The resulting figure ($1.70) is the difference which must be converted to units of the finished product on the basis of the conversion factors set forth in the applicable appendix.

The grower-processor is not required to make the subtraction specified in this subdivision (iii), as to any product for which he grows all of the raw material used in processing the product.

(iv) *Subtract any direct subsidy payable per unit of the finished product.* Next, as to any product for which a subsidy is payable, the processor shall subtract from the resulting figure the amount of the direct subsidy payable per unit of the finished product.

(v) *Adjust for approved increases in basic wage rate.* Finally, the processor shall add to the resulting figure the appropriate labor increase factor provided in the applicable appendix if he has incurred an increase in basic wage rate approved by the War Labor Board; if the increase becomes effective after January 1, 1944; and if 50% or more of his pack of the product is processed after the effective date of the wage rate increase. An increase in basic wage rate will be considered to have occurred only if the single rate or the mid-point of the range of rates for unskilled female labor has been increased. When the processor meets the conditions for an adjustment after he has established a maximum price for the item under section 14 (h), he may refigure his maximum price (notifying his customers, as required by section 14 (d)).

The resulting figure is the processor's maximum price per dozen containers or other unit, f. o. b. shipping point, for sales to purchasers other than government procurement agencies.

Illustrations of how maximum prices are figured under subparagraph (1) for items sold during the base period and for which price ranges are provided. The permitted increase provided in Table 3 of Appendix A (section 15) for processors whose factories are located in Area 3 for No. 2½ cans of spinach is $0.32. The range of prices in Table 3 for fancy spinach packed in No. 2½ cans in this area is $1.47 as the lower limit of the range and $1.54 as the upper limit.

Example 1. The X Canning Company, whose factory is located in Arkansas, has figured a weighted average price during the first 60 days after the beginning of the 1941 spring and fall packs of $1.27 per dozen for fancy spinach packed in No. 2½ cans. To this figure the company adds $0.32, the permitted increase named in Appendix A ($1.27 plus $0.32 equals $1.59). Since this resulting figure of $1.59 is higher than the upper limit of the price range ($1.54), the X Canning Company's gross maximum price is $1.54 per dozen. Based on not less than the first 75% of its 1945 season's purchases the X Company figures a weighted average price paid to growers of $65.00 per ton for spinach cut above the crown. By use of Table 8 in Appendix A, this $5.00 per ton difference between the amount reflected in the price range for Area 3 ($70.00 per ton) and the amount paid for spinach in 1945 is converted to No. 2½ cans, the unit being priced ($0.009 times 5 equals $0.045). Since the resulting figure is in excess of 1% of the gross maximum price the company then subtracts $0.045 from its gross maximum price of $1.54 ($1.54 less $0.045 equals $1.495). Subsequent to January 1, 1944 and prior to completion of 50% or more of its spinach pack, the company has incurred an approved increase in basic wage rate for unskilled female labor of $0.10 per hour. The company figures the adjustment for approved increases in basic wage rate by adding the appropriate labor adjustment factor provided in Table 9 ($1.495 plus $0.03 equals $1.525). The resulting figure ($1.525) is its maximum price for sales to purchasers other than government procurement agencies. (No subsidy is payable as to this product.)

Example 2. The Y Canning Company whose factory is also located in Arkansas has figured a weighted average price during the first 60 days after the beginning of the 1941 spring and fall packs of $1.05 per dozen for fancy spinach packed in No. 2½ cans. To this figure the company adds the permitted increase of $0.32 ($1.05 plus $0.32 equals $1.37). Since the resulting figure of $1.37 is lower than the lowest price named in the price range, the Y Canning Company's gross maximum price is $1.47 per dozen. The Y Company, based on not less than the first 75% of its purchases of spinach has figured a weighted average price paid to growers of $71.00 per ton for spinach cut above the crown. Since this amount exceeds the $70.00 per ton price reflected in the price range for Area 3 no amount is added or subtracted. Prior to completion of 50% of its current spinach pack the company has incurred an approved increase in basic wage rate for unskilled female labor of $0.05 per hour. The company figures the adjustment for approved increases in basic wage rate by adding the appropriate labor adjustment factor provided in Table 9 and the resulting figure ($1.47 plus $0.03 equals $1.50) is the company's maximum price for sales to purchasers other than government procurement agencies. (No subsidy is payable as to this product.)

Example 3. The Z Canning Company whose factory is located in Arkansas has figured a weighted average price during the first 60 days after the beginning of the 1941 spring and fall packs of $1.18 per dozen for No. 2½ size cans of fancy spinach. To this figure the company adds $0.32 ($1.18 plus $0.32 equals $1.50). Since the resulting figure of $1.50 falls within the range of prices named for fancy spinach packed in No. 2½ cans in this area, the Z Canning Company's gross maximum price is $1.50 per dozen. Based on not less than the first 75% of its 1945 seasons purchases of spinach the Z company has figured a weighted average price paid to growers of $70.60 per ton for spinach cut above the crown. Since this amount is the same as that reflected in the price range for spinach produced in Area 3 no subtraction is necessary. The company has not incurred an increase in basic wage rates and subdivision (v) is accordingly not involved. Its maximum price for sales to purchasers other than government procurement agencies is $1.50 per dozen. (No subsidy is payable as to this product.)

(2) *To price items sold during the base period but for which price ranges are not provided.*

As a general rule, in figuring maximum prices under subparagraph (2), (3), or (4), steps are to be taken in the following order (in many cases not all of the steps are necessary).

1. Construct base price (converting for container type and size).
2. Add the appropriate permitted increase.
3. Convert separately for variety, style, sieve size, syrup differential, and grade.
4. Apply limitations of price range.
5. Convert for container type and size to get the gross maximum price.
6. Adjust for raw material purchased at average price lower than that reflected in price range.
7. Subtract subsidy.
8. Adjust for approved increases in basic wage rate.

In all cases conversions from metal containers to glass containers must be made in 1945 prices and not in base period prices, for the reason that permitted increases and price ranges are based on cost increases and base period price data for metal containers only. In each case of conversion from metal to glass, the processor must first construct a maximum price for the item when packed in metal and then add the appropriate conversion factor named in the applicable appendix for converting from tin to glass, even though he packed the item in glass during the base period.

For sales to purchasers other than government procurement agencies, the processor shall figure his maximum price per dozen containers or other unit, f. o. b. shipping point, of an item which he sold during the base period, but for which a price range is not provided, as follows. He shall:

(i) *Construct a base price.* First, the processor shall figure his weighted average price per dozen containers or other unit, f. o. b. shipping point, for the item being priced in the manner provided in subdivision (a) (1) (i), above. He shall then convert this weighted average price for container type and size to a base price for the item (identical except for container size), with an established price range, that is nearest in container size to the item being priced, by applying the conversion factor named in the applicable appendix.

(ii) *Add the permitted increase.* Next, the processor shall add to the constructed base price the permitted increase named in the applicable appendix for the item selected, and apply the limitations of the applicable price range.

(iii) *Convert to a gross maximum price for the item being priced.* Next, the processor shall convert the price so figured for container type and size to a gross maximum price for the item being priced by applying the conversion factor named in the applicable appendix.

[3] 9 F.R. 1505, 2024, 2297.
[4] 10 F.R. 1523, 2025, 2293.

(iv) *Adjust for raw material purchased at average price lower than that reflected in price range.* Next, as to any product for which such an adjustment is indicated in the applicable appendix, the processor shall subtract from his gross maximum price the difference obtained by subtracting the weighted average price he paid for the raw material in 1945 from the Department of Agriculture's recommended price for that raw material. This difference shall be converted to units of the finished product on the basis of the conversion factors set forth in the applicable appendix. However, no subtraction is required under this subparagraph unless the gross maximum price for the item is reduced by one percent or more. The weighted average price paid shall be figured on not less than the first 75% of his purchases of the raw material (exclusive of acquisition and hauling charges) used by him in processing the product.

In the case of clingstone peaches produced in California, pears (California, Oregon and Washington), apricots (California), and light sweet cherries (California, Oregon and Washington), the processor shall figure the amount to be subtracted from his gross maximum price as follows. He shall figure a "weighted average price actually paid" on this basis of the weighted average price actually paid for each grade or district classification, not to exceed the price recommended to be paid for that grade or district classification by the Department of Agriculture. The "weighted average price actually paid" shall then be subtracted from the average of the recommended prices for those grades and district classifications figured by using the same weighting factors (i. e., the quantities he purchased of each grade and district classification). (See example in subdivision (a) (1) (iii), above.)

The grower-processor is not required to make the subtraction specified in this subdivision (iv), as to any product for which he grows all of the raw material used in processing the product.

(v) *Subtract any direct subsidy payable per unit of the finished product.* Next, as to any product for which a subsidy is payable, the processor shall subtract the amount of the direct subsidy payable per unit of the finished product.

(vi) *Adjust for approved increases in basic wage rate.* Finally, the processor shall add to the resulting figure the appropriate labor increase factor provided in the applicable appendix if he has incurred an increase in basic wage rate approved by the War Labor Board; if the increase becomes effective after January 1, 1944; and if 50% or more of his pack of the product is processed after the effective date of the wage rate increase. An increase in basic wage rate will be considered to have occurred only if the single rate or the mid-point of the range of rates for unskilled female labor has been increased. When the processor meets the conditions for an adjustment after he has established a maximum price for the item under section 14 (h), he may refigure his maximum price (notifying his customers, as required by section 14 (d)).

The resulting figure is the processor's maximum price per dozen containers or other unit, f. o. b. shipping point, for sales to purchasers other than government procurement agencies.

Illustration of how maximum prices are figured under subparagraphs (2) for items sold during the base period but for which price ranges are not provided.

Example 4. The B Canning Company, whose factory is located in New York sold fancy No. 3 sieve Sweet Peas in No. 303 cans during the base period. It is now pricing this item. Since Table 3 in Appendix C to Section 15 does not provide a permitted increase and price range for No. 303 cans, the company must convert its weighted average price for the No. 303 size cans of the product to a base price for the nearest container size for which a price range is provided, which in this case is the No. 2 cans. The company has figured a weighted average price during the base period for fancy No. 3 sieve Sweet Peas in No. 303 cans of $1.25. To convert this figure to a No. 2 size can, it multiplies it by 1.12, the conversion factor named in Table 5 of Appendix C ($1.25 times 1.15 equals $1.40). To this figure the company adds $.43, the permitted increase named in Table 3. ($1.40 plus $.43 equals $1.83). Since this figure is higher than the highest price named in the price range for No. 2 size cans of fancy No. 3 sieve Sweet Peas, the company uses $1.78, the highest price in the range, to continue its computations. It now converts the figure $1.78 to a gross maximum price for the No. 303 size can by multiplying it by .89, the conversion factor named in Table 5 for converting to a No. 303 size can ($1.78 times .89 equals $1.5842). From this gross maximum price the company subtracts the amount of the direct subsidy payable for this can size, which amount is figured by multiplying $0.20, the subsidy payable for No. 2 cans, by .89, the appropriate conversion factor named in Table 5. ($0.20 times .89 equals $0.178). ($1.5842 less $0.178 equals $1.4062). The company has not incurred an increase in basic wage rates and subdivision (vi) is accordingly not involved. The B Canning Company's maximum price for sales to purchasers other than government procurement agencies for No. 303 cans of fancy No. 3 sieve Sweet Peas is $1.405 per dozen. (Subdivision (iv) is not applicable in this case.)

(3) *To price items not sold during the base period but for which price ranges are provided.* (See note at beginning of subparagraph (2)). For sales to purchasers other than government procurement agencies, the processor shall figure his maximum price per dozen containers or other units, f. o. b. shipping point, of an item which he did not sell during the base period, but for which a price range is provided, as follows. He shall:

(i) *Construct a base price.* First, the processor shall select from the items of the product which he sold in the base period that item nearest in container size to the item being priced and nearest in such other respects as may be specified in the applicable appendix and figure its weighted average price in the manner provided in subdivision (a) (1) (i), above. He shall then convert this weighted average price, for container type and size, to a base price for the container size being priced, by applying the appropriate conversion factor named in the applicable appendix.

(ii) *Add the permitted increase.* Next, the processor shall add to the constructed base price the appropriate permitted increase named in the applicable appendix for the variety, style, and grade sold in the base period.

(iii) *Convert to a gross maximum price for the item being priced.* Next, the processor shall convert the price so figured (for variety, style, sieve size, syrup differential, and grade, in the order named) as may be necessary to arrive at a gross maximum price for the item being priced, by applying the conversion factors named in the applicable appendix, and by applying to the resulting figure the limitations of the applicable price range.

(iv) *Adjust for raw material purchased at average price lower than that reflected in price range.* Next, as to any product for which such an adjustment is indicated in the applicable appendix, the processor shall subtract from his gross maximum price the difference obtained by subtracting the weighted average price he paid for the raw material in 1945 from the Department of Agriculture's recommended price for that raw material. This difference shall be converted to units of the finished product on the basis of the conversion factors set forth in the applicable appendix. However, no subtraction is required under this subparagraph unless the gross maximum price for the item is reduced by one percent or more. The weighted average price paid shall be figured on not less than the first 75% of his purchases of the raw material (exclusive of acquisition and hauling charges) used by him in processing the product.

In the case of clingstone peaches produced in California, pears (California, Oregon and Washington), apricots (California), and light sweet cherries (California, Oregon and Washington), the processor shall figure the amount to be subtracted from his gross maximum price as follows. He shall figure a "weighted average price actually paid" on the basis of the weighted average price actually paid for each grade or district classification, not to exceed the price recommended to be paid for that grade or district classification by the Department of Agriculture. The "weighted average price actually paid" shall then be subtracted from the average of the recommended prices for those grades and district classifications figured by using the same weighting factors (i. e., the quantities he purchased of each grade and district classification). (See example in subdivision (a) (1) (iii), above.)

The grower-processor is not required to make the subtraction specified in this subdivision (iv), as to any product for which he grows all of the raw material used in processing the product.

(v) *Subtract any direct subsidy payable per unit of the finished product.* Next, as to any product for which a subsidy is payable, the processor shall subtract the amount of the direct subsidy payable per unit of the finished product.

(vi) *Adjust for approved increases in basic wage rate.* Finally, the processor shall add to the resulting figure the appropriate labor increase factor provided in the applicable appendix if he has incurred an increase in basic wage rate approved by the War Labor Board; if the increase becomes effective after January 1, 1944; and if 50% or more of his pack of the product is processed after the effective date of the wage rate increase. An increase in basic wage rate will be considered to have occurred only if the single rate or the mid-point of the range of rates for unskilled female labor has been increased. When the processor meets the condition for an adjustment after he has established a maximum price for the item under section 14 (h), he may refigure his maximum price (notifying his customers, as required by section 14 (d)).

The resulting figure is the processor's maximum price per dozen containers or other unit, f. o. b. shipping point, for sales to purchasers other than government procurement agencies.

Illustration of how maximum prices are figured under subparagraph (3) for items not sold during the base period but for which price ranges are provided.

Example 5. The C Canning Company, whose factory is located in Michigan, is now pricing No. 2 size cans of fancy large seeded sweet peas, ungraded as to sieve size. During the base period 1941 this company sold the following items of peas:

No. 303 cans, fancy No. 3 sieve sweet peas.
No. 2 cans, fancy No. 4 sieve sweet peas.
No. 10 cans, standard ungraded Alaska peas.
No. 2 cans, extra standard ungraded sweet pea
No. 2 cans, extra standard 4 sieve Alaska peas.

The C Company selects as the base period item the No. 2 can extra standard ungraded sweet peas because it is nearest in container size and in other respects (as specified in Appendix C to section 15), and figures its weighted average price as $1.05. To this base price the company adds the permitted increase named in Part 2, Table 3 of Appendix C to Section 15 for extra standard ungraded sweet peas. ($1.05 plus $0.34 equals $1.39.) The company then converts this figure for variety to a price for extra standard large seeded sweet peas by adding to it the difference between the specific dollars-and-cents maximum prices named in Part 2 and 3 of Table 4 for the two items ($1.56 minus $1.46 equals $0.10; $1.39 plus $0.10 equals $1.49). The resulting figure is then converted for grade to a gross maximum price for item being priced by adding to it the grade difference between fancy and extra standard specified in Table 8 ($1.49 plus $0.26 equals $1.75) and by applying the limitations of the price range to the resulting figure. Since the resulting figure $1.75 is within the price range, it is the processor's gross maximum price. From this figure the company subtracts $0.20, the amount of the direct subsidy payable ($1.75 minus $0.20 equals $1.55). The company has not incurred an increase in basic wage rates and subdivision (iv) is accordingly not involved. The resulting figure $1.55 is the C Company's maximum price for sales to purchasers other than government procurement agencies. (Subdivision (vi) is not applicable in this case.)

(4) *To price items not sold during the base period and for which price ranges are not provided.* (See note at beginning of subparagraph (2).)

Two different situations are involved when pricing under this subparagraph.

For sales to purchasers other than government procurement agencies, the processor shall figure his maximum price per dozen containers or other unit, f. o. b. shipping point, of an item not sold during the base period, and for which a price range is not provided, as follows:

First situation: If during the base period the processor sold any of the items (of the same product) for which price ranges are provided, he shall figure his maximum price per dozen containers or other unit, f. o. b. shipping point, for sales to purchasers other than government procurement agencies, as follows. He shall:

(i) *Construct a base price.* First, the processor shall select from the items of the product sold during the base period that item for which a price range is provided nearest in container size to the item being priced and nearest in such other respects as may be specified in the applicable appendix and figure its weighted average price in the manner provided in subdivision (a) (1) (i), above.

(ii) *Add the permitted increase.* Next, the processor shall add to the constructed base price the permitted increase named in the applicable appendix for the variety, style, and grade sold in the base period.

(iii) *Convert to a gross maximum price for the item being priced.* Next, the processor shall convert the price so figured for the selected item (for variety, style, sieve size, syrup differential, and grade, in the order named) as may be necessary to arrive at a gross maximum price for the selected item, by applying the conversion factors named in the applicable appendix, and by applying to the resulting figure the limitations of the applicable price range. The price so figured shall then be converted for container type and size to a gross maximum price for the item being priced by applying the conversion factors named in the applicable appendix.

(iv) *Adjust for raw material purchased at average price lower than that reflected in price range.* Next, as to any product for which such an adjustment is indicated in the applicable appendix, the processor shall subtract from his gross maximum price the difference obtained by subtracting the weighted average price he paid for the raw material in 1945 from the Department of Agriculture's recommended price for that raw material. This difference shall be converted to units of the finished product on the basis of the conversion factors set forth in the applicable appendix. However, no subtraction is required under this subparagraph unless the gross maximum price for the item is reduced by one percent or more. The weighted average price paid shall be figured on not less than the first 75% of his purchases of the raw material (exclusive of acquisition and hauling charges) used by him in processing the product.

In the case of clingstone peaches produced in California, pears (California, Oregon and Washington), apricots (California), and light sweet cherries (California, Oregon and Washington), the processor shall figure the amount to be subtracted from his gross maximum price as follows. He shall figure a "weighted average price actually paid" on the basis of the weighted average price actually paid for each grade or district classification, not to exceed the price recommended to be paid for that grade or district classification by the Department of Agriculture. The "weighted average price actually paid" shall then be subtracted from the average of the recommended prices for those grades and district classifications figured by using the same weighting factors (i. e., the quantities he purchased of each grade and district classification). (See example in subdivision (a) (1) (iii), above.)

The grower-processor is not required to make the subtraction specified in this subdivision (iv), as to any product for which he grows all of the raw material used in processing the product.

(v) *Subtract any direct subsidy payable per unit of the finished product.* Next, as to any product for which a subsidy is payable, the processor shall subtract from the resulting figure the amount of the direct subsidy payable per unit of the finished product.

(vi) *Adjust for approved increases in basic wage rate.* Finally, the processor shall add to the resulting figure the appropriate labor increase factor provided in the applicable appendix if he has incurred an increase in basic wage rate approved by the War Labor Board; if the increase becomes effective after January 1, 1944; and if 50% or more of his pack of the product is processed after the effective date of the wage rate increase. An increase in basic wage rate will be considered to have occurred only if the single rate or the mid-point of the range of rates for unskilled female labor has been increased. When the processor meets the conditions for an adjustment after he has established a maximum price for the item under section 14 (h), he may refigure his maximum price (notifying his customers, as required by section 14 (d)).

The resulting figure is the processor's maximum price per dozen containers or other unit, f. o. b. shipping point, for sales to purchasers other than government procurement agencies.

Second situation: If during the base period the processor did not sell any of the items (of the same product) for which price ranges are provided, he shall figure his maximum price per dozen containers or other unit f. o. b. shipping point, for sales to purchasers other than government procurement agencies, as follows. He shall:

(i) *Construct a base price.* First, the processor shall select from the items of the product sold in the base period that item nearest in container size to the item being priced and nearest in such other respects as may be specified in the applicable appendix and figure its weighted average price in the manner provided in subdivision (a) (1) (i), above. He shall then convert this weighted average price, for container type and size, to a base price for the item nearest in container size for which a price range is provided, by applying the conversion factors named in the applicable appendix.

(ii) *Add the permitted increase.* Next, the processor shall add to the constructed base price the appropriate permitted increase named in the applicable appendix for the variety, style, and grade sold in the base period.

(iii) *Convert to a gross maximum price for the item being priced.* Next, the processor shall convert the price so

figured for the selected item (for variety, style, sieve size, syrup differential, and grade, in the order named) as may be necessary to arrive at a gross maximum price for the selected item, by applying the conversion factors, named in the applicable appendix, and by applying to the resulting figure the limitations of the applicable price range. The price so figured shall then be converted for container type and size to a gross maximum price for the item being priced by applying the conversion factors named in the applicable appendix.

(iv) *Adjust for raw material purchased at average price lower than that reflected in price range.* Next, as to any product for which such an adjustment is indicated in the applicable appendix, the processor shall subtract from his gross maximum price the difference obtained by subtracting the weighted average price he paid for the raw material in 1945 from the Department of Agriculture's recommended price for that raw material. This difference shall be converted to units of the finished product on the basis of the conversion factors set forth in the applicable appendix. However, no subtraction is required under this subparagraph unless the gross maximum price for the item is reduced by one percent or more. The weighted average price paid shall be figured on not less than the first 75% of his purchases of the raw material (exclusive of acquisition and hauling charges) used by him in processing the product.

In the case of clingstone peaches produced in California, pears (California, Oregon and Washington), apricots (California), and light sweet cherries (California, Oregon and Washington), the processor shall figure the amount to be subtracted from his gross maximum price as follows. He shall figure a "weighted average price actually paid" on the basis of the weighted average price actually paid for each grade or district classification, not to exceed the price recommended to be paid for that grade or district classification by the Department of Agriculture. The "weighted average price actually paid" shall then be subtracted from the average of the recommended prices for those grades and district classifications figured by using the same weighting factors (i. e., the quantities he purchased of each grade and district classification). (See example in subdivision (a) (1) (iii), above.)

The grower-processor is not required to make the subtraction specified in this subdivision (iv), as to any product for which he grows all of the raw material used in processing the product.

(v) *Subtract any direct subsidy payable per unit of the finished product.* Next, as to any product for which a subsidy is payable, the processor shall subtract from the resulting figure the amount of the direct subsidy payable per unit of the finished product.

(vi) *Adjust for approved increases in basic wage rate.* Finally, the processor shall add to the resulting figure the appropriate labor increase factor provided in the applicable appendix if he has incurred an increase in basic wage rate approved by the War Labor Board; if the increase becomes effective after January 1, 1944; and if 50% or more of his pack of the product is processed after the effective date of the wage rate increase. An increase in basic wage rate will be considered to have occurred only if the single rate or the mid-point of the range of rates for unskilled female labor has been increased. When the processor meets the conditions for an adjustment after he has established a maximum price for the item under section 14 (h), he may refigure his maximum price (notifying his customers, as required by section 14 (d)).

The resulting figure is the processor's maximum price per dozen containers or other unit, f. o. b. shipping point, for sales to purchasers other than government procurement agencies.

Illustrations of how maximum prices are figured under subparagraph (4) for items not sold during the base period and for which price ranges are not provided.

FIRST SITUATION

Example 6. The E Canning Company, whose factory is located in Oregon, is now pricing No. 1 (picnic) cans of standard spinach. During the base period 1941, this company sold spinach of the following grades, and container types and sizes:

Fancy spinach packed in No. 2 cans.
Fancy spinach packed in No. 10 cans.

The E Company selects the No. 2 can because it is the nearest container size for which a price range is provided to the No. 1 (picnic) can being priced. It then figures the weighted average price for the No. 2 can as $0.95 per dozen. To this figure the company adds $0.38 the permitted increase named in Table 3, Appendix A, to section 15 ($0.95 plus $0.38 equals $1.33). The company then subtracts from this figure $0.10 the difference between fancy and standard grades of spinach named in Table 7 to Appendix A ($1.33 minus $0.10 equals $1.23), and applies to the resulting figure the limitations of the price range. Since this figure is lower than the lowest price named for standard spinach in No. 2 cans in Area 2, the company uses $1.26, the lowest price in the price range, to continue its computation. This figure is then converted to a gross maximum price for the No. 1 (picnic) can being priced by multiplying it by 0.65 the conversion factor named in Table 5, Appendix A, for converting from a No. 2 to a No. 1 (picnic) can ($1.26 times 0.65 equals $0.8190). The E Company has figured a weighted average price paid for spinach based on not less than the first 75% of its purchases of $51.00 per ton, cut above the crown. Since this price is in excess of the raw material price reflected in the price range for this Area no subtraction under subparagraph (iv) is required. The company has incurred an increase in basic wage rate for unskilled female labor with the approval of the War Labor Board subsequent to January 1, 1944 and before completion of 50% or more of its pack of spinach. The company accordingly adds $0.0065, the labor adjustment factor figured by reference to Table 9 in Appendix A ($0.8190 plus $0.0065 equals $0.8255). The E Company's maximum price for No. 1 (picnic (cans of standard spinach is $0.8255 per dozen for sales to purchasers other than government procurement agencies. (A subsidy is not involved as to this product.)

SECOND SITUATION

Example 7. The D Canning Company, whose factory is located in Oregon, is now pricing 8-ounce cans of fancy spinach. During the base period, this company sold spinach of the following grades, and container types and sizes:

Fancy spinach packed in No. 1 tall cans.
Standard spinach packed in No. 1 (picnic) cans.

The D Company selects the No. 1 (picnic) can because it is nearest in container size to the 8-ounce can which it is now pricing, and figures its weighted average price as $.70 per dozen. The company then converts this weighted average price to a constructed base price for the No. 2 can by multiplying it by 1.54, the conversion factor named in Table 5, Appendix A to section 15 for converting from a No. 1 (picnic) can to a No. 2 can ($0.70 times 1.54 equals $1.0780). The company then adds $.38, the permitted increase named in Table 3 for Area 2 ($1.0780 plus $.38 equals $1.4580). (To this figure the company adds $0.10 ($1.4580 plus $0.10 equals $1.5580) the differential between grades named in Table 7 of Appendix A.) Since this figure ($1.5580) falls within the price range for fancy spinach packed in No. 2 cans, the company uses it to continue its computation. The company then converts this figure for the No. 2 size can to a gross maximum price for the 8-ounce can being priced by multiplying it by .60, the conversion factor named in Table 5 of Appendix A for converting a No. 2 can to an 8-ounce can ($1.5580 times .60 equals $.9348). The company has figured a weighted average price paid for spinach based on not less than the first 75% of its purchases of $50.00 per ton, cut above the crown. Since this price is the same as the raw material price reflected in the price range for this area, no subtraction under subparagraph (iv) is required. The company has not incurred an increase in basic wage rates and accordingly no adjustment under subdivision (vi) is required. The resulting figure ($0.9348) is the D Company's maximum price for sales to purchasers other than government procurement agencies. (A subsidy is not involved as to this product.)

(b) *Products not sold during the base period.* For any product which was not sold in the base period, the processor shall figure his maximum price per dozen containers or other unit of the item, f. o. b. factory, for sales to purchasers other than government procurement agencies, in the following manner:

(1) *Grades, varieties, styles and container types and sizes for which specific dollars-and-cents prices are provided.* If the grade, variety, style and container type and size of the items being priced is one for which a specific dollars-and-cents price is provided, the processor shall in each case:

(i) *Ascertain the gross maximum price.* First, the processor shall take the specific dollars-and-cents price named for the item in the applicable appendix and use this figure as his gross maximum price, f. o. b. factory.

(ii) *Adjust for raw material purchased at average price lower than that reflected in dollars-and-cents price.* Next, as to any product for which such an adjustment is indicated in the applicable appendix, the processor shall subtract from his gross maximum price the difference obtained by subtracting the weighted average price he paid for the raw material in 1945 from the Department of Agriculture's recommended price for that raw material. This difference shall be converted to units of the finished product on the basis of the conversion factors set forth in the applicable appendix. However, no subtraction is required under this subparagraph unless the gross maximum price for the item is reduced by one percent or more. The weighted average price paid shall be figured on not less than the first 75% of his purchases of the raw material (exclusive of acquisition and hauling charges) used by him in processing the product.

In the case of clingstone peaches produced in California, pears (California, Oregon and Washington), apricots (California), and light sweet cherries (California, Oregon and Washington), the processor shall figure the amount to be subtracted from his gross maximum price as follows. He shall figure a "weighted average price actually paid" on the basis of the weighted average price actually paid for each grade or district classification, not to exceed the price recommended to be paid for that grade or district classification by the Department of Agriculture. The "weighted average price actually paid" shall then be subtracted from the average of the recommended prices for those grades and district classifications figured by using the same weighting factors (i. e., the quantities he purchased of each grade and district classification). (See example in subdivision (a) (1) (iii), above.)

The grower-processor is not required to make the subtraction specified in this subdivision (ii), as to any product for which he grows all of the raw material used in processing the product.

(iii) *Subtract any direct subsidy payable per unit of the finished product.* Next, as to any product for which a subsidy is payable, the processor shall subtract from the resulting figure the amount of the direct subsidy payable per unit of the finished product.

(iv) *Adjust for approved increases in basic wage rate.* Finally, the processor shall add to the resulting figure the appropriate labor increase factor provided in the applicable appendix if he has incurred an increase in basic wage rate approved by the War Labor Board; if the increase becomes effective after January 1, 1944; and if 50% or more of his pack of the product is processed after the effective date of the wage rate increase. An increase in basic wage rate will be considered to have occurred only if the single rate or the mid-point of the range of rates for unskilled female labor has been increased. When the processor meets the conditions for an adjustment after he has established a maximum price for the item under section 14 (h), he may refigure his maximum price (notifying his customers, as required by section 14 (d)).

The resulting figure is the processor's maximum price per dozen containers or other unit, f. o. b. shipping point, for sales to purchasers other than government procurement agencies.

For the purpose of section 10 (b) this price shall be considered a "dollars-and-cents" maximum price for a processor who performs the wholesale function.

(2) *Grades, varieties, styles and container types and sizes for which specific dollars-and-cents prices are not provided.* If the grade, variety, style and container type and size of the item being priced is one for which a specific dollars-and-cents price is not provided, the processor shall in each case:

(i) *Ascertain the gross base price.* First, the processor shall take the specific dollars-and-cents price named in the applicable appendix for that container size (of the same product) which is nearest in size to the item being priced.

(ii) *Convert to a gross maximum price.* Next, the purchaser shall convert that figure (for style, syrup differential, grade and container type and size, in the order named) as may be necessary to arrive at a gross maximum price for the item being priced, by applying the conversion factors named in the applicable appendix.

(iii) *Adjust for raw material purchased at average price lower than that reflected in dollars-and-cents price.* Next, as to any product for which such an adjustment is indicated in the applicable appendix, the processor shall subtract from his gross maximum price the difference obtained by subtracting the weighted average price he paid for the raw material in 1945 from the Department of Agriculture's recommended price for that raw material. This difference shall be converted to units of the finished product on the basis of the conversion factors set forth in the applicable appendix. However, no subtraction is required under this subparagraph unless the gross maximum price for the item is reduced by one percent or more. The weighted average price paid shall be figured on not less than the first 75% of his purchases of the raw material (exclusive of acquisition and hauling charges) used by him in processing the product.

In the case of clingstone peaches produced in California, pears (California, Oregon and Washington), apricots (California), and light sweet cherries (California, Oregon and Washington), the processor shall figure the amount to be subtracted from his gross maximum price as follows. He shall figure a "weighted average price actually paid" on the basis of the weighted average price actually paid for each grade or district classification, not to exceed the price recommended to be paid for that grade or district classification by the Department of Agriculture. The "weighted average price actually paid" shall then be subtracted from the average of the recommended prices for those grades and district classifications figured by using the same weighting factors (i. e., the quantities he purchased of each grade and district classification). (See example in subdivision (a) (1) (iii), above.)

The grower-processor is not required to make the subtraction specified in this subdivision (iii), as to any product for which he grows all of the raw material used in processing the product.

(iv) *Subtract any direct subsidy payable per unit of the finished product.* Next, as to any product for which a subsidy is payable, the processor shall subtract from the resulting figure the amount of the direct subsidy payable per unit of the finished product.

(v) *Adjust for approved increases in basic wage rate.* Finally, the processor shall add to the resulting figure the appropriate labor increase factor provided in the applicable appendix if he has incurred an increase in basic wage rate approved by the War Labor Board; if the increase becomes effective after January 1, 1944; and if 50% or more of his pack of the product is processed after the effective date of the wage rate increase. An increase in basic wage rate will be considered to have occurred only if the single rate or the mid-point of the range of rates for unskilled female labor has been increased. When the processor meets the conditions for an adjustment after he has established a maximum price for the item under section 14 (h), he may refigure his maximum price (notifying his customers, as required by section 14 (d)).

The resulting figure is the processor's maximum price per dozen containers or other unit, f. o. b. shipping point, for sales to purchasers other than government procurement agencies.

For the purpose of section 10 (b) this price shall be considered a "dollars-and-cents" maximum price for a processor who performs the wholesale function.

(c) *Maximum prices figured on the basis of subgrades.* A processor who meets the conditions of this paragraph as to any item may, if he elects, figure maximum prices for the item on the basis of subgrades. "Subgrade" means a subdivision of a grade, determined in each case according to the regularly established way, during the base period, in which the particular processor reflected differences in quality (within that grade) in different selling prices for the item. Whether the processor had such a practice during the base period shall be determined from his invoices, and no processor who does not meet these conditions shall figure his maximum prices for the item on the basis of subgrades. If the particular processor's individual subgrade falls into more than one grade, as defined above, the individual subgrade shall be divided according to the commercial grades into which it falls.

The processor may make an election for one or more factories selected by him, provided that the maximum prices for the item at the selected factories are the same. However, any such election applies only to that part of the combined packs of those factories which he has not sold and delivered prior to the filing of the statement of his election. When he makes this election as to any item, the processor may sell it at whatever prices he pleases, subject to the following limitations:

(1) The maximum price for his entire pack of the item shall not be higher than his maximum price for the item figured without regard to subgrades multiplied by the number of units sold.

(2) No selling price for any subgrade of the item shall be higher than the top of the price range applicable to the item.

(3) The processor shall not sell on the basis of subgrades, at prices higher than his maximum price for the item figured without regard to subgrades, until he has filed with the Office of Price Administration, Washington, D. C., a statement of his election naming (i) each subgrade and the proportion of his pack of the item which he elects to sell under it, (ii) the highest price at which he elects to sell each subgrade, (iii) the actual or anticipated amount of his pack of the item, and (iv) his maximum price for the item figured without regard to subgrades. If he names an anticipated amount of pack, he shall file a supple-

mentary statement showing his actual pack of the item, within 10 days after its completion.

(4) The number of units sold in the highest-priced subgrade shall not exceed the total number of units included in that subgrade in the seller's statement of election, and the maximum price for the entire subgrade shall be the price stated therein for that subgrade multiplied by the number of units sold. The number of units sold in the next highest-priced subgrade shall not exceed the total number of units included in that subgrade, in the seller's statement of election, plus the number of units, if any, included for the highest-priced subgrade which are sold at or below the price stated for the next highest-priced subgrade, and the maximum price for the entire subgrade, plus such additional units, if any, shall be the price stated for that subgrade multiplied by the number of units sold, plus such additional units, if any. The above rule shall apply to determine the total number of units which may be sold in any lower-priced subgrade and to determine the maximum price for any such subgrade.

SEC. 6. *Maximum prices for sales by processors—Pricing Method No. 2.* The products covered by Pricing Method No. 2 are listed below. (The "base period" applicable to each product is the first 60 days after the beginning of the 1941 pack except where otherwise specified.) Other products will be added from time to time.

NOTE: Although this section contains certain pricing provisions relating to packed apples and applesauce, these products are not covered by this supplement until raw material prices are added for apples.

Packed vegetables:
- Group I:
  - Artichokes
  - Bamboo sprouts (bean sprouts)
  - Celery and celery juice
  - Fordhook lima beans
  - Hominy
  - Okra
  - Onions
  - Parsnips
  - Peppers
  - Pickles, packed from fresh vegetables other than cucumbers
  - Pimientos
  - Pumpkin
  - Rhubarb
  - Squash
  - Turnips
  - Vegetable greens other than spinach—Base period: First 60 days after beginning of 1941 spring and fall packs.
- Group II:
  - Beans, fresh shelled
  - Beans, fresh lima (other than Fordhook lima beans)
  - Beets and beet juice
  - Carrots and carrot juice
  - Tomato cocktail, catsup, chili sauce, puree, paste and sauce
  - Italian pear shaped tomatoes
  - Sauerkraut—Base period: December 1, 1941 to March 31, 1942
  - Mushrooms—Base period: October 10, 1941 to December 10, 1941
  - Peas, blackeye, crowder, cream, and field
  - Pickles packed from fresh cucumbers
  - Sweet potatoes
  - Mixed vegetables containing vegetables not otherwise specified
  - Mixed vegetables juices containing vegetable juices not otherwise specified

Packed Fruits:
- Apricots, apricot juice and apricot nectar (except apricot halves (unpeeled), whole (unpeeled), and whole (peeled) packed in California)
- Cherries, sweet (except light unpitted, packed in California, Oregon and Washington)
- Cherries, cocktail
  - Base period: July 1, 1940 to September 30, 1940 and July 1, 1941 to September 30, 1941.
- Cherries, brined
  - Base period: September 1, 1941 to November 30, 1941.
- Cherries, Maraschino and glace
  - Base period: March, 1942.
- Cherries, red sour juice
- Figs
- Nectarines
- Peaches, peach juice, and peach nectar (except yellow cling peaches halves, sliced, quartered, and diced, packed in California)

- Mixed berry nectars containing berry juices not otherwise specified

The processor who qualified as a retailer under Maximum Price Regulation No. 422 or 423 shall not use the pricing methods of this section, but shall apply to the Office of Price Administration, Washington, D. C., for authorization of a maximum price under section 10 (c).

The processor shall figure a maximum price for each factory at which he processes the item being priced. (However, he may then elect to combine prices as provided in section 10 (e).

(a) *General rule for pricing items where they or other items of the same product were sold during the base period and for which maximum prices were established under the provisions of section 6 of Supplement 7.* In general, this paragraph applies to the pricing of items in those cases where the processor (including the grower-processor) sold some items of the product during the base period and for which he established maximum prices for the 1944 pack under the formula provisions of section 6 of Supplement 7. It does not apply to items that were priced in 1944 by individual authorization under section 10 (d) or by the elective pricing method of section 10 (c) of Supplement 7.

This section also applies to the pricing of items sold in 1944 but for which the processor did not establish maximum prices under Supplement 7 for the reason that he had sold his entire 1944 pack of the items at maximum prices figured under Maximum Price Regulation 306 or Maximum Price Regulation 493 * prior to the effective date of the applicable pricing provision of Supplement 7.

For sales of an item to purchasers other than government procurement agencies, the processor shall figure his maximum price per dozen containers or other unit, f. o. b. shipping point, as follows. He shall:

(1) *Start with the 1944 maximum price.* The processor shall use as his starting point the maximum price for the item for sales to purchasers other than government procurement agencies as required to be figured under section 6 of Supplement 7. The processor who sold the item in 1944 but who did not establish a maximum price for it under that section of Supplement 7 shall determine what his maximum price for the item would have been under that section and shall use that price as his starting point under this paragraph.

(2) *Subtract the 1944 raw material cost.* Next, the processor shall subtract the 1944 raw material cost per dozen containers or other unit as required to be figured under that supplement. The deduction shall include any hauling and transportation charges reflected in his maximum price for the 1944 pack.

(3) *Add the 1945 raw material cost.* Next, the processor shall add to the resulting figure his 1945 weighted average raw material cost, converted to units of the finished product by applying the simple average of his 1941 and 1943 case (unit) yields and by adjusting for grade yield according to his customary practice. (If he did not pack the product in 1943, he shall use the average of his 1941 and 1942 yields.) The 1945 raw material cost shall be figured on the basis of not less than the first 75% of his purchases of the raw material used by him in processing the product. However, the processor's weighted average raw material cost shall be based on a weighted average raw material price no higher than the appropriate price named in the table below. In the case of those fruits for which the Department of Agriculture has announced recommended prices for grades and districts, as set forth below, the weighted average raw material price shall be figured on the basis of the weighted average price actually paid for each grade or district classification, not to exceed the price recommended to be paid for that grade or district classification.

*Pears (and listed products) produced in states other than those for which raw material prices are named in the Table in subparagraph (3), below, are not covered by this supplement until raw material prices are added for these fruits.

VEGETABLES—1945

Raw material	Area	Price
Group I raw material.	All States	1942 raw material cost as required to be figured under MPR 152 plus 20% of that cost.
Group II raw material		
Beans, fresh shelled.	All States	Department of Agriculture's weighted average support price for snap beans for the area in which processor's customary receiving point is located.
Beans, fresh lima (other than Fordhook lima beans).	Washington, Oregon, California and Idaho (other than Southeastern).	$115.00 per ton.
	New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia (Accomac and Northampton Counties), Utah, Wyoming and Southeastern Idaho (Franklin, Oneida, Bannock, and Bear Lake Counties).	$100.00 per ton.
	All other States and areas	$95.00 per ton.
Beans, snap	All States	Department of Agriculture's weighted average support price for the area in which processor's customary receiving point is located.
Beets	New York, New Jersey, Washington, Oregon and California.	$21.00 per ton.
	All other States	$19.00 per ton.
Carrots	New York and New Jersey	$22.00 per ton.
	All other States	$20.00 per ton.
Corn, sweet	All States	Department of Agriculture's weighted average support price for the area in which processor's customary receiving point is located.
Peas, green	All States	Department of Agriculture's weighted average support price for the area in which processor's customary receiving point is located.
Spinach (pricing base A. C.—above crown; B. C.—below crown).	Delaware, Maryland, Virginia, New Jersey, and Pennsylvania (other than Northern).	$70.00 per ton B. C.
	Arkansas, Louisiana, Mississippi, Missouri, Oklahoma, Tennessee, and Texas (other than Southeastern).	$70.00 per ton A. C.
	Oregon, Washington, and Southeastern Texas (Area south of and including counties of Webb, McMullen, Live Oak, Karnes, Dewitt, Lavaca, Colorado, Austin, Waller, Harris, Chambers and Duval).	$50.00 per ton A. C.
	Oregon and Washington	$35.00 per ton B. C.
	New York and Northern Pennsylvania (Counties of Erie, Crawford, Mercer, Venango, Warren, Forest, McKean, Potter, Tioga, Bradford, Susquehanna and Wayne).	$34.00 per ton A. C.
	California	$22.50 per ton (uncut, based on cutting above the crown).
	All other States	$32.00 per ton A. C.
Tomatoes for all tomato products under Pricing Method No. 2 and Italian pear-shaped tomatoes.	All States	Commodity Credit Corporation's 1943 resale price for the area in which the processor's customary receiving point is located.
Cabbage	All States	$15.00 per ton.
Cucumbers	All States	1941 cost as required to be figured under MPR 306 plus $0.40 per bushel.
Mushrooms	All States	$1.50 per 3-lb. basket.
Peas, blackeye (in pods).	Maryland and Virginia	$60.00 per ton.
	All other states east of Mississippi River.	$55.00 per ton.
	All states west of the Mississippi River including all of Louisiana.	$65.00 per ton.
Peas, all other field (in pods).	Maryland and Virginia	$55.00 per ton.
	All other states east of Mississippi River.	$56.00 per ton.
	All other states west of Mississippi River including all of Louisiana.	$65.00 per ton.
Sweet potatoes	All States	$0.90 per 50-pound bushel.
Raw materials for all mixed vegetables and mixed juices.	All States	For raw vegetables in Group I, the 1942 raw material cost as required to be figured under MPR 152 plus 20% of that cost. For raw vegetables in Group II, price specified for each vegetable. Exception: For tomatoes used in mixed vegetables, Dept. of Agriculture's weighted average support price for the area in which processor's customary receiving point is located.

FRUITS AND BERRIES—1945

(Grades referred to are those specified in the joint announcements of United States Department of Agriculture and Office of Price Administration)

Apricots: Average	California	$89.00 per ton.
Cherries, sweet: Average for the period	District 1 (Counties of Alameda, Santa Clara, San Mateo, San Benito, Santa Cruz and Monterey.)	$100.00 per ton.
Grade 1		$95.00 per ton.
Grade 2		$85.00 per ton.
Cherries, sweet: Average for the period	District 2 (Counties of San Luis Obispo, Yolo, Solano, Contra Costa, and the parts of Stanislaus and San Joaquin Counties that are west of the San Joaquin River and South of Highway 50 and all other counties of the State not listed.)	$93.00 per ton.
Grade 1		$88.00 per ton.
Grade 2		$77.00 per ton.
Cherries, sweet: Average for the period	District 3 (Merced County and the remainder of San Joaquin and Stanislaus County.)	$84.00 per ton.
Grade 1		$79.00 per ton.
Grade 2		$70.00 per ton.
Cherries, sweet: Average for the period	District 4 (Counties of Madera, Fresno, Kings, Tulare, Kern, Imperial, Los Angeles, Orange, Riverside, San Bernardino, Santa Barbara, Ventura and San Diego.)	$80.00 per ton.
Grade 1		$75.00 per ton.
Grade 2		$65.00 per ton.
Cherries, sweet: Average	Oregon and Washington	$79.00 per ton.
Grade 1		$85.00 per ton.
Grade 2		$71.00 per ton.
Cherries, sweet: Average	Other States	$79.00 per ton.
Grade 1	California, Arizona, Nevada, Utah, Idaho (except Kootenai, Boundary, and Bonner Counties), Montana and Oregon.	$160.00 per ton.
Grade 2	Washington, Idaho (Kootenai, Boundary, and Bonner Counties).	$105.00 per ton
	Texas, New Mexico, Oklahoma, Kansas, Colorado, Wyoming, Nebraska, North Dakota and South Dakota.	$210.00 per ton.
	All other States	$260.00 per ton.
Cherries, sweet: Canning (all varieties): Average	California	$233.00 per ton.
Cherries, sweet—Con.		
Grade 1	District 1 (Counties of Santa Clara, Alameda, Santa Cruz, and Monterey).	$200.00 per ton.
Grade 2		$195.00 per ton.
Grade 1	District 2 (Counties of Sonoma, Solano, Napa, and West Contra Costa (west of Mt. Diablo Meridian).	$235.00 per ton.
Grade 2		$176.00 per ton.
Grade 1	District 3 (Counties of San Joaquin, Stanislaus, Sacramento, Placer, Yuba, Sutter, Butte, and remainder of Contra Costa).	$210.00 per ton.
Grade 2		$158.00 per ton.
Canning (light): Average	Oregon and Washington	$215.00 per ton.
Grade 1		$217.00 per ton.
Grade 2		$137.00 per ton.
Canning (dark): Average	Oregon and Washington	$225.00 per ton.
Grade 1		$237.00 per ton.
Grade 2		$150.00 per ton.
Canning: (light)	All other States	$215.00 per ton.
(dark)		$225.00 per ton.
Brining (all varieties): Average	California	$215.00 per ton.
Grade 1	District 1 (Counties of Santa Clara, Alameda, Santa Cruz, and Monterey).	$200.00 per ton.
Grade 2		$195.00 per ton.
Doubles		$98.00 per ton.
Grade 1	District 2 (Counties of Sonoma, Solano, Napa, and West Contra Costa (west of Mt Diablo Meridian).	$235.00 per ton.

All varieties	North Dakota, South Dakota, Nebraska, Kansas, Missouri, Illinois, Indiana, Ohio, West Virginia, Virginia, and all States east and north thereof.	$60.00 per ton.
Pears (all varieties):		
Average	California, Washington, Oregon.	$73.00 per ton.
"Prorate Grade" and "Fall and Winter pears suitable for canning".	California, District 1, as announced by United States Department of Agriculture July 20, 1945.	$78.00 per ton.
	California, District 2, as announced by United States Department of Agriculture July 20, 1945.	$73.00 per ton.
	California, District 3, as announced by United States Department of Agriculture, July 20, 1945.	$64.00 per ton.
Pears—Continued. "Prorate Grade"—Continued.	California, District 4, as announced by United States Department of Agriculture July 20, 1945.	$69.00 per ton.
"Hail Grade"	California	60% of the respective prices for "Prorate Grade".
"Second Grade"	California	50% of the respective prices for "Prorate Grade".
Grade 1	Washington and Oregon	$75.00 per ton.
Grade 2		$43.00 per ton.
Pineapple	All States	1942 cost as computed under MPR 185.
Plums	California, Oregon, Washington, Idaho, Utah.	$60.00 per ton.
	Other States	1942 cost as computed under MPR 185, plus $4.00 per ton.
Prunes, fresh	All States	$55.00 per ton.
Blackberries	All States	$0.12 per pound.
Blueberries:		
Wild	Maine, New Hampshire, Vermont and Massachusetts.	$0.155 per pound.
	All other areas	1942 cost per pound as required to be computed under MPR 185 plus $0.03 per pound.
Cultivated	New Jersey	$0.21 per pound.
	All other areas	1942 cost per pound as required to be computed under MPR 185 plus $0.03 per pound.
Boysenberries	All States	$0.12 per pound.
Gooseberries	All States	$0.08 per pound.
Huckleberries	All States	1942 cost per pound as required to be computed under MPR 185 plus $0.03 per pound.
Loganberries	All States	$0.12 per pound.
Raspberries, black	All States	$0.13 per pound.
Raspberries, red	All States	$0.15 per pound.
Strawberries:		
Eltersburg, Corvallis, Redheart, stemmed basis.[1]	All States	$0.17 per pound.
Others, stemmed basis.[1]	All States	$0.15 per pound.
Youngberries	All States	$0.12 per pound.

[1] These weighted average raw material prices apply whether the processor buys the strawberries stemmed or unstemmed. If he buys the strawberries unstemmed, he may not add any cost for stemming.

The raw material prices named in the table above refer to support or designated prices delivered to the processor's customary receiving point, except in the case of blackeye peas, other field peas, and spinach (except California), for which the prices include delivery to the factory. In the case of spinach produced in California, the price named is "uncut in the field." Except in the case of California spinach, the actual current transportation charges incurred from his customary receiving point to his factory shall be added to the amount named at the customary receiving point. (In figuring raw material costs of California spinach used in mixed vegetables or mixed vegetable juices, the processor shall subtract and add, respectively, the 1944 and 1945 raw material costs on the basis of prices "uncut in the field".) The location of the processor's customary receiving point is controlling in determining the applicable price in the table, and not the place where the raw material is grown or his factory located. However, if the processor purchases raw material in an area other than that in which his customary receiving point is located, the applicable price in the table is the price for the area in which the raw material is grown, and he shall add to this amount the current transportation charges that would have been incurred from his customary receiving point to his factory.

"Delivered to the customary receiving point" means delivered to the places where the processor received delivery of the raw material during 1941 or other year that includes the "base period" referred to at the beginning of this section. If the processor had no customary receiving point during that period, "delivered to the customary receiving point" means delivered to the nearest place where processors of the same raw material, whose factories are located in the same producing area, received delivery during that period.

(4) *Adjust for approved increases in basic wage rate.* Finally, the processor whose factory is located in the state or area set forth in the table below, shall multiply the resulting figure by the appropriate labor increase factor in that table if he has incurred an increase in basic wage rate approved by the War Labor Board; if the increase becomes effective after January 1, 1944; and if 50% or more of his pack of the product is processed after the effective date of the wage rate increase. An increase in basic wage rate will be considered to have occurred only if the single rate or the mid-point of the range of rates for unskilled female labor has been increased. When the processor meets the conditions for an adjustment after he has established a maximum price for the item under section 14 (h), he may refigure his maximum price (notifying his customers, as required by section 14 (d)).

(b) *Rule for pricing items in certain container types and sizes—(1) Metal containers—All products under Pricing Method No. 2.* If the processor cannot figure his maximum price under paragraph (a) for an item packed in one of the following metal container sizes, his maximum price per dozen containers or other unit, f. o. b. shipping point, for sales to purchasers other than government procurement agencies, shall be:

(i) For No. 303 cans, 85% of what his maximum price per unit, f. o. b. shipping point, is or would be under paragraph (a) for the item packed in No. 2 cans.

(ii) For No. 1 (picnic) cans, 70% of what his maximum price per unit, f. o. b. shipping point, is or would be under paragraph (a) for the item packed in No. 2 cans.

(iii) For 8-ounce cans, 55% of what his maximum price per unit, f. o. b. shipping point, is or would be under paragraph (a) for the item packed in No. 2 cans.

(2) *Metal containers—particular products.* If the processor cannot figure his maximum price under paragraph (a) for a product listed below when packed in a metal container size listed in Column B, his maximum price per dozen containers or other unit, f. o. b. shipping point, for sales to purchasers other than government procurement agencies shall be his maximum price (or one that he can figure) for the product and can size listed in Column A multiplied by the appropriate conversion factor listed in Column B.

(c) *Basis for figuring raw material costs in certain cases—(1) Raw material costs for grower-processors.* The grower-processor when figuring a maximum price under paragraph (a) shall subtract and add the weighted average raw material costs of the same competitive processor he was required to use in figuring his raw material costs under Supplement 7. If that competitor does not pack the product in 1945 the grower-processor shall use the 1944 and 1945 weighted average raw material cost of his most closely competitive processor who purchases raw material for use in making the product.

The weighted average raw material costs shall be converted to units of the finished product by applying the simple average of his own 1941 and 1943 case (unit) yields and by adjusting for grade according to his customary practice. (If he did not pack the product in 1943, he shall use the simple average of his 1941 and 1942 yields.)

(2) *1945 raw material cost for sauerkraut.* A processor of sauerkraut in figuring his 1945 raw material cost under paragraph (a) (3) shall base his calculations on not less than the first 75% of his purchases of cabbage of the 1945 summer or fall crops. If he is unable accurately to figure his 1945 weighted average cost for cabbage because he has insufficient records as to his container yield, he shall determine his 1945 raw material costs on the basis of the following yields.

Container sizes and in bulk:	*Yield per ton*
No. 10 cans	30 cases (15 dozen).
No. 2½ cans	30 cases (60 dozen).
45-gallon barrels	3 barrels.

(For sauerkraut packed in a container type or size other than those listed above, the processor shall figure his yield on the basis of a bulk yield of 135 gallons per ton.)

(3) *1945 raw material cost for mushrooms.* In figuring a maximum price under paragraph (a), a processor of mushrooms shall figure his 1945 weighted average cost for mushrooms on the basis of the total amount paid for mushrooms purchased and used in processing packed mushrooms during the first 15 days after the beginning of the 1945 fall pack.

(4) *1945 raw material costs for fruit nectars.* In figuring a maximum price under paragraph (a), a processor of fruit nectar who by voluntary agreement with the War Production Board has changed his formula for packing the product from that used in the base period to a new formula requiring a greater percentage of fruit pulp, shall figure his 1945 weighted average raw fruit cost on the basis of his 1944 actual case yield used in packing the product under the new formula. In addition to the information required to be reported under section 12, a processor of fruit nectar who is pricing under this subparagraph (4) shall indicate on his report his base period formula and his present formula for packing fruit nectars.

(5) *Raw material costs for processors of maraschino and glace cherries who purchase brined cherries.* In figuring a maximum price under paragraph (a), a processor of maraschino or glace cherries who purchases brined cherries for use in processing those products shall subtract under subparagraph (2) his 1944 delivered cost for brined cherries as required to be figured under Supplement 7 and shall add under subparagraph (3) his 1945 weighted average delivered cost for the grade or grades of brined cherries used in the item, converted to units of the finished product by applying the simple average of his 1941 and 1943 case (unit) yields and by adjusting for grade of the finished product according to his customary practice. The 1944 weighted average delivered cost for each grade of brined cherries shall be figured on the basis of not less than the first 75% of his purchases of that grade of brined cherries.

(d) *Basis for figuring maximum prices for fruits and berries packed in syrup of which the density does not correspond to the grade of the fruit or berry.* This paragraph applies to the pricing of items of fruit and berries that are packed in syrup of which the density does not cor-

respond to the grade of the fruit or berry. The processor who is packing fruits or berries in syrup of which the density does not correspond to the grade of the fruit or berry shall figure his maximum price per dozen containers or other unit, f. o. b. shipping point, for sales of each such item to purchasers other than government procurement agencies, under the provisions of subdivision (1) or (2), below, whichever is applicable to the item being priced.

(1) For any item of the fruits and berries listed in the tables below that is packed in syrup of which the density does not correspond to the grade of the fruit or berry, the processor shall subtract from his maximum price otherwise determined under the provisions of this section the appropriate amount named for the grade and add to the resulting figure the appropriate amount named for the grade (syrup) used in the item. However, if the change in the packing medium is from syrup to natural juice or water, no amount may be added.

(2) For all other fruits covered by section 6 that are packed in syrup of which the density does not correspond to the grade of the fruit, the processor shall subtract from his maximum price for the item otherwise determined under the provisions of this section the difference obtained by subtracting, from his actual cost of sugar used in making syrup of a density corresponding to the grade of the fruit, the actual cost of sugar used in making the syrup in which he is packing the item.

(e) *Rule for pricing items for which maximum prices were authorized or approved by orders issued under section 10 (c) and (d) of Supplement 7 or automatically authorized or approved upon the expiration of the 30-day period specified in those provisions.* In general this paragraph applies to the pricing of items for which maximum prices were authorized or approved by orders issued under section 10 (c) and (d) of Supplement 7 or automatically authorized or approved upon the expiration of the 30-day period specified in those provisions. However, it does not apply to the pricing of items, for which the maximum prices were obtained in such manner, that are now priced under section 5 of this supplement that can be priced under the differential method of paragraph (b), above, or for which dollars-and-cents prices are provided in paragraph (g), below.

For sales to purchasers other than government procurement agencies and for sales to government procurement agencies, the processor shall figure his maximum prices per dozen containers or other unit, f. o. b. factory, as follows. (Section 10 (j) does not apply to items priced under this paragraph.) He shall:

(1) *Start with the price authorized or approved under section 10 (c) or (d) of Supplement 7.* The processor shall use as his starting point the maximum price for the item for sales to purchasers other than government procurement agencies (or the maximum price for sales to government procurement agencies, as the case may be) as authorized or approved under section 10 (c) or (d) of Supplement 7 (or as subsequently changed by order issued under that supplement).

(2) *Adjust for approved increase in basic wage rate.* A processor whose factory is located in the state or area set forth in the table in paragraph (a) (4), above, and who meets the conditions set forth in that paragraph, shall multiply the maximum price by the appropriate labor increase factor named in that table.

The resulting figure is the processor's maximum price for sales to purchasers other than government procurement agencies or for sales to government procurement agencies, as the case may be.

(f) *Maximum prices in certain cases—*(1) *Tomato catsup packed in No. 10 cans.* For sales to purchasers other than government procurement agencies, the processor's maximum price per dozen containers or other unit, f. o. b. shipping point, for any grade of tomato catsup packed in No. 10 cans shall be his maximum price per dozen 14-ounce bottles of the same grade (as figured under paragraph (a)) multiplied by 6.9 for factories located in Ohio and Indiana and by 6.5 for those located in all other states, or his maximum price for the item packed in No. 10 cans (as figured under paragraph (a)), whichever is higher.

(g) *Dollars-and-cents maximum prices for certain items for which maximum prices cannot otherwise be figured under this supplement.* If the processor cannot figure his maximum price, f. o. b. shipping point, under the foregoing rules of this section or under section 10 (a), for sales to purchasers other than government procurement agencies of any of the items listed below, his maximum price per dozen containers for sales to purchasers other than government procurement agencies (or for sales to government procurement agencies, as the case may be) shall be the price named in the table below, adjusted in the following manner where appropriate:

(1) If any item of the fruits and berries listed in the table below is packed in syrup of which the density does not correspond to the grade of the fruit or berry the processor shall first adjust the price in the manner provided in subparagraph (d) (1), above.

(2) If the processor has incurred an increase in basic wage rate and met the conditions set forth in the table in paragraph (a) (4), above, he shall multiply the resulting price by the appropriate labor increase factor named in that table.

	do	4.94	5.34
	do	4.89	5.37
	do	5.10	5.61
	do	5.04	5.34

The above maximum prices are for Fancy Puree, 1.045 specific gravity. Prices for other specific gravities shall be computed by adding or subtracting a factor of $.06 per thousandth of a point in specific gravity. For example, in California where the price for 1.045 grade is $5.04, the price for 1.085 grade is $5.40 (a difference of $.36). To make a price of $5.58 for 1.085 specific gravity, add $.54 from this price to make $5.58 for 1.085 specific gravity. Similarly, subtract $.18 from the price for 1.045 specific gravity to make $4.86 for 1.015 specific gravity. Maximum prices for other specific gravities for other than No. 10 cans always compute the new specific gravity first, then convert to the desired can size.

The resulting figure is the processor's maximum price for sales to purchasers other than government procurement agencies or for sales to government procurement agencies, as the case may be. (Maximum prices for other container sizes shall be figured by use of the appropriate conversion factor set forth in paragraph (b), above.) Section 10 (j) does not apply to items priced under this paragraph.)

(b) *Items for which maximum prices cannot otherwise be figured under this section.* If the processor cannot figure a maximum price f. o. b. shipping point, under the foregoing rules of this section or under section 10 (a), for sales of any item to purchasers other than government procurement agencies, he shall apply to the Wholesale-Retail and Fruit and Vegetable Branch, Food Price Division, Washington, D. C. for authorization of a maximum price in accordance with section 10 (c).

SEC. 7. *Maximum prices for secondary processors and repackers.* The secondary processor or repacker shall figure his maximum prices per dozen containers or other unit, f. o. b. shipping point, for those products which are purchased by him in bulk, barrels or other large containers and further processed or repacked in other containers, in each case by adding to or subtracting from his maximum price for the item being priced, as established under section 7 to Supplement 7, the difference between his customary supplier's maximum price under that regulation and his maximum price for the item, f. o. b. shipping point, as figured under this supplement, converted to units of the finished product on the basis of the same case (unit) yield as used by him in figuring his maximum price under section 7 to Supplement 7 and adjusted where necessary to include incoming freight.

SEC. 8. *Maximum prices for sales by processors of prior years' packs of listed products which have been sold to them by government agencies.* The maximum price for sales by a processor, to purchasers other than government procurement agencies, of that portion of an item of any product listed in section 5 or 6 which was packed prior to 1945, and which has been sold to the processor by a government agency, shall be that processor's maximum price, f. o. b. shipping point, as established under this supplement for the same item when packed in 1945. However, differences in brand shall be ignored.

SEC. 9. *Label and labor allowances.* (a) Label and labor allowances shall be made by processors in the following circumstances and in the following amounts:

(1) When the processor sells any item covered by this supplement unlabeled or labeled with labels supplied by the purchasers, in containers no greater in content than a No. 10 can, the maximum price established under this supplement shall be reduced by: In metal containers $1.50 per thousand labels used and in glass containers $1.10 per thousand labels used (label allowances). The processor is, of course, free to make a greater allowance if he so desires.

(2) When any item covered by this supplement is sold unlabeled in containers no greater in content than a No. 10 can, the maximum price established under this supplement shall be reduced by one cent per case (labor allowance) in addition to the allowance provided in subparagraph (1), above. The processor is, of course, free to make a greater allowance if he so desires.

(b) In each sale to a purchaser other than a government procurement agency, where a processor makes an allowance for labels or labor under this section, he shall separately state the selling price and the amount and nature of the allowance on the invoice accompanying the sale.

SEC. 10. *Provisions of Article II of Food Products Regulation No. 1 applicable to this supplement.* The following provision of Food Products Regulation No. 1 are applicable to this supplement:

(a) Maximum prices for products in new container types or sizes (sec. 2.2 of FPR 1). This section shall also apply to secondary processors.

(b) Adjustment of dollars-and-cents maximum prices for processors who perform the wholesale or retail function (sec. 2.3 of FPR 1). This section applies only to maximum prices figured under section 5 (b).

(c) Individual authorization of maximum prices (sec. 2.5 of FPR 1).

(d) When the seller must figure a delivered price (sec. 2.6 of FPR 1).

(e) Uniform prices where the processor or repacker has more than one factory (sec. 2.7 of FPR 1).

(f) Uniform delivered prices where the seller has customarily been selling on an f. o. b. shipping point basis (sec. 2.8 of FPR 1).

(g) Maximum prices for sales by primary distributors (sec. 2.9 of FPR 1). The maximum markup is 8%.

(h) Maximum prices for sales by distributors who are not primary distributors, wholesalers or retailers (sec. 2.10 of FPR 1).

(i) Payment of brokers (sec. 2.11 of FPR 1).

(j) Maximum prices for sales to government procurement agencies in certain cases (sec. 2.12 of FPR 1).

(k) Special packing expenses which may be reflected in maximum prices for sales to government procurement agencies (sec. 2.13 of FPR 1).

(l) Treatment of federal and state taxes (sec. 2.14 of FPR 1).

(m) Units of sale and fractions of a cent (sec. 2.15 of FPR 1).

(n) Maintenance of customary discounts and allowances (sec. 2.16 of FPR 1). This section shall not apply to the label and labor allowances required to be made by processors under section 9.

ARTICLE III—MISCELLANEOUS PROVISIONS

SEC. 11. *Grades and invoices.* This section applies to all sellers covered by this supplement.

(a) In each case, the seller shall furnish the purchaser, other than a government procurement agency, at or before the time of delivery, with an invoice describing the item sold and separately stating its grade and subgrade, if any. In addition he shall also show the syrup or packing medium of any fruits or berries sold.

(b) A seller other than the processor shall not be subject to any criminal penalty or civil enforcement action under the Emergency Price Control Act of 1942, as amended, in connection with the resale of any item for failure of the item to conform to the grade (and subgrade, if any), designated on the invoice, provided he can establish that he relied in good faith upon the grade designation on the invoice furnished him by his supplier.

(c) Nothing in this supplement shall be construed to change any of the requirements of the Federal Food, Drug and Cosmetic Act, or any regulation issued under it.

SEC. 12. *Reports which processors must file.* (to be announced)

SEC. 13. *Individual adjustment of processors' maximum prices.* (to be announced)

SEC. 14. *Provisions of Article III of Food Products Regulation No. 1 applicable to this supplement.* The following provisions of Food Products Regulation No. 1 are applicable to this supplement:

(a) Restrictions on sales to primary distributors (sec. 3.1 of FPR 1).

(b) Storage (sec. 3.3 of FPR 1).

(c) Export sales (sec. 3.4 of FPR 1).

(d) Notification of new maximum price (sec. 3.5 of FPR 1). However, for the purpose of this section only, different subgrades of the same grade shall constitute separate items. The establishment for the first time of maximum prices or a pricing method for an item in this supplement does not require notification.

(e) Records which must be kept (sec. 3.6 of FPR 1).

ARTICLE IV—PRICING APPENDICES

SEC. 15. *Appendices for packed vegetables priced under Pricing Method No. 1.*

APPENDIX A—SPINACH

Explanation of how maximum prices for packed spinach are figured—(a) *Pricing method where only substandard grade was sold during base period.* If the processor sold only substandard grade of the product during the base period he shall establish his maximum price under section 5 (b).

(b) *Selection of base period item.* In figuring a maximum price for an item under the provisions of subparagraph (3) or (4) of section 5 (a) the processor shall select a base period item nearest in container size to item being priced and nearest in such other respects as may be specified in the applicable appendix. After the nearest container size of packed spinach sold in the base period has been determined, the processor from that classification shall:

Select an item of the same grade, if available. If there is no such item, select as follows: to price fancy grade, select extra standard before standard; to price extra standard grade, select standard before fancy; to price standard grade, select extra standard before fancy; to price substandard select standard before extra standard and extra standard before fancy. In no case shall substandard grade be used as a base period item.

(c) *Adjustments for raw material purchased at weighted average price lower than that reflected in permitted increases, price ranges and dollars-and-cents prices.* Under the provisions of section 5 of the supplement the processor is required to subtract from his gross maximum price the difference obtained by subtracting the weighted average price he paid for raw material in 1945 from the Department of Agriculture's recommended price for that raw material, after conversion to units of the finished product. In the case of spinach this adjustment is figured under Table 8 which sets forth the per-ton price (the recommended price) for spinach reflected in the permitted increases, price ranges and dollars-and-cents prices for each area and the equivalent amount that each $1.00 per ton paid for spinach is equal to when converted to units of the finished product for each can size specified in the table. Before converting to a finished product basis, the processor shall adjust the difference per ton to the nearest multiple of $1.00, with any figure ending in $.50 or less being rounded to the next lower dollar figure and any figure ending in $.51 or more being rounded to the next higher dollar figure. No subtraction is required, however, unless the gross maximum price is reduced by 1% or more.

Example: The X Canning Company whose factory is located in Area 1 has figured a weighted average price of $19.00 per ton paid for spinach (uncut in the field) in 1945, based on not less than the first 75% of its purchases. Since the difference between this figure and the $22.50 per ton reflected in the price range is $3.50 the company rounds the figure to $3.00. The company is packing No. 2 cans and accordingly converts the $3.00 per ton difference to this unit of the finished product by use of the appropriate figure in Column 3 of Table 8 ($0.006 × 3 = $0.018). The resulting figure is the amount to be subtracted from the X company's gross maximum price in figuring its maximum price, if it reduces that price by 1¢ or more.

APPENDIX B—ASPARAGUS

Explanation of how maximum prices for packed asparagus are figured—(a) *Pricing method where only substandard grade was sold during base period.* If the processor sold only substandard grade of the product during the base period he shall establish his maximum prices under section 5 (b).

(b) *Selection of base period item.* In figuring a maximum price for an item under the provisions of subparagraph (3) or (4) of section 5 (a), the processor shall select a base period item nearest in container size to item being priced and nearest in such other respects as may be specified in the applicable appendix. After the nearest container size of packed asparagus sold in the base period has been determined, the processor from that classification shall:

1. Select items of the same variety if available. If there are no such items, select any other variety.

2. From the selected classification: Select items of the same style and size if available. If there are no such items select as follows:

(i) When pricing whole spears, if any smaller size of whole spears is available, select items of the nearest such smaller size; if no smaller size is available, select items of the nearest larger size of whole spears; if none of these items is available, select items of any blend of spears containing the size of whole spears being priced; if none of these items is available, select any other blends of spears; if none of these items is available, select, in the order named, cut spears, soup cuts, center cuts and salad points.

(ii) When pricing blended spears, select items of any blend containing one of the sizes of spears in the blend being priced; if no such item is available, select items of the blend containing the nearest size of spears smaller than the smallest in the blend being priced; if no such blend is available, select items of the blend containing the nearest size of spears larger than the largest in the blend being priced; if no such item is available, select items of the smallest size of whole spears available; if none of these items is available, select, in the order named, cut spears, soup cuts, center cuts, and salad points.

(iii) When pricing cut spears, select items of the smallest size of whole spears available; if no items of whole spears is available, select items of the blend of smallest spears available; if none of these items is available, select, in order named, soup cuts, center cuts, and salad points.

(iv) When pricing center cuts, select items of soup cuts; if no items of soup cuts is available, select items of cut spears; if none of these items is available, select, in order named, items of the smallest size of whole spears available, blend of smallest spears available.

(v) When pricing soup cuts, select items of cut spears; if no items of cut spears is available, select items of center cuts; if none of these items is available, select, in order named, items of smallest size of whole spears available, blend of smallest spears available.

(vi) When pricing salad points, select items of the largest size of whole spears available; if no items of whole spears is available, select items of the blend of largest spears available; if none of these items is available, select, in order named, cut spears, soup cuts, and center cuts.

3. From the selected classification, select an item of the same grade if available. If there is no item of the same grade select any other grade except substandard. In no case shall substandard grade be used as the base period item.

(c) *Conversions from one variety to another variety and from one style of pack or size to another style of pack or size of the same variety.* In each case of conversion from one variety to another variety or from one style of pack or size to another style of pack or size of the same variety, the processor shall figure the conversion by taking the difference between the specific dollars-and-cents maximum prices named in Table 4 for the two items and either adding it to or subtracting it from the constructed base price, as the situation requires. Whether the differential is to be added or subtracted depends on whether the dollars-and-cents price named in Table 4 for the item being priced is higher or lower than that named for the item from which the conversion is being made. For example, the X Canning Company, whose factory is located in Area 1, during the base period sold fancy all green whole spears of the following sizes: colossal, large and medium, packed in No. 2 cans, but made no sales of blended spears. It is now pricing a blend of fancy, mammoth, large and medium spears packed in No. 2 cans. To figure the conversion for style of pack the company takes the difference between the dollars-and-cents price named in Part 1 of Table 4 for fancy, medium spears in No. 2 cans (the properly selected base period item) and the dollars-and-cents price named in that table for fancy, mammoth, large and medium blended spears. ($3.60 minus $3.41 equals $0.19.) Since the company is pricing an item with a higher dollars-and-cents price than that for the item from which the conversion is made, the $0.19 differential is added to its constructed base price in making the conversion for style of pack.

NOTE: The above method of figuring conversions for style of pack replaces the method provided in Table 6 of Appendix B to section 15 of Supplement 7. (No method of figuring conversions from one variety to another variety was provided for packed asparagus under Supplement 7.) In the absence of a change in the dollars-and-cents prices of Table 4, as between those established by this supplement and those provided by Supplement 7, for the same item, the result of figuring the conversion for style of pack is the same as the differentials provided in Table 6 were based on differences between the dollars-and-cents prices named for the various styles of pack.

APPENDIX C—PEAS (EXCEPT BLACKEYE, CROWDER, CREAM AND FIELD)

Explanation of how maximum prices for packed peas are figured—(a) *Pricing method where only substandard grade was sold during base period.* If the processor sold only substandard grade of the product during the base period he shall establish his maximum price under section 5 (b).

(b) *Selection of base period item.* In figuring a maximum price under the provisions of subparagraph (3) or (4) of section 5 (a) the processor shall select a base period item nearest in container size to item being priced and nearest in such other respects as may be specified in the applicable appendix. After the nearest container size of packed peas sold in the base period has been determined, the processor from that classification shall:

(1) Select items of the same variety, if available. If there are no such items, select as follows: to price Alaska peas, select items of sweet peas before selecting large seeded sweets; to price sweet peas, select items of Alaska peas before selecting large seeded sweets; to price large seeded sweet peas, select items of sweet peas before selecting Alaska peas.

(2) From the selected classification:

(i) When pricing any single sieve size or blend of two sieve sizes select items of the same sieve size, if available. (For blends of two sieve sizes, consider only larger sieve size in blend.) If there are no such items, select as follows: if any larger sieve sizes are available, select items of the nearest such larger sieve size; if no larger sieve sizes are available, select items of the nearest smaller sieve size; if none of these items is available, select items ungraded as to sieve size, otherwise select items of any blend of more than two sieve sizes.

(ii) When pricing blends of more than two sieve sizes, select items of same blend if available. If there are no such items, select as follows: if any other blends of more than two sieve sizes are available, select items of any blend of more than two sieve sizes; if no such blends are available, select items of the largest sieve size in the blend; if no such items are available, select items of the nearest sieve size to the largest sieve size declared in the blend; if no single sieve size is available, select items of ungraded as to sieve size.

(iii) When pricing peas ungraded as to sieve size, select items ungraded as to sieve size, if available. If there are no such items, select items of the largest sieve size available. If no single sieve size is available, select items of any blend of more than two sieve sizes.

(3) From the selected classification, select an item of the same grade, if available. If there is no such items, select as follows: to price fancy grade, select extra standard before standard; to price extra standard grade, select standard before fancy; to price standard grade, select extra standard before fancy; to price substandard grade, select standard before extra standard and extra standard before fancy. In no case shall substandard grade be used as the base period item.

(c) *Conversions from one variety to another variety and from a particular sieve size to a blend of more than two sieve sizes of the same variety.* In each case of conversion from one variety, grade and sieve size to another variety, grade and sieve size, and in each case of conversion from or to a particular sieve size (including ungraded) to or from a blend of more than two sieve sizes of the same variety, the processor shall figure the conversion by taking the difference between the specific dollars-and-cents maximum prices named in Table 4 for the two items and either adding it to or subtracting it from the constructed base price as the situation requires. For this purpose large seeded sweets shall be considered a separate variety. Whether the differential is to be added or subtracted depends on whether the dollars-and-cents price named in Table 4 for the item being priced is higher or lower than that named for the item from or to which the conversion is being made. For example, the X Canning Company whose factory is located in Area 1 sold Fancy Alaska peas, No. 3 sieve size, in No. 2 cans during the base period, but made no sales of sweet peas during that period. It is now pricing Fancy sweet peas, No. 3 sieve size, in No. 2 cans. To figure the conversion for variety the company takes the difference between the dollars-and-cents price named for the Alaska pea item in Part 1 of Table 4, and the dollars-and-cents price named in Part 2 of Table 4, for the sweet pea item ($1.68 minus $1.61 equals $0.07). Since the company is pricing an item with a higher dollars-and-cents price than that named for the item from which conversion is being made the $0.07 differential is added to its constructed base price in making the conversion for variety.

(d) *Figuring base period prices for two or more sieve sizes of peas that fall in same price range.* The processor shall figure a separate weighted average price for each item sold in the base period except that where the items differ in sieve size only and only one price range is provided, a single weighted average base period price shall be figured for all such items. For example, the X Canning Company, whose factory is located in Area 1, during the base period sold Fancy No. 2 cans of No. 5 sieve size sweet peas, and Fancy No. 6 sieve size sweet peas. Since both these sieves sizes of sweet peas are included in a single price range the X Canning Company figures a single weighted average price for both items.

(e) *Meaning of "ungraded" as used in this appendix, and certain pricing provisions where sieve size is a factor.* The word "ungraded," when used in connection with peas, refers to the sieve size and means that the peas have been packed pod-run (that is without sieve size separation other than that which results from grading for quality by specific gravity) except that in the case of large seeded sweet peas, sieve sizes, 1, 2, and 6 and larger, or any of them, may have been removed.

In the case of large seeded sweet peas those sieve sizes which have been removed shall take the applicable prices for sweet peas other than large seeded sweets. (For example, if No. 6 sieve size or larger peas have been removed and packed separately, they shall take the applicable price for 5 and up sieve sizes of sweets, other than large seeded sweets.)

(f) *Special pricing provisions applicable to Blair Process peas.* The maximum price for Blair Process peas of a variety, grade and sieze size (including blends and ungraded) packed in No. 303 cans shall be thirteen cents per dozen, and in No. 2 cans shall be fifteen cents per dozen, more than the maximum price for No. 2 cans of the same variety, grade and sieve size (including blends and ungraded) of peas which have not been subjected to the Blair Process.

"Blair Process peas" means packed peas which are subjected to the processing operation known as the "Blair Process," under license from the owner of the U. S. patent thereon, in which substantially the natural color of the peas is retained.

However, the maximum price for a blend of three or more sieve sizes of sweet peas containing number six sieve size peas or larger, for any grade, shall be: In No. 2 cans, eleven cents per dozen, and in No. 10 cans, fifty-six cents per dozen, lower than the maximum price for blends of more than two sieve sizes of sweet peas not containing number six sieve size peas or larger of the same grade packed in the same container type and size.

"Blend of three or more sieve sizes" of a variety and grade of peas means a combination of three or more sieve sizes, which contains not more than 5 per cent by volume of peas which are larger than the largest sieve size declared in the blend, and not more than 1 per cent by volume of peas which are two or more sieve sizes larger than the largest sieve size declared in blend. No portion of the sieve sizes declared in the blend except the largest, shall have been removed from the pod-run thereof, except as a result of grading for quality by specific gravity.

In blends of three or more sieve sizes of sweet peas not containing number six sieve size peas or larger, and in all combinations of Alaska peas containing more than the specified percentage by volume of sieve sizes larger than the largest sieve size declared in the blend, the maximum price shall be the same as the maximum price for the sieve size next larger than the largest sieve size declared in the blend of the same variety and grade of peas shall be the same as type and size.

2. *Blends of two sieve sizes.* The maximum price for a blend of two sieve sizes of a variety and grade of peas shall be the same as the maximum price for the larger sieve size in the blend of the same variety and grade, packed in the same container type and size. No portion of the sieve size declared in the blend shall have been removed from the pod-run thereof except as a result of grading for quality by specific gravity.

"Blend of two sieve sizes" of a variety and grade of peas means a combination of two sieve sizes, which contains not more than 10 per cent by volume of peas which are larger than the larger sieve size declared in the blend, and not more than 2 per cent by volume of peas which are two or more sieve sizes larger than the larger sieve size declared in the blend.

If the combination contains more than the specified percentage by volume of sieve sizes larger than the larger sieve size declared in the blend, the maximum price shall be the same as the maximum price for the larger sieve size next larger than the largest sieve size declared in the blend of the same variety and grade, packed in the same container type and size.

12	6		1.60	1.48	1.33	8.13	7.51	6.76

However, the maximum price for a blend of three or more sieve sizes of sweet peas containing number six sieve size peas or larger, for any grade, shall be: In No. 2 cans, eleven cents per dozen, and in No. 10 cans, fifty-six cents per dozen, lower than the maximum price for blends of more than two sieve sizes of sweet peas not containing number six sieve size peas or larger of the same grade packed in the same container type and size.

"Blend of three or more sieve sizes" of a variety and grade of peas means a combination of three or more sieve sizes, which contains not more than 5 per cent by volume of peas which are larger than the largest sieve size declared in the blend, and not more than 1 per cent by volume of peas which are two or more sieve sizes larger than the largest sieve size declared in blend. No portion of the sieve sizes declared in the blend except the largest, shall have been removed from the pod-run thereof, except as a result of grading for quality by specific gravity.

In blends of three or more sieve sizes of sweet peas not containing number six sieve size peas or larger, and in all combinations of Alaska peas containing more than the specified percentage by volume of sieve sizes larger than the largest sieve size declared in the blend, the maximum price shall be the same as the maximum price for the sieve size next larger than the largest sieve size declared in the blend of the same variety and grade of peas shall be the same as type and size.

2. *Blends of two sieve sizes.* The maximum price for a blend of two sieve sizes of a variety and grade of peas shall be the same as the maximum price for the larger sieve size in the blend of the same variety and grade, packed in the same container type and size. No portion of the sieve size declared in the blend shall have been removed from the pod-run thereof except as a result of grading for quality by specific gravity.

"Blend of two sieve sizes" of a variety and grade of peas means a combination of two sieve sizes, which contains not more than 10 per cent by volume of peas which are larger than the larger sieve size declared in the blend, and not more than 2 per cent by volume of peas which are two or more sieve sizes larger than the larger sieve size declared in the blend.

If the combination contains more than the specified percentage by volume of sieve sizes larger than the larger sieve size declared in the blend, the maximum price shall be the same as the maximum price for the sieve size next larger than the largest sieve size declared in the blend of the same variety and grade packed in the same container type and size.

APPENDIX E—TOMATOES (EXCEPT ITALIAN PEAR SHAPED TOMATOES)

Explanation of how maximum prices are figured—(a) *Pricing method where only substandard grade was sold during base period.* If the processor sold only substandard grade of packed tomatoes during the base period he shall establish his maximum price under section 5 (b).

(b) *Selection of a base period item.* In figuring a maximum price for an item under the provisions of subparagraph (3) or (4) of section 5 (a) the processor shall select a base period item nearest in container size to item being priced and nearest in such other respects as may be specified in the applicable appendix. After the nearest container size of packed tomatoes sold in the base period has been determined, the processor from that classification shall:

Select an item of the same grade, if available. If there is no such item, select as follows: to price fancy grade, select extra standard before standard; to price extra standard grade, select standard before fancy; to price standard grade, select extra standard before fancy; to price substandard select standard before extra standard and extra standard before fancy. In no case shall substandard grade be used as a base period item.

APPENDIX F—TOMATO JUICE

Explanation of how maximum prices are figured—(a) *Pricing method where only substandard grade was sold during base period.* If the processor sold only substandard grade of packed tomato juice during the base period he shall establish his maximum price under section 5 (b).

(b) *Selection of a base period item.* In figuring a maximum price for an item under the provisions of subparagraph (3) or (4) of section 5 (a) the processor shall select a base period item nearest in container size to item being priced and nearest in such other respects as may be specified in the applicable appendix. After the nearest container size of packed tomato juice sold in the base period has been determined, the processor from that classification shall select an item of the same grade, if available. If there is no such item, select any other grade available except that in no case shall substandard grade be used as the base period item.

APPENDIX G—CORN

Explanation of how maximum prices for packed corn are figured—(a) *What this appendix covers.* This appendix covers the pricing of packed corn. However, the tables in the appendix apply only to the pricing of sweet corn and if any field corn or mixtures of field and sweet corn are packed by the processor he must apply for an individual authorization of a maximum price in accordance with section 10 (c). If the processor sold only substandard grade of the packed sweet corn during the base period he shall establish his maximum prices under section 5 (b).

(b) *Selection of base period item.* In figuring a maximum price under the provisions of subparagraph (3) or (4) of section 5 (a) the processor shall select a base period item nearest in container size to item being priced and nearest in such other respects as may be specified in the applicable appendix. After the nearest container size of packed corn sold in the base period has been determined, the processor from that classification shall:

1. Select items of the same variety, if available. If there are no such items, select as follows: to price golden, select items of white other than Evergreen and narrow grain before selecting Evergreen and narrow grain; to price white other than Evergreen and narrow grain, select items of golden before selecting Evergreen and narrow grain; to price Evergreen and narrow grain, select items of white other than Evergreen and narrow grain before selecting golden.

2. From the selected classification, select items of the same style of pack, if available. If there is no such item, select any other style of pack.

3. From the selected classification, select an item of the same grade if available. If there is no such item, select as follows: to price fancy grade, select extra standard before standard; to price extra standard grade, select standard before fancy; to price standard grade, select extra standard before fancy; to price substandard select standard before extra standard, and extra standard before fancy. In no case shall substandard grade be used as a base period item.

(c) *Conversion from one variety and style of pack to another variety and style of pack and conversion from one style of pack to another style of pack of the same variety.* In each case of conversion from one variety and style of pack to another variety and style of pack, or from one style of pack to another style of pack of the same variety, the processor shall figure the conversion by taking the difference between the specific dollars-and-cents maximum prices named in Table 4 for the two items and adding to or subtracting it from the constructed base price, as the situation requires. Whether the differential is to be added or subtracted depends on whether the dollars-and-cents price named in Table 4 for the item being priced is higher or lower than that for the item from which the conversion is being made.

Example: the A Canning Company whose factory is located in Area 4 sold extra standard Evergreen cream style corn in No. 2 cans during the base period. It is now pricing extra standard Golden Whole Grain Corn in No. 2 cans. To figure the conversion for variety and style of pack the company takes the difference between the dollars-and-cents price named for the Evergreen cream style corn item in Table 4 and the dollars-and-cents price named for the Golden Whole Grain Corn item ($1.29 minus $1.11 equals $0.18). Since the whole grain corn dollars-and-cents prices are higher than those for

cream style corn the $0.18 differential is added to its constructed base price in making the conversion for variety and style of pack.

(d) *Figuring maximum prices for whole grain corn.* Although but one price range is provided in each area for each can size of all varieties of whole grain corn, the processor shall figure separate maximum prices for each variety of whole grain corn.

TABLE I—AREAS

1. Maine, Massachusetts, New Hampshire, Rhode Island, Vermont.

2. Delaware, Maryland, New Jersey, New York, Virginia.

3. Indiana, Michigan, Minnesota, Ohio, Pennsylvania, Wisconsin.

4. Illinois, Iowa, Nebraska.

5. Idaho—following counties (Bonner, Boundary, Kootenai, Benewah, Shoshone, Latah, Clearwater, Nez Perce, Lewis, Idaho, Adams, Valley, Washington, Payette, Gem, Canyon, Boise, Ada, Elmore, Owyhee, Camas, Gooding, Lincoln, Minidoka, Jerome, Twin Falls, and Cassia), Utah—following counties (Box Elder, Cache, Weber, Davis, Morgan, Salt Lake, and Utah), Oregon and Washington.

6. All other States and counties in Idaho and Utah not included in Area 5.

TABLE 2—BASE PERIOD PRICES

ALL AREAS

All Golden Corn: Weighted average selling price for first 60 days after the beginning of the 1941 pack of any style of pack of Golden Sweet Corn.

All White Corn: Weighted average selling price for first 60 days after the beginning of the 1941 pack of any style of pack of White Sweet Corn.

Effective date. This supplement shall become effective September 3, 1945.

NOTE: All record-keeping and reporting requirements of this supplement have been approved by the Bureau of the Budget, in accordance with the Federal Reports Act of 1942.

Issued this 28th day of August 1945.

CHESTER BOWLES,
Administrator.

Approved: August 17, 1945.

CLINTON P. ANDERSON,
Secretary of Agriculture.

For the reasons set forth in the statement of considerations and by virtue of the authority vested in me by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, I find that the issuance of this supplement, insofar as it establishes maximum prices for the fruits and berries named herein, based on the raw material prices referred to in the statement of considerations, is necessary to aid in the effective prosecution of the war and to correct gross inequities.

WILLIAM H. DAVIS,
Economic Stabilization Director.

PART 1400—TEXTILE FABRICS: COTTON, WOOL, SILK, SYNTHETICS AND ADMIXTURES

[MPR 127,[1] Amdt. 34]

FINISHED PIECE GOODS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Maximum Price Regulation No. 127 is amended in the following respects:

1. Section 1400.78 (b) is amended to read as follows:

(b) Sales of:

(1) Finished piece goods by decorative goods jobbers.

(2) Ecclesiastical fabrics by a producer or converter thereof.

(3) Metallic fabrics by a producer or converter thereof.

(4) Loom-finished fabrics by a producer who before such sale has filed his name and address with the Office of Price Administration, Washington 25, D. C.

(5) Finished fabrics by a converter or producer which:

(i) Are 54 inches or more in finished width;

(ii) Weigh in excess of 12½ oz. per linear yard of 56 inch width;

(iii) Contain 8 per cent or more wool by weight; and

(iv) Are finished on the woolen or worsted system.

2. In § 1400.78 (c) subparagraphs (39), (40), (41) and (44) are revoked.

3. In § 1400.81 (a) subparagraph (14) is amended by deleting the words "yarn-dyed or warp-printed".

4. In § 1400.82 (a) after the caption *"Method of determining maximum prices"* the following is inserted "(1) *Normal method of determining maximum prices.*"

5. Section 1400.82 (a) (2) is added to read as follows:

(2) *Method for finished piece goods which are not white, bleached, dyed, printed, or yarn-dyed.* Notwithstanding any other provision of this section the maximum net selling price f. o. b. point of shipment[2] for finished piece goods which are not white, bleached, dyed, printed or yarn-dyed shall be the sum of the five items set forth in subparagraph (1) above, without any markup thereon.

6. Section 1400.82 (a) (4) is added to read as follows:

(4) *Method where ceiling for grey goods has been increased by individual adjustment.* Notwithstanding any other provision of this section, the maximum net selling price, f. o. b. point of shipment,[2] for finished piece goods made from grey goods for which an adjusted ceiling price has been granted to the seller individually under the provisions of any supplementary order (except Supplementary Order No. 9) shall be the higher of the following two alternatives:

(i) The maximum price computed in accordance with subparagraph (1) above, without regard to any individual adjustment of the maximum price for the grey goods; or

(ii) The maximum price computed in accordance with subparagraph (1) above, with the basic grey goods cost and working allowance computed from the individually adjusted maximum price for the grey goods: *Provided*, That in the case of finished piece goods sold by the producer the basic grey goods cost and working allowance so arrived at shall be reduced by 4 per cent unless the producer has been granted an individually adjusted grey goods maximum price expressly designated for use in determining his maximum price for finished piece goods under this regulation.

[2] Where a converter or a subsidiary or affiliate of a converter sells converted goods from a point of shipment which is located outside of the Atlantic Seaboard States, and the finishing operations with respect to such goods are performed in any of such Atlantic Seaboard States, the seller may add to the otherwise applicable maximum price the actual transportation charges incurred in bringing the finished piece goods to such point of shipment. If the goods are transported to such point of shipment in a conveyance other than a common carrier, the charge shall not exceed the charge which would be applicable in an identical shipment at the lowest available commercial transportation rate.

7. Section 1400.82 (a) (5) is added to read as follows:

(5) *Method for refinished surplus finished piece goods.* Notwithstanding any other provision of this section the maximum net selling price f. o. b. point of shipment[2] for finished piece goods made from surplus finished piece goods shall be determined by the following three steps:

Step A. Determine the sum of items 1, 2, 3, and 4 listed below and divide that sum by .915 if the sale is to a Class I purchaser or by .885 if the sale is to a Class II purchaser.

Step B. Divide item 5 listed below by .95.

Step C. Add together the results arrived at in Step A and Step B.

(1) Basic surplus finished goods cost, which must not exceed the actual sum paid to a government agency[3] for the surplus finished piece goods.[4]

(2) The surplus finished piece goods freight, which is the actual transportation paid in transporting the surplus finished piece goods from the place they were stored at the time of purchase from the government agency to the finishing plant where the finishing process is begun.

(3) Working allowance, determined in accordance with paragraph (d) of this section.

(4) Put up charges, determined in accordance with paragraph (f) of this section.

(5) Finishing cost, determined in accordance with paragraph (e) of this section.

8. Section 1400.82 (y) is added to read as follows:

(y) *Resales of surplus finished piece goods purchased from a government agency and not refinished.* (1) Notwithstanding any other provision of this section any person (including a jobber and a converter-jobber) may resell surplus finished piece goods purchased from a government agency at the markup provided in subparagraph (3) below. However, no part of the markup set forth in subparagraph (3) below may be charged on a sale to a wholesaler, jobber, converter-jobber or converter. Moreover, the markup provided in subparagraph (3) below may not be charged on a resale by a person other than the original purchaser from the government agency.

"Government agency" means the United States Government or any department, agency, commission, board, corporation or other instrumentality of the United States Government. "Surplus finished piece goods" means finished piece goods sold by a government agency.

(2) *Records.* (i) In addition to the details required in the record of every transaction by § 1400.75, in the case of every purchase, sale or delivery of surplus finished piece goods, the records shall contain the statement that the goods purchased, sold or delivered are surplus finished piece goods.

(ii) In addition to the details required in the contract of sale or invoice by § 1400.77, the contract of sale or invoice in the case of every sale of surplus finished piece goods, shall state that the goods sold are surplus finished piece goods.

(3) *Markup.* Subject to the other provisions of this paragraph, the maximum price for surplus finished piece goods sold in the performance of a recognized distributive function[4] shall be computed by dividing the actual cost[5] by .885 if the sale is to a Class II purchaser and .915 if the sale is to a Class I purchaser.

This amendment shall become effective August 28, 1945.

NOTE: The record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 28th day of August 1945.

PART 1351—FOOD AND FOOD PRODUCTS

[RPS 51,[6] Amdt. 7]

COCOA BEANS AND COCOA PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Price Schedule 51 is amended in the following respects:

1. The title is amended to read as follows: "Cocoa Beans and Cocoa Products."

2. Section 1351.51 is amended to read as follows:

§ 1351.51 *Prohibition of sales above maximum prices.* On and after December 11, 1941, or the effective date thereof as to any amendment of this schedule, regardless of any contract or other obligation:

(a) No person shall sell, offer to sell, attempt to sell, deliver or transfer cocoa beans, cocoa butter or the imported cocoa products named in Appendix C at prices higher than the maximum prices established by this schedule, and

(b) No person shall buy, offer to buy, attempt to buy, receive or import in the course of trade or business, cocoa beans, cocoa butter or the imported cocoa products named in Appendix C, at prices higher than the maximum prices established by this schedule, except that:

(c) Contracts, by importers, entered into prior to April 18, 1945, for the foreign purchase of the products specified in Appendix C may be carried out provided shipment is made from the foreign country prior to September 28, 1945.

Contracts, by importers, entered into between April 18, 1945 and August 29, 1945 for the foreign purchase of the products specified in Appendix C may be carried out *Provided; either*, (1) That payment has been made to the foreign seller, or (2) that drafts have been negotiated prior to August 29, 1945, or (3) that an irrevocable letter of credit was in effect on August 29, 1945 and that shipment is made from the foreign country prior to September 28, 1945.

Any importer who has made a foreign purchase or a commitment for a foreign purchase prior to August 29, 1945, and who had received a price authorization, or who had applied for a price authorization under Order 38 under the Maximum Import Price Regulation, may continue to use the maximum price authorized under Order 38 for the disposition of unsold stocks or foreign purchase commitments provided final delivery is made prior to November 12, 1945.

3. Section 1351.51a is added to read as follows:

§ 1351.51a *Applicability*—(1) *General.* This Revised Price Schedule 51 establishes the maximum prices at which all persons may import, purchase and sell cocoa beans, cocoa butter and the imported cocoa products named in Appendix C within the continental United States except in consumer-size packages.

(2) Maximum prices for sales in consumer-size packages are established upon written application to the Office of Price Administration under Order 38 under the Maximum Import Price Regulation and by Maximum Price Regulations 421, 422 and 423 when applicable.

(3) The provisions of this schedule supersede the provisions of Order 38 under the Maximum Import Price Regulation with respect to sales of the imported cocoa products for which maximum prices are established herein.

4. Section 1351.52 is amended by inserting after the words, "cocoa butter" the words, "or imported cocoa products named in Appendix C."

5. Section 1351.53 is amended by inserting after the words, "cosmetic uses" the words, "and sales of imported cocoa products in consumer-size packages."

6. Section 1351.53a is amended by inserting after the words, "cocoa butter" the words, "or the imported cocoa products named in Appendix C."

7. Section 1351.55 is amended by inserting after the words, "cocoa butter" the words, "or imported cocoa products named in Appendix C."

8. Section 1351.56 is amended to read as follows:

§ 1351.56 *Records and reports.* Every seller who makes sales of cocoa beans, cocoa butter or the imported cocoa products named in Appendix C after the effective date of this Revised Price Schedule No. 51, shall make and preserve for examination by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, a record of all sales made showing the quantity sold, terms of sale, price received, and name and address of the purchaser, as well as all records of the same kind as he has

[3] See footnote on p. 11148.

[4] Defined in paragraph (y) of this section.

[5] No sale is made "in the performance of a recognized distributive function" within the meaning of this paragraph (y) unless it advances the goods sold to the next stage of distribution.

[6] The actual cost may include only (a) the actual price paid to the government agency for the surplus finished piece goods and (b) the actual transportation charges incurred by the purchaser from the government agency with respect to such surplus finished piece goods. If the goods are transported in a conveyance other than a common carrier, the transportation charge shall not exceed the charge which would be applicable in an identical shipment from the same point of shipment to the same receiving point at the lowest available common carrier rate.

customarily kept, relating to the prices which he charged for any of such items sold after the effective date of this regulation.

9. Section 1351.59 (b) is amended by inserting after the words, "cocoa beans" the words, "and imported cocoa products."

10. Section 1351.59 (c) is amended by inserting after the words, "cocoa butter" the words, "and imported cocoa products."

11. Section 1351.59 is amended by adding the following new paragraphs (e), (f) and (g) to read as follows:

(e) "Imported cocoa products" means those products named and described in Appendix C which have been processed outside of and imported into the continental United States of America.

(f) "Port of entry" shall mean any port or point of entry into the continental United States of America.

(g) "Consumer-size package" shall mean an individual package containing one pound or less, net weight of chocolate liquor, chocolate coatings or sweet milk chocolate coatings and an individual package containing five pounds or less, net weight, of cocoa powder.

12. Section 1351.63 is added to read as follows:

§ 1351.63 *Appendix C: Maximum prices for imported cocoa products.* (a) The maximum prices, in cents per pound, actual net weight, net cash, with payment by the seller of duty, commissions and all other charges incident to delivery, packed in any type or size container except in consumer-size packages, ex dock any port or point of entry in continental United States of America for the imported cocoa products listed below shall be determined as follows:

(1) For chocolate liquor containing not less than 50% cacao fat by weight, and produced from a single growth or a blend of two or more growths of raw cocoa beans:

(i) Take the weighted average of maximum prices per pound of raw cocoa beans identical to those used in the production of the finished chocolate liquor being priced and multiply by a factor of 1.68. For the purpose of this computation, the maximum prices per pound of raw cocoa beans shall be those set out in § 1351.61 (b) of this schedule.

(2) For sweet chocolate coatings containing not less than 15% chocolate liquor from which no cacao fat has been removed; and not more than 35% added cacao fat by weight:

(i) Take the weighted average cost per pound of raw ingredients identical to those used in the production of the finished coatings and multiply by a factor of 1.27. For the purpose of this computation the cost per pound of raw ingredients shall be those set out below.

Cocoa nibs produced from cocoa beans grown in—	
Africa	$0.1113
Brazil	.1068
Costa Rica	.1169
Dominican Republic	.1069
Ecuador	.1438
Haiti	.1056
British West Indies	.1738
Panama	.1169
Venezuela	.1530
Cacao fat	.2500
Sugar	.0540
Other ingredients—at their respective maximum prices, or actual cost in the event of no maximum prices, f. o. b. United States port of entry.	

(3) For sweet milk chocolate coatings containing, by weight, not less than 10% chocolate liquor, from which no cacao fat has been removed, not less than 12% milk solids, and not more than 35% added cacao fat:

(i) Take the weighted average cost per pound of raw ingredients identical to those used in the production of the finished coating and multiply by a factor of 1.20. For the purpose of this computation the cost per pound of raw ingredients shall be those set out below:

Cocoa nibs produced from cocoa beans grown in—	
Africa	$0.1113
Brazil	.1088
Costa Rica	.1169
Dominican Republic	.1069
Ecuador	.1438
Haiti	.1056
British West Indies	.1738
Panama	.1169
Venezuela	.1530
Cacao fat	.2500
Sugar	.0540
Milk solids	.2900
Other ingredients—at their respective maximum prices, or actual cost in the event of no maximum prices, f. o. b. United States port of entry.	

(4) For cocoa powder containing the percentages of cacao fat, by weight, named below and produced from a single growth or a blend of two or more growths of raw cocoa beans:

(i) Take the weighted average of maximum prices per pound of raw cocoa beans identical to those used in the production of the finished cocoa powder being priced and multiply by the factors named below. For the purpose of this computation the maximum prices per pound of raw cocoa beans shall be those set out in § 1351.61 (b) of this schedule.

Cocoa powder, natural process:	
Containing not less than 22% cacao fat	0.93
Containing not less than 10% but less than 22% cacao fat	0.90
Containing less than 10% cacao fat	0.69
Cocoa powder, Dutch process:	
Containing not less than 22% cacao fat	1.22
Containing not less than 10% but less than 22% cacao fat	1.20
Containing less than 10% cacao fat	0.69

(5) For cocoa pressed cake, natural or Dutch process: (i) Take the maximum prices per pound computed above for finished cocoa powder of the same description and having the same cacao fat content and subtract $0.0082.

(6) For cocoa nibs containing not less than 50% cacao fat and produced from a single growth or a blend of two or more growths of raw cocoa beans:

(i) Take the weighted average of maximum prices per pound of raw cocoa beans identical to those used in the production of the finished cocoa nibs being priced and multiply by a factor of 1.43. For the purpose of this computation the maximum prices per pound of raw cocoa beans shall be those set out in § 1351.61 (b) of this schedule.

(7) For any imported cocoa product having chocolate liquor, cacao fat or milk solids content below the stated minimum or added cacao fat in excess of the stated maximum set forth, the maximum price shall be authorized by order of the Price Administrator upon written application to the Imported Foods Section, Office of Price Administration, Washington, D. C. The application shall contain: (i) The names and addresses of the applicant and of the foreign manufacturer; (ii) a request for authorization of a stated maximum price; (iii) the classes of purchasers to whom the applicant proposes to sell; (iv) in the case of chocolate liquor, the percentage by weight of each growth of cocoa beans used in the finished product; or in the case of chocolate coatings, the percentages, by weight, of added cacao fat, sugar, milk solids, chocolate liquor and other ingredients used in the finished product with the chocolate liquor ingredient broken down to show the percentage, by weight, of each growth of cocoa beans used in the chocolate liquor. Maximum prices authorized under this provision shall be in line with the specific maximum prices of other imported cocoa products provided by this schedule.

(8) For any imported cocoa product sold ex warehouse, rather than ex dock, any port of entry, the cost of "actually putting the imported cocoa product into the warehouse," as defined in § 1351.59 (b) may be added by the seller who incurred the cost.

(9) Maximum price at any point other than ex dock United States port of entry. The maximum prices specified above are for delivery ex dock United States port of entry and include all commissions and charges for delivery at such point. When delivery is taken by the buyer at some point en route to a United States port of entry, the total of the price paid for the product, plus all charges incident to delivery ex dock United States port of entry shall not exceed the maximum price ex dock United States port of entry.

When delivery is taken at some point beyond the point of ex dock United States port of entry, the actual transportation charges from ex dock United States port of entry to the place of delivery may be added to the maximum prices provided above.

(10) Gross margins. On sales of imported chocolate liquor, chocolate coatings, cocoa powder, cocoa pressed cake, cocoa nibs (other than a sale to the importer thereof, or a sale by the exporter's agent) there may be added to the maximum prices provided above, an amount not in excess of the following:

In lots of 24,000 pounds or more, 5% of the maximum prices as determined above.
In lots of 2,500 to 23,999 pounds, 6% of the maximum prices as determined above.
In lots of 2,499 pounds or less, 7% of the maximum prices as determined above.

(11) Selling commission. If the services of a broker, or brokers, are required to negotiate a sale between a domestic owner and a buyer, a commission or commissions, which in the aggregate shall not exceed 3% of the importer's net maximum selling price inclusive of gross margin, as determined above, may be added to such maximum prices provided such commissions have been actually incurred. Commissions shall be based upon the importer's net maximum selling price before the addition of charges permitted by paragraphs (8) and (9) of § 1351.63 (a) of the schedule.

No addition may be made to such maximum prices of commissions on sales negotiated by a broker or brokers either in a port of entry or in a secondary market for the account of a foreign principal.

This amendment shall become effective September 4, 1945.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 29th day of August 1945.

CHESTER BOWLES,
Administrator.

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[RPS 87, Amdt. 13]

SCRAP RUBBER

A statment of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Price Schedule 87 is amended in the following respects:

1. Section 1315.1251 (c) is amended by adding thereto the following:

The following commodities are covered by this schedule regardless of the purpose for which they were acquired, and regardless of any repairs or reconditioning treatment given them:

(1) New tires which have been slashed or otherwise mutilated by the manufacturer or brand owner prior to delivery by him to any person.

(2) Tires not usable on the wheel of a vehicle (as defined in section 17 of Revised Maximum Price Regulation 528, when sold to a buyer for resale or to an industrial consumer. When sold to a buyer other than an industrial consumer, for his own use, the transaction is covered by Revised Maximum Price Regulation 528.

(3) Tubes not usable in a tire (as defined in section 17 of Revised Maximum Price Regulation 528) when sold to an industrial consumer. When sold to a buyer other than an industrial consumer, for his own use, the transaction is covered by Revised Maximum Price Regulation 528.

2. Section 1315.1255 (a) is amended by adding thereto the following sentence: "*Provided, however,* That shipments made prior to September 1, 1945, of No. 1 and No. 2 peelings of recap or retread, mixed lots of No. 1 and/or No. 2 peelings, or mixed lots of natural and synthetic S. A. G., may be delivered on or after September 1, 1945, at prices not exceeding the maximum prices in effect on August 1, 1945."

3. Section 1315.1261 (a) (2) is amended by adding thereto the following: "Rubber cement which is not usable for the purpose intended, produced, or sold shall be deemed scrap rubber within the meaning of this schedule."

4. The body of Table I under paragraph (a) of Appendix A, § 1315.1263, is amended to read as follows:

SIMPLIFIED MEN'S AND BOYS' SHIRTS AND PAJAMAS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 332 is amended in the following respects:

1. Section 1389.501 (c) is amended to read as follows:

(c) *What sellers must price under this regulation.* This regulation applies to all types of sellers. Manufacturers, including manufacturing retailers and custom tailors will price under Rule 1 (§ 1389.502); wholesalers and retailers (except retailers pricing under Maximum Price Regulation 580) will price under Rule 2 (§ 1389.503).

2. Section 1389.505 (b) is amended to have the first unnumbered paragraph to read as follows:

Statement of maximum prices to be furnished to purchasers for resale. Unless the specific information has been previously furnished to the purchaser, or unless the seller ascertains that the purchaser is pricing under Maximum Price Regulation 580, every manufacturer, wholesaler, or other person who sells or delivers to a purchaser for resale, any garment for which a maximum price has been established by this regulation, shall furnish, at the time of delivery of such garment to the purchaser thereof, a statement in the following form containing the seller's maximum price for the garment delivered.

3. Section 1389.505 (b) is amended by adding to the first paragraph of the notice a sentence to read as follows: "If you are pricing under Maximum Price Regulation 580, this method of pricing is inapplicable and should be disregarded."

This amendment shall become effective September 4, 1945.

Issued this 29th day of August 1945.

Chapter XIX—Reconstruction Finance Corporation

[Rev. Reg. 3, Amdt. 3]

PART 7003—LIVESTOCK SLAUGHTER PAYMENTS

Livestock Slaughter Payments Regulation No. 3 of Reconstruction Finance Corporation Successor to Defense Supplies Corporation as revised and amended is further amended by the issuance on the 24th day of April 1945 of Amendment No. 3 thereto.

1. Section 7003.5 is amended to read as follows:

§ 7003.5 *Rates of payment*—(a) *Calves, sheep and hogs.* Defense Supplies Corporation will make payment on approved basic claims for calves, sheep, lambs, hogs and pigs at the following rates:

	Cents a pound
Calves	1.1
Sheep and lambs	.95
Hogs and pigs	1.3

(b) *Ungraded cattle of small slaughterers.* Defense Supplies Corporation will make payment on approved basic claims for cattle which do not report cattle by grades, from applicants who are not required to report cost of cattle, at the rate of one and one-tenths cents ($0.011) a pound.

(c) *Ungraded cattle of large slaughterers.* Defense Supplies Corporation will make payment on approved basic claims for cattle which do not report cattle by grades, of applicants who are required to report cost of cattle, at the rate of one-half of one cent ($0.005) a pound. This applies only to applicants who come under § 7003.7 (a) (3).

(d) *Government graded cattle.* Defense Supplies Corporation will make payment on approved basic claims for cattle which report cattle by grades as graded by an official grader of the United States Department of Agriculture, at the following separate grade rates:

(1) *Ineligibles for extra compensation.* On claims reporting cost of cattle of applicants who are not eligible under § 7003.2 (b) for extra compensation for the same accounting period:

	Cents a pound
AA or choice	2.75
A or good	2.70
B, commercial or medium	1.65
C, utility or common	1.00
D, or cutter & canner	1.00
Bulls of cutter and canner grade	1.00

(2) *Eligibles for extra compensation.* On claims reporting cost of cattle of applicants who are eligible under § 7003.2 (b) for extra compensation for the same accounting period:

	Cents a pound
AA or choice	2.25
A or good	2.20
B, commercial or medium	1.15
C, utility or common	0.50
D, or cutter & canner	0.50
Bulls of cutter and canner grade	0.50

(3) *Feeders and club cattle.* On claims of all applicants filed under § 7003.7 (d) (1) which do not report cost of cattle:

	Cents a pound
AA or choice	2.00
A or good	1.95
B, commercial or medium	.90
C, utility or common	.50
D, or cutter & canner	.50
Bulls of cutter and canner grade	.50

(e) *Self-graded cattle.* Defense Supplies Corporation will make payment on approved basic claims for cattle which report cattle by grades as graded by the applicant's own graders, if the applicant has an exemption to grade his own beef, at the applicable separate grade rates set out above in paragraph (d) of this section, but the total amount of the claim before deductions on account of cost of cattle under § 7003.6 (b) shall not exceed the total number of pounds, live weight, (less condemnations) of cattle slaughtered, multiplied by the following maxima:

(1) *Ineligibles for extra compensation.* One and sixty-five hundredths cents ($0.0165) on claims reporting cost of cattle of applicants who are not eligible under § 7003.2 (b) for extra compensation for the same accounting period.

(2) *Eligibles for extra compensation.* One and three-tenths cents ($0.013) on claims reporting cost of cattle of applicants who are eligible under § 7003.2 (b) for extra compensation for the same accounting period.

(3) *Feeders and club cattle.* One and three-tenths cents ($0.013) on claims filed under § 7003.7 (d) (1) which do not report cost of cattle.

(f) *Extra compensation.* Defense Supplies Corporation will make payment on approved claims for extra compensation at the rate of eight-tenths of one cent ($0.008) a pound.

2. Section 7003.6 is amended to read as follows:

§ 7003.6 *Amount of payment*—(a) *Base of payment.* (1) No payments will be made on the live weight equivalent of the applicant's production of condemned meat. The applicant shall reduce the live weight of his livestock slaughter by the actual or equivalent live weight of the livestock which produced the condemned meat, and reduce the dressed weight of beef reported by grades by the actual or equivalent dressed weight of the condemned carcasses.

(2) If beef is reported by grades, payment will be made at the separate grade rates on the total amount of actual live weight of cattle slaughtered in all grades, distributed among the grades in the same proportion as the calculated live weight in each grade. The calculated live weight in each grade shall be that computed in accordance with § 7003.8 (b).

(b) *Deductions.* (1) Deductions will be made from all claims of an applicant on account of under or overpayment for cattle in accordance with § 7003.8.

(2) Deductions will be made from all basic claims reporting cost of cattle in accordance with § 7003.7 (c), of two-thirds of the dollar amount by which the total cost of cattle on the claim is below the maximum permissible cost; this deduction shall not exceed two-thirds of the difference between the maximum and minimum permissible costs.

(c) *Maximum base of payment.* Payments will not be made on claims covering accounting periods beginning on and after February 20, 1945, on a greater live weight of any class or species of livestock slaughtered by an applicant in any one non-federally inspected establishment than a specified percentage of the total live weight of such class or species

of livestock for which the applicant filed subsidy claims with Defense Supplies Corporation covering slaughter in that establishment in the corresponding accounting period of 1944: *Provided*, That on certification to Defense Supplies Corporation by the War Food Administrator that the applicant is entitled to payment on a greater live weight of any class or species of livestock, he will become entitled to payment on the live weight of his slaughter up to the specified percentage of the live weight certified to Defense Supplies Corporation by the War Food Administrator. Such percentages will be determined and announced from time to time.

3. Section 7003.6 (d) is hereby terminated and cancelled.

A new paragraph (e) is added to § 7003.9, reading as follows:

§ 7003.9 *Terms of payment.* • • •

(e) *Right to declare claims invalid.* Defense Supplies Corporation shall have the right to declare invalid, in whole or in part, any claim which does not meet the requirements of this part.

4. Section 7003.10 is amended to read as follows:

§ 7003.10 *Invalid claims*—(a) *Compliance with other regulations.* Defense Supplies Corporation shall declare invalid, in whole or in part, any claim filed by an applicant who, in the judgment of the War Food Administrator or the Price Administrator, has wilfully violated any regulation or order of their respective agencies applicable to the purchase or sale of livestock or to livestock slaughter or to the sale or distribution of meat, and any claim of any applicant who the Price Administrator certifies to Defense Supplies Corporation has been determined in a civil proceeding to have violated a substantive provision of any regulation or order of the Office of Price Administration applicable to the purchase or sale of livestock or to livestock slaughter or to the sale or distribution of meat.

(b) *Payments to producers of livestock.* Defense Supplies Corporation shall have the right to declare invalid, in whole or in part, any claim of any applicant who fails to pass on to persons from whom he purchases livestock the benefits secured from payments under this part.

(c) *Specific disqualifications.* All claims shall be invalid which the Price Administrator finds are not an accurate reflection of the applicant's operations and the amounts of payments properly due. Defense Supplies Corporation shall declare invalid, in whole or in part, any claim filed by an applicant who, in the judgment of the Price Administrator, has:

(1) Purchased cattle from a seller with whom he has a financial affiliation or relationship, at a price higher than that paid by the seller plus a reasonable handling charge; or

(2) Purchased cattle on consideration or condition of another purchase or sale or transfer of livestock between the applicant and the seller; or

(3) Has used any direct or indirect method, transaction, practice, or device in filing claims which results in a claim for subsidy payments to which he is not wholly entitled under this part; or

(4) Has engaged in any act or practice or operated in such a way that he would be ineligible to receive a subsidy payment, under this part.

5. A new § 7003.14 is added as follows:

§ 7003.14 *Additional subsidy.* Defense Supplies Corporation will pay additional amounts to an applicant otherwise eligible for basic payments under this part, in such amounts as are certified to Defense Supplies Corporation by the Price Administrator.

This amendment shall become effective May 5, 1945, except that, at the election of any applicant, this amendment shall become effective as to him May 1, 1945.

Issued this 24th day of April 1945.

STUART K. BARNES,
Executive Director,
Office of Defense Supplies.

(c) *Maximum base of payment*—(1) *Slaughter control bases.* Payments will not be made on claims covering accounting periods beginning on and after February 20, 1945, and ending on or before July 15, 1945, on a greater live weight of any class or species of livestock slaughtered by an applicant in any one nonfederally inspected establishment than a specified percentage of the total live weight of such class or species of livestock for which the applicant filed subsidy claims with Defense Supplies Corporation covering slaughter in that establishment in the corresponding accounting period of 1944, provided that on certification to Defense Supplies Corporation by the War Food Administrator or the Office of Price Administration that the applicant is entitled to payment on a different live weight of any class or species of livestock, he will become entitled to payment on the live weight of his slaughter up to the specified percentage of the live weight certified to Defense Supplies Corporation by the War Food Administrator or the Office of Price Administration. Such percentages will be determined and announced from time to time.

(2) *Quota bases.* Payments will not be made on claims covering accounting periods ending after July 15, 1945, on a greater live weight of any class or species of livestock slaughtered by an applicant than a specified percentage of his quota base. Such percentages will be determined and announced from time to time.

This amendment shall be effective Monday, June 4, 1945.

Issued this 22d day of May 1945.

PART 7003—LIVESTOCK SLAUGHTER PAYMENTS

MISCELLANEOUS AMENDMENTS

[Amdt. 5]

Section 7003.1, paragraph (s) is amended to read as follows:

§ 7003.1 *Definitions.* • • •

(s) "Non-processing slaughterers of beef" means an unaffiliated slaughterer as hereinafter defined who, during six consecutive months between January 1, 1941, and October 1, 1943, sold, and who currently sells, 98% or more, measured in dressed carcass weight, of the total beef produced from cattle slaughtered by him in all his establishments in the form of carcasses, wholesale cuts, boneless beef, or ground beef.

This amendment shall become effective July 1, 1945.

Issued this 15th day of June 1945.

[Amdt. 6]

Revised Regulation No. 3 of Defense Supplies Corporation, as amended, is amended by substituting for the words "Defense Supplies Corporation" in every place in which such words occur, the words "Reconstruction Finance Corporation," and substituting for the words "War Food Administrator," in every place in which such words occur, the words "Secretary of Agriculture."

This amendment is effective July 1, 1945.

Issued this 4th day of July 1945.

[Amdt. 7]

Section 7003.1, paragraph (s) is amended to read as follows:

§ 7003.1 *Definitions.* • • •

(s) "Non-processing slaughterers of beef" means an unaffiliated slaughterer as hereinafter defined who during six consecutive months, or during such other representative period as may be determined by the Director of Economic Stabilization, within the period between January 1, 1941, and October 1, 1943, sold, and who currently sells, 98% or more, measured in dressed carcass weight, of the total beef produced from cattle slaughtered by him in all his establishments in the form of carcasses, wholesale cuts, boneless beef, or ground beef.

This amendment shall become effective July 16, 1945.

Issued this 6th day of July 1945.

[Amdt. 8]

Section 7003.1, paragraph (s) is amended to read as follows:

§ 7003.1 *Definitions.* • • •

(s) "Non-processing slaughterer of beef" means an unaffiliated slaughterer as hereinafter defined who during six consecutive months, or during such other representative period as may be determined by the Director of Economic Stabilization, within the period between January 1, 1941, and October 1, 1943, sold, and who currently sells, 98% or more, measured in dressed carcass weight, of the total beef produced from cattle slaughtered by him in all his establishments in the form of carcasses, wholesale cuts, boneless beef, or ground beef: *Provided*, That a person who during such period killed cattle owned by another at the time of slaughter, but sold in his own name the beef thereby produced shall be held to be the slaughterer for purposes of determining if he meets this definition, if the Director of Economic Stabilization determines that such a holding should be made as to a particular person.

This amendment shall become effective July 23, 1945.

Issued this 13th day of July 1945.

[Amdt. 9]

1. Section 7003.1 (g) is amended to read as follows:

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 25—MEDICAL

HOSPITALIZATION AND DOMICILIARY CARE

§ 25.6047 *Eligibility for hospital treatment or domiciliary care of persons discharged or retired from military or naval service.*

No change in (a) or (b).

Paragraph (c) canceled.

Paragraph (d) relettered (c) and revised as follows:

(c) Hospital care, for: (1) Officers and enlisted personnel of the United States Army, Navy, Marine Corps, or Coast Guard, or reserve officers and members of the enlisted Reserves, or officers and enlisted men of the National Guard of the United States, or persons accepted for selective training, who were discharged from active Federal service under other than dishonorable conditions for disability incurred in line of duty, or who are in receipt of pension for service-connected disability, when suffering from diseases or injuries requiring hospitalization. See also paragraph (b) (3) of this section which applies here.

(2) Domiciliary care for persons enumerated in paragraph (c) (1) of this section when suffering from a permanent disability or tuberculous or neuropsychiatric ailment and who are incapacitated from earning a living and who have no adequate means of support.

(3) The determination whether an applicant other than one in receipt of pension for service-connected disability was discharged for disability incurred in line of duty will be obtained from the official records of the Army or Navy, respectively. However, under like circumstances, the exception as to this procedure, as prescribed in paragraph (b) (2) of this section will be applicable under this paragraph (c).

(4) The medical director's determination whether discharge, assigned for other reasons, could have been for disability incurred in line of duty, as prescribed in paragraph (b) (4) of this section will apply to applicants under this paragraph (c).

(5) Retired personnel of the classes comprehended by paragraph (b) (5) of this section may be supplied hospital treatment in a facility under the direct and exclusive jurisdiction of the Veterans' Administration, if beds are available, and such applicants agree to pay the per diem rate to cover subsistence, which is set by the Administrator of Veterans' Affairs.

Paragraph (c) is relettered (d) and revised as follows:

(d) *Hospital treatment or domiciliary care for:* (1) Veterans who served, regardless of length of service, during a period of war as defined in paragraph (a) (1) of this section, who were (1) discharged under other than dishonorable conditions; (2) who swear that they are unable to defray the expense of hospitalization or domiciliary care, including the expense of transportation to and from a Veterans' Administration facility; and (3) who are suffering from a disability, disease or defect which, being susceptible of cure or decided improvement, indicates need for hospital care, or which, being essentially chronic in type and not susceptible of cure, or decided improvement by hospital care, is producing disablement of such degree and of such probable persistency as will incapacitate from earning a living for a prospective period, and thereby indicates need for domiciliary care. Except for applicants presenting emergent conditions, consideration in admissions under this paragraph may be given to the length or character of service. (August 14, 1945)

No change in (2).

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Order 126]

PART 1—RULES OF PRACTICE AND PROCEDURE

PART 2—GENERAL RULES AND REGULATIONS

PART 5—EXPERIMENTAL RADIO SERVICES

PART 13—COMMERCIAL RADIO OPERATORS

OPERATION OF RADIO TRANSMITTING APPARATUS BY RAILROAD EMPLOYEES

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 21st day of August 1945.

Whereas, section 318 of the Communications Act of 1934, as amended, provides that the operation of the transmitting apparatus of licensed radio stations may be carried on only by persons holding an operator's license issued by this Commission; and

Whereas, the Commission is authorized to waive the provisions of said section 318 in certain cases, provided the Commission shall find that the public interest, convenience, or necessity will be thereby served; and

Whereas, on June 1, 1945, the Association of American Railroads by J. J. Pelley, its President, filed with the Commission a duly verified petition requesting the issuance of an order permitting railroad employees to engage, without operator licenses, in the operation of radio transmitting equipment used in connection with railroad operations; and

Whereas, it appears from said petition that the number of Class I railway employees who might be required to use radio transmitting equipment in connection with their duties totals 463,568 and that this total would be increased by inclusion of Class II and Class III railroad employees; and

Whereas, it appears that the qualification of such a large number of employees presents certain difficulties; and

Whereas, the Association of American Railroads has prepared for the adoption of its member roads a comprehensive set of Railroad Radio General and Operating Rules governing the use of radio transmitting equipment by the employees of the individual member roads; and

Whereas, the Association's proposed Railroad Radio General and Operating Rules cover those provisions of the Communications Act, the Commission's Rules and Regulations, and the General Radio Regulations, Cairo Revision, with respect to which applicants for restricted radiotelephone permits are presently examined; and

Whereas, it is proposed that all railroad employees who operate radio transmitting equipment will be examined by railroad examiners with respect to their knowledge of such rules; and

Whereas, the waiver of the provisions of section 318 of the Communications Act sought by the Association does not extend to making adjustments to any transmitting apparatus, which adjustments would continue to be made only by duly licensed operators; and

Whereas, from a study of the Association's petition and the evidence presented in Commission Docket Proceedings Nos. 6593 and 6651 entitled, respectively, "In the Matter of the Investigation of the Establishment and Use of Radiocommunications Systems in Railroad Operations," and "In the Matter of Allocation of Frequencies to the Various Classes of Non-Governmental Services in the Radio Spectrum from 10 kilocycles to 30,000,000 kilocycles," it appears that a waiver of the provisions of Section 318 of the Communications Act so as to permit railroad employees to engage, without operator licenses, in the operation of radio transmitting equipment used in connection with railroad operations would promote the use of radio in that industry, thereby increasing the efficiency and safety of railroad operations, and thus serving the public interest, convenience, and necessity;

It is ordered, That, subject to the conditions hereinafter stated, the provisions contained in section 318 of the Communications Act of 1934, as amended, be, and they are hereby, waived, insofar as such provisions require that railroad employees hold operators' licenses in order to operate radio transmitting apparatus authorized for use in connection with railroad operations either under an experimental radio station license or a station license issued in accordance with such railroad radio service rules as may hereafter be issued by this Commission; and the employees of Class I, II, and III Railroads of the United States, be, and they are hereby, authorized to engage, without operators' licenses, in operation of radio transmitting apparatus authorized for use in connection with railroad operations; *Provided, however:*

(1) The terms of this order shall apply only to the employees of those railroads who shall have adopted and published Railroad Radio General and Operating Rules in the form prepared by the Association of American Railroads and attached hereto. Any individual railroad which desires to adopt rules not in the form attached hereto shall, for the purposes of this order, first obtain the prior written approval of the Commission to the changes proposed.

(2) The terms of this order shall apply only to those railroad employees who shall have successfully passed an examination given by railroad examiners on the attached Railroad Radio General and Operating Rules. The first such examination shall be given prior to the operation of any radio transmitting apparatus by the employee and re-examinations shall thereafter be given at intervals not in excess of two years.

(3) The terms of this order shall apply only to the employees of those railroads who maintain suitable records showing the name and position of all employees who have been examined with respect to the attached Railroad Radio General and Operating Rules, the date of the employee's last successfully completed examination and the name of the railroad examiner. Such records shall be made available to duly accredited representatives of the Federal Communications Commission upon request.

(4) The terms of this order shall not be construed to authorize any railroad employee to make adjustments to any radio transmitter. Any needed adjustments of the transmitter of a railroad radio station that may affect its proper operation shall be regularly made by or in the presence of an operator duly licensed by this Commission, holding a first or second class license, either telephone or telegraph, who shall be responsible for the proper operation of the equipment.

(5) The radio equipment operated by railroad employees pursuant to the authorization given by this order shall be so designed that none of the operations necessary to be performed during normal use of the equipment may result in any unauthorized radiation.

It is further ordered, That this order shall become effective upon issuance and shall remain in effect until the further order of the Commission.

By the Commission.

Secretary.

PART 1—RULES OF PRACTICE AND PROCEDURE

PART 2—GENERAL RULES AND REGULATIONS

PART 12—AMATEUR RADIO: STATIONS AND OPERATORS

PART 15—ALL RADIO STATIONS IN THE WAR EMERGENCY RADIO SERVICE

REINSTATEMENT OF AMATEUR RADIO STATION LICENSES AND CANCELLATION OF WAR EMERGENCY RADIO SERVICE STATION LICENSES

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 21st day of August 1945;

Whereas, under the provisions of Orders 87 and 87-A the Commission has ordered the complete cessation of all amateur radio operation and, under the provisions of Order 87-B, has ordered that no renewed or modified amateur station licenses should be issued from September 15, 1942, until the further order of the Commission; and

Whereas, the Board of War Communications on August 17, 1945, notified the Federal Communications Commission that it had no objection to the reactivation of amateur operation in the band 112 to 115.5 megacycles for a period of 90 days; and

Whereas, the frequency band 112 to 115.5 megacycles is now available to stations operating in the war emergency radio service; and

Whereas, the said war emergency radio service was established by the Commission as a temporary radio communication service solely for emergency communication in connection with the national defense and security and has now or will shortly have fulfilled the purpose for which it was established; and

Whereas, § 15.52 of the rules and regulations governing the operation of stations in the war emergency radio service provides for the change or cancellation by the Commission, without advance notice, of all licenses authorizing the operation of stations in this service; and

Whereas, § 15.105 of the rules and regulations governing all operators of stations in the war emergency radio service provides for the change or cancellation by the Commission, without advance notice, of all war emergency radio service operator permits;

It is ordered, That, notwithstanding the provisions of Commission Orders 87, 87-A, and 87-B, all amateur radio station licenses which were valid at any time during the period December 7, 1941, to September 15, 1942, and which have not heretofore been revoked be, and they hereby are, reinstated for a period commencing with the date of this order and ending November 15, 1945 (3 a. m., eastern standard time) for the sole purpose of authorizing during that period the operation of such amateur radio stations in the frequency band 112 to 115.5 megacycles by duly licensed amateur operators and in accordance with the Commission's rules governing amateur radio stations and operators; and

It is further ordered, That all war emergency radio service station licenses and operator permits, and the rules and regulations governing the operation of stations and operators in this service, be, and they hereby are, cancelled, effective November 15, 1945 (3 a. m., eastern standard time).

By the Commission.

[Docket No. G-648]

GODFREY L. CABOT, INC., AND CABOT GAS CORP.

ORDER MAKING GODFREY L. CABOT, INC., A PARTY RESPONDENT AND FIXING DATE OF HEARING

AUGUST 24, 1945.

It appearing to the Commission that:

(a) By order of July 10, 1945, the Commission suspended Cabot Gas Corporation Rate Schedule FPC No. 4 providing increased rates for natural gas sold to the Pavilion Natural Gas Company and ordered (i) that a public hearing be held on a date to be thereafter fixed, and (ii) that Cabot Gas Corporation assume the burden of proof to show that the proposed increased rates are just and reasonable;

(b) Cabot Gas Corporation is a wholly-owned subsidiary of Godfrey L. Cabot, Inc. from which it purchases its entire natural gas requirements; that in supplying natural gas to the Pavilion Natural Gas Company, Godfrey L. Cabot, Inc. and its subsidiary, Cabot Gas Corporation, are engaged in but a single undertaking; that the combined rates and charges of Godfrey L. Cabot, Inc. and Cabot Gas Corporation must be shown to be just and reasonable if the rates and charges provided in the suspended rate schedule (Cabot Gas Corporation Rate Schedule FPC No. 4) are to be justified;

The Commission orders, That:

(a) Godfrey L. Cabot, Inc. be and it is hereby made a party to this proceeding;

(b) The public hearing provided by the Commission in its order of July 10, 1945, be held commencing on September 25, 1945, at 10:00 a. m. in Room 23, Federal Building, Corner Church and Fitzhugh Streets, Rochester, New York;

(c) At such hearing Godfrey L. Cabot, Inc. and Cabot Gas Corporation shall have the burden to show that the total charges to The Pavilion Natural Gas Company as set forth in Cabot Gas Corporation Rate Schedule FPC No. 4 are just and reasonable;

(d) Interested State commissions may participate in said hearing as provided in § 67.4 of the provisional rules of practice and regulations under the Natural Gas Act.

By the Commission.

RECONSTRUCTION FINANCE CORPORATION.

PETROLEUM COMPENSATORY ADJUSTMENTS

NOTICE TO APPLICANTS

AUGUST 18, 1945.

In view of the cessation of hostilities and the consequent general availability of normal transportation methods, a program for the elimination of compensatory adjustments made pursuant to Petroleum Compensatory Adjustments Revised Regulation No. 1 was planned at an interagency meeting between representatives of Petroleum Administration for War, Office of Price Administration and Reconstruction Finance Corporation. The program which was mutually satisfactory to all three agencies is as follows:

(1) Compensatory adjustments made pursuant to Revised Regulation No. 1 will be discontinued as soon as the transportation and distribution of petroleum and petroleum products can be reconverted to a substantially normal basis. While it is impossible to specify at this time the actual date on which the regulation can be entirely revoked, it is not likely that compensatory adjustments will be made for a longer period than 60 days. Applicants will be notified in advance of the date of termination.

(2) Compensatory adjustments will not be made for excess costs incurred on any importation or inter-supply area movement of crude, compensable products or miscellaneous products which is commenced on or after September 1, 1945, or any such movement not completed prior to October 1, 1945, unless the movement is made pursuant to a shipping schedule approved by Petroleum Administration for War or unless the movement has been approved in advance by such agency. Termination of compensability of intra-supply area movements will be the subject of a later notice. All outstanding intra-district movement approvals are hereby cancelled, effective as to movements commenced after August 31, 1945.

(3) Compensatory adjustments will not be made for excess costs incurred on any movement of Miscellaneous Products, as defined in section 1 (g) of the regulation, which is begun on and after September 16, 1945, nor in any event which is not completed prior to October 1, 1945.

(4) Maximum prices for compensable products in such cases where they have been previously established by Office of Price Administration will be reduced by that agency effective September 1, 1945, except at retail establishments. Revised maximum prices at retail establishments will not be made effective on September 1, 1945, but will be made effective shortly thereafter. The interim period will give sellers at retail establishments an opportunity to dispose of normal inventories. "Revenue price increases" as that term is defined in Petroleum Compensatory Adjustments Revised Regulation No. 1 will therefore be revoked on all products effective September 1, 1945. Refunds made to non-applicants pursuant to section 5 (a) (iv) of the regulation on account of inventories of petroleum products on hand on the effective date of the revocation of the revenue price increases will be reimbursable in accordance with the existing terms of the regulation.

No changes in the program announced above will be made without further notification.

Associate Director,
Office of Defense Supplies.

MID-CONTINENT CRUDE COMPENSATORY ADJUSTMENTS

NOTICE TO APPLICANTS

AUGUST 20, 1945.

In view of the termination of hostilities and the consequent availability of normal supplies and normal transportation methods, it is felt that subsidy payments for excess costs incurred in transporting crude to refineries in the mid-continent area under Regulation No. 5, as amended, will no longer be necessary. Accordingly, you are hereby advised that it will be the policy of Reconstruction Finance Corporation to make no compensatory adjustment under Regulation No. 5, as amended, with respect to any shipment commenced from point of origin subsequent to August 31, 1945, nor with respect to any shipment arriving at destination on or after October 1, 1945. In this connection, applicants are advised that claims covering barge shipments completed in the month of September, 1945, must be supported by satisfactory evidence indicating that the shipment commenced at point of origin prior to September 1, 1945.

In the interests of speedy and orderly liquidation of the program the Petroleum Administration for War will review each of its outstanding approvals for shipments which are to originate prior to September 1, 1945, and will modify any such approval to the extent it may deem appropriate. In no event, however, will Reconstruction Finance Corporation make compensatory adjustments with respect to volumes shipped during the month of August, 1945, which are in excess of presently outstanding approvals.

RECONSTRUCTION FINANCE CORPORATION,
By GEORGE STONER,
Associate Director,
Office of Defense Supplies.

OFFICE OF PRICE ADMINISTRATION.

[Order 52 Under 19a]

FORD MOTOR CO.

DETERMINATION OF MAXIMUM PRICES

(1) *The purpose of this order.* The passenger automobile manufacturers and the Office of Price Administration are now engaged in determining what the maximum prices will be on sales of new passenger automobiles. While this determination is being made, the Ford Motor Company wishes to distribute the new automobiles it is currently producing. These automobiles will be distributed to dealers for use as showroom cars. The Ford Motor Company is, therefore, authorized in this order to sell these automobiles at the existing maximum prices under the General Maximum Price Regulation, and to agree with the buyers that these maximum prices may be adjusted upwards after deliveries are made by the amount of any adjustment in these prices which the Office of Price Administration may grant to the Ford Motor Company. This order is in accordance with section 19a of the General Maximum Price Regulation. *It is, therefore, ordered:*

(2) The Ford Motor Company, Dearborn, Michigan, is authorized to sell and deliver each 1945 model year automobile it manufactures at the maximum price permitted under the General Maximum Price Regulation, and to agree with the buyer that this maximum price may be adjusted upwards after delivery is made by the amount of any increase that may be authorized by the Office of Price Administration.

(3) This order applies only to sales made by the Ford Motor Company and does not apply to sales made by resellers.

(4) This order may be modified or revoked by the Price Administrator at any time.

This order shall become effective August 27, 1945.

Issued this 27th day of August 1945.

CHESTER BOWLES,
Administrator.

Above maximum prices do not include Federal excise tax, which may be added. Maximum prices for sales at wholesale are f. o. b. seller's usual point of shipment.

These maximum prices are for the articles described in the manufacturer's application dated July 20, 1944, and November 1, 1944.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this revised order. That tag or label shall contain the following statement:

Model No. ------
OPA Retail Ceiling Price—$------
Do Not Detach
Manufactured by Bedford Radio Manufacturing Co.,
Brooklyn, New York

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the seller shall notify the purchased in writing of the maximum prices and conditions established by this revised order for sales by the purchaser. This notice may be given in any convenient form.

(d) This revised order may be revoked or amended by the Price Administrator at any time.

(e) This revised order shall become effective on the 28th day of August 1945.

Issued this 27th day of August 1945.

Permitted Increase in Maximum Prices of Models Nos. 4-3804 and 44-3804CP

Class of purchaser:	*Each*
Wholesalers, large retailers, and utilities	$4.07
Small retailers who carry stock	4.23
Small retailers who do not carry stock	4.51

The adjusted maximum prices are f. o. b. factory or warehouse and are subject to the manufacturer's customary terms, discounts, and allowances which are no less favorable than those in effect during the period January 15 to June 1, 1941. The classes of purchaser mentioned shall be defined in accordance with the manufacturer's custom of classifying his customers during January 15 to June 1, 1941.

(b) *Wholesaler's maximum prices.* For sales in each zone by wholesale distributors of the Model No. 4-3804 gas stove when equipped by the manufacturer to burn liquid petroleum gas, the adjusted maximum prices are as follows:

Article	Maximum prices for sales to retail dealers			
	Zone 1	Zone 2	Zone 3	Zone 4
Model No. 4-3804	*Each* $88.52	*Each* $91.80	*Each* $93.92	*Each* $95.97

These maximum prices are f. o. b. distributor's city and include the Federal excise tax. They are subject to each seller's customary terms, discounts, and allowances, and conditions of sale on sales of similar articles.

(c) *Retailer's maximum prices.* For sales in each zone by retailers including public utilities of the models of gas stoves listed below the adjusted maximum prices are as follows:

Model	Maximum price for sales to ultimate consumers			
	Zone 1	Zone 2	Zone 3	Zone 4
4-3804 equipped for city gas	*Each* $122.95	*Each* $126.50	*Each* $129.75	*Each* $132.50
4-3804 CP	137.95	141.50	144.50	147.25
4-3804 equipped for liquid petroleum	138.75	142.75	145.95	149.50

These maximum prices include the Federal excise tax and delivery and installation. If the retailer does not provide installation he shall compute his maximum price by subtracting $6.00 from his maximum price as shown above for his sales on an installed basis. In all other respects these prices are subject to each seller's customary terms, discounts, allowances and other conditions of sale on sales of similar articles.

(d) *Notification.* At the time of or prior to the first invoice to each purchaser for resale after the effective date of this order, the manufacturer shall notify the purchaser of the maximum prices and conditions established by this order for resales by the purchaser. This notice may be given in any convenient form.

(e) *Tagging.* The manufacturer shall, before delivering any stove covered by this order, after the effective date there-

of, attach securely to the inside oven door panel a label which plainly states the maximum retail prices established by this order for sales to ultimate consumers in each zone together with a list of the states included in each zone. The label shall also state that the retail prices shown thereon include the Federal excise tax, delivery and installation and that if the seller does not provide installation his maximum price is $5.00 less than the price shown on the label.

(f) *Zones.* For purposes of this order Zones 1, 2, 3, and 4 comprise the following states:

Zone 1. Wisconsin, Michigan, Illinois, and Indiana.

Zone 2. Maine, Vermont, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, New Jersey, Delaware, Maryland, West Virginia, Ohio, Virginia, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Kentucky, Tennessee, Arkansas, Missouri, Iowa, Minnesota, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, and District of Columbia.

Zone 3. Montana, Wyoming, Colorado, Texas, Louisiana, Florida.

Zone 4. New Mexico, Arizona, Utah, Nevada, Idaho, Washington, Oregon and California.

(g) This order may be revoked or amended by the Price Administrator at any time.

(h) This order shall become effective on the 28th day of August 1945.

Issued this 27th day of August 1945.

WALKER MACHINE & FOUNDRY CORP.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 10 and 11 of Maximum Price Regulation No. 64; it is ordered:

(a) *Manufacturer's maximum prices.* Walker Machine & Foundry Corporation, Roanoke, Virginia, may adjust its maximum prices for sales to wholesale distributors of the four models of burnside stoves listed below which it manufactures, by amounts no higher than those set forth below opposite each model number resulting in the following adjusted maximum prices:

Model	Maximum price to wholesale distributors	Adjustment permitted by this order	Total adjusted maximum price to wholesale distributors
	Each		*Each*
1	$12.04	$4.21	$16.25
2	10.92	3.47	14.39
3	9.80	1.95	11.75
4	8.68	2.07	10.75

The adjustment charges listed above may be made and collected only if they are separately stated on each invoice. The manufacturer's prices as adjusted by this order are subject to the manufacturer's customary terms, discounts, allowances, and other price differentials which are no less favorable than those in effect during the period January 15 to June 1, 1941.

(b) *Maximum prices of purchasers for resale.* Any person who hereafter buys an article covered by this order and resells it in substantially the same form, may collect from his customer, in addition to his properly established maximum price in effect prior to the issuance of this order, an adjustment charge in the same amount as the adjustment herein authorized and which he pays to his supplier. If such a purchaser did not have an established maximum price for sales of the article prior to the issuance of this order, he may add the same adjustment charge to the maximum price he hereafter establishes for his sales under the applicable price regulation. If the applicable regulation requires maximum resale prices to be computed on the basis of costs, the reseller must find his maximum prices (without the permitted adjustment charge) by using as costs his invoice costs not including any adjustment charges stated on the invoice. On all sales except sales to ultimate consumers these additional adjustment charges may be made and collected only if they are separately stated on each invoice. The adjusted maximum prices are subject to each seller's customary terms, discounts, and allowances on sales of the same or similar articles to each class of purchaser.

(c) *Notification.* At the time of or prior to the first invoice to a purchaser for resale after the effective date of this order covering sales of the stoves listed above at a price adjusted as permitted by this order, the seller shall notify the purchaser in writing of the method provided in paragraph (b) of this order for determining adjusted maximum prices for resales.

(d) This order may be revoked or amended by the Price Administrator at any time.

(e) This order shall become effective on the 29th day of August 1945.

Issued this 28th day of August 1945.

CHESTER BOWLES,
Administrator.

TOLEDO PIPE THREADING MACHINE CO

DETERMINATION OF MAXIMUM PRICES

Order No. 46 under Maximum Price Regulation 67. New machine tools. The Toledo Pipe Threading Machine Company, Docket Nos. 6083-67.10a-41 and 6083-136.21-426.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 10a of Maximum Price Regulation 67 and section 21 of Revised Maximum Price Regulation 136; *It is ordered:*

The maximum prices for sales by The Toledo Pipe Threading Machine Company, Toledo, Ohio, of pipe machines, power drives, parts and accessories and of pipe threading tools, dies, pipe vises, pipe reamers and miscellaneous tools, shall be determined as follows:

(a) The maximum prices for sales of pipe machines, power drives, parts and accessories coming under the jurisdiction of Maximum Price Regulation 67 shall be determined as follows: The manufacturer shall multiply by 110% the maximum prices he had in effect to a purchaser of the same class just prior to the issuance of this order.

(b) The maximum prices for sales of pipe threading tools, dies, pipe vises, pipe reamers and other miscellaneous tools coming under the jurisdiction of Revised Maximum Price Regulation 136 shall be determined as follows: The manufacturer shall multiply the list prices he had in effect just prior to this order by 110% and shall deduct from the resultant list prices all discounts, allowances and other deductions that he had in effect to a purchaser of the same class.

(c) The maximum prices for sales of items listed in paragraph (b) by resellers shall be determined as follows: The reseller shall add to the maximum net price he had in effect to a purchaser of the same class just prior to the issuance of this order, the amount, in dollars and cents by which his net invoiced cost has been increased due to the adjustment granted the manufacturer by this order.

(d) The Toledo Pipe Threading Machine Company shall notify each person who buys the items listed in paragraph (b) for resale of the dollar and cents amounts by which this order permits the reseller to increase his maximum net prices. A copy of each such notice shall be filed with the Machinery Branch, Office of Price Administration, Washington 25, D. C.

(e) All requests not granted herein are denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

[Order 375 Under 3 (b), Order 90]

RICH PRODUCTS CORP.

ESTABLISHMENT OF MAXIMUM PRICES

On June 2, 1945, Rich Products Corp., Buffalo, New York, filed an application under paragraph (d) of Order 375 under § 1499.3 (b) of the General Maximum Price Regulation for the redetermination of the maximum price of "Whip Topping" a vegetable fat product. This application was supplemented by letters dated June 11, 1945, and June 23, 1945.

Due consideration has been given to the application and the additional data on file, and an opinion in support of this order has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328 and in accordance with paragraph (d) of Order No. 375 under § 1499.3 (b) of the General Maximum Price Regulation; *It is hereby ordered:*

That the maximum prices at which the Rich Products Corp., of Buffalo, New York, may sell "Whip Topping" on and after the effective date of this order are as follows:

In glass or paper containers:

1. Delivered in the metropolitan area of Buffalo, New York:

½ pints to retailers..... $2.88 per gallon.
Quarts..... $0.65 per quart.

2. Rich Products Corp., and other sellers at retail of "Whip Topping" in the metropolitan area of Buffalo, New York, are permitted to sell this product at 21 cents a half pint in glass or paper containers.

Rich Products Corp., of Buffalo, New York, is authorized to sell "Whip Topping" outside of the metropolitan Buffalo, New York, area at the following maximum f. o. b. shipping point prices:

½ pints, paper or glass container..... $2.88 a gallon.
Quarts, paper or glass container..... $0.65 a gallon.

No additional charge may be added to the above prices for delivery or otherwise.

4. Sellers at retail of "Whip Topping" outside of the metropolitan Buffalo, New York, area are permitted to sell this item at the price paid their supplier, not to exceed 18 cents per ½ pint, plus transportation charges from Buffalo, New York, but not including local hauling and unloading charges, less all discounts except the discount for prompt payment, plus 3 cents per ½ pint.

5. Rich Products Corp., of Buffalo, New York, is required to give notice in writing to each retailer who purchases "Whip Topping" from it after the effective date of this order of the maximum prices herein fixed for its "Whip Topping" which notice shall be in the following form:

The Office of Price Administration has redetermined the maximum prices for "Whip Topping" in ½ pint containers and has fixed a price for "Whip Topping" in quart containers as follows:
½ pints to retailers within the metropolitan Buffalo, New York, area... $2.88 per gallon.
Quarts..... $0.65 per quart.

If you are selling this product at retail within the metropolitan Buffalo, New York, area, you are authorized with the first delivery of "Whip Topping" received by you with this notice to sell this product at 21 cents per ½ pint. If you are selling this product at retail outside of the metropolitan Buffalo, New York, area you are permitted to sell this item at the price paid your supplier, not to exceed 18 cents per ½ pint, plus all transportation charges from Buffalo, New York, except local hauling and unloading charges, less all discounts except the discount for prompt payment plus 3 cents per half pint.

All prayers of the application not herein granted are denied.

This order may be revoked or amended at any time.

This order shall become effective August 28, 1945.

NOTE: This action has the prior written approval of the Secretary of Agriculture (10 F.R. 8419).

Issued this 27th day of August 1945.

CHESTER BOWLES,
Administrator.

[MPR 592, Amdt. 5 to Order 1]

BUILDING, CHEMICAL AND INDUSTRIAL LIME

MODIFICATION OF MAXIMUM PRICES

An opinion accompanying this Amendment issued simultaneously herewith, has been filed with the Division of the Federal Register.

A new section 8.3 is added to Order No. 1 to read as follows:

Sec. 8.3 *Modification of provision for determining maximum prices.* As applied to manufacturers' sales of building, chemical and industrial lime (excluding agricultural lime) section 5 (b) (1) and section 5 (b) (4) of Maximum Price Regulation 592 shall read as follows:

If the commodity was delivered or offered for delivery by the manufacturer during March 1942, his maximum price to each class of purchaser shall be the highest net plant price at which he delivered it, or if he did not deliver it, at which he offered it for delivery during that month to that class of purchaser.

"Purchaser of the same class" means functional class such as consumer, contractor, dealer, distributor, jobber, industrial purchaser, or government agency. In determining the highest net plant price charged to a functional class of purchaser, the seller may not consider isolated sales, or sales under unusual circumstances, which were unusually high in comparison with the seller's general level of prices charged to each class of purchasers.

This Amendment No. 5 shall become effective August 29, 1945.

Issued this 28th day of August 1945.

CHESTER BOWLES,
Administrator.

[2d Rev. MPR 195, Order 11]

INDUSTRIAL WOODEN BOXES

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 7a of Revised Maximum Price Regulation 195, it is ordered:

SECTION 1. *What this order covers.* This order covers all sales of industrial sawed shook and assembled boxes produced in those states east of and including the states of Minnesota, Iowa, Nebraska, Kansas, Oklahoma and Texas for which specific maximum prices are set forth herein. The maximum prices fixed by this order supersede any maximum price or pricing method previously established under 2d Revised Maximum Price Regulation 195.

SEC. 2. *Definition of "industrial sawed shook and assembled boxes".* For the purpose of this order, industrial sawed shook and assembled boxes mean nailed wooden boxes or shooks (cut-to-size box parts) of Styles 1, 2, 2½, 3, 4, 4½ (occasionally referred to as 4-X, or 4-H, or 4A), 5, 6, and 7 and also covers the extra operations listed in the order when these operations are performed on these boxes or shooks. This order includes, among the items mentioned, beverage case shook and ammunition box shook; but it does not include the following:

Platforms.	Returnable Assembled Beverage Cases.
Skids.	Round Cheese boxes.
Pallets.	Egg cases or parts.
Reels.	Tobacco hogsheads or parts.
Box-type Crates.	Starch, candy and bakery trays.
Sill-type Crates.	Plywood Cases.
Cleated fibre cases.	Assembled ammunition boxes (including small arms ammunition boxes, bomb, shell, rocket and fuse boxes).
Assembled open crates.	
Boxes for tin plate, terne plate and other products of the rolling mill.	

All agricultural container shook produced in this area remains subject to Revised Maximum Price Regulation 320.

If a seller has any doubt as to whether any items are covered by this order, he should write to the Building Materials Branch, Office of Price Administration, Washington 25, D. C., describing the items, to receive official clarification.

SEC. 3. *Procedure to use in calculating maximum prices.* The maximum price provisions are to be applied as follows:

(a) *General.* (1) Calculate the net footage of material in the box, or the shook set. Waste allowances should not be added to the footage, as the prices already include such allowances.

(2) Determine base price for the appropriate zone under section 5.

(3) If shook or boxes are manufactured from resawn lumber (11/16" or less), or if tongue and grooving is performed, add the allowances permitted under section 5 to the base price (note however that zone 1 base prices already include these allowances and no further additions may be made).

(4) Multiply the base price (plus resawing, tongue and grooving additions, if any) by the net footage.

(5) To the resulting price, add the differentials for size, extras, and delivery, as permitted by section 6.

SEC. 4. *Procedure to calculate footage.* The maximum prices in this order are based on a per thousand feet net measure. To determine the net footage of material in the shook or box, the following rules shall govern:

(a) *General.* The procedure outlined below shall be used; a board foot is a piece of lumber 12" long by 12" wide by 1" thick or its equivalent.

(b) *Thicknesses.* The thickness of lumber shall be measured as nominal using the following table:

Thickness of box parts:	*Figure as—*
1/8" rough	4 pcs. from 4/4.
5/16" rough	3 pcs. from 4/4.
5/16" S1S	3 pcs. from 4/4.
1/4" rough	3 pcs. from 4/4.
1/4" S1S [1]	3 pcs. from 4/4.
5/16" rough	3 pcs. from 5/4.
5/16" S1S	3 pcs. from 5/4.
3/8" rough	2 pcs. from 4/4.
3/8" S1S	2 pcs. from 4/4.
7/16" rough	2 pcs. from 4/4.
7/16" S1S [1]	2 pcs. from 4/4.
1/2" rough	2 pcs. from 5/4.
1/2" S1S	2 pcs. from 5/4.
9/16" rough	2 pcs. from 5/4.
9/16" S1S [1]	2 pcs. from 5/4.
5/8" rough	2 pcs. from 6/4.
5/8" S1S	2 pcs. from 6/4.
11/16" rough	2 pcs. from 6/4.
11/16" S1S	2 pcs. from 7/4.
3/4" rough	2 pcs. from 7/4.
3/4" S1S	2 pcs. from 7/4.
13/16" rough	1 pc. from 4/4.
13/16" S1S	1 pc. from 4/4.
13/16" S2S	1 pc. from 4/4.
7/8" rough	1 pc. from 4/4.
7/8" S1S	1 pc. from 4/4.
7/8" S2S [1]	1 pc. from 4/4.
15/16" rough	1 pc. from 4/4.
15/16" S1S [1]	1 pc. from 4/4.
4/4" rough	1 pc. from 4/4.
4/4" S1S	1 pc. from 5/4.

Thicknesses greater than 4/4" S1S shall be figured based on the minimum commercial thickness of lumber which can produce the

necessary thickness (i. e. figure $1\frac{1}{16}$ S2S as 1 from 5/4; $1\frac{5}{8}$" S2S as 1 from 8/4).

[1] These are based on commercial specifications. If full thicknesses are required, figure as follows:

(i) If full ¼" S1S is required and all pieces are furnished full ¼" S1S (i. e. if the middle piece is surfaced) and 5/4" lumber is used figure as 3 from 5/4. However, if only 2 pieces are S1S and the third is rough, figure as 3 from 4/4.

(ii) If full $\frac{7}{16}$" S1S is required and 5/4" lumber is used figure as 2 pieces from 5/4.

(iii) If full $\frac{9}{16}$" S1S is required and 6/4" lumber is used figure as 2 pieces from 6/4.

(iv) If full ⅞" S2S is required and 5/4" lumber is used figure as 1 piece from 5/4.

(v) If full $\frac{15}{16}$" S1S is required and 5/4" lumber is used figure as 1 piece from 5/4.

Exceptions to thicknesses. If box parts are required to be dressed two sides (S2S) and full thickness is also required, use next thickness of lumber except where specified in above list. For example, figure ½" S2S as 2 pieces from 6/4.

Where ¾" S2S is furnished, even though requirement may be only for ¾" lumber, figure as 1 from 4/4". Also ¾" S1S produced 2 from 8/4 may be figured as 2 from 8/4 (or 1 from 4/4").

(c) *Widths.* Figure widths exact. If fraction is not divisible by ¼" (i. e. ¼", ½", ¾" or 1") then use nearest higher quarter (i. e. 7¼ figure as 7¼, 7⅛ figure as 7½).

Exceptions to widths. If the specifications for the box require one piece parts and two piece parts will not be accepted, figure widths of 1 piece parts on the following basis:

	Figure as—
Up to but not including 1"	1"
1" and up to but not including $1\frac{1}{2}$"	$1\frac{1}{2}$"
$1\frac{1}{2}$" and up to but not including 2"	2"
2" and up to but not including $2\frac{1}{2}$"	$2\frac{1}{2}$"
$2\frac{1}{2}$" and up to but not including 3"	3"
3" and up to but not including 4"	4"
4" and up to but not including 5"	5"
5" and up to but not including 6"	6"

If a manufacturer wants to figure a one-piece part of 6" or over from stock widths, he may apply to the Building Materials Branch, Office of Price Administration, Washington 25, D. C. for permission to price on the basis of such a computation. Such a request may be granted only on specific orders where it is clearly demonstrated that one-piece parts 6" or over are required and two-piece parts cannot be used.

(d) *Lengths.* Figure lengths exact. If fraction is not divisible by ¼", use the next higher ¼" fraction (i. e. a length of 19¾" is figured as 19¾"; a length 19⅞" is figured as 20".)

(e) *Specifications.* In arriving at the specifications to be used in computing footage, use the actual cutting specifications making allowances over inside dimensions only to extent required to make cutting. For example, in a Style 4 box with ¾" ends and ¾" cleats, add only 3" to inside length to determine the length of the sides; do not add 4". Similarly add $1\frac{1}{2}$" to inside length to determine the length of the tops and bottoms; do not add 2".

SEC. 5. *Maximum prices.* (a) The maximum prices f. o. b. mill for industrial shook and assembled boxes, per one thousand feet net measure, calculated as prescribed above, are given below by zones.

The maximum prices set forth herein vary by zones and are based on the prices for the area in which the item is produced. For example, shook produced in Alabama shall always be sold based on the price of shook in Alabama.

Assembled boxes made from self-produced shook shall be based upon the price of the box in the zone where it is assembled; however, assembled boxes made wholly or partially from purchased shook shall be based upon the cost of the purchased shook delivered plus the assembly charge in the zone where the box is assembled or the price in the zone for the assembled box made from self-produced shook, whichever is lower, as provided in section 8 below.

(b) *Zone 1.* The States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, and the following counties in New York State: Franklin, Clinton, Essex, Hamilton, Warren, Fulton, Montgomery, Saratoga, Washington, Schenectady, Schoharie, Albany, Rensselaer, Greene, and Columbia.

Zone 1 base prices:	*Per M′ net measure*
Basic style #1 shook	$83.00
Basic style #1 assembled box	101.50

(1) The above prices include allowances for resawing and tongue and grooving, and no further additions may be made for these operations.

(2) Shooks produced from round-edge lumber to lengths in excess of 50" $8.50 per M may be added to the price of the footage in the longer lengths.

(3) Those mills operating 100% on square-edge lumber may add to the above prices $12.00 per M′ net measure except in the State of Connecticut where the addition may be $17.00 per M′ net measure. Any manufacturer producing shook or assembled boxes from square-edge lumber, but not using 100% square-edge lumber may apply to the Building Materials Branch, Office of Price Administration, Washington 25, D. C. for permission to use this markup on those orders for which only square-edge lumber is used. The manufacturer's application for permission to use the markup must contain a statement of the number of boxes contained in the order, the estimated gross footage of lumber required, the name and address of the customer and the name and address of the company supplying the square edge lumber.

(4) If the square-edge addition is taken and the shook is not tongue and grooved, $3.50 per M′ in shook and $4.00 per M′ in assembled boxes must be deducted.

(c) *Zone 2.* New York State except those counties included in Zone 1; New Jersey; Pennsylvania; Ohio;

Indiana—That portion of the State north of and including the counties of Vigo, Clay, Owen, Monroe, Brown, Bartholomew, Jennings, Ripley, Dearborn;

Illinois—That portion of the State north of and including the counties of Edgar, Douglas, Piatt, De Witt, McLean, Tazewell, Peoria, Knox, Warren, and Henderson;

Michigan—The lower peninsula only;

Wisconsin—The counties of Sauk, Iowa, Lafayette, Columbia, Dane, Green, Rock, Dodge, Jefferson, Walworth, Washington, Waukesha, Ozaukee, Milwaukee, Racine and Kenosha.

Zone 2 base prices:	*Per M′ net measure*
Basic style #1 shook price	$100.00
Basic style #1 assembled box price	122.00

(1) If at least sides tops and bottoms are resawn $1\frac{1}{16}$" through $1\frac{1}{32}$" $2.50 per M′ net measure may be added to the basic shook price or $2.75 per M′ net measure may be added to the basic assembled box price; if resawn thinner than $1\frac{1}{32}$" $5.00 per M′ net measure may be added to the basic shook price or $5.50 per M′ net measure to the basic assembled box price.

(2) If tongue and grooved, $4.50 per M′ may be added for shook and $5.00 per M′ for assembled boxes: The tongue and groove addition can be added to footage of the entire box when at least the sides, tops, and bottoms are tongue and grooved, or where one-piece parts are used and the footage is figured on a net basis rather than on a stock-width basis if the other parts are tongue and grooved. If less tongue and grooving is required, (such as tops only), add the tongue and grooving addition only to footage involved.

(d) *Zone 3.* Michigan—The upper peninsula; Wisconsin—That portion of the State North of and including the Counties of Polk, Barron, Chippewa, Taylor, Marathon, Shawano, and Oconto.

Zone 3 prices:	*Per M′ net measure*
Basic style #1 shook price	$85.00
Basic style #1 assembled box price	$103.00

(e) *Zone 4.* Wisconsin—That portion of the State North of and including the Counties of Grand, Richland, Juneau, Adams, Marquette, Green Lake, Fond du Lac, Sheboygan; and South of but not including the Counties of Polk, Barron, Chippewa, Taylor, Marathon, Shawano, and Oconto; Iowa; Nebraska; Minnesota—That portion of the State South of but not including the Counties of Wilkin, Otter Tail, Todd, Morrison, Benton, Mille Lacs, Isanti, Chisago; Kansas—The entire State exclusive of Kansas City, Kansas.

Zone 4 prices:	*Per M′ net measure*
Basic style #1 shook price	$87.50
Basic style #1 assembled box price	$106.50

(f) *Zone 5.* That portion of Minnesota not included in Zone 4.

Zone 5 prices:	*Per M′ net measure*
Basic style #1 shook price	$80.00
Basic style #1 assembled box price	$98.00

(1) Any manufacturer located in zone 5 who purchases 100% of the lumber used in the manufacture of shook or assembled boxes from companies not affiliated in any way may apply to the Building Materials Branch, Office of Price Administration, Washington 25, D. C., for permission to add to the above price the difference between the actual average freight paid for all lumber received during the 6 months period from July 1 through December 31, 1944 and $5.00 per M′ adjusted for actual waste not in excess of 20%. This addition will be limited to $3.00 per M′ in this zone. The application must show the total volume of lumber received from July 1 to December 31, 1944 from non-affiliated concerns, the total volume of lumber received (including own production and receipts from affiliated companies), the freight paid for purchased lumber only and the names and addresses of all lumber suppliers for the period shown.

(g) *Zone 6.* The States of Delaware, Maryland and West Virginia.

Zone 6 prices:	*Per M′ net measure*
Basic style #1 shook price	$86.00
Basic style #1 assembled box price	$105.00

(h) *Zone 7.* The States of Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Arkansas, Louisiana, Oklahoma, Texas.

Zone 7 prices:	*Per M′ net measure*
Basic style #1 shook price	$77.00
Basic style #1 assembled box price	$95.00

(1) Any manufacturer located in zone 7 who purchases 100 per cent of the lumber used in the manufacture of shook or assembled boxes from companies not affiliated in any way may apply to the Building Materials Branch, Office of Price Administration, Washington 25, D. C. for permission to add to the above price, the difference between the actual average freight paid for all lumber received during the 6 months period from July 1 through December 31, 1944 and $3.50 per M′, adjusted for actual waste not in excess of 20%. This addition will be limited to $3.00 per M′ in this zone except for Texas where this addition will be limited to $6.00 per M′.

The application must show the total volume of lumber received from July 1 to December 31, 1944 from non-affiliated concerns, the total volume of lumber received (including own production and receipts from affiliated companies), the freight paid for purchased lumber only, and the names and addresses of all lumber suppliers for the period shown.

(i) *Zone 8.* The State of Tennessee and that portion of Missouri south of and including the counties of Barton, Dade, Polk, Dallas, Laclede, Pulaski, Phelps, Dent, Iron, Madison, Bollinger, Cape Girardeau, Scott, Mississippi.

Zone 8 prices:	*Per M′ net measure*
For basic style #1 shook price	$83.50
For basic style #1 assembled box price	102.00

(j) *Zone 9.* In the State of Kansas, Kansas City only. That portion of the State of Missouri not included in zone 8; the State of Kentucky; the portions of the States of Illinois and Indiana not included in zone 2.

Zone 9 prices:	*Per M′ net measure*
For basic style #1 shook price	$90.00
For basic style #1 assembled box price	$110.00

(k) *Resawn and tongue and grooving additions Zones 3 through 9 only.* In Zones 3, 4, 5, 6, 7, 8, and 9, the following additions may be made:

(1) If at least sides, tops and bottoms are resawn $1\frac{1}{16}$" through $1\frac{1}{32}$" add $2.00 per M′ on shook and $2.25 per M′ on assembled boxes. If at least sides, tops and bottoms are resawn thinner than $1\frac{1}{32}$", add $4.00 per M′ on shook and $4.50 per M′ on assembled boxes.

(2) For tongue and grooved material—add $3.50 per M′ on shook and $4.00 per M′ on assembled boxes. The tongue and groove addition can be added to footage of the entire box when at least the sides, tops, and bottoms are tongue and grooved, or where one-piece parts are used and the footage is figured on a net basis rather than on a stock-width basis if the other parts are tongue and grooved. If less tongue and grooving is required (such as tops only), add the tongue and grooving addition only to footage involved.

SEC. 6. *Table of extras applicable in all zones.*—(a) *Size differential.* This differential is designed to take care of the difference in the cost of manufacturing various sized boxes. The same differential is added whether the box contains 1 foot or 20 feet. In the case of shook the $2.00 per hundred sets addition is equivalent to a $1.00 per M′ addition on a 20′ shook; a $2.00 per M′ addition on a 10′ shook; a $4.00 per M′ addition on a 5′ shook and a $20.00 per M′ addition on a 1′ shook. Similarly, the $4.00 per hundred box addition is equivalent to a $2.00 per M′ addition on a 20′ box; a $4.00 per M′ addition on a 10′ box; an $8.00 per M′ addition on a 5′ box and a $40.00 per M′ addition on a 1′ box.

(1) *Shook size differential.* Add to the price of the shook $2.00 per hundred sets.

(2) *Assembled box size differential.* Add to the price of the assembled box $4.00 per hundred boxes.

(3) *Parts of boxes or of shooks.* If only parts of boxes or shooks are sold, such as tops, bottoms, or sides, in lieu of the $2.00 per hundred sets, add 20¢ per hundred parts. (In the event that cleats are also furnished figure 2 cleats as one part.)

(b) *Additions for cleating (either stitched or nailed).* Per 100 pairs of box or shook parts.

	Depth of end		
	Up to 19"	19" to 30"	30" and over
Style # 4 and 5	$1.75	$3.10	$6.25
Style #2	3.50	5.00	10.00
Style #2½ and 3 (includes notching and mitering)	5.00	6.25	12.50

	Length of cleat		
	Up to 19"	19" to 30"	30" and over
Applying extra cleats, per 100 cleats	$0.75	$1.25	$2.50

For hand cleating—add 50% to above charges only when facilities are not available to nail by machine or when length of cleat or depth of end is over 48".

The attaching of cleats with nails of size 10d or heavier is not included in above and is covered by section 12.

(c) *Make-ready charges.* This charge is to cover the cost of the change-over of equipment for size. The charge can be made only on the basis of the quantity produced on one setup. For example, if the order specifies a quantity of 100 with delivery of 20 per day, and no change is made in the machines until the 100 boxes are produced, the set-up charge for the 100 boxes governs. However, if the order is for 1,000 boxes, delivered 200 per week, and only 200 are produced before changing the set-up then use the set-up factor of 200. The important element in the use of the "make-ready charge" is the cost involved in the changeover in equipment rather than the number of each box shipped or ordered.

QUANTITY OF ONE SIZE [1]

Item	5,000 and over	250 to 499	100 to 249	25 to 99	10 to 24	Less than 10 set up charge
Shooks only per 100 sets	0	$0.75	$1.50	$3.75	$10.00	$1.00
Assembled boxes per 100 units	0	1.00	2.10	5.75	15.00	1.50
Shook or box parts per 100 parts	0	.25	.35	.75	2.00	.20

[1] The charges for lots of less than 10 may be added to the entire order; i. e. if order is for 5 boxes, figure prices as outlined then add $1.50 to the total for 50¢ per box).

The charges for lots of 10 or more are set forth on a per 100-lot basis. Thus the charge for 15 shooks would be at the rate of $10.00 per hundred or 10 cents each.

(d) *Printing charges.*

NUMBER OF IMPRESSIONS

	500 or over	100 through 499	25 through 99	Less than 25
Printing one color per 100 impressions	$0.25	$0.50	$1.00	$2.50
Printing 2 colors per 100 impressions	.40	.80	2.00	5.00

(1) Addition per 100 impressions shall be based on the total number of impressions run from one die or brand at one time regardless of size changes.

(2) All dies or brands may be charged to the customer.

(3) For machine printing lengths over 42", double above charges.

(4) For set-up type figure on above rates plus $1.00 for set-up.

(e) *Other extra operations.* Per 100 operations.

NUMBER OF OPERATIONS

	500 or over	100 through 499	25 through 99	Less than 25
Grooving	$0.75	$1.00	$1.75	$1.00
Rounding edges	.50	.60	.75	1.00
Cut hand holes—not through	.35	.45	.55	.75
Cut hand holes—through	.50	.60	.75	1.00
Miscellaneous notching (other than on cleats)	.50	.60	.75	1.00
Recessing for Government labels	.35	.45	.55	.75
Boring holes 1" and less in diameter, 1¼" and less in depth	.35	.45	.55	.75
Notching or beveling cleats other than styles 2½ or 3	.35	.45	.55	.75
Wire hinge cover	1.00	1.20	1.50	2.00
Slide cover on lock corner boxes	1.00	1.20	1.50	2.00
Dadoing and rabetting	.50	.60	.75	1.00
Chamfering	.25	.30	.40	.50

For double-tying of shook, add $1.25 per M′ of footage tied.
For triple-tying of shook, add $2.50 per M′ of footage tied.
Attaching corrugated fasteners—by machine—30¢ per 100 fasteners.
Attaching corrugated fasteners—by hand—45¢ per 100 fasteners.

(f) *For assembly of boxes by hand-nailing.* Add $10.00 per M′, net measure. This addition may be made only where machine facilities are not available or where machine nalling cannot be used because of the nature of the box. It cannot be made merely because a manufacturer having nailing machines which could do the job elects to hand-nail the boxes.

(g) *Delivery.* (1) The maximum prices established by this order are f. o. b. plant.

(2) For delivery by common carrier, actual freight may be added. For delivery (other than local delivery) by private truck owned by the manufacturer, actual cost may be added: *Provided* That the cost is not in excess of 80% of the common carrier rate.

(3) *Local delivery; (within 30 miles).* Box plants located in cities of populations in excess of 750,000 (1940 census) may add for local delivery $7.50 per M′ net measure for assembled boxes and $5.00 per M′ net measure for shook. Box plants located in cities with populations of less than 750,000 may add $5.00 per M′ net measure for assembled boxes and $3.50 per M′ net measure for shook except where delivery is made into a city of 750,000 or more in which the higher addition can be made. According to the 1940 census the following cities in the areas covered by this order are the only ones having a population in excess of 750,000: Baltimore, Boston, Chicago, Cleveland, Detroit, New York, Philadelphia and St. Louis.

SEC. 7. *Examples of use of pricing method—on shook and assembled boxes.* Two examples are set forth below to show how a box or shook would be priced under this order.

Example 1. Box No. 1 is a Style #4 T & G box 19⅜ x 11⅜ x 9½ with ¾″ S2S ends and ½″ sides, tops and bottoms and ⅜″ x 2¼″ cleats; order specifies 200 boxes with 1 impression on each of the sides.

Example 2. A Style #2 Box T & G 42 x 34 x 25, all ¾″ S2S material, ¾″ x 2¾″ cleats; order of 50 boxes, 4 corrugated fasteners in each end.

SEC. 8. *Assembled boxes made from purchased shook.* For the purpose of this order purchased shook shall include shook produced in one zone and delivered into a second zone even where production is from a plant having common ownership with the plant doing the assembly.

(a) The maximum price for assembled boxes made entirely from purchased shook shall be the lower of the following:

(1) The delivered price of the shook plus 5% plus the assembly charge for the zone in which the manufacturer is located. The difference between the shook and assembled box price in the same zone shall be considered the assembly charge. Manufacturers who purchase the same sized shook from several sources may use the average delivered price of shook delivered in one month to determine the price for the next month. In such an event adequate records must be maintained to show the calculations.

(2) The assembled box price for the area in which the manufacturer is located.

(b) The maximum price for assembled boxes made partially from purchased shook shall be calculated as follows:

(1) Calculate the base price of the assembled box as if all of the shook is purchased using procedure outlined in (a) above.

(2) Then calculate the base price of the box assuming all of the shook is self-produced.

(3) If the base price of the box made from purchased shook is higher than the base price from self-produced shook, then use the lower price.

(4) If the base price of the box made from purchased shook is lower, then determine the footage of the box made from purchased shook and the footage made from self-produced shook. Express these footages as a percentage of the total and multiply these percentages by the basic prices of the boxes made from purchased and self-produced shook.

For example, assume that the basic price of a box produced entirely from purchased shook would be $120 per M′; and the basic price of a box produced entirely from self-produced shook would be $130 per M′. The box contains 8′ net measure of which 2′ is purchased and 6′ is self-produced or in other words 25% is purchased and 75% is self produced. Then 25% × $120 plus 75% of $130 = $30 + $97.50 or $127.50 per M′ which would be the base to use.

SEC. 9. *Lock corner boxes.* The maximum prices of lock corner (or dove-tail boxes) covered by this order shall be computed the same as for regular boxes.

SEC. 10. *Discounts and allowances.* The maximum prices in this order include all commissions, discounts and allowances for resellers. The maximum prices must be reduced by all discounts or allowances customarily made by the seller. Wholesalers or jobbers cannot charge prices higher than the maximum computed by this order.

SEC. 11. *Other provisions.* The provisions of sections 10, 11, 12 and 13 of 2d Revised Maximum Price Regulation 195 shall apply to sales made under this order.

SEC. 12. *Other items or additions not covered by this order.* Any industrial wooden box or component part not specifically priced by this order shall remain subject to the provisions of 2d Revised Maximum Price Regulation 195. In other words, merely because an item, such as ammunition boxes or pallets, is not priced by this order, does not mean that these items are not covered by the regulation. For an item subject to this order any manufacturer desiring an addition or extra for an operation not listed may apply to the Building Materials Branch, Office of Price Administration, Washington, 25, D. C. for approval of such addition. The application must contain a complete description of the operation, the estimated cost, the requested extra charge, the October 1944 and March 1942 charge of this operation. Any requested addition not disapproved within 30 days shall be considered as approved. The Building Materials Branch, upon receipt of the application, may send to the manufacturer an acknowledgment of his request; after the acknowledgment has been received the manufacturer may ship and sell using his requested addition and any reduction in his requested addition shall not be retroactive but shall apply from the date the addition is reduced.

SEC. 13. For a period of thirty days after the effective date of this order any person may elect to sell at prices no higher than those heretofore properly computed and established under the regulation.

This order shall become effective September 4, 1945.

NOTE: All record-keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with Federal Reports Act of 1942.

Issued this 29th day of August 1945.

Administrator.

SECURITIES AND EXCHANGE COMMISSION.

[File Nos. 54-129, 59-80]

KINGS COUNTY LIGHTING CO. AND LONG ISLAND LIGHTING CO.

NOTICE OF FILING AND ORDER FOR HEARING; NOTICE OF AND ORDER INSTITUTING PROCEEDINGS AND FOR HEARING AND ORDER CONSOLIDATING SUCH PROCEEDINGS

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 27th day of August, A. D., 1945.

In the matter of Kings County Lighting Company, File No. 54-129; Kings County Lighting Company and Long Island Lighting Company, File No. 59-80. (Public Utility Holding Company Act of 1935.)

I. Notice is hereby given that Kings County Lighting Company ("Kings") a subsidiary of Long Island Lighting Company ("Long Island"), a registered holding company, has filed a plan for the revision of its capitalization pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("Act"). The stated purposes of the plan are to (a) arrange Kings' financial structure so that its dividend requirements will be brought into proper relation to its earning power, (b) effect a fair and equitable distribution of voting power among its security holders, and (c) reduce its capital so as to create a special reserve to be used for adjustments of its accounts.

All interested persons are referred to said plan, which is on file at the offices of this Commission for a full statement of the transactions and terms proposed therein, which may be summarized as follows:

Kings has outstanding $4,200,000 principal amount of 3⅛% First Mortgage Bonds due 1975; 17,871 shares of $100 par value Series B 7% cumulative preferred stock; 1,129 shares of $100 par value Series C 6% cumulative preferred stock; 25,000 shares of $100 par value Series D 5% cumulative preferred stock; and 50,000 shares of no par value common stock having a value for capital purposes of $40 per share. Long Island owns 48,868 shares (97.736%) of the common stock and no other securities of Kings. As of July 31, 1945, cumulative dividend arrearages on the preferred stocks aggregated $522,304.36, equivalent to $14.23 per share on the Series B 7% series, $12.20 per share on the Series C 6% series, and $10.16 per share on the Series D 5% series.

The plan proposes that Kings continue to have outstanding the $4,200,000 principal amount of 3⅛% First Mortgage Bonds due 1975, but that its capital structure be revised so that there will be outstanding 22,000 shares of $50 par value 4% cumulative preferred stock having an aggregate par value of $1,100,000, and 334,435.5 shares of no par value common stock (with a stated value of $10 per share) having an aggregate stated value of $3,344,355. In connection with such reduction in the capitalization, there will be created an unearned (capital) surplus of $1,955,645 which will be used solely for the purpose of making such adjustments in the accounts of Kings as may be specified by its Board of Directors and directed by the Public Service Commission of the State of New York with respect to depreciation and other reserves.

The plan provides that the holders of the presently outstanding shares of common and cumulative preferred stocks will, upon surrendering the certificates representing the shares held by them, receive the following in return for such surrendered certificates:

(1) For each share of common stock outstanding at present, ⅗ of one share of the new common stock,

(2) For each share of preferred stock outstanding at present, (a) ½ share of the new $50 par value 4% cumulative preferred stock, and (b) the following number of shares of new common stock:

For each share of 7% cumulative preferred stock: 7½ shs. of new common stock.

For each share of 6% cumulative preferred stock: 7 shares of new common stock.

For each share of 5% cumulative preferred stock: 6½ shs. of new common stock.

In accordance with the above, the present preferred shareholders would receive all of the 22,000 shares of the new $50 par value 4% cumulative preferred stock, and the 334,435.5 shares of new common stock will be distributed on the basis of 304,435.5 shares (or 91.03%) to the holders of the presently outstanding cumulative preferred stocks and the balance of 30,000 shares (or 8.97%) to the holders of the presently outstanding common stock. Long Island, as the present holder of 48,868 shares (or 97.736%) of common stock, would receive 29,320.8 shares (or 8.77%) of the new common stock.

No fractional shares of the new preferred and common stocks will be issued, but in lieu thereof non-dividend paying, non-voting scrip certificates will be issued. Such scrip certificates when combined with additional scrip certificates together equaling one or more full shares of the new preferred stock or new common stock will be exchangeable for full share certificates of such new stocks, as the case may be, together with any dividends which may have accrued thereon since the effective date of the plan. Such scrip certificates are to become null and void at the end of three years from the effective date of the plan.

Kings has requested that the order or orders of this Commission approving the plan, as filed or as modified, contain the recitals and other provisions necessary to meet the requirements of Supplement R of the Internal Revenue Code, as amended.

The plan will be submitted to the Public Service Commission of the State of New York for its consent and approval of certain changes in the Certificate of Incorporation of Kings, and for the issuance of the new preferred and common stocks.

The plan states that upon its approval, Kings will request this Commission to apply to a court of competent jurisdiction for an appropriate decree enforcing and carrying out the terms and provisions of the plan, or will submit the plan to a vote of stockholders entitled to vote thereon for approval thereof, as may be required.

The plan further provides that it will become effective upon the filing of a Certificate of Amendment to the company's Certificate of Incorporation in the office of the Secretary of State of the State of New York, and thereupon all rights, privileges and preferences of the presently outstanding preferred and common stocks, including the right to dividend arrearages, will cease and terminate, and the rights, privileges and preferences of the new preferred and common stocks will become effective.

II. The Commission having examined the corporate structure of Kings, a subsidiary of Long Island, a registered holding company, and the files and records of the Commission relating thereto, and such examination having disclosed data establishing, or tending to establish, that:

(1) Long Island is a holding company within the meaning of a section 2 (a) (7) of the act, having registered as a holding company on April 23, 1945.

(2) Kings is a corporation organized under the laws of the State of New York on May 25, 1904, and has its principal office in the Borough of Brooklyn, City and State of New York. It is a public-utility company, within the meaning of section 2 (a) (5) of the act, and is a subsidiary of Long Island. Kings is engaged in the manufacture, transmission, distribution and sale of manufactured gas for residential, commercial, industrial and other purposes within an area covering approximately 9½ square miles in the southwest portion of the Borough of Brooklyn, City and State of New York.

(3) On August 16, 1945, Kings issued and sold $4,200,000 principal amount of its 3⅛% First Mortgage Bonds due 1975 for a cash consideration of $4,269.720 and retired a like principal amount of a short-term promissory note.

(4) As at July 31, 1945, the gas utility plant of Kings, stated at original cost as determined by the Public Service Commission of the State of New York, amounted to $11,592,761.82. At the same date, the reserve for depreciation amounted to $1,594,616.02, or 13.8% of the gas utility plant. Thus the net gas utility plant, per books, amounted to $9,998,145.80.

(5) In an opinion dated May 22, 1945, the Public Service Commission of the State of New York stated that, as at March 31, 1945, there existed a deficiency in the reserve for depreciation of "appreciably more than $2,000,000".

(6) At July 31, 1945, Kings had outstanding 17,871 shares of $100 par value Series B 7% cumulative preferred stock; 1,129 shares of $100 par value Series C 6% cumulative preferred stock; 25,000 shares of $100 par value Series D 5% cumulative preferred stock; and 50,000 shares of no par value common stock, having a value for capital purposes of $40 per share.

(7) The last year in which full dividends on the cumulative preferred stocks were paid was 1941. As at July 31, 1945, the accumulated dividend arrearages on the preferred stocks aggregated $522,304.36, equivalent to $14.23 per share on the 7% series, $12.20 per share on the 6% series, and $10.16 per share on the 5% series.

(8) No dividends have been paid on the common stock since 1936.

(9) Long Island owns 48,868 shares, or 97.736%, of the common stock, and no other securities of Kings.

(10) As at July 31, 1945 the unearned (capital) surplus of Kings was stated at $8,930.43. At the same date, the earned surplus, as adjusted to reflect the transactions relating to the issuance of the First Mortgage Bonds due 1975, was $194,373.24.

(11) Set forth below is the capital structure, including surplus, of Kings, as at July 31, 1945, as adjusted to reflect the transactions relating to the issuance of the First Mortgage Bonds due 1975, and as further adjusted to give effect to (a) a deficiency in the reserve for depreciation of at least $2,000,000 as stated by the Public Service Commission of the State of New York, and (b) undeclared dividend arrearages of $522,304.36 on the cumulative preferred stocks.

( ) Denotes red figure.

(12) As indicated in paragraph 11 above, on the basis of the adjustments indicated therein, the common stock equity, as adjusted, reflects a deficiency of $319,001.

(13) As at July 31, 1945, the capital stock expense account was stated at $244,840.02. If this amount were eliminated, the adjusted deficiency in the common stock equity would be increased from $319,001 to $563,841.

(14) Other than the difference in the dividend rates, the 7%, 6% and 5% series of cumulative preferred stocks are alike, and all have a preference over the common stock to cumulative dividends, upon an equal and ratable basis, and, in the event of any liquidation or dissolution, whether voluntary or involuntary, have a preference, on an equal and ratable basis, over the common stock, to the extent of their par value, plus all accumulated and unpaid dividends. The cumulative preferred stocks are redeemable, in whole or in part, at 115% of the par value as to the 7% series, at 110% of the par value as to both the 6% series and 5% series; plus, in each case, all accumulated and unpaid dividends.

(15) Voting power in Kings is lodged exclusively in the common stock despite the accumulation of dividend arrearages on the preferred stocks, except that, as to the 6% and 7% series of preferred stock, the company cannot, without the affirmative vote of at least two-thirds of the outstanding shares of each class of such stock (a) issue any class of stock having any preference or priority as to dividends or assets, or (b) alter or amend their rights, so as to diminish or impair any preference or priority as to dividends or assets, or the redemption price or voting rights of such stocks.

III. It appears to the Commission on the basis of the facts set forth in Part I hereof and the allegations contained in Part II hereof that there are reasonable grounds to believe that voting power is unfairly and inequitably distributed among security holders of Kings in contravention of the provisions of section 11 (b) (2) of the act.

IV. It appearing to the Commission in the light of the allegations stated in Part II and Part III hereof that it is appropriate and in the public interest and in the interest of investors and consumers to institute proceedings with respect to Long Island and Kings under section 11 (b) (2) of the act in order to determine whether an appropriate order should be entered pursuant to said section; and

It further appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the plan filed by Kings pursuant to section 11 (e) of the act and that such plan should not be approved except pursuant to further order of the Commission, and that a hearing should be held with respect to the proceeding instituted herein by the Commission under section 11 (b) (2) of the act; and

It further appearing to the Commission that the said proceedings involve common questions of law and fact and that evidence adduced in one proceeding may have a bearing upon the issues presented in the other proceeding; and that a substantial saving of time and expense will result if the proceedings are consolidated:

It is hereby ordered, That proceedings be and the same hereby are instituted under section 11 (b) (2) of the act directed to Long Island and Kings and that such proceedings be consolidated with the proceedings with respect to the plan herein filed pursuant to section 11 (e) and that a hearing on such consolidated proceedings under the applicable provisions of the said act and the rules and regulations of the Commission promulgated thereunder be held on the 25th day of September at 11:00 a. m., e. w. t., at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such day the hearing room clerk will advise as to the room where such hearing will be held. Any person desiring to be heard or otherwise wishing to participate therein shall notify the Commission to that effect in the manner provided in Rule XVII of the Commission's Rules of Practice on or before September 22, 1945.

It is further ordered, That William W. Swift, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearing in such matter. The officer so designated to preside at the hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act, and to a trial examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues presented by the proceedings, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether the plan as proposed, or as modified, is necessary to effectuate the applicable provisions of section 11 (b) of the act.

(2) Whether the treatment proposed to be accorded to the various persons affected by the plan is in all respects fair and equitable.

(3) Whether the issuance by Kings of the new preferred stock and new common stock conforms to the standards and requirements of the applicable provisions of the act.

(4) Whether the proposed reduction in the stated and par values of the capital stocks of Kings, and the creation of unearned (capital) surplus in connection therewith, satisfy the applicable standards of the act.

(5) The propriety of the proposed accounting treatment on the books of Kings.

(6) Whether the plan should be modified to include a provision for the payment by Kings of such expenses, fees and remuneration in connection with the plan or the proceedings with respect thereto as the Commission may determine, award, or allow.

(7) Whether the provision relating to the alternative proposal of requesting the Commission to enforce the plan in a court of competent jurisdiction or of submitting the plan to a vote of stockholders is in all respects appropriate.

(8) Generally, whether the proposed transactions in connection with the plan are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the act and rules thereunder and, if not, what modification should be required to be made therein and what terms and conditions should be imposed to satisfy the statutory standards.

(9) Whether the allegations contained in Parts II and III hereof are true and correct.

(10) Whether voting power is unfairly and inequitably distributed among the security holders of Kings in contravention of section 11 (b) (2) of the act, and, if so, what steps should be required of Long Island and Kings to distribute fairly and equitably voting power among such security holders.

It is further ordered, That notice of said hearing is hereby given to Kings, to Long Island, to the Public Service Commission of the State of New York, to the Secretary of State of the State of New York, and to all other interested persons, said notice to be given to Kings, to Long Island, to the Public Service Commission of the State of New York, and to the Secretary of State of the State of New York by registered mail, and to all other persons by a general release of this Commission which shall be distributed to the press and mailed to all persons on the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and by publication of this notice and order in the FEDERAL REGISTER; and

It is further ordered, That Kings give notice of said hearing to each of its holders of record of its common and preferred stocks (insofar as the identity of such security holders is available or known to Kings) by mailing postage prepaid to each such security holder to his last known address, a copy of this notice and order, together with a copy of the plan, at least fifteen (15) days prior to the date of said hearing.

It is further ordered, That jurisdiction be and is hereby reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues or questions which may arise in these proceedings, and to take such other action as may appear necessary to the orderly and economical disposition of the issues involved.

By the Commission.

NORTHERN NEW ENGLAND CO. AND NEW ENGLAND PUBLIC SERVICE CO.

ORDER POSTPONING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 28th day of August, A. D. 1945.

The Commission having, by order dated July 27, 1944, designated August 9, 1945 as the date for reconvening the above entitled proceedings at the Philadelphia office of the Commission for the purpose of adducing evidence with respect to an amendment filed on July 16, 1945 by New England Public Service Company to its amended plan of reorganization and with respect to an application filed on the same date for an order pursuant to the applicable provisions of the Internal Revenue Code, as amended, regarding the sale by New England Public Service Company of its interests in New England Industries, Inc., Keyes Fibre Company and Bucksport Water Company; and

The Commission having, on August 2, 1945, ordered that the hearing in this matter be reconvened at the Boston Regional office of the Commission, Room 426, Shawmut Bank Building, Boston 9, Massachusetts, on the same date and before the trial examiner heretofore designated, without prejudice, however, to the right of the Commission or the Trial Examiner to reconvene the hearing in Philadelphia or elsewhere after August 9, 1945; and

Hearings having been held from time to time in Boston, Massachusetts, and the trial examiner, having on August 23, 1945, directed that the hearings be reconvened on August 29, 1945 at the Philadelphia office of the Commission; and

New England Public Service Company having requested that the hearings in this matter be postponed to September 7, 1945; and

The Commission deeming it appropriate under the circumstances that the request for postponement of the hearings be granted;

It is ordered, That the hearings in this matter, previously scheduled to reconvene on August 29, 1945 at 10:00 a. m., e. w. t. at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, be and hereby are postponed to September 7, 1945 at the same hour and place and before the Trial Examiner heretofore designated.

By the Commission.

PENNSYLVANIA POWER AND LIGHT CO., ET AL

NOTICE OF FILINGS AND ORDER FOR HEARING; ORDER CONSOLIDATING PROCEEDINGS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 27th day of August, A. D. 1945.

In the matter of Pennsylvania Power & Light Company, National Power & Light Company, and Electric Bond and Share Company, File No. 59-29; Pennsylvania Power & Light Company, National Power & Light Company, and Electric Bond and Share Company, File No. 54-128; Electric Bond and Share Company, National Power & Light Company, et al., File No. 59-12; Electric Bond and Share Company, National Power & Light Company, Pennsylvania Power & Light Company, et al., File No. 54-51, Application 10.

The Commission having, on August 23, 1941, entered an order pursuant to section 11 (b) (2) of the Public Utility Holding Company Act of 1935 requiring that the existence of National Power & Light Company ("National"), a registered holding company, be terminated, and that said company be dissolved, and that National and Electric Bond and Share Company ("Bond and Share"), the corporate parent of National and also a registered holding company, proceed with due diligence to submit to the Commission a plan or plans for the prompt dissolution of National Power & Light Company pursuant to section 11 (b) (2) of the act; and

The Commission, having entered an order on July 25, 1941, instituting proceedings pursuant to sections 11 (b) (2), 12 (c) and 15 (f) (File No. 59-29) directed to Pennsylvania Power & Light Company raising, inter alia, the question of the steps, if any, which must be taken to revise the capital structure of that company so as to fairly and equitably redistribute voting power among its security holders; and

The Commission, having entered an interim order in such proceeding prohibiting the declaration or payment of any further dividends on the common stock of Pennsylvania in excess of [illegible] of the net earnings available for such common stock without further order of this Commission; and

National, having filed an application for approval of a "Plan Dated as of May 7, 1942 for Compliance with section 11 (b) of the Public Utility Holding Company Act of 1935" (File No. 54-51, which plan and amendments thereto outlined a program for the dissolution of National and proposed, among other things, such revisions and adjustments in the accounts and capital structure of Pennsylvania "as may be deemed necessary" and the employment of any cash available for that purpose; and

Pennsylvania thereafter having been ordered by the Federal Power Commission and by the Pennsylvania Public Utility Commission to dispose immediately of $39,606,654.15 of items classified by the company in Account 100.5 by charges of $1,308,436.23 to Contributions in Aid of Construction, $3,498,000 to Reserve for Depreciation, $5,637,893.31 to Earned Surplus, $3,232,203.60 to Capital Surplus (if made available for that purpose) and by the amortization of the remaining balance in the amount of $25,930,121.01 over a period of 15 years; and having been directed by said regulatory bodies to dispose of $12,551,418.39 of items classified in Account 107, by charges of $1,846,486.77 to Reserve for Depreciation, $2,154,417.33 to Capital Stock Expense, $69,556.56 to Discount on Capital Stock, and $8,480,957.73 to Capital Surplus (if made available for that purpose):

Notice is hereby given that Bond and Share, National, and Pennsylvania have filed joint applications and declarations (designated herein as File No. 54-128 and Application 10, Part A of File No. 54-51) pursuant to the applicable sections of the act, and the rules and regulations of the Commission promulgated thereunder. All interested persons are referred to said documents, which are on file in the office of this Commission for a statement of the transactions therein proposed, which may be summarized as follows:

(1) National proposes to enable Pennsylvania to comply with the orders of the Federal Power Commission and the Pennsylvania Public Utilities Commission by contributing for cancellation 1,197,062 shares of its present holdings of 1,879,075 shares (being all but 20 shares of the total outstanding) of Pennsylvania common stock and by causing an accompanying net reduction of $11,288,161.33 in the stated value for such common stock for the purpose of creating capital surplus in that amount. National also proposes to cause the creation of additional capital surplus in the amount of $425,000 by contributing to Pennsylvania all of the outstanding shares of the capital stock of The Edison Illuminating Company of Easton, which shares Pennsylvania has contracted to sell, when received, to Metropolitan Edison Company at a purchase price of approximately $425,000.

(2) Pennsylvania then proposes to effect the accounting adjustments necessary to comply with the orders of the Federal Power Commission and the Pennsylvania Public Utilities Commission utilizing therein capital surplus to be created as above in the aggregate amount of $11,713,161.33 and earned surplus in the amount of $5,637,893.31.

(3) National then proposes to increase the common equity in Pennsylvania by causing Pennsylvania to give National the right to subscribe to 1,818,700 shares of new common stock of Pennsylvania at $10 per share. National will then offer to the holders of its own common stock (outstanding in the amount of 5,456,100 shares) the right to subscribe (for a limited period) to ⅓ of a share of the common stock of Pennsylvania for each share held of the common stock of National. The proceeds to Pennsylvania from the exercise of such rights will aggregate approximately $18,187,000. Bond and Share, as the holder of 2,540,450 shares (46.56%) of the common stock of National, has agreed, subject to the completion of the preferred stock exchange program described hereinafter, to subscribe for its proportionate share of such common stock and National has agreed to furnish subscriptions for any shares not subscribed by holders of its common stock other than Bond and Share.

(4) Pennsylvania then proposes (a) to increase the stated value for 604,392 shares of outstanding preferred stock from $58,941,836.39 to $60,439,200, the liquidating value thereof, by transfer of $1,497,363.66 from earned surplus; (b) to convert the present 710,608 shares of authorized but unissued cumulative preferred stock without par value to 440,000 shares of cumulative preferred stock having a par value of $100 per share; (c) to offer to exchange such 440,000 shares of cumulative preferred stock for a like number of shares of $7, $6 and $5 cumulative preferred stock now outstanding, the dividend rate thereon to be designated in the exchange offer; (d) to redeem, for cancellation, at the call price of $110 per share plus accrued dividends the remaining 164,390.38 shares of such $7, $6 and $5 cumulative preferred stock outstanding and to cancel 1.62 shares held in the treasury as reacquired securities, utilizing for such redemption $18,082,942; (e) to dispose of the pro forma balance in the capital stock discount and expense account in the amount of $2,223,973.89 by a charge to earned surplus; and (f) to amend the charter of the company in certain respects so as to give the preferred stockholders special voting rights in the event of specified dividend defaults and in the event of certain corporate actions and so as to place certain limitations on the payment of common stock dividends.

(5) Pennsylvania then proposes to issue and sell at public sale, pursuant to the competitive bidding provisions of Rule U-50, $93,000,000 principal amount of First Mortgage Thirty-Year Bonds, and $27,000,000 principal amount Twenty-Year Sinking Fund Debentures maturing October, 1965, the bid or bids for such bonds and debentures to fix the interest rate and the price to be paid to the company. The company will also issue and sell at private sale $5,720,000 principal amount of Serial Notes to banks. The proceeds from the sale of such bonds, debentures, and serial notes are to be applied, together with treasury cash, to the redemption of $93,820,000 principal amount of First Mortgage Bonds, 3½% Series, due 1969, $28,500,000 principal amount of 4½% Debentures, due 1974, and $3,400,000 principal amount of 2⅝% Serial Notes, all at the redemption price thereof plus accrued interest to the date of redemption.

Notice is also given that National has filed applications and declarations (designated herein as Parts B, C, D, E, and F, of Application 10) pursuant to the applicable sections of the act and the rules and regulations of the Commission promulgated thereunder proposing therein a program for its dissolution and the liquidation of its remaining assets. All persons are referred to said documents, which are on file in the office of this Commission, for a statement of the transactions therein proposed which may be summarized as follows:

Part B. National proposes to recapitalize Lehigh Valley Transit Company ("Transit"), a subsidiary engaged in interurban railway and bus transportation and owning certain utility property in Allentown, Pennsylvania, and adjacent communities, such recapitalization to result in "Transit" having outstanding only one class of stock in addition to its outstanding bonds, substantially all of which stock will be held by National. The details of said plan of recapitalization are to be supplied by amendment.

Part C. National proposes to dispose of its interest in Memphis Generating Company ("Memphis"), a subsidiary of National owning utility assets consisting of a generating station and certain related equipment in Memphis, Tennessee, and its environs and owning the common stock of Memphis Street Railway Company. The details of such disposition will be supplied by amendment.

Part D. National proposes to distribute to the former stockholders of Tennessee Public Service Company, the assets of which were taken over and the liabilities of which were assumed by National, the remainder of such assets remaining in the hands of National after liquidation of such liabilities. The details of such distribution will be supplied by amendment.

Part E. National proposes a plan, pursuant to section 11 (e) of the act, for the compromise, settlement, and discharge of various claims involving Bond and Share and its wholly-owned service company subsidiaries, Ebasco Services, Incorporated, and Phoenix Engineering Corporation on the one hand, and National, its subsidiaries, and certain of its former subsidiaries on the other hand. Said plan is joined in by Bond and Share and by the subsidiaries of National and certain of its former subsidiaries with respect to the taking of all action necessary on their part to carry out the transactions. National requests that, if the plan is approved, the Commission apply to an appropriate Federal Court for an order enforcing such plan. The details of the plan are to be supplied by amendment.

Part F. National proposes to distribute to, or dispose of for the benefit of, its common stockholders its then remaining assets and to dissolve and terminate its corporate existence. The details of such final distribution and dissolution are to be supplied by amendment.

It appearing to the Commission that the proceedings herein directed to the dissolution of National Power & Light Company (File No. 59-12), the above mentioned proceedings directed to Pennsylvania Power & Light Company (File

No. 59–29), the plan of dissolution of National Power & Light Company (File No. 54–51), and the plan of recapitalization of Pennsylvania Power & Light Company (File No. 54–128) involve common questions of law and fact and that said proceedings should be consolidated:

It is ordered, That the proceedings entitled "Electric Bond and Share Company, et al., File No. 59–12", "Pennsylvania Power & Light Company, et al., File No. 59–29", "National Power & Light Company, File No. 54–51", and "Pennsylvania Power & Light Company, et al., File No. 54–128" be, and the same hereby are, consolidated and that any relevant evidence adduced in the said proceedings instituted by the Commission pursuant to section 11 (b) of the act shall be incorporated in and be deemed to be a part of the record in the proceedings in File No. 54–51 and File No. 54–128, without prejudice, however, to the Commission's right, upon its own motion or the motion of any interested party, to strike such portions of the record in the proceedings pursuant to section 11 (b) as may be deemed irrelevant to the issues raised with respect to the proposed plans.

It is further ordered, That a hearing be held on the 17th day of September, 1945 at 10:00 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room where such hearing will be held.

Any person desiring to be heard at said hearing or otherwise wishing to participate therein shall file with the Secretary of the Commission on or before September 15, 1945, his request or application therefor as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That Robert T. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the rules of practice of the Commission.

It is further ordered, That the hearing to be convened on September 17, 1945 shall be confined to a consideration of the plan of recapitalization for Pennsylvania and applications incident thereto filed by National and Bond and Share. At such times as the proposed amendments are filed with respect to Parts B, C, D, E, and F, of National's Application 10, hearings will be reconvened and appropriate notice thereof will be duly given.

It is further ordered, That, without limiting the scope of the issues presented in the consolidated proceedings, particular attention will be directed at the hearing to be held on September 17, 1945 to the following matters and questions:

(1) Whether the proposed issue and sale of common stock, preferred stock, bonds, debentures, and serial notes by Pennsylvania is solely for the purpose of financing the business in which it is engaged;

(2) What terms and conditions, if any, are required in respect of the proposed issuance and sale of the securities in the public interest or in the interest of investors and consumers;

(3) Whether, upon consummation of the proposed transactions, it is appropriate in the public interest to rescind or modify any orders of the Commission prohibiting or restricting the declaration or payment by Pennsylvania of dividends on the common stock of Pennsylvania;

(4) Whether, upon consummation of the proposed transactions, it is appropriate to terminate the proceeding instituted by the order of the Commission dated July 25, 1941 directed to Pennsylvania, National, and Bond and Share (File No. 59–29);

(5) Whether the proposed offer by Pennsylvania to National of the right to subscribe to additional shares of Pennsylvania common stock upon payment of $10 per share and the reoffering by National of such rights to National's common stockholders on a pro-rata basis, together with National's undertaking to furnish subscriptions for any shares not subscribed for by holders of its common stock other than Bond and Share, are in accordance with the applicable sections of the Act and fair and equitable to the persons affected thereby.

(6) Whether the proposed transactions constitute steps in compliance with the order of the Commission dated August 23, 1941 issued pursuant to section 11 (b) (2) of the act directing the dissolution of National:

(7) Whether, in general, the proposed transactions, as submitted or as hereafter modified, are necessary to effectuate the provisions of section 11 (b) of the act and are fair and equitable to the persons affected thereby.

(8) Whether the fees and expenses proposed to be paid in connection with the transactions are for necessary services and are reasonable in amount.

(9) Whether the accounting entries in connection with the proposed transactions are in conformity with the standards of the act and the rules promulgated thereunder.

(10) Generally, whether the proposed transactions are in all respects in the public interest and in the interests of investors and consumers and consistent with all applicable requirements of the act and rules thereunder.

It is further ordered, That jurisdiction be reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions or matters herein set forth or which may arise in these proceedings or to consolidate with these proceedings other filings or matters pertaining to the subject matter of these proceedings, and to take such other action as may appear conducive to an orderly, prompt, and economical disposition of the matters involved; and

It is further ordered, That notice of this hearing be given to Bond and Share, National, Pennsylvania, and to all other persons, said notice to be given by registered mail to Bond and Share, National, Pennsylvania, and to all other persons previously granted intervention or participation in any of the proceedings consolidated herein, and to all other persons by publication in the FEDERAL REGISTER; and

It is further ordered, That National shall give notice of this hearing to all its security holders (insofar as the identity of such security holders is known or available to it) by mailing to each of said persons a copy of this notice and order for hearing at his last known address at least 10 days prior to the date of this hearing.

By the Commission.

ASSOCIATED ELECTRIC CO. AND MISSOURI SOUTHERN PUBLIC SERVICE CO.

ORDER MODIFYING CONDITION AND GRANTING EXTENSION OF TIME

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 27th day of August 1945.

Associated Electric Company, a registered holding company, and its wholly-owned subsidiary, Missouri Southern Public Service Company, having filed joint applications-declarations, as amended, pursuant to sections 9 (a), 10, and 12 of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder, regarding the proposed sale by Missouri Southern Public Service Company of all its physical properties to New-Mac Electric Cooperative, Inc., for a base cash consideration of $170,000; the subsequent transfer by Missouri Southern Public Service Company of 40 shares of capital stock of Atlantic Utility Service Corporation and its other then remaining assets, subject to its liabilities, to Associated Electric Company, and the surrender to Missouri Southern Public Service Company of all its capital stock and indebtedness held by Associated Electric Company; and the dissolution of Missouri Southern Public Service Company; and

The Commission having by order dated September 4, 1944, granted the applications, as amended, and permitted the declarations, as amended, to become effective, subject to the terms and conditions prescribed in Rule U–24; and the Commission having by subsequent orders extended the time within which the transactions may be consummated to September 1, 1945; and

A request having been made that the time within which the transactions as set forth in the applications-declarations, as amended, be further extended; and

The Commission having considered such request and deeming it appropriate that it be granted:

It is ordered, That conditions contained in said order of September 4, 1944 be, and hereby are, modified to the extent necessary to extend the time within which such transactions may be consummated to November 1, 1945.

By the Commission.

INDIANA GAS UTILITIES CO. AND ASSOCIATED ELECTRIC CO.

ORDER GRANTING EXTENSION OF TIME

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 27th day of August, A. D. 1945.

Associated Electric Company ("Aelec"), a registered holding company, and its wholly-owned subsidiary, Indiana Gas Utilities Company ("Utilities"), having filed an application-declaration, pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935, concerning the acquisition by Aelec of all the assets of Utilities, subject to its existing liabilities, upon the surrender by Aelec, for cancellation, of all the outstanding shares of capital stock of, and claims against, and the subsequent dissolution of, Utilities; and

The Commission having, on March 9, 1944, after notice and hearing, filed its memorandum opinion and order (Holding Company Act Release No. 4934) granting the application and permitting the declaration to become effective; and

The Commission having, by orders dated June 22, August 29, and December 27, 1944, February 26, April 25, and June 21, 1945, upon the request of applicants-declarants, extended the time for consummating said transaction to and including August 28, 1945; and

Applicants-declarants having, on August 18, 1945, advised the Commission that the parties have been unable to consummate the transaction proposed in said application-declaration within such time, and having requested that the time for such consummation be extended to and including October 28, 1945; and

It appearing to the Commission that it is appropriate in the public interest and the interest of investors to grant said request;

It is ordered, That the time for consummating said transaction be, and hereby is, extended to and including October 28, 1945.

By the Commission.

PIONEER SECURITIES CORP.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 28th day of August, A. D. 1945.

The Commission having reasonable cause to believe that Pioneer Securities Corporation, a registered investment company, has been adjudicated a bankrupt and has ceased to do business and that its assets have been liquidated;

It is ordered, Pursuant to section 40 (a) of said act, that a hearing be held on September 7, 1945, at 10:00 a. m., e. w. t., in Room 318 of the Securities and Exchange Commission Building, 18th and Locust Streets, Philadelphia, Pennsylvania, to determine whether the Commission shall declare by order, pursuant to section 8 (f) of said act, that Pioneer Securities Corporation has ceased to be an investment company; and

It is further ordered, That Charles S. Lobingier, Esquire, or any other officer or officers of the Commission designated by it for that purpose, shall exercise all powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to trial examiners under the Commission's rules of practice.

Notice of such hearing is hereby given to Pioneer Securities Corporation and to any other persons whose participation in such proceedings may be in the public interest or for the protection of investors.

WAR PRODUCTION BOARD.

[C–416]

BRUNSWICK AUTO SUPPLY CO.

CONSENT ORDER

Irving Gerber and Morris Gerber are co-partners doing business as Brunswick Auto Supply Company, 380 Blue Hill Avenue, Boston, Massachusetts, engaged in the wholesale distribution of automobile parts and supplies. They are charged by the War Production Board with having violated War Production Board Priorities Regulation 3 in the following respects:

1. That during the year 1944 they received authorizations to purchase 85 hydraulic automotive jacks at a total cost of $665.00 and apply AA–3 ratings therefor. They actually used said authorizations and ratings during the year 1944 to purchase 1,300 automotive bumper jacks at a total cost of $1,235.00.

2. That during the period between January 1, 1945 and March 2, 1945, they applied preference ratings to orders for materials and supplies costing $1,404.70, without authority.

Irving Gerber and Morris Gerber admit the violations as charged but deny that they were wilful and do not desire to contest the issue of wilfulness

Wherefore, upon the agreement and consent of said Irving Gerber and Morris Gerber, doing business as Brunswick Auto Supply Company, the Regional Compliance Chief and the Regional Attorney, and upon the approval of the Compliance Commissioner: *It is hereby ordered*, That:

(a) For a period of 90 days from the effective date of this order, Irving Gerber and Morris Gerber shall not apply or extend any preference rating or use any CMP allotment symbols regardless of the delivery date named on any purchase order to which such ratings may be applied or extended or on which CMP allotment symbols are used unless hereafter specifically authorized in writing by the War Production Board.

(b) Irving Gerber and Morris Gerber shall forthwith cancel all preference ratings which they have applied or extended to orders for materials and all CMP allotment symbols which they have used on orders for materials.

(c) Nothing contained in this order shall prohibit Irving Gerber and Morris Gerber from extending proper preference ratings and using proper CMP allotment symbols to fill defense orders as defined in War Production Board Priorities Regulation No. 1.

(d) Nothing contained in this order shall be deemed to relieve Irving Gerber and Morris Gerber from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(e) The restrictions and prohibitions contained herein shall apply to Irving Gerber and Morris Gerber, doing business as Brunswick Auto Supply Company, their successors or assigns, or persons acting on their behalf. Prohibitions against the taking of any action include

the taking indirectly as well as directly of any such action.

Issued this 28th day of August 1945.

RADIANT MFG. CORP.

CONSENT ORDER

Radiant Manufacturing Corporation, located at 1140-46 West Superior Street, Chicago, Illinois, an Illinois corporation, is a manufacturer of projection screens and accessories pertaining thereto. The corporation is charged by the War Production Board with the following violations: (1) that the corporation during the year 1944 put into process in the production of restricted photographic equipment, restricted photographic accessories or parts for such equipment or accessories, to fill other than preferred orders, 97,617 pounds of critical materials in excess of the number of pounds of critical materials it was permitted to put into process in the production of aforesaid restricted items; (2) that during the year 1944, the corporation produced 6,980 projection screens, 2,606 light stands and 3,443 light bars for other than preferred orders, in excess of the quotas specifically approved by the War Production Board on Form WPB-3038; (3) that during the year 1944, the corporation delivered approximately 35 tripods and 9,674 projection screens in fulfillment of other than preferred orders, and such deliveries were not within any of the exceptions of paragraph (e) of Limitation Order L-267. The three violations hereinabove mentioned constituted violations of Limitation Order L-267; (4) the corporation has failed to maintained accurate and complete records, as required by Priorities Regulation No. 1. The said Radiant Manufacturing Corporation admits the violations as charged, and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of the Radiant Manufacturing Corporation; of John C. Baker, Regional Manager, Compliance Division; of James R. Bryant, Regional Counsel; and upon the approval of Palmer D. Edmunds, Compliance Commissioner, *It is hereby ordered*, That:

(a) Radiant Manufacturing Corporation shall not, for a period of four months from the effective date of this order, apply or extend any preference ratings, regardless of the delivery date named in any purchase order to which such ratings may be applied or extended, nor shall it obtain any material under the provisions of paragraph (d) (4) (iii) of CMP Regulation No. 4. The provisions of this paragraph shall not apply to the use of ratings by Radiant Manufacturing Corporation to obtain deliveries of materials required to fill any purchase order or contract for the account of the Army Aircraft Resources Control Office, Navy, Veterans' Administration, Coast Guard, Marine Corps, Maritime Commission, Office of Strategic Service, or armed forces of foreign governments allied to the United States, or any order stating on its face that the products ordered are for eventual delivery to one of those organizations.

(b) Nothing contained in this order shall be deemed to relieve the said Radiant Manufacturing Corporation, its successors or assigns, or persons acting in its behalf, from any restriction, prohibition, or provision contained in any order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(c) The restrictions and prohibitions contained herein shall apply to Radiant Manufacturing Corporation, its successors or assigns, or persons acting in its behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

(d) This order shall take effect as of the date of issuance.

Issued this 28th day of August 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-895]

GILBERTON CO., PHILIP SPARACINO, ISLAND PUBLISHING CO., INC., EUGENE BLUMENTHAL, AND HOWARD CUMMINGS

Albert L. Kanter, Rose E. Kanter, Raymond N. Haas and Myer Levy, partners doing business under the trade name of Gilberton Company, are engaged in the business of publishing comic magazines at 510 6th Avenue, New York City. Among the magazines they publish is Classic Comics, a title which they own. Philip Sparacino with offices at 24 Eldridge Avenue, Hempstead, Long Island, New York, is the owner and publisher of Long Island Independent and Nassau Bulletin, suburban weekly newspapers, Island Publishing Co., Inc. is a corporation wholly owned by Eugene Blumenthal with offices at 351 W. Olive Street, Long Beach, Long Island, New York and is engaged in publishing Long Beach Life, a suburban weekly newspaper. Howard Cummings with offices at 235 Braddock Avenue, Queens Village, Long Island, New York, is the owner and publisher of Queens County Times, Queens Home News, Sunrise Times and Richmond Hill Courier, suburban weekly newspapers.

At the close of 1943, Gilberton Company had exceeded its permissible quota of paper for the publishing of Classic Comics, by approximately 96 tons. Sparacino, Blumenthal and Cummings, who had no quotas for the publishing of magazines under Limitation Order L-244, contracted with Gilberton Company to publish reprints of Classic Comics to the extent of 90 tons annually for each of the newspapers published by each of them respectively, or 630 tons of newsprint for the seven newspapers. Pursuant to this agreement, Gilberton Company arranged for the purchase of newsprint and the printing and distribution of Classic Comics, and performed all of the functions of publisher, assuming the ultimate risk of the publishing venture. However, Sparacino, Blumenthal and Cummings lent the names of their newspapers, probably representing them to be the publishers of the various reprints of Classic Comics printed and published during the year 1944, and received financial benefits from the use of newsprint used to print and publish Classic Comics in violation of Limitation Order L-244. During the year 1944, Philip Sparacino thus caused to be used illegally 180.779 tons of newsprint; Island Publishing Co., Inc. and Eugene Blumenthal thus caused to be used illegally a total of 89.845 tons; and Howard Cummings thus caused to be used illegally a total of 350.874 tons of newsprint.

Sparacino, Blumenthal and Cummings also failed to furnish the printer with the certification required by Order L-244 but instead furnished certificates referring to Order L-241.

The Gilberton Company, through its individual partners and through Eugene Blumenthal, Island Publishing Company, Inc., Philip Sparacino and Howard Cummings and each of them individually, violated one or the other of Limitation Orders L-240, L-241, L-244, and Priorities Regulation 7A. Their actions were willful and resulted in the diversion of critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.895 *Suspension Order No. S-895.* (a) Albert L. Kanter, Rose E. Kanter, Raymond N. Haas, and Myer Levy, partners, doing business as Gilberton Company, Philip Sparacino, Island Publishing Co., Inc., and Eugene Blumenthal, and Howard Cummings, their respective publications, their successors, assigns, and persons or corporations acting for or on behalf of any of them, shall not use or cause to be used any newsprint for the printing or publishing of magazines, newspapers, periodicals or books so long as the allocation of such newsprint or paper is governed and controlled by any order or regulation of the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Albert L. Kanter, Rose E. Kanter, Raymond N. Haas, and Myer Levy, partners, doing business as Gilberton Company, Philip Sparacino, Island Publishing Co., Inc., and Eugene Blumenthal, and Howard Cummings, their respective publications, their successors, assigns, persons or corporations acting for or on behalf of any of them, from any restriction, prohibition contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on the 29th day of August 1945.

Issued this 22d day of August 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-898]

JOHN THOMAS AND HAROLD AMUNDSON

John Thomas of 1933 1st Avenue, Seattle, Washington was authorized by the War Production Board on March 15, 1945 to construct a six room three-bedroom house without garage at 3419 West 67th Street, Seattle, Washington, at an estimated cost of $8000.00, incorporating therein 15,000 board feet of lumber, of which no more than 6500 board feet were to be new dimension lumber. Thereafter John Thomas and Harold Amundson of 5100 Shilshole Avenue, Seattle, Washington, his building contractor, commenced construction at that address of a six room house with attached garage at an estimated cost of about $15,000, and ordered and accepted delivery therefor approximately 33,187 board feet of new lumber, of which 21,279 board feet was dimension and 11,908 board feet was board lumber. The carrying on of such construction at a cost in excess of the amount authorized by the War Production Board constituted a violation of Conservation Order L-41.

This violation has diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.898 *Suspension Order No. S-898.* (a) Neither John Thomas nor Harold Amundson, their successors or assigns, nor any other person, shall do any construction on the house or garage at 3419 West 67th Street, Seattle, Washington, including putting up or altering the structures, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve John Thomas or Harold Amundson, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 29th day of August 1945.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 27, Interpretation 2]

The following interpretation is issued with respect to Priorities Regulation 27:

Priorities Regulation 27 provides that under certain conditions manufacturers who need small amounts of materials may use the AA-4 rating and Z-3 allotment symbol on orders calling for delivery of controlled materials and other production materials up to December 31, 1945.

In view of the provisions of Priorities Regulation 29, which invalidate all AA ratings and allotment symbols after September 30, 1945, the rating and allotment symbol assigned in Priorities Regulation 27 will not be valid on orders calling for delivery after that date.

Any person operating under Priorities Regulation 27, who needs priorities assistance on orders calling for delivery of production materials after September 30, 1945, may apply for priorities assistance under the rules stated in Priorities Regulation 28, if he can meet the conditions stated in Priorities Regulation 28.

Issued this 30th day of August 1945.

PART 984—LEAD

[General Preference Order M–38, as Amended Aug. 30, 1945]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of lead for defense for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 984.1 *General Preference Order M–38*—(a) *Scope of the order.* This order controls generally the use of lead and lead products. Lead and lead products may be used only for the items and purposes set forth in the order. Other restrictions may also be found in other orders of the War Production Board relating to particular articles or parts. In such case the more restrictive provision governs. In no case shall any person use, purchase, sell, deliver or accept delivery of any lead in violation of this order.

(b) *Definitions.* For the purpose of this order:

(1) "Lead" means metallic lead, including any alloy containing 50% or more by weight of metallic lead. It includes soft and antimonial lead produced from foreign or domestic ores, scrap, drosses, or other lead bearing material, as well as scrap lead and alloys in which the lead content is 50% or more by weight.

(2) "Lead product" means lead in the form of sheet, pipe, ingot, castings, and foil.

(3) "Refiner" means any person who produces lead in refinery shapes, and includes any person who has such lead produced for him under toll agreement.

(4) "Dealer" means any person who procures lead either by importing or from domestic sources for sale or resale without change in form, whether or not such person receives title to or physical delivery of the material, and includes selling agents, warehousemen, and brokers.

(5) "Military order" means a specific contract or sub-contract necessitating the use of lead or lead products in the manufacture of any product, or any component to be physically incorporated into such products, produced for or for the account of the Army or Navy of the United States, Maritime Commission, War Shipping Administration, Veterans Administration or Office of Scientific Research and Development.

(6) "Implement of war" means combat end products, complete for tactical operations (including, but not limited to, aircraft, ammunition, armaments, weapons, ships, tanks, military vehicles and radio and radar equipment), and any parts, assemblies or materials to be incorporated in any of the foregoing items. This term does not include facilities or equipment used to manufacture the foregoing items.

(7) "Use" means to melt, form or alloy lead for introduction into an end product or a component thereof.

(8) "Item" means any article or component thereof.

(c) *Prohibitions on use.* On and after April 1, 1945, no person shall use lead or lead products except for the items and purposes and subject to the qualifications set forth in List I of this order, and then only to the extent necessary to meet applicable specifications or for the proper service performance of the end product or where the use of any less critical material is impracticable or when satisfactory substitutes are prohibited in other War Production Board orders.

(d) *Special directions.* The War Production Board may at any time issue special directions to any person respecting the production, distribution, delivery, or acceptance of delivery of lead.

(e) *Lead from Metals Reserve Company.* Any person unable to obtain pig lead from the regular sources of supply and wishing to procure pig lead from the Metals Reserve Company must make application in writing to the War Production Board on Form WPB–95, not later than the 20th of the month preceding that of shipment.

(f) *Inventory restrictions.* No person shall knowingly deliver to any person and no person shall accept delivery of any quantity of pig lead if the total inventory of pig lead in the hands of the person accepting delivery is, or by virtue of the acceptance will become, in excess of his reasonable anticipated requirements for permissible uses in the next 45 days (except where a minimum carload quantity requested by Office of Defense Transportation exceeds these restrictions). The restrictions of this paragraph do not apply to a refiner, dealer, or scrap dealer.

(g) [Deleted May 1, 1945]

(h) *Restrictions on sales and deliveries of lead.* No person shall sell or deliver any lead to any person if he knows, or has reason to believe, such material is to be used in violation of the terms of this order.

(i) *Appeals.* Any appeal from the restrictions of this order must be by letter in triplicate, referring to the particular provision appealed from and stating fully the grounds for the appeal, and filed with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates. The appeal shall contain the following information:

(1) Product in which the lead will be used.

(2) Period of time, not exceeding one calendar quarter for which relief is requested.

(3) Monthly schedule of amount of lead to be used.

(4) Prime contract numbers on military orders.

(5) If the appeal is filed because the restrictions on use of lead will prevent the filling of non-military orders of extreme urgency, give exact information as to the use of the product in which the lead is used.

(6) Why other less critical materials cannot be used.

(7) Any other information pertinent to the appeal.

Attention is called to the requirement of Priorities Regulation No. 16 with respect to the statement of manpower requirements which must be submitted with any appeal.

(j) *Priorities Regulation No. 25.* Requests for exceptions from the restrictions of this order may not be made under the provisions of Priorities Regulation No. 25. The use of lead for production authorized under Priorities Regulation No. 25 prior to January 1, 1945, will be subject to the restrictions of this order.

(k) *Records.* All persons affected by this order must maintain accurate and complete records of all transactions as required by Priorities Regulation No. 1, 944.15. Such records must include complete statements of the amounts of lead consumed for the items specified in this order, and the amount of inventory on hand.

(l) *Required reports.* (1) On or before the 20th day of each calendar month each person who purchased or consumed 10 tons or more of lead during the preceding calendar month, or had in his possession or under his control 20 tons or more of lead, shall report such purchases, consumption and stocks on hand at the end of the preceding month to the War Production Board on Form WPB–95.

(2) The War Production Board may from time to time issue special directions requiring any refiner or dealer to file a report showing a schedule of his proposed deliveries of lead.

(3) All persons affected by this order shall execute and file with the War Production Board such other reports as may be required subject to the approval of the Bureau of the Budget.

(4) The reporting and record-keeping provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(m) *Violations.* Any person, who willfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(n) *Communications of the War Production Board.* All communications and reports dealing with this order shall be addressed to: War Production Board, Tin, Lead and Zinc Division, Washington 25, D. C., Ref. M–38

Issued this 30th day of August 1945

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

LIST I

Pursuant to the foregoing order, lead and lead products may be used only for the following items and purposes subject to such qualifications on use as are set forth next to the item or purpose; and then only to the extent necessary to meet applicable specifications or for the proper service performance of the end product or where the use of any less critical material is impracticable or when satisfactory substitutes are prohibited in other War Production Board orders.

1. Ammunition for Military Orders.
2. Anchorages for military and industrial equipment and components, including expansion bolts and shields.
3. Anodes for electrolytic refining, chromium plating and for lead plating as permitted in Item 40 of this list.
4. Anti-vibration mats.
5. Babbitt for abrasives and grinding wheels and for securing hardware to radio insulators and for securing end connections of windings and/or for securing enclosures of wire wound restrictors.
6. Ballast for implements of war where available space does not permit the use of material of lower density, for submarines and for surface craft of sizes up to and including destroyers.
7. Bearing Metal.
8. Bolster metal for surgical, table and industrial cutlery.
9. Brake lining and clutch facings.
10. Brass and bronze.
11. Cable covering as permitted by Direction 63 of CMP Regulation #1.
12. Cable sleeving and other accessories necessary for the maintenance, repair and installation of lead covered cable.
13. Cable terminals and bushings for storage batteries.
14. Cames.
15. Caulking of cast iron pipelines (including lead wool) where other material such as sulphur compounds or cement does not provide a leak proof joint.
16. Chemicals subject to the restrictions of Conservation Order M–384.
17. Closure Spouts for drugs and chemicals.
18. Coating of wire and zinc plated sheet, including sheathing.
19. Collapsible tubes, subject to the restrictions of Conservation Order M–115.
20. Counterweights, weights and sliding poises for Military, industrial and laboratory equipment, and implements of war where available space does not permit the use of material of lower density, other than automotive wheel balancing weights.
21. Foil:
    (a) Military orders to the extent that Method IA (not dehydrated) and/or Method II (dehydrated) packaging, as presently defined in the U. S. Army Specification 100–14, U. S. Navy Specification 39–P–16 and British Standard Packaging Code BS–1133, or any new specifications covering the above are expressly specified in the prime contract.
    (b) For component ammunition for military only.
    (c) Electrotypers subject to the restrictions of Order M–43.
    (d) Condensers.
    (e) Cap Liners for packaging drugs.
    (f) Electrostatic shielding of transformer coils and cores.
22. Fire extinguisher and decontaminator components.
23. Gaskets, locknuts and shims.
24. Heat equalization in galvanizing pots and for molten zinc operations.
25. Heat treating and annealing.
26. Implements of War, as defined in Section (b) (6) of the Order.
27. Impression lead.
28. Inserts for treads on non-sparking ladders and stairs.
29. Lead hammers.
30. Lead-headed nails only to the extent that the use of springhead or flathead nails is impracticable.
31. Fusible alloys.
32. Lead lined bowls for centrifugal oil purifiers.
33. Lead wire for determining gear bearing clearances.
34. Lining for acid lockers.
35. Lubricant for cold drawing of steel products.
36. Manufacture and moulding of plastics.
37. Medical, dental and veterinarian equipment and instruments.
38. Metallic and semi-metallic packing.
39. Patterns and dies.
40. Plating or coating where lead is used in place of either cadmium or tin, or where corrosion makes the use of any other material impractical.
41. Powder for military uses, powder metallurgy and gear lubricants.
42. Production of rayon.
43. Refining of platinum group metals, gold and silver, and metallic sodium.
44. Repair of existing lead construction.
45. Seals for pilfering and tampering protections.
46. Sheath for curing process of rubber.
47. Sheet, pipe (including lead lined pipe), valves, fittings, burning bars and castings to be used.
    (a) In chemical and processing equipment to the extent that corrosion makes the use of any other material impracticable.
    (b) In water service lines to the extent that municipal, state or Federal regulations permit no substitutes or sound water works practice requires its use.
48. Sinkers for military requirements and commercial fishing.
49. Solder subject to the restrictions of Order M–43.
50. Sounding Leads.
51. Spectrographs and spectrophotometers.
52. Storage batteries, including lead content of oxide and cell covers. *Provided*, That the antimony content in any antimonial lead used for grids, connecting parts or components for storage batteries shall not exceed nine (9%) percent, except where specified for contracts of the Army or Navy of the United States, the U. S. Maritime Commission or the War Shipping Administration where an alloy with a higher content of antimony is mandatory, for:
    (a) Military orders.
    (b) Original equipment.
    (c) [1] Industrial type, for the third quarter of 1945, 25% of the amount of lead used for the same purpose during the calendar year of 1944.
    (d) Automotive SLI type, for replacement purposes, for the third quarter of 1945, 25% of the amount of lead used for the same purpose during the calendar year of 1944.
53. Terne plate and Terne metal subject to restrictions of Conservation Order M–43.
54. Tetra ethyl subject to the restrictions of PAW directives.
55. Turbine and gear bearing oil deflectors.
56. Turbine gland labyrinth and diaphragm packing.
57. Type metal for use in printing trade.
58. Vocational purposes where lead is reused and in laboratories for analytical purposes and research.
59. X-ray purposes and Radiography.
60. Zinc production.
61. For use to comply with safety regulations issued under Government authority which requires the use of lead to the extent employed, or in safety equipment.

[1] An Industrial Storage Battery means an electric storage battery of other than SLI type which has been completely assembled and sealed, whether charged or uncharged and which is designed and built for industrial applications such as, but not confined to, railway signaling and lighting, mine locomotives, industrial trucks, farm lighting, public utilities stand-by equipment, commercial radio installations, airplane and commercial boat installations and components thereof.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–698, Revocation]

HAWKINS HARDWARE CO.

Suspension Order No. S–698 was issued January 22, 1945, against Hawkins Hardware Company of Hebron, Nebraska, for violation of Limitation Orders L–79 and L–86 and Conservation Order L–41. In view of the recent revocation of Limitation Orders L–79 and L–86 and the recent amendment to Conservation Order L–41, the Chief Compliance Commissioner has directed that Suspension Order No. S–698 be revoked forthwith.

In view of the foregoing, it is hereby ordered, that: § 1010.698 *Suspension Order No. S–698* be revoked, effective August 30, 1945.

Issued this 30th day of August 1945.

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[CMP Reg. 1, Direction 77]

The following direction is issued pursuant to CMP Regulation 1:

Manufacturers need not return any allotments to their claimant agency or the War Production Board when they no longer need the allotments. The provisions of this Direction supersede contrary provisions in paragraphs (e), (u), (w) and Interpretation 31 of CMP Regulation 1.

Issued this 30th day of August 1945.

PART 3281—PULP AND PAPER

[General Conservation Order M–241, as Amended Aug. 30, 1945]

PAPER AND PAPERBOARD

§ 3281.63 *General Conservation Order M–241*—(a) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production

Board, as amended from time to time, except to the extent of any inconsistency, in which event the provisions of this order shall govern.

(b) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(2) "Produce" and "manufacture" mean and include all making and finishing operations prior to packing or packaging.

(3) "Finished production" means paper or paperboard ready for packing or packaging.

(4) "Grade" means any kind of paper or paperboard for which a caption or subcaption is provided in Form WPB-514 or any particular grade even though not specifically mentioned within such kind, except those grades listed below which are covered by other WPB orders as specified. Also included are all the coated papers not mentioned by captions but for which any captioned grade or item thereunder is used as a base stock.

Paper and paperboard under the following WPB-514 Captions in the table immediately following are specifically excluded from this order and are subject to and should be reported under the appropriate controlling order indicated therein.

TABLE I

Type	WPB-514 caption	Controlling order
Container board	210000 through 219000	M-280
Paperboard	220000 through 229000 (except 240000 through 249000, 253000 and "Sanitary food container" 224001 through 224005, 224008 and 261200, 261300, 262000).	M-378
Building boards	261200, 261300 and 262000	M-79
Asbestos and asbestos filled paper.	123000	

(5) "Paper merchant" means a person principally engaged in the business of buying and reselling paper and paperboard.

(c) [Deleted Aug. 30, 1945.]

(d) *Reserve production.* (1) (i) Each manufacturer shall reserve in his total over-all production of paper and paperboard for the month of October, 1944, and for each calendar month thereafter time and supplies sufficient to produce and deliver within such month the following percentage applied either to his total production or to his production of a stated "grade" or "class" as indicated in Table II:

TABLE II

NOTE: Table II amended in its entirety Aug. 30, 1945.

Type	WPB-514 caption	Percent
(Class) Rag content fine papers	041100 to 041160 inclusive and 043100 to 043150 inclusive and 046100.	35
(Class) All other papers and paperboards	All other captions except those excluded under paragraph (b) (4).	20

The War Production Board may from time to time change such percentage or percentages and apply percentages to other grades or combinations, by notice in writing to each manufacturer or by publication in the FEDERAL REGISTER prior to the first of the month to the production of which such change is applicable.

(ii) When production is reserved by applying a percentage to a "Class" as in Table II, the production of such "Class" for which the manufacturer is obligated shall be determined by applying the percentage to the average monthly production of such class which the manufacturer has, by record, reported for his most recent three calendar months on Form WPB-514.

(iii) On or before the 15th day of any month, the War Production Board may direct any manufacturer to employ his reserve production for any month to produce any grade of paper or paperboard which such manufacturer is qualified to produce and in any quantity not exceeding the percentage of his production designated for such month by the War Production Board less his tonnage credit current at the time against such month's reserve production under the provisions of paragraph (d) (4). Similar directions may be issued by the War Production Board after the 15th day of any month under paragraph (d) (2) (ii). The War Production Board may require the manufacturer to sell and deliver such tonnage to any person it may name. The manufacturer may refuse to so produce, sell, or deliver such reserve production only for the reasons specified for the refusal of rated orders in § 944.2 of Priorities Regulation No. 1.

(2) (i) If, on or before the 15th day of any month in which production is reserved, the manufacturer does not receive from the War Production Board directions as to the disposition of all production reserved in such month, he may employ, subject to the provisions of paragraph (d) (2) (ii) below, the production for which no directions have been received as he may desire consistent with the provisions of this and other orders of the War Production Board.

(ii) If, as of record with the War Production Board on the 15th day of any month, a manufacturer of paper or paperboard has not been credited with accepting voluntarily or by directive from the War Production Board an order or orders for paper and paperboard to be delivered directly or through another person to the Armed Forces (i. e., the first six procurement activities listed in paragraph (d) (5)) from his production in such month in a total amount equal to 30% of his reserve production by type, the manufacturer shall continue to be obligated for such month until the close of the fourth calendar day prior to the first day of the next succeeding month, for that portion of such percentage of his reserve production for which he has accepted no orders for delivery to the Armed Forces.

(3) [Deleted Aug. 30, 1945.]

(4) (i) *Credit for directed tonnage.* Should the War Production Board direct a manufacturer of paper or paperboard to accept an order to be shipped from his reserve production, the reserve production for which such manufacturer is obligated shall be reduced (except as provided in the paragraph immediately following) by the tonnage specified in such directive, and such reduction concurrently recorded to such manufacturer's credit on the records of the War Production Board.

(ii) *When directed tonnage is not credited.* Credit against the reserve production obligations of a manfacturer is not given for the tonnage specified in a directive when the following conditions prevail:

(*a*) Any one of the first six procurement activities (the Armed Forces) requests a qualified manufacturer to bid on a contract or accept a purchase order from such activity, and

(*b*) The manufacturer fails to bid on the contract or refuses to voluntarily accept the purchase order, and

(*c*) The War Production Board records on the acceptance of contracts and purchase orders by such manufacturer against his reserve production show that the acceptance of such contract or part thereof or such purchase order at the time the request was issued would not have caused him to produce more tonnage in any month than his reserve production obligations for such month, and

(*d*) Because of such failure to bid on the contract or refusal to accept the purchase order, a directive is issued to the manufacturer by the War Production Board.

(iii) Any manufacturer who has accepted, directly or through another person, an order or orders for paper or paperboard to be produced for the account of any activity or use listed in paragraph (d) (5), shall immediately report such acceptance in triplicate on Form WPB-3270 and thereafter shall immediately report to the War Production Board on such form any change requested by the purchaser in any previously reported order or orders, if such change involves cancellation, or a change in quantity or in the month of manufacture. When the proper order or orders or requested changes reported on Form WPB-3270 have been correctly reported to the War Production Board, the manufacturer will be notified accordingly and credit against the manufacturer's reserve production will be recorded, subject to the provisions of paragraph (d) (2) (ii). Thereafter the manufacturer shall produce such orders according to his schedule as so reported to the War Production Board. (The reporting requirements of this paragraph have been approved by the Bureau of the Budget, pursuant to the Federal Reports Act of 1942.)

(5) Procurement activities:

1. United States Army.
2. United States Army Map Service.
3. United States Army Air Forces.
4. United States Navy.
5. The United States Marine Corps.
6. The United States Coast Guard.
7. United States Maritime Commission and War Shipping Administration.
8. Lend-Lease Administration — Foreign Economic Administration.
9. Panama Canal.
10. Bureau of Public Debt.
11. United States Government Printing Office.
12. United States Bureau of Engraving and Printing.
13. Procurement Division of the United States Treasury and the Veterans Administration.
14. Office of Economic Warfare—Foreign Economic Administration (orders with an F. E. A. approved export license).
15. United States Post Office.
16. Rubber Reserve Corporation.
17. Producers of products, or parts thereof, for any of the sixteen procurement activities listed above to the extent that the primary paper or paperboard is to be used exclusively as a component part of the product or part thereof, or is to be used exclusively for the necessary packaging of the product or part thereof, to be delivered on a contract or purchase order issued by such activity. (Report Government Department, Order Number and Name of Convertor or user. If the use of the paper cannot be identified directly with a Government Order Number by a producer of a product of indirect military or Governmental nature, then the CMP Allotment Symbol, if available, and the name of the product may be supplied for identification.)

(e) *Restrictions on inventory.* Unless specifically authorized by the War Production Board or excepted by paragraph (e) (5):

(1) *Consumers inventories except those covered by L-240.* (i) No person shall knowingly deliver to any person except a paper merchant, and no person except a paper merchant shall accept delivery of, any quantity of paper or paperboard if such person's total inventory is, or will by virtue of such delivery become, in excess of the greater of (a) thirty tons or (b) thirty calendar days' supply on the basis of his average rate of consuming such paper and paperboard for the latest preceding three full calendar months.

(ii) Regardless of the provisions of (1) (i) above no person shall knowingly deliver to a manufacturer of folding boxes, setup boxes, or paper shipping sacks and no manufacturer of folding boxes, setup boxes, or paper shipping sacks shall accept delivery of any quantity of paper or paperboard if the manufacturer's total inventory of paper and paperboard is, or will by virtue of such delivery become, in excess of the greater of (a) forty tons or (b) sixty calendar days' supply on the basis of his average rate of consuming such paper and paperboard during the latest preceding three full calendar months.

(2) *Merchant inventories.* No paper merchant shall accept delivery of, and no person shall knowingly deliver to a paper merchant, any paper or paperboard for his warehouse stock if the dollar inventory value, as determined by customary accounting practice, of all paper and paperboard (excluding that which has been sold to and paid for by another person) in the merchant's store and warehouses exceeds or by virtue of such delivery will exceed fifty percent (50%) of the total merchant cost price of the merchant's total dollar sales from his store and warehouse inventory during the first six months of 1944. Each affiliate, subsidiary or branch is to be considered individually in applying the provisions of this paragraph.

(3) *Mill inventories.* "Mill inventory" means all paper and paperboard other than that produced or being produced for prompt shipment against a definite order.

No person shall produce at any mill any quantity of paper or paperboard, if his total inventory at such mill is, or will by virtue of such production become, in excess of the greater of (a) thirty tons, or (b) thirty calendar days' supply on the basis of the average rate of shipment of paper or paperboard from such mill during the latest preceding three full calendar months.

(4) (i) *Restrictions on delivery of all paper except newsprint: certification requirements.* No mill or other supplier shall sell or deliver to a paper merchant any paper, except newsprint, unless the paper merchant has previously furnished the mill with a certification in substantially the following form signed manually or as provided in Priorities Regulation No. 7 by an official duly authorized for such purpose:

The undersigned certifies, subject to the penalties of section 35 (A) of the U. S. Criminal Code, to the seller and to the War Production Board that he is familiar with Order M-241 and that all purchases by him of items regulated by that order, as amended from time to time, will be in compliance therewith.

No paper merchant and no person on behalf of a paper merchant may order or accept delivery of any paper (except newsprint), from a paper mill or other supplier unless he furnishes, or has previously furnished to the person making the delivery the certification described above. The above certification must be used and the certification provided for in Priorities Regulation No. 7 may not be used in its place. This is a one-time certification and need not accompany each individual order for paper.

(ii) *Certification requirements for newsprint deliveries.* No mill or other supplier may sell or deliver to any person, and no person may accept, any newsprint except on a delivery order bearing or accompanied by a certification substantially in the form set forth below. This certification must be signed manually or as provided in Priorities Regulation No. 7 by the purchaser or by an official duly authorized for such purpose.

The undersigned certifies, subject to the penalties of section 35 (A) of the U. S. Criminal Code, to the seller and to the War Production Board; (a) that he is permitted to place this delivery order and to accept the newsprint ordered; (b) that the newsprint will be used or delivered, or that it is required to replace in inventory newsprint previously used or delivered, under the following War Production Board Order: L-240.

The above certification must be placed on, or must accompany, each delivery order for newsprint placed by any person, and the certification provided for in Priorities Regulation No. 7 may not be used in its place. Paper mills have orders for more newsprint than the mills are capable of filling. It is the intention of the War Production Board that previous users of newsprint who purchase through dealers shall receive the same consideration as those who purchase directly from the mills. These certifications will provide the mills with the information necessary to enable them to deliver newsprint to direct purchasers and (through dealers) to indirect purchasers on the basis of previous usage of newsprint.

(iii) No manufacturer, paper merchant or other person shall sell or deliver paper or paperboard to any other person whose inventory or use of paper or paperboard is controlled by one of the orders in List I below unless and until he has received such certificates (if any) as may be called for under the order governing delivery and use of the paper and paperboard by the purchaser:

LIST I

L-240..... Newspaper publishers
M-241..... Paper and paperboard

(5) *Item inventories.* The restrictions of paragraph (e) apply equally to paper and paperboard of foreign and domestic origin, and apply to intra company deliveries as defined in § 944.12 of Priorities Regulation No. 1. They do not, however, apply to those papers commonly reported on United States Department of Commerce (Census) Form WPB-514, as revised, under the captions "Blueprint and similar base stock (043110 and 043210); photographic and other sensitizing stock (043130, 043220 and 043230); and Cigarette (047300)"; or to any paper or paperboard after it is printed or to paper or paperboard converted otherwise than by coating.

(f) *Miscellaneous provisions*—(1) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(2) *Audit and inspection.* All records required to be kept by this order shall upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(3) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports

and questionnaires as said Board shall

seded by Office of Price Administration

1. *Contractor inventory.* All owning

reserve production for any month to produce any grade of paper or paperboard which such manufacturer is qualified to produce and in any quantity not exceeding the percentage of his production designated for such month by the War Production Board less his tonnage credit orders of the War Production Board.

(ii) If, as of record with the War Production Board on the 15th day of any month, a manufacturer of paper or paperboard has not been credited with accepting voluntarily or by directive manufacture. When the proper order or orders or requested changes reported on Form WPB-3270 have been correctly reported to the War Production Board, the manufacturer will be notified accordingly and credit against the manu-

paperboard if the manufacturer's total inventory of paper and paperboard is, or will by virtue of such delivery become, in excess of the greater of (a) forty tons or (b) sixty calendar days' supply on the basis of his average rate of consuming or accompanied by a certification substantially in the form set forth below. This certification must be signed manually or as provided in Priorities Regulation No. 7 by the purchaser or by an official duly authorized for such purpose.

upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(3) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports

and questionnaires as said Board shall from time to time request, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(4) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition any such person may be prohibited from making or obtaining further deliveries of or from processing or using materials under priority control and may be deprived of priorities assistance.

(5) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(6) *Communications.* All communications concerning this order shall unless otherwise directed be addressed to War Production Board, Paper Division, Washington 25, D. C., Ref.: M-241.

PART 8309—CONTRACTOR INVENTORY AND DISPOSALS BY OWNING AGENCIES

[SPB Reg. 9,[1] Order 2]

FORMS FOR REPORTING CONTRACTOR INVENTORY AND DISPOSALS BY OWNING AGENCIES

Pursuant to the authority of the Surplus Property Act of 1944 (58 Stat. 765, 50 U. S. C. App. Sup. 1611), and in accordance with § 8309.20, *It is hereby ordered*, That:

1. *Contractor inventory.* All owning agencies are required to report contractor inventories and disposals thereof.

The owning agencies shall report monthly to the Surplus Property Board inventories and disposals of contractor inventory in the continental United States on Form SPB-13, "Contractor inventory for which contractor has requested disposition: Summary of property disposal requests received, disposed of, and on hand", as attached hereto, Form SPB-14, "Contractor inventory for which contractor has requested disposition: Analysis of disposals to or by contractors in possession", as attached hereto, and Form SPB-15, "Contractor inventory for which contractor has requested disposition: Analysis of disposals of property possessed by owning agency", as attached hereto, in accordance with instructions accompanying these forms.

In addition to these monthly summary progress reports, the Board may request, from time to time, detailed reports on segments of contractor inventory disposals, analyzing such disposals by contractor, commodity, location, and other characteristics.

2. *Disposals by owning agencies.* The owning agencies required to report disposals of waste, scrap, and salvage; small lots; any product of a research, agricultural, or livestock operation; emergency disposals; and property destroyed or abandoned are: War Department, Navy Department, U. S. Maritime Commission, Reconstruction Finance Corporation, Treasury Department, Foreign Economic Administration, Civil Aeronautics Administration, Department of Agriculture, and Federal Public Housing Authority.

These agencies shall report monthly to the Surplus Property Board disposals in the continental United States, its territories and possessions, by the owning agency of waste, salvage, and scrap; small lots; any product of a research, agricultural, or livestock operation; emergency disposals; and property destroyed or abandoned, on Form SPB-16, "Monthly report on disposals by owning agency: waste, salvage, and scrap; small lots; and any product of research, agricultural, or livestock operation", as attached hereto,[2] in accordance with instructions accompanying this form

3. *Reproduction of forms.* Forms SPB-13, SPB-14, SPB-15, and SPB-16, may be reproduced by the owning agencies provided that the sizes and formats are identical with those of the forms on file with the Division of the Federal Register, sample copies of which may be obtained from the Board.

This order shall become effective immediately.

NOTE: All reporting requirements of this part have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

OFFICE OF PRICE ADMINISTRATION.

[Supp. Order 108,[1] Special Order 3]

TEMPORARY ADJUSTMENT OF CERTAIN MAXIMUM AVERAGE PRICES

An opinion accompanying this Special Order No. 3, under section 17 of Supplementary Order 108 has been issued simultaneously herewith and filed with the Division of the Federal Register.

SECTION 1. *Purpose of this order.* This special order contains a list of prices, hereafter called "exemption prices," for specified categories listed in section 7. Persons who delivered items in those categories in their base periods at prices below these exemption prices may recompute their maximum average prices for the third and fourth quarters of 1945 under this order.

SEC. 2. *Manufacturers to whom this order applies.* This order applies only to manufacturers of the categories listed in section 7 who have filed charts listing their maximum average prices for those categories under Supplementary Order 108. In this order, the maximum average prices which you listed in your chart are called "original maximum average prices."

[1] 10 F.R. 4336, 5995, 6402, 8368.

SEC. 3. *How to recompute your maximum average prices for the third and fourth quarters of 1945—(a) Persons who used quarterly base periods.* If you have used quarterly base periods for a particular category, you may recompute a separate maximum average price for each of the third and fourth quarters of 1945, as follows:

Step 1. For each such quarter, find those deliveries in the category, which you made during the base period for that quarter at net prices lower than the exemption price listed for the category in column 2 of section 7.

Step 2. Find the total net dollar amount charged for those deliveries.

Step 3. Multiply the number of units delivered at those lower prices by the exemption price for that category.

Step 4. Subtract 2 from 3.

Step 5. Add the difference to your total net dollar amount charged for that category during your base period.

Step 6. Divide the result by the total number of units delivered during your base period.

You have now recomputed your maximum average price for that category (called hereafter your "recomputed maximum average price") as if all the units you delivered at prices below the exemption price had been delivered at the exemption price.

(b) *Persons who used half-year base periods.* If you have used half-year base periods for a particular category, your base period is six months instead of two separate quarters, and thus you have the same maximum average price for each of the last two quarters of 1945. Therefore, you follow the six steps in paragraph (a) using all of your deliveries in the category for the six months period rather than for the quarterly periods. This will give you one recomputed maximum average price for each of the last two quarters of 1945.

(c) *Persons who used year-round base periods.* If you have used a year-round base period for a particular category, in following Steps 1 through 6, you must consider all deliveries in the category during the entire year 1943 to find your recomputed maximum average price.

SEC. 4. *Adjustment of maximum average prices.* If you recomputed your maximum average prices for any category under section 3 of this order, you may increase your original maximum average prices for the 3d and 4th quarters of 1945 to the maximum average prices you recomputed for each of those quarters.

SEC. 5. *Filing of new maximum average prices.* If you wish to use your adjusted maximum average prices for the third and fourth quarters of 1945, you must, on each copy of your quarterly report for the third quarter of 1945, state your adjusted maximum average price for the third quarter of 1945 instead of your original maximum average price for each category for which you have adjusted your maximum average prices under this order. In addition, you must file a separate statement together with each copy of this quarterly report showing your adjusted maximum average prices for the fourth quarter of 1945, and you must also state the following information separately for the third and fourth quarters:

(a) Category number of each category whose adjusted maximum average price has been found under section 3.

(b) Total net dollar amount charged for items in the category delivered during your base period for the quarter at prices below the exemption price.

(c) Total number of units delivered in the category during your base period for the quarter at net prices below the exemption price.

SEC. 6. *Effect of this order on other regulations.* No provision of this order shall be construed to amend or change the provisions of the maximum price regulations applicable to the items covered by this order, including the highest price line limitations.

SEC. 7. *Exemption prices.*

[MPR 188, Order 108 under Order A-2]

W. B. MARVIN MFG. CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to paragraph (a) (16) of Order A-2 under § 1499.159b of Maximum Price Regulation No. 188, it is ordered:

(a) *Manufacturer's maximum prices.* W. B. Marvin Manufacturing Company, Urbana, Ohio, may sell and deliver to jobbers, the articles of "Metal Louver Window Ventilators" of its manufacture at prices no higher than its prices for such sales, in effect immediately prior to the effective date of this order plus the adjustment charges set forth below:

Article	Model No.	Current maximum price to Jobbers	Permitted adjustment	Adjusted maximum price to Jobbers
Metal louver window ventilator.	401 and 137.	*Dozen* $2.73	*Dozen* $0.31	*Dozen* $3.04
Metal louver window ventilator.	1136 and 237.	3.46	.43	3.89

These adjusted maximum prices may be charged and collected only if the amounts of the adjustment are specifically stated on each invoice. The adjusted maximum prices are subject to the manufacturer's customary terms, discounts, allowances, and other price differentials in effect during March 1942 for sales to this class of purchaser.

(b) *Maximum prices of purchasers for resale.* A person who hereafter buys an article covered by this order and resells it in substantially the same form, may collect from his customer, in addition to his properly established maximum price in effect prior to the issuance of this order, an adjustment charge in the same amount as the adjustment charge herein authorized for and which he pays to his supplier. If such a purchaser did not have an established maximum price for sales of the article prior to the issuance of this order, he may add the same adjustment charge to the maximum price which he hereafter establishes for his sales under the applicable price regulation. If the applicable regulation requires maximum resale price to be computed on the basis of costs, the reseller must find his maximum prices (without the permitted adjustment charge) by using as costs his invoice costs not including any adjustment charges stated on the invoice. On all sales except sales to ultimate consumers these additional adjustment charges may be made and collected only if they are separately stated on each invoice. The adjusted maximum prices are subject to each seller's customary terms, discounts, and allowances on sales to the same or similar articles, to each class of purchaser.

(c) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing a price adjusted in accordance with the terms of this order, the seller shall notify the purchaser in writing of the method established by paragraph (b) of this order for determining adjusted maximum prices for resales of the article. This notice may be given in any convenient form.

(d) All requests not specifically granted by this order are hereby denied.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 29th day of August 1945.

Issued this 28th day of August 1945.

CHESTER BOWLES,
Administrator.

EAGLE STOVE WORKS

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 8 and 11 of Maximum Price Regulation No. 64; it is ordered:

(a) *Maximum prices.* This order establishes maximum prices for sales of the Romeagle King model magazine type coal heater manufactured by the Eagle Stove Works, Rome, Georgia as follows:

(1) For sales by the manufacturer to retail dealers the maximum price is $28.00 per stove. This price is f. o. b. factory and is subject to the manufacturer's customary terms, discounts, allowances and other price differentials which are no less favorable than those in effect during the period January 15 to June 1, 1941.

(2) For sales in each zone by retail dealers to ultimate consumers the maximum prices are those set forth below:

Model	Maximum price to ultimate consumers—			
	Zone 1	Zone 2	Zone 3	Zone 4
Romeagle King	*Each* $48.95	*Each* $51.50	*Each* $54.70	*Each* $58.95

These prices are subject to each seller's customary terms, discounts, allowances, and other price differentials in effect on sales of similar articles.

(b) *Notification.* At the time of or prior to the first invoice to each purchaser for resale the manufacturer shall notify the purchaser of the maximum prices and conditions established by this order for resales by the purchaser. This notice may be given in any convenient form.

(c) *Tagging.* The manufacturer prior to shipping any stove covered by this order to a purchaser for resale, shall attach securely to each stove a tag or label which plainly states the maximum price for sales to ultimate consumers in each zone, together with a list of the states included in each zone. PROTECTIVE DEVICES MFG. CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.158 of Maximum Price Regulation No. 188; *It is ordered:*

(a) This order establishes maximum prices for sales and deliveries of certain articles manufactured by Protective Devices Mfg. Co., 597 East 137th Street, Bronx 54, New York.

(1) For all sales and deliveries to the following classes of purchasers by the sellers indicated below, the maximum prices are those set forth below:

Article	Model No.	For sales by the manufacturer to—		For sales by any person to consumers
		Jobbers	Retailers	
		Each	*Each*	*Each*
21½" modern table lamp of bleached wood and hand painted crystal	153	$4.42	$5.20	$9.[illegible]
23" opal glass table lamp, hand painted, with wood base	1154	3.09	3.63	6.[illegible]
24" modern table lamp with 3 sections of walnut or oak and 2 sections of hand painted crystal	1155	5.91	6.95	12.[illegible]
26" opal glass table lamp, hand painted, with wood base	1156	5.71	6.72	12.[illegible]
28" modern table lamp with 3 sections of bleached wood and 2 sections of hand painted crystal	1158	7.03	8.27	14.[illegible]

These maximum prices are for the articles described in the manufacturer's application dated June 27, 1945.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. For sales to persons other than consumers they are f. o. b. factory, 2% 10 days, net 30. The maximum price to consumers is net, delivered.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement, with the proper model number and the ceiling price inserted in the blank spaces:

Model No. ------
OPA Retail Ceiling Price—$------
Do Not Detach

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the manufacturer shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) Jobber's maximum prices for sales of the articles covered by this order shall be established under the provisions of section 4.5 of SR 14J.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 30th day of August 1945.

Issued this 29th day of August 1945.

CHESTER BOWLES,
Administrator.
